

BURLINGTON TRAIN HELD UP

Two Masked Men Stop Passenger at Savanna, Ill.

GET AWAY WITH ABOUT \$20,000.

Desperadoes Blow Up Express Car After Forcing Engineer to Cut It From the Train—Posse of Officers and Citizens in Pursuit of Robbers.

Dubuque, Ia., Aug. 6.—Two masked men held up the Chicago, Burlington and Quincy limited, northbound, two miles north of Savanna, Ill., at 11:30 o'clock Tuesday night. They cut off the Adams Express company's car, forced the engineer to run up the track and then blow up the car. The robbers had torpedoes on the track and when the torpedoes exploded the engineer quickly brought the train to a stop. One man boarded the engine, ordered the engineer to run ahead after the other man had uncoupled the express car. Trainmen hurried to Savanna and gave the alarm and a posse of officers and citizens armed with shotguns and revolvers hastened to the scene. The limited is said to have carried heavy and valuable express. It is reported that the robbers secured about \$20,000.

Chicago, Aug. 6.—At the Burlington offices in this city the news of the daring and successful work of the bandits was confirmed. The train which was looted is known as No. 47, leaving Chicago at 6:30 p. m. It is a through train for Minneapolis. The officials of the railroad company are unable to give any information as to the amount of booty secured by the robbers or to say definitely whether any of the trainmen had been injured during the exciting encounter.

MURDER LAID TO GAMBLERS.

Man Who Headed Crusade Killed in Streets of Des Moines.

Des Moines, Aug. 6.—Isaac Finkelstein, whose crusade against public gambling closed the eight houses in Des Moines two weeks ago, was murdered at 10 o'clock last night in Walnut street, at an alley entrance between Sixth and Seventh streets. He was on his way to his home, less than a block and a half away, when a man stepped out of the shadow of the alley and struck him a blow over the head with a singletree. Finkelstein fell to the ground. Four men less than a block away saw him fall and ran to assist him. He was dead when they arrived, his skull being crushed. Save for the bloody singletree, which was left beside the victim, the only clue to the murderer is a report that a little after the time of the murder one unrecognized man was overheard to say to another, "I killed the —" and at another time one man was heard to tell another, "Keep your mouth shut."

The murder is supposed to have resulted from Finkelstein's action in prosecuting the gamblers. He did not object to public gambling, but wanted the city to receive a revenue from it, he said, and when the police did not raid the houses he filed complaints with the sheriff. The resultant raids proved so expensive that the gamblers closed their places.

SOME SECTIONS NEED RAIN.

Just a Trifle Too Dry in Portions of the Corn Belt.

Washington, Aug. 6.—The weather bureau's weekly summary of crop conditions is as follows: The protracted drought in the central and southern Rocky mountain districts continues with increased severity and portions of Kansas, Nebraska and the northern Pacific coast regions are in need of rains. Generally the temperature conditions have been favorable. As a whole, corn has made excellent progress in the corn producing states, and an unusually fine crop is promised. In a small part of the lower Ohio valley and southeastern Missouri, central and western Kansas, Tennessee and Virginia, a part of the crop is suffering from drought.

Some winter wheat remains to be harvested in extreme northern districts, where harvesting has been much delayed by rains and considerable damage has been done to wheat in stack and shock.

The spring wheat harvest has been somewhat delayed by showers in Minnesota, where harvesting is in progress as far north as the middle portion of the state. In North Dakota high winds and hail have lodged and damaged spring wheat slightly and rust is appearing on the late sown. The crop is ripening very rapidly in the Dakotas, somewhat too rapidly in South Dakota.

Auto Company Falls. Newark, N. J., Aug. 6.—Vice Chancellor Stevens has ordered the public sale of the assets of the Automobile Company of America. The company's liabilities amount to \$210,000.

Shaw the Chief Speaker. Manchester, N. H., Aug. 6.—The political campaign in Vermont, which is considered an extraordinary one, by reason of a bolting faction in the Republican party led by Percival W. Clement contesting against General J. G. McCullough, the regular Republican nominee for governor, was opened here in General McCullough's behalf last night. The chief speaker was Secretary of the Treasury Leslie M. Shaw, a native of the state, and he dealt entirely with national questions, largely that of the tariff.

Grandeurs of Peak and Chasm.

The natural attractions of Colorado are by no means confined to her mineral spring resorts, her splendid parks, nor to her beautiful mountain lakes. In whatever direction the traveler may choose by rail, if he go to the mountains, his journey is a succession of glorious scenery, varying in the characteristics of placid beauty, grotesque ruggedness, and awe-inspiring grandeur. Up the canons, by heavy grades and difficult curves, are stupendous walls rising perpendicularly or gradually sloping back toward the greater hills, and yet again leaning forward above the chasms, as if threatening to come tumbling down, projecting great rocks that hang suspended over the train as it

glides smoothly by. It is a panorama of wonders and grandeurs such as belong only to the Rocky Mountains.

To enable persons to reach Colorado resorts, the Union Pacific has placed in effect during the summer months very low rates.
