

ARBITRATION A SUCCESS

Teamsters' Strike in Chicago is Settled by State Board.

TRAINMEN FORM A BIG UNION

Includes All Western Roads and a Test Strike to Enforce Demand for a General Increase of Twenty Per Cent Will Soon Begin.

Chicago, Sept. 12.—Arbitration as a means of settling labor troubles proved a decided success in Chicago yesterday. One strike was settled, one that was threatened was averted and two were put in such shape that it is reasonably certain that they will be brought to an end today. The danger of a famine through the strike of the packing house teamsters and the bakery and cracker wagon drivers now seems a thing of the past.

The strike of the packing house teamsters was effective so far as the pickets of the union, stationed all over the city, from South Chicago to the north side, were able to discover and not a pound of meat was moved by Swift & Co. by wagons. The usual consignments by rail were made and not interfered with.

Through the efforts of Frederick W. Job, chairman of the state board of arbitration, arrangements were completed for a meeting today between a committee representing the teamsters and representatives of Swift & Co. Both sides appear anxious to settle the trouble and it is believed little difficulty will be experienced in reaching a satisfactory adjustment of the controversy.

To Arbitrate Differences.

Bakery and cracker wagon drivers and coal and truck teamsters, who received the sanction of the teamsters joint council to strike at the plant of the William Schmidt Baking company because some of their drivers had been transferred to other branches of the National Biscuit company and their wages reduced, quit work yesterday. The officials of the company applied to the union for a chance to arbitrate the matter, and a conference between the men and officials of the company will be held today to settle the trouble.

The strike of the excavating teamsters came to an end after a lengthy conference last night. Nearly every excavating and sand concern in the city was represented. Under the agreement reached the men are to return to work at the terms demanded—\$2 a day for ten hours.

GIGANTIC UNION IS FORMED.

Conductors and Brakemen West of Chicago Effect Organization.

San Francisco, Sept. 12.—The call says that the largest and most far-reaching union in the history of railroads was recently formed by the railroad conductors and brakemen on roads operating west of Chicago. The men are dissatisfied with the present rates of wages and will in the immediate future make a demand for an increase of salaries of 20 per cent. The call is in a position to announce that this union will make a test case of one of the roads. The organization was perfected last June in Kansas City and W. V. Stafford, a conductor of the Southern Pacific, residing at Oakland, was elected its executive head.

Circulars have been recently passed around among the men and as a result every trainman has signed the request for an increase of 20 per cent and making other demands.

Work of Locomotive Firemen.

Chattanooga, Tenn., Sept. 12.—One of the most important subjects considered by the Brotherhood of Locomotive Firemen was the question of founding a home for the indigent of every labor organization in the country. The Brotherhood of Railway Trainmen have already subscribed \$50,000 and the Order of Railway Conductors have subscribed a like amount and it is thought the firemen will make a liberal contribution before they close their convention. The biennial report of Chairman Hawley of the grand board of trustees showed the organization to be in the best condition since its inception.

On the Way to Des Moines.

Baltimore, Sept. 12.—A special car containing delegates from Baltimore, Philadelphia, Washington, Wilmington and Cumberland to the eighty-seventh annual national convention of the Odd Fellows at Des Moines left for the Baltimore and Ohio railway. The party is scheduled to arrive in Des Moines Saturday.

Red Men Select Atlantic City.

Norfolk, Va., Sept. 12.—At yesterday's session of the great council of Red Men of the United States, a report of the finance committee showed a balance on hand in all the funds of the grand council of \$47,217.45. Atlantic City was chosen as the next place of meeting.

Chaplain Shoots Himself.

Washington, Sept. 12.—The secretary of the navy received a telegram from Rear Admiral Johnson, commanding the Boston navy yard, saying that Chaplain William F. Morrison committed suicide by shooting himself at the naval hospital at Chelsea.

Sioux Indian to Be Hanged.

Deadwood, S. D., Sept. 12.—Allen Walling Shield, a full blooded Sioux, was sentenced in the United States court to be hanged for the murder of Sarah-Ghost Face Bear. The execution will take place on Sept. 24, in the penitentiary at Sioux Falls.

BANK IS CLEANED OUT.

Receiver Appointed for Broken Tencumseh Institution.
Tencumseh, Neb., Sept. 12.—On the return of the depositors and State Examiner Hartwell, District Judge Letton yesterday appointed William A. Campbell receiver of the Chamberlain Banking house. In his report to the court Examiner Hartwell says the bank's condition is much worse than at first supposed; that few of the assets are of any value and that the loss will not be less than \$115,000. He concludes with this statement: "The cashier, Charles M. Chamberlain, has decamped with about all of the cash and sight exchange, together with a large amount of securities, placing in the note pouch in lieu thereof a lot of past due, worthless and charged off notes, rendering the bank entirely insolvent."

INDIANS WORK ON RAILROADS.

Northwestern Discharges Italian Shovelers and Fills Places With Sioux.
Lincoln, Sept. 12.—The Northwestern railroad is experimenting with Sioux Indians as laborers on the Elkhorn line in northwestern Nebraska. For months it has been impossible to get laborers for the road around Long Pine and Gordon. A gang of Italians engaged in coal shoveling at Long Pine became dissatisfied and threatened to quit. The company engaged a number of Sioux, discharged the Italians, and put the red men to work. They have brought their squaws and papooses to the camp and proved so satisfactory the problem seems to be solved.

Protest Against Prize Fight.

Louisville, Sept. 12.—A mass meeting, attended by about 800 citizens, was held at Music hall here last night to protest against the fight between Terry McGovern and Young Corbett, which is scheduled to take place at the Auditorium in this city Sept. 22. Speeches were made denouncing the fight by a number of prominent laymen and preachers and resolutions were adopted calling upon officials to do all in their power to prevent the contest from taking place in Louisville.

CHICAGO GRAIN AND PROVISIONS

Features of the Day's Trading and Closing Quotations.

Chicago, Sept. 11.—Wheat led grains in a strong advance today. Business was active all around and the trade was thoroughly aroused by the government estimate of grain yields much below expectations. Nearly every other influence was in some measure bullish, especially the threatened damage to crops from frosts. As a result of these factors the list closed with wheat, September wheat 1 1/2c higher, December wheat 1 1/4c up, September corn 1 1/2c up, December corn 1/2c advanced and December oats 1/4c higher. January provisions closed 7 1/2c to 12 1/2c higher.

Closing prices: Wheat—Sept., 73 1/2c; Dec., 69 1/2c; May, 70 1/2c. Corn—Sept., 59 1/2c; Dec., 43 1/2c; May, 49 1/2c. Oats—Sept., 34 1/2c; Dec., 31 1/2c; May, 31 1/2c. Pork—Sept., 10 1/2c; Oct., 10 1/2c; Jan., 11 1/2c.

Lard—Sept., 10 1/2c; Oct., 10 1/2c; Jan., 11 1/2c.

Ribs—Sept., 10 1/2c; Oct., 10 1/2c; Jan., 11 1/2c.

Lively Class "Scrap."

Springfield, Ill., Sept. 12.—The annual class "scrap" between the freshmen and sophomore classes of Wittenburg college took place here last night. The contest was short and exceedingly hot. The feminine portion of the class took part. The sophomore girls locked a freshman girl in her room in the second story and tied her to a chair. She unfastened the rope, tied it to a window sill and slid down to the ground, lacerating her hands. She helped in the scrap. Charles Bowers and Arthur Ruthrauff were carried from the field in an unconscious condition, but recovered later. It is feared that Frank Serviss has received internal injuries from a kick.

Surrounded by Brush Fires.

Newport, Ore., Sept. 12.—Newport is surrounded on the north and east by heavy brush fires. The fires, driven by a light east wind, swept down on the Seal Rock resort, burning several cottages and other property.

Berber Tribesmen Routed.

London, Sept. 12.—A dispatch from Feg, Morocco, says the Berber tribe of Geruan was attacked Sept. 4 by a combined movement of troops and utterly routed, with great loss of life and much of was taken.

A United States government boarding house, to determine the effect of food preservatives, coloring and adulteration on healthy persons, will be started in Washington by Dr. H. W. Wiley, government chemist. Department employees are to be "subjects."

A Spiny Monster.

For sheer ferocity of appearance, unredeemed by any milder facial attributes, a lizard called after "Moloch horridus" Moloch horridus is pre-eminent among reptiles. The body of this Australian reptile is so covered with spines that, as it has been put, nature seems to have endeavored to ascertain how many spines could be inserted on a given area. But, unlike its tutelary deity, who seems really to have spelled himself Moloch, the lizard does not demand the blood of children. It is, indeed, vegetarian and only fey in that it has a curious faculty of absorbing and drying up water. A specimen placed in a shallow dish was observed to attract the water like a piece of blotting paper.—Westminster Gazette.

Ancient Trades Unions.

Seven thousand years ago there were trades unions in Nineveh and Babylon, and so strict were their rules that in some cases the penalty of death was inflicted for infringing them. Each man's work was strictly defined, and even the number of hours that he was allowed to work was stated in the charter of his guild or union. Later exactly the same state of affairs existed in Pompeii, and inscriptions have been discovered stating specific appointments of officials to trades unions. The most powerful of these appears to have been that of the Fishermen's guild.

Deceptive.

"Deceitful as a law," said Hungry Higgins, nursing his leg, "terrible people ter call their dogs be appropriate names."

"Wot's de matter now?" inquired Dusty Rhonds.

"Why, a woman down de road said if I didn't git out o' her yard she'd call 'Fido.' O' course I laffed. Den she called Fido, and Fido didn't do a thing. He was a big brindle bull!"—Chicago Tribune.

Russia's Armies.

Russia has three different armies. In Europe her men are five years in the active army, thirteen in the reserve and five years in the second reserve. In Asia they are seven years in actual service and six in the reserve. In Caucasus they are only three in the active army and fifteen in the reserve.

Sun and Moon.

Children's views of many common phenomena are often very entertaining. A little girl five years old, asked what happened to the sun after it set, promptly replied: "It rolls itself up in a little ball, like a hedgehog. And that's the moon."—London Express.

It has also cured numerous cases of partial paralysis. It is for sale by Kiesau Drug Co.

A Good Thing.

German Syrup is the special prescription of Dr. A. Boesche, a celebrated German physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures coughs, colds and all lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test for years, giving satisfaction in every case, which its rapidly increasing sales every season confirms. Two million bottles sold annually. Boesche's German Syrup was introduced in the United States in 1863, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cents. Get Green's special almanac. A. H. Kiesau.

Good Advice.

The most miserable beings in the world are those suffering from dyspepsia and liver complaint. More than seventy-five per cent of the people in the United States are afflicted with these two diseases and their effects: such as sour stomach, sick headache, habitual constipation, palpitation of the heart, heartburn, water-brash, gnawing and burning pains at the pit of the stomach, yellow skin, coated tongue and disagreeable taste in the mouth, coming up of food after eating, low spirits, etc. Go to your druggist and get a bottle of August Flower for 75 cents. Two doses will relieve you. Try it. Get Green's special almanac. A. H. Kiesau.

MALARIA An Invisible Enemy to Health

Means bad air, and whether it comes from the low lands and marshes of the country, or the filthy sewers and drain pipes of the cities and towns, its effect upon the human system is the same.

These atmospheric poisons are breathed into the lungs and taken up by the blood, and the foundation of some long, debilitating illness is laid. Chills and fever, chronic dyspepsia, torpid and enlarged liver, kidney troubles, jaundice and biliousness are frequently due to that invisible foe, Malaria. Noxious gases and unhealthy matter collect in the system because the liver and kidneys fail to act, and are poured into the blood current until it becomes so polluted and sluggish that the poisons literally break through the skin, and carbuncles, boils, abscesses, ulcers and various eruptions of an indolent character appear, depleting the system, and threatening life itself.

The germs and poisons that so oppress and weaken the body and destroy the life-giving properties of the blood, rendering it thin and watery, must be overcome and carried out of the system before the patient can hope to get rid of Malaria and its effects.

S. S. S. does this and quickly produces an entire change in the blood, reaching every organ and stimulating them to vigorous, healthy action. S. S. S. possesses not only purifying but tonic properties, and the general health improves, and the appetite increases almost from the first dose. There is no Mercury, Potash, Arsenic or other mineral in S. S. S. It is strictly and entirely a vegetable remedy. Write us about your case, and our physicians will gladly help you by their advice to regain your health. Book on blood and skin diseases sent free.
