#### FRIDAY FACTS.

Mrs. F. G. Walters is on the sick list. The Norfolk second team, composed of amateur ball players of the city went

to Stanton today to meet on the diamond a team of that town.

O. E. Doughty and H. L. Spaulding were elected representatives to the grand lodge by Norfolk lodge No. 46, I. O. O. F. at the regular meeting of that lodge held last night.

Word comes from Pocatello, Idaho, that Ed. Grant, formerly of this city but until recently conducting a saloon at that place, lost his entire property by fire, with no insurance.

The Sioux City Elks have set apart Tuesday, September 23, as lodge day at their fair. On that day prizes to the amount of \$350 will be given to secret orders taking part in drills, parades, etc.

The state synodical missionary meeting of the synod of Nebraska will meet here the first and second of October. About 50 ladies are expected from different parts of the state. There will be an entertaining program, which will be published later. Good speakers will be in attendance. Meetings will be held at the M. E. church.

Reports from the north are to the effect that Savage, a small town on the Pacific Short Line, between Plainview and O'Neill, was destroyed by fire last night. At the time the blaze broke out there was a strong south wind blowing and there was no hope of saving the town from the start, owing to the lack of fire fighting facilities. How the fire originated or what damage was caused cannot be learned.

Cold mornings and evenings are readily made pleasant by the use of a Barler Oil Heater. Price from \$4 to \$12. Call and see them at Degner's hardware.

Will pay highest market price in North Nebraska for old scrap iron.

B. MEYERS.

The curtain at the Auditorium will rise promptly at 8:15 this evening so that the production may be finished at a reasonable hour.

#### BROWNIES ARE LOSERS.

Green Family Takes the Second of the Series.

Creighton, Sept. 5, 11:30 a. m.—Special to THE NEWS: The Norfolk Brownies lost the second of the series this morning to the Greene bunch, after they had it fairly won. With the lead all the way through the game, the visitors had things their own way until the same awful eighth, when Bucklin was located for three of a kind and the game taken by the margin of a score, the final result standing 5 to 4.

Steele was the twirler whom the Wilkins' crowd were up against and he stayed his game through. In but one inning was he found at all. In that, the third, he was located by concentrated energy and merciless pounding for two pair. The locals, with one in the second and another in the fourth, had defeat staring them in the face until they were able to land in their last time up for the thrilling three that closed the card. Carroll, the man who collided with Kennedy with such disastrous results at Neligh, umpired the game and nearly got himself into another mix-up, but changed his mind.

The rubber game will be played tomorrow, when Glen Wilkins will throw.

Score:  
Norfolk.....0 0 4 0 0 0 0 0—4  
Creighton.....0 1 0 1 0 0 0 3\*—5  
Batteries Bucklin and Wilkins, Steele and Gilliard.

#### DRESS REHEARSAL.

Splendid Entertainment is Promised for Tonight.

The dress rehearsal of The Christian, as put on by Rev. Franklin Baker, assisted by Miss Esther Mason, took place at the Auditorium last night. Everything is now in readiness for the public appearance this evening.

The final rehearsal of the play, to which a reporter for THE NEWS was admitted, was without a hitch. Promptly at 8 o'clock every performer was in place, the curtain was rung up and the parts gone over, with perfect regularity, identically as they will be witnessed by a theatre full tonight.

As presented by Mr. Baker and Miss Mason, The Christian will be a surprise to Norfolk people. Instead of an atmosphere of the amateur production, the interpretation savors of the professional play house where every move is executed with studied science and every tone has its artistic effect. Mr. Baker in his role as John Storm is excellent. With remarkable native talent, tremendous energy, a fine voice and a figure fitted to the part, he is bound to take his audience at once and hold their sympathy throughout. Miss Mason, as Glory Quayle, is very superior. Her sweet, simple manner is refreshing, her pretty make up is taking and her clear, musical lines are delightful to hear. She lives all the intense feeling of her part and her every move is clever. Emotion runs high at points and at the climaxes of the third and fourth acts the audience will burst out in spontaneous applause.

The special scenery prepared by Payne is indispensable. The crowd of a half hundred street urchins, appearing in rags, is realistic to a degree. The support all show wonderful training and Norfolk may look for a treat tonight.

#### Celery at Karo's.

Miss Sisson, Miss Allbery and a singer from Omaha will entertain between acts at the Auditorium this evening.

#### Crop Conditions.

The crop bulletin issued by G. A. Loveland of the weather bureau at Lincoln, gives the following as the general conditions in the northeast portion of the state, in which Madison county is located:

The moist, cloudy weather has been unfavorable for threshing and haying, and considerable has been discolored by rain. Shock threshing has progressed very slowly, and some grain has been damaged.

Corn continues to grow well, but is maturing very slowly, and frost before the last of September would make a lot of soft corn.

Sugar beets are doing well, but need warm, dry weather.

Fall plowing is progressing well; the ground is in excellent condition for seeding. Pastures are good and cattle are looking fine.

#### Fresh oysters in can or bulk at Karo's.

#### WARNERVILLE.

Our school opened last Monday with Miss Maud Tannehill as teacher.

Miss Jennie Tannehill returned last Friday evening from a visit with relatives in Indiana.

The railroad company has placed in position at the station and stock yards two new force pumps.

R. W. Linn has threshed 6,000 bushels of oats, the average yield being 50 bushels to the acre.

P. Carbery sold a quarter section of land last week to A. Durland of Norfolk. Consideration \$4,000.

Miss Agnes Carbery has returned from a visit with relatives in Iowa and is teaching school in district No. 16.

Mrs. Howard Verner of Staplehurst returned home Friday after a week's visit with her father, Ez. Rowlett, and other relatives.

C. W. Pettitt returned Saturday from his trip to Wisconsin where he went in search of a farm. He was not very favorably impressed with that country.

Bert Reed thought he would have some fun with a nest of bumble bees Wednesday, but the bees convinced him in about five minutes that the boot was on the other leg. Bert now looks as though he had an aggravated attack of the mumps.

Seats for the presentation of "The Christian" at the Auditorium tonight are 50 cents, and those who have not secured tickets may obtain them at the box office tonight.

#### Spring chickens at Karo's.

#### Grandeurs of Peak and Chasm.

The natural attractions of Colorado are by no means confined to her mineral spring resorts, her splendid parks, nor to her beautiful mountain lakes. In whatever direction the traveler may choose by rail, if he go to the mountains, his journey is a succession of glorious scenery, varying in the characteristics of placid beauty, grotesque ruggedness, and awe-inspiring grandeur. Up the canyons, by heavy grades and

difficult curves, are stupendous walls rising perpendicularly or gradually sloping back toward the greater hills, and yet again leaning forward above the chasm, as if threatening to come tumbling down, projecting great rocks that hang suspended over the train as it glides smoothly by. It is a panorama of wonders and grandeurs such as belong only to the Rocky Mountains.

To enable persons to reach Colorado resorts, the Union Pacific has placed in effect during the summer months very low rates.

#### INVESTMENT OPPORTUNITY.

Shrewd Capitalists are Interested in Copper Mining—A Local Affair.

The rapidly increasing demand for copper, due to present vast and ever enlarging area of consumption, especially in the electric field and kindred sciences, as well as the arts, industrial, mechanical and domestic, allied to the relatively low productive cost of the metal, resulting from the improved and economical processes of smelting, has properly directed the attention of shrewd capitalists, all the world over, to the lucrative returns which are being obtained from judicious investment in legitimate copper properties, notably such as are held and operated by experienced, practical and reliable men, as the names of the officers of this company show: H. E. Owen, president, D. M. Owen treasurer, John T. Wertz vice president, James H. Kyner, secretary. The Blanche Copper Mining Company offers 25,000 shares of its treasury stock at 12½ cents a share. Shares of the per value of \$1.00 fully paid and non-assessable. This small block of stock is the first that has ever been offered for sale, and is absolutely all that will be sold at that price. Address all communications and for such particulars as this article fails to make plain to James H. Kyner, secretary, 1018 New York Life Building Omaha, Nebraska. The chance of your lifetime; the investment of a few hundred dollars will in a short time return sufficient dividends to make you independent. As provided in the articles of incorporation, the stockholders are not personally liable for indebtedness contracted by the company, which now invites public subscription for its first issue of treasury stock, consisting of 25,000 shares, which are offered at 12½ cents per share, proceeds to be devoted to immediate development in machinery and mining. In offering this stock the company feel that they can positively assure prospective purchasers that the future outlook of this mine offers bigger possibilities than did Boston and Montana, which sold in 1894 for \$12 per share, and at the present time is worth \$430 per share.

There is no salaried officers, except those who actually render service, and no influential names bought to adorn its prospectus. Every officer and director has invested his money in the enterprise after making a thorough investigation, and every dollar has been spent in developing the property. This is a clean-cut business proposition. The company is controlled by good, sound business men, and in bringing it to the attention of our readers we do so with the utmost confidence that every promise made by them will be fully carried out and that the company will soon be placed among the big dividend payers of the country.

#### FINISH OF TENNIS.

Tomorrow's Play Will Determine Cup Winners.

Tomorrow will close the tennis tourney that has been on among former Norfolk players for the past week. The final match in singles between J. S. Mathewson and Franklin Baker will be played at 9:30 tomorrow morning and the finals in doubles will come off between Baker and Parker against Mapes and Mathewson at 4:30.

It is expected that a large gallery will greet the closing games of the tourney and it is estimated that ladies will be among the devotees on the lines.

Mathewson and Baker will have tennis enough for one day. They are in both final matches, and on opposite sides of the net both times. Two of the cups will go to them. The third will go to either Mapes or Parker.

The match in singles may be a clue to the result in doubles and it is not at all improbable that two cups will go to one man. Baker plays the more active game, Mathewson a steady one. Mapes is handicapped with a bad leg but will play regardless. Parker is improving constantly.

Mathewson was picked for a finals man from his first game, and he has fulfilled expectations. Baker was quoted in his initial round as a player of former skill who, with practice, could get a swift stroke. He has passed everything up to the finals and plays a good game to win at. He never loses his nerve and pulls matches out after the first set has gone 6-1.
