

THE NORFOLK WEEKLY NEWS-JOURNAL.

NORFOLK, NEBRASKA, FRIDAY, AUGUST 29, 1902.

RIOTS MARK MINE STRIKE

Troops Rushed to New River Field in West Virginia.

SHOOT IN RESISTING EJECTION

Angry Mine Workers Threaten Serious Trouble—Soldiers Arrive at Scene of Disturbances and Clash is Expected.

West Virginia Troops Called Out. Charleston, W. Va., Aug. 29.—Governor White has ordered the Second regiment of the West Virginia National Guard to the New River strike, not, as he says, to settle the strike, but to protect life and property. Colonel Morrison, at Parkersburg, was given orders early in the morning to call out his regiment and proceed by special train to Thurmond, which will be the headquarters. The cause for this action by the governor is the appeal of Sheriff Daniel of Fayette county for assistance, on the ground that many citizens refuse to respond to his summons to act as deputies to enable him to execute the orders of the court and his declaration that he is powerless to protect life and property. He communicated with the governor yesterday, when his deputies were fired on in the vicinity of Red Ash, where they were evicting miners who are strikers and who are in arrears for rent.

Thurmond, W. Va., Aug. 29.—Everything is quiet in the New River coal field, save a little skirmish at Caperton, in which twenty or more shots were fired, but no one injured. The entire Second regiment, state troops, arrived here last evening and were distributed about the various coal operations where trouble resulted. Sheriff Daniel thinks that more serious trouble will soon follow. He says the strikers are becoming more determined and that it was absolutely impossible for him to cope with the situation. Almost every mine on the Kanawha and New River is being operated on a small scale. In these fields probably 2,000 miners are at work and six or eight thousand idle. Considerable property has already been destroyed and it is believed that the sending of troops will tend to enrage the strikers more than ever and bloodshed may soon result. The operators are determined and state emphatically that they have no intention of conceding a single demand made by the strikers.

SHOT BY STRIKING MINERS.

Attack is Made on Guards at the Crane Creek Works.

Bluefield, W. Va., Aug. 29.—There is considerable excitement on Crane creek and Simmons creek over the recent shootings. Yesterday John Ruble, a blacksmith employed by the Sagamore Coal company, was shot by striking miners and killed. Reports were current during the day that a number of guards had been killed and wounded by the strikers, but investigation proves that Ruble was the only man killed. Ruble, in company with Barney Shumate, of this city, who had been employed as a guard, left the company store to go to a point on the works to stand guard, as the company feared a visit from a mob. En route they were fired on and Ruble fell. Shumate was armed with a Winchester and opened fire on the miners, who after their first volley ran. None of them have been arrested. The nonunion men who took the strikers' places are terrorized and a good many of them are leaving. W. H. McQuail, president of the Turkey Gap Coal company, was fired at through a window, but was not hurt. A number of guards have been engaged and are being rushed into the field to give protection to the men who want to work.

Tamaqua Quiets Down.

Tamaqua, Pa., Aug. 29.—After a day of intense excitement the situation in the Panther creek valley has quieted down and the troops are enjoying a well earned rest. Last evening company K of the Twelfth regiment escorted the nonunion men to their homes in Lansford and Coaldale. While large crowds of strikers gathered on the streets, there was no hostile demonstration. Colonel Clement, in command of the National Guard in the field, issued an order to the troops on duty in the Panther creek valley, calling attention to a recent act of the legislature providing a penalty for the calling of obscene names. He directed that the officers in command rigidly enforce the provisions of the act.

Settlement is Reached.

Pittsburg, Kan., Aug. 29.—After a conference lasting seventy-five days, the union miners and union operators of district No. 14 have reached a settlement. The contract agreed upon is practically the same as that of last year, although the miners secured a few unimportant concessions. It is now believed that all differences between the miners and operators have been adjusted and that all danger of a strike has been averted.

Death of M. A. Carmichael.

Colony, Kan., Aug. 29.—M. A. Carmichael, a politician and junior vice commander of the Kansas G. A. R., died at his home here yesterday.

DEMAND PALMACHMENT

President of Cuba Without Newspaper

Havana, Aug. 29.—President Palma finds himself today without the support of a single newspaper controlled by Cubans. The editorials published in the Cuban press are, considered collectively, remarkable for their bitterness and outspoken opposition of the chief executive. The only paper which supports the president is the Diario de la Marina, formerly the organ of the Spanish government, and at present representing the Spanish colony in the island. One of the causes for the opposition to President Palma was that he granted the Castañeda concession for the establishment of an electric plant at Havana. This concession has been a subject of bitter opposition in the house of commons, and some of the papers are demanding the president's impeachment unless the concession is revoked. The impeachment question has been on the table for a week. The houses of parliament have been divided on the question.

MANY VICTIMS OF CHOLERA.

Epidemic on Other Side of the Pacific Becomes Alarming.

Victoria, B. C., Aug. 29.—The epidemic of cholera is reaching alarming proportions on the other side of the Pacific, the outbreak extending further and having more victims than ever before reported.

It extends from the island of Java to Japan, and almost every city on the coast and many from the interior are affected. The disease, too, is being contracted by Europeans as well as natives. A dispatch says hundreds have died in Java. A writer from Kuelin Kwans province says:

"I write from a city stricken with a violent epidemic of cholera. People are dying by hundreds daily. Outside the city over 1,000 have died. Whole families are reported to have died." In Japan, and China the disease is working fearful havoc.

Torrent in a Copper Camp.

Jerome, Ariz., Aug. 29.—This place has just passed through the worst storm in its history. Water poured down the mountain sides in raging torrents, depositing debris and boulders in the United Verde plant to the depth of from eight inches to two feet. The property loss is estimated at many thousands, but no lives were lost. It is estimated that it will take 100 men thirty days to clear away the debris and put the plant of the United Verde company in the usual condition.

Situation at Agua Dulce.

Washington, Aug. 29.—Advises received from Colombia state that the attacking force at Agua Dulce consists practically of all the rebels on the isthmus, about 2,500 in number, and the government troops who are holding out in the town number 2,200. The government forces are strongly entrenched and it is claimed that even without outside assistance they can hold Agua Dulce for at least ten or twelve days, and possibly longer if food supplies do not give out.

Watkins Under Arrest.

Seattle, Wash., Aug. 29.—Information was received that the man arrested at Newcastle, Wyo., on suspicion of being Philip D. Watkins, has been definitely learned to be the person wanted. Sheriff Cuddebe wired the authorities at Billings, Mont., to let him know if the question of identity has been settled, and if so he will send a deputy to Montana after the prisoner. Watkins is wanted here for passing a spurious check for \$100 on a local bank.

Fatal Fire in a Flat.

New York, Aug. 29.—One woman was killed and several others suffered from shocks and burns as the result of a fire in a flat. The dead woman was Mrs. Eva Arendt, who lived on the fourth floor of the house. She jumped from a window and died in a hospital of her injuries. The other women who were hurt will recover. The money loss was \$10,000.

Cattle Are Quarantined.

Guthrie, O. T., Aug. 29.—The Oklahoma livestock sanitary commission has made public regulations received from the United States department of agriculture prohibiting the moving of cattle from that portion of the Otoe and Ponca nation reservations lying west of the Santa Fe railroad on account of the existence of Texas fever there.

Smiths Hold a Reunion.

New York, Aug. 29.—Peapack, N. J., is in holiday garb in honor of the annual reunion of the Smiths of New Jersey. More than 2,000 persons bearing the name sat down to dinner on the opening day. The first reunion was held on the same spot Sept. 6, 1876, and the officers then chosen still officiate.

Boy Run Over by Train.

Decorah, Ia., Aug. 29.—Charles, fifteen-year-old son of John Hargraves, was run over by a Milwaukee train last night and both his legs were severed near the body. He will probably die. A similar accident happened to Albert Severson of this city at Osian last Friday night.

To Aid Striking Miners.

London, Aug. 29.—At a meeting of the council of the South Wales Miners' Federation it was decided to forward \$5,000 to aid the striking miners of the United States.

CROWDS ARE TOO GREAT

In Their Strenuousness They Carry President Off His Feet.

NEW HAMPSHIRE IS HIS HOST.

Roosevelt Makes Principal Address at State Encampment of Grand Army—Spends Night at Secretary Hay's Summer Home at Newbury.

Newbury, N. H., Aug. 29.—President Roosevelt last night was the guest of Secretary Hay, whose summer home is situated a few miles from here along the shores of Lake Sunapee.

New Hampshire's arms were open yesterday in readiness to receive the president. Long before he was awake a committee representing the governor boarded the train. The welcome they extended to him on behalf of the state was magnified later in the day in the smaller towns through which the train passed and at Nashua, Manchester, Weirs, and at Concord, although the day was replete with the miscarriage of arrangements. At Weirs, where the Grand Army reunion was held, the people, in the excess of their desire to accord the president a fitting reception, came near causing a crush, which might have resulted disastrously. As it was the president was for a time in the midst of a howling, surging mass, and was all but carried off his feet. So inadequate were the police arrangements that the crowd had entire control of the situation, and much relief was expressed when the president, after reviewing the veterans, was escorted into the hotel for luncheon. Here again the carefully laid plans for his entertainment went astray. Luncheon was served through the gallantry of the governor's staff, who turned to waiters. The president's speech at the park was most favorably received. As in the case of Bangor, he admonished his hearers to remain still and not to shove. A great crush occurred at Concord as the train was pulling out and for a time it was feared people would be hurt.

In his address at the state encampment the president made acknowledgment of the lasting debt of gratitude due the civil war veterans for the grand lessons and inspiring example of valor and industry they have left to their descendants. At Concord he touched on the many qualities required to make a good citizen.

VICTOR EMMANUEL IN BERLIN.

King and Kaiser Ride Together in Gay Cavalcade.

Berlin, Aug. 29.—The entry of King Victor Emmanuel into the city yesterday and his drive through the Unter den Linden was advanced purposely half an hour from the published time as a precaution against possible disorder. Consequently, the great crowds which were packed into place an hour before by the police at the Brandenburg gate were astonished by the arrival at a brisk trot of a gorgeous cavalcade, surrounding a six-horse carriage, in which sat Emperor William and a small man in a dark uniform, pulling at a blonde moustache. The cheers of the people were spontaneous and really cordial. They seemed so to Generals Corbin and Young and their party, who had a row of good windows. The American officers admired the splendidly horsed cavalry more than anything else. The show was over in a few seconds. Shouting and cheering and the successive crashings of bands placed at intervals between the squadrons of cavalry marked the progress of the king and the emperor down the avenue.

Anaconda Beats Prince Alert.

Providence, R. I., Aug. 29.—Prince Alert, 2:00%, and Anaconda, 2:01%, have been matched for a special race at the Grand circuit meeting at Hartford next Wednesday. Horsemen were considerably surprised at the outcome of the first free-for-all pace of the year, in which Anaconda beat Prince Alert in two straight heats at Narragansett park yesterday, breaking the harness record of the year with a mile in 2:02.

League of Municipalities.

Grand Rapids, Aug. 29.—At yesterday's session of the convention of the League of American Municipalities addresses were made by the president, Jacob A. Cantor of New York, J. McCarty, ex-comptroller of St. Paul; Comptroller James H. Smith of Baltimore and Ignatius A. Sullivan, the dry goods clerk mayor of Hartford. The afternoon was devoted entirely to entertainment.

Postmasters Elect Officers.

Milwaukee, Aug. 29.—Boston was selected as the next place of meeting by the National Postmasters' association convention yesterday. The bulk of discussion was confined to rural free delivery service. F. B. Dickinson of Detroit was elected president and William E. Hull of Peoria vice president.

Fraternal Congress Elects Officers.

Denver, Aug. 29.—Joseph A. Langfitt of Pittsburg was elected president of the National Fraternal congress. M. W. Sackett of Meadville, Pa., was elected secretary-treasurer. Milwaukee was chosen as the meeting place for next year.

SHAW EXPLAINS HIS PLAN.

Secretary of Treasury Invites Additional Currency Issue.

Washington, Aug. 29.—In view of rumors as to Secretary Shaw's plans for relieving the money market in the event of a possible stringency, the secretary, who is in New York, authorized the following statement: "The secretary recently invited some of the larger national banks in the principal cities to order additional amounts of circulating notes to be printed. National banks are entitled to issue circulation to the full amount of their capital. The aggregate capital of national banks is \$70,000,000, but the banks have outstanding only \$358,000,000 of circulation. The secretary has hoped to introduce an element of elasticity into the present system. His suggestions to the various banks in the larger cities that they make preparation for additional circulation have met with very favorable response. It is not his intention that they should issue this additional circulation at all events, but only in case of actual necessity and emergency."

WAR GAME BEGINS MONDAY.

Preparations are Most Elaborate for Joint Maneuvers.

Newport, R. I., Aug. 29.—After months of preparation, the final war maneuvers with an army of defense against an enemy made up of a large number of ships, will begin at midnight Sunday. The preliminary work practically ends at midnight tonight, and two days are allowed for the fleet and the army of defense to get into position. To decide which side wins the imaginary contest next week, a large number of umpires and observers have been assigned to the different vessels of the fleet, which will be commanded by Admiral Higginson. Each vessel will have an umpire and an army observer, while the army will have an army umpire and a naval observer. The army established an observing station on Brenton's reef. This is the only outside searchlight station the army will have.

Freight Train Goes Through Bridge.

Medora, Ill., Aug. 29.—Twelve loaded freight cars on the Chicago, Burlington and Quincy railroad went through a bridge near Kemper yesterday, and the bodies of three tramps are believed to be under the wreckage. A St. Louis merchant, who accompanied a fruit shipment, was severely cut. The train was running at a great speed and while crossing a bridge a wheel flange broke, resulting in the wreck.

Find Charred Bodies.

Bridgeton, N. J., Aug. 29.—Searchers in the ruins of the barn of John S. Holmes, which was burned last night, found the charred bodies of Holmes and his housekeeper, Miss Katherine Shute. Holmes was fifty-six years old and Miss Shute was sixty-five. Charles Williams, a negro farm hand, who had been employed by Holmes, was arrested later in the day on suspicion of having some knowledge of the tragedy.

Sioux Falls Depots Burn.

Sioux Falls, S. D., Aug. 29.—The Great Northern passenger and freight depots burned at noon yesterday. The loss is several thousand dollars. A strong south wind was blowing and the department could do nothing with the fire. Considerable freight and baggage in the depots was consumed.

To Forfeit Valuable Pearl.

New York, Aug. 29.—Collector Stranahan of the port of New York has requested the office of the United States attorney to institute forfeiture proceedings in the case of the \$20,000 pearl and diamond necklace seized from a wealthy female passenger on the Kron Prinz Wilhelm last week.

SPARKS FROM THE WIRES.

Mgr. Guidi has been appointed apostolic delegate in the Philippines.

Four men implicated in the scheme to defraud the state of Michigan in military supply contracts pleaded guilty.

The torpedo boat destroyer Barry, which had her official trial off Solomon's Island, Mass., Thursday, made 28.12 knots.

William C. Whitney of New York has founded the "Beresford trust" for the benefit of the persons connected with the turf who are in need of assistance.

The Russians are busy removing heavy machinery from Shan Hai Kwan, preparatory to handing over the New Chwang railroad to the Chinese, Oct. 9.

Thomas D. Woodson, a well known banker, died at Richmond, Mo., Thursday of heart failure. He fought through the Mexican war in the Fourth Kentucky Infantry.

The concentrator of the Montana Purchasing Smelting works at Butte was destroyed by fire Thursday. The works are owned by F. A. Heinze, and 1,000 men are thrown out of work.

Advices received by the general land office indicate that the work of extinguishing the forest fires, which have been raging on the public lands in Wyoming, is progressing satisfactorily.

Two men were killed and fifteen injured Thursday in a collision between a freight train and a construction train on the Missouri Pacific railway between Wagoner and Fort Gibson, I. T.

DOE WAH JACK

"Just as good a Furnace as the Round Oak is a Stove"

Round Oak Furnaces are as honestly made as the famous Round Oak Stove—the same careful painstaking fitting of every joint, door and draft—the same daily inspection of material and test of the completed heater. Like the Round Oak Stoves the

Round Oak Furnace

is guaranteed to give absolute satisfaction. It is the only furnace that burns any kind of fuel, wood, hard and soft coal and the

only furnace that burns all the fuel—all the gases and most of the smoke. The price is reasonable. Send for the free Round Oak Furnace book.

ESTATE OF P. D. BECKWITH, Dowagiac, Mich.

Makers of the famous Round Oak, the most famous stove in the world.

Round Oak Furnace with outer casing removed.

Round Oak Furnaces are for sale in Norfolk Neb. by John Friday, agent.
