WEST VIRGINIA STRIKE OFF

Coal Miners Agree to Return to Work Monday.

MITCHELL CONFIRMS REPORT.

Bays Strikers Have Been Granted Some Concessions-Termination of Trouble in Pocahontas Field-Situation in Anthracite Region.

Huntington, W. Va., Sept. 5.-It is now believed the coal strike in West Virginia is practically at an end. At a mass meeting of miners from all the coal fields along the Norfolk and Western railroad here yesterday it was almost unanimously agreed to end the strike provided the operators would take back all the old miners and they have signified their intention of doing this. The miners have agreed to return to work next Monday morning. It is reported that President John Mitchell of the United Mine Workers advised the strikers to return to work, as he realized that winter was near at hand and the miners in this field could not hold out much longer, as almost every one was dependent on the union for food and clothing. It is thought the strikers in the New River and Kanawha fields will soon follow the action of the strikers on the Norfolk and Western. The Pocahontas mine continues to burn out, but the operators think that they will soon have it under control. No violence has been reported from any quarter of the Norfolk and West ern coal field teday.

Wilkesbarre, Pa., Sept. 5 .- President Mitchell confirmed the Associated Press dispatch stating that the strike of miners in the Pocahontas region had been declared off. He said the strikers were granted some concessions, but he could not say at present what they were.

Joseph and Some Predict the End. St. Joseph, Mo., Sept. 5 .- Notwithstanding that Attorney General Crowe was represented at the opening hour for the beef trust hearing in this city yesterday, no session was held. At the last moment a telegram was hand ed to the attorneys in the case, stating that Judge Kinley, who presides at the hearing, was unable to reach here from Kansas City. Assistant Attorney General Lee said he could give no reason for a postponement of the case, but nevertheless a postponement was taken and the attorney left the city for his home at Jefferson City. No date was fixed for continuing the evidence, and it is freely stated among the attorneys that this is the last of the investigation at this point.

Wisconsin Central Indicted. Minneapolis, Sept. 5 .- The investigation by the federal grand jury into the alleged unjust discrimination in freight rates by the Wisconsin Central was brought to an abrupt close yesterday, when most of the witnesses in attendance were told that the investigation was ended and their attendance would not be required. Lincoln's Hay Crop. A story of Abraham Lincoln would have to be older than the one below to

lose its characteristic savor. In the summer of 1857 Mr. Lincoln was sitting in his office when he was visited by one of his neighbors, an excellent farmer, but one inclined to increase the size of his crops even after harvesting. He had given on this particular morning a skillfully padded ac-

"Why, Abe, are you farming?" "Yes."

"What you raise?" "Just hay." "Good crop this year?"

"Excellent."
