

OPERATORS STILL FIRM

Complete Surrender of Miners is Demanded.

STONE FAILS TO END STRIKE.

No Result Comes From Pennsylvania Governor's Trip to New York—Philadelphia Paper Tells Different Story and Asserts Morgan Has a Plan.

New York, Sept. 10.—Governor W. A. Stone of Pennsylvania, who came to this city and made an effort during the day at seeing what could be done in settling the anthracite strike, returned to Harrisburg last night without apparently being able to accomplish anything. There are rumors that the governor's visit had effect, but George W. Perkins of J. P. Morgan & Co. denied that there was any change in the situation. The governor was accompanied to the city by Attorney General Elkin and Senator Flynn of Pittsburgh. The three held a conference of three hours' duration with P. A. B. Widener in the offices of the United States Steel corporation. After the conference had lasted an hour, Mr. Widener went to see J. P. Morgan at the latter's office and asked him to use his influence to end the strike. Ten minutes later he returned to his friends and told them that Mr. Morgan had declined to interfere.

President Baer of the Reading, President Truesdell of the Lackawanna and President Fowler of the Ontario and Western had an informal conference. After it was over President Fowler emphatically declared that there was no change in the attitude of the operators and that nothing could end the strike, but the unconditional surrender of the striking anthracite miners.

Tells a Different Story.

Philadelphia, Sept. 10.—The North American says that J. P. Morgan has assented to a plan proposed by Governor Stone of Pennsylvania for ending the coal strike. The plan, according to the North American, is for the mine workers to return to work without a signed agreement, that the operators by concessions adjust the differences existing between the men and the companies; that if, after waiting a reasonable time, the operators fail to do this, an arbitrator be appointed and that if the men deem the decision of the arbitrator as unjust then the men can again go on strike.

MISSOURI CAMPAIGN OPENS.

Bryan, Stone and Dockery Take Part in the Meeting.

Joplin, Mo., Sept. 10.—The Democratic campaign in Missouri was opened here last evening at a meeting attended by 5,000 people. W. J. Bryan was the principal speaker. W. J. Stone, candidate for senator to succeed George C. Vest; Governor Dockery and Mayor Reed of Kansas City also spoke.

Mr. Bryan talked at length on the tariff question, saying, among other things, that it was time to take the tariff off at least all kinds of trust-made goods. The country, he said, could not look to the Republicans for reform in tariff matters, adding: "There were more righteous men in Sodom and Gomorrah than there are tariff reformers in the Republican party."

He declared that President Roosevelt had no remedy for the trust evil and that some of his utterances on the subject were absurd. Continuing, he said: "I tell you one trust magnate in stripes behind the prison walls would do more to break up trusts than all the speeches the president can make. The constitutional amendment the Republicans are talking about is not meant for the regulation of trusts, but to take the power to control trusts away from the states and so protect the trusts."

Stimson Named for Governor.

Denver, Sept. 10.—Edward C. Stimson of Cripple Creek, judge of the Fourth judicial district, was nominated for governor by the Democratic state convention on the first ballot. An informal ballot showed him to be in the lead, with 398 of the 450 votes necessary to a choice. The first regular ballot was only three-fourths complete when it was seen that Stimson had gained enough votes over the informal ballot to elect him, and his nomination was made by acclamation.

Lattimer in the Lead.

Columbia, S. C., Sept. 10.—Partial returns from the second Democratic state primaries give the following figures: United States senator, John Gary Evans, 25,154; A. C. Lattimer, 27,154; Governor, D. C. Hayward, 26,293; W. J. Talbert, 27,421. Results from Charleston county show the election of George F. Von Kohnitz over his opponent, John T. Grace, conceded to have been backed by Tillman.

Latest Returns From Maine.

Portland, Me., Sept. 10.—Reports from 300 of the 521 towns give Governor John F. Hill (Rep.) a plurality of 25,617 votes. The indications are that the 160 towns yet to report will increase the Republican plurality to 46,000. With only one senatorial and a dozen representative district returns missing, the Republicans have elected all but two senators and twenty-three representatives.

Stromboli Volcano in Eruption.

Rome, Sept. 10.—The volcano on Stromboli island is in full eruption and is throwing great columns of fire and torrents of stones. The island is shrouded in smoke. Mt. Vesuvius is showing signs of activity.

WAITRESS KILLS JEALOUS WIFE.

Mrs. Joseph Leslie of Bloomington Shot by Daisy Carlton. Bloomington, Ill., Sept. 10.—Mrs. Joseph Leslie was shot and killed here last night by Miss Daisy Carlton. Jealousy was the cause. The homicide occurred in a fashionable residence district of the east side. The victim came here a year ago from Springfield with her husband, who has been employed as a cook in a local restaurant. Daisy Carlton was employed at the same as waitress. Mrs. Leslie accused her husband of paying too much attention to the waitress. While Miss Carlton and a girl friend were going to their homes last night, they observed Mrs. Leslie standing behind a tree. They sought to avoid her, but she followed and struck the Carlton girl several blows with a buggy whip. Miss Carlton retaliated by drawing a revolver and firing one shot. The bullet struck the Leslie woman in the neck, severing her jugular vein. She died in a few minutes without recovering consciousness. Miss Carlton walked to the city hall and gave herself up.

USE COFN KNIVES IN DUEL.

Fierce Fight Between White Man and Two Negroes Near Liberty, Mo. Liberty, Mo., Sept. 10.—Andrew P. Wymore had a battle with two negroes, Tom and Frank Kidd, with corn knives in a field near town. He received an ugly cut across the left side of his head and also on his left arm, but his wounds are not considered dangerous.

One of the negroes was cut across the face, extending over his mouth and right eye. The other negro's left arm was nearly cut off between the wrist and elbow, as he held it up to ward off a slash of the knife. He was also cut on the breast.

Wymore is an ex-city marshal of Liberty. He had a dispute with the negroes, when one of them assaulted him with a rock, and the other a corn knife. Wymore got a corn knife to defend himself and a fierce fight took place. The negroes are under arrest.

Body Found in Clump of Weeds.

Kansas City, Sept. 10.—The body of George S. Randall, a well known druggist of this city, who disappeared mysteriously a month ago, was found yesterday two blocks from his home, in a populous part of the city, where it had lain obscured from view by a clump of weeds. The decomposed condition of the body makes it difficult to ascertain the cause of Randall's death.

Two Drowned in Berths.

Detroit, Sept. 10.—The steam barge H. Houghton sank at its dock at the foot of Dubois street. Two of the crew, William Daniel and Edward Close, were drowned in their berths. It is thought that the cargo of crushed stone absorbed so much water during the heavy rain last night that the weight of the water caused the vessel to careen and finally tip and sink.

Steamer Burns to Water's Edge.

Port Rowan, Ont., Sept. 10.—The steamer William H. Stevens of Buffalo, loaded with copper and flour, bound from Duluth to Buffalo, was burned to the water's edge off Clear Creek last night. The crew were saved. The vessel was valued at about \$50,000; insurance, \$15,000. The cargo was valued at \$100,000.

Woman Is Killed With Axe.

Stamps, Ark., Sept. 10.—The wife of John Harper, a resident of this place, has been murdered, her slayer using an ax, with which he dealt the woman two heavy blows when she was asleep. Her head was almost severed from the body. The woman's husband has disappeared.

Killed While Resisting Arrest.

Perry, Okla., Sept. 10.—James Sidon, an attaché of a wild west show, who was charged with robbing a local hotel, was shot and killed here yesterday by Sheriff Foster while the officer was trying to arrest him. Sidon pulled a gun, but the sheriff fired first.

Steamer Cottage City Wrecked.

Seattle, Wash., Sept. 10.—The steamer Cottage City was wrecked in Wrangel narrows, below St. Petersburg, two days ago. All the passengers were saved. The steamer Spokane will convey them to Seattle.

Woman Jumps into River.

Greenville, Miss., Sept. 10.—Mrs. Mollie Westrope of Clayton, who while insane, murdered and burned her five children near Hazlehurst, June 16, committed suicide here yesterday by jumping into the river.

TELEGRAMS TERSELY TOLD.

The Republicans of the Fifth Missouri district nominated Colonel Robert T. Van Horn for congress.

James Kaye of Topeka was sentenced to serve twenty years in the state penitentiary for the murder of his wife.

The bank of Lewisburg, Ky., was robbed early Tuesday. The robbers got about \$4,000 and left no clue to their identity.

Leroy and Walter Woodruff, sons of a prominent farmer, and William Tennant, a brother-in-law, were drowned in Indian lake, Michigan, Tuesday, while fishing.

F. Goebel, a resident of New York, shot and killed Annie Miller at the home of her parents in Brooklyn Tuesday and then hanged himself. No cause for the act is known.

Six women acted as pall bearers at the funeral of Mrs. James L. McBurnie at Louisville. Mrs. McBurnie was a member of a church society and her colleagues in the organization served as casket bearers.

RIVALS THE TWEED RING

St. Louis Scandal Takes on Greater Proportions.

MORE INDICTMENTS RETURNED.

Seven of the Nineteen Persons Implicated Are Still at Large—Boodle Gang Got \$2,500 Each for the Lighting Bill.

St. Louis, Sept. 10.—When Judge Douglas adjourned court last night seven of the nineteen members of the alleged boodle combine of the house of delegates were still at large, and the police and deputy sheriffs are using their best efforts to find them. Developments in the case began early and throughout the day they came with startling rapidity. The most important feature of the day's developments was the finding of new indictments against nineteen members of the combine. In addition to the charges of bribery and perjury in connection with the Suburban Street railroad deal, the members of the alleged combine now rest under additional indictments, charging bribery. These were found by the grand jury before which H. H. Murrell testified as to the city lighting scandal of 1900. In which each member of the combine is said to have received \$2,500, in payment for his services in securing the passage of the bill. Bonds were fixed at \$15,000 for every indictment, making a total of \$45,000 necessary to be secured for the release of any one of the accused.

The police and deputy sheriffs are still looking for Delegates Charles Kelly, former Delegates Emil Hartmann, Louis Decker, Julius Lehmann and Harry A. Faulkner.

Circuit Attorney Polk expressed satisfaction at the progress being made in the fight for pure government in St. Louis. He compared the present expose to that of the Tweed ring in the '70s, and said he believed that never before, with that exception, had corruption in public office held such sway as it had here during the past few years.

Cohen Arraigned at Minneapolis.

Minneapolis, Sept. 10.—Joseph Cohen, who is charged with extortion and conspiracy and acting as go-between in the police corruption cases, was arraigned yesterday afternoon on three indictments and released on \$5,000 bail. He went to the court room direct from the train on which he arrived from Montana in custody of a deputy sheriff. Assistant County Attorney Jelly and Victor Welch, attorney for Mayor Ames, left for West Baden, Ind., to take his deposition and investigate as to the inability of the mayor to return for trial at this time on account of his health.

NOT ALARMED AT SURRENDER.

Officials of Colombian Legation Minimize the Agua Dulce Incident.

Washington, Sept. 10.—The officials of the Colombian legation profess not to be seriously alarmed at the surrender of the government soldiers at Agua Dulce. The number of government soldiers there is estimated at less than 3,000, and, while their loss is a setback, the Colombian representative says it will cause greater activity to crush the rebellion. The understanding here is that the government had 7,000 men under arms on the Isthmus. While this may be an underestimate, legation officers say there are enough men left to offer strong resistance to any efforts the revolutionists may make. The revolutionists are thought to be in the vicinity of Panama and Colon.

News is Confirmed.

Panama, Sept. 10.—The surrender to the Colombian rebels of General Berti and the troops of his command at Agua Dulce, which has been previously reported and was generally believed to have taken place, has now been confirmed. This news reached Panama through some former prisoners of the insurgents, who were liberated yesterday at San Carlos, as the result of the landing there of an expedition from the government fleet of gunboats. General Berti, who had been besieged at Agua Dulce by the insurgents since July 28, only surrendered when his cause was hopeless.

Forest Fires Raging in Oregon.

Tillamook, Ore., Sept. 10.—Forest fires in the mountains near here are laying waste millions of feet of valuable timber. The smoke is dense in this city and ashes are falling for miles around. Reports from Wilson river state that two fires are now burning fiercely. There is a strong wind.

Two Hurt in Automobile Accident.

Topeka, Sept. 10.—E. W. Benedict and two companions, returning from an attempt to lower a fifteen-mile cross country automobile record, lost control of the machine, were thrown into a ditch and seriously injured.

Five Thousand Lose Their Lives.

Victoria, B. C., Sept. 10.—Japanese papers contain telegrams stating that 5,000 persons lost their lives by the overflowing of the West river in China. There was also heavy loss of property and life in Formosa by floods, followed by a tidal wave.

Killick Reported Killed.

Port au Prince, Hayti, Sept. 10.—Rumors have been in circulation here that Admiral Killick, a doctor and two sailors were killed on board the Crete-a-Pierrot when she was sunk by the German gunboat Panther, but the news lacks confirmation.

HIGH SCHOOL NOTES.

Rumor has it that John Dingman actually caught a punt while practicing at football the other day.

The chimney damaged by lightning has not yet been placed in repair but school is going on regardless.

Thirty-eight curious, gaping freshmen have been admitted to the sacred precincts of the high school room.

Spelling has been introduced into the high school course and many of the pupils are receiving needed instruction in orthography.

A new rule is: One finger—may I leave the room. Two fingers—may I converse with the teacher. Three fingers—may I speak to someone else, etc.

The foot ball team has already received challenges from the Columbus and Randolph teams and there is promise of some interesting games during the season.

The superintendent favors foot ball this year and the members of the team are much encouraged to put forth more strenuous efforts toward perfecting themselves for the gridiron.

The inability of some of the book houses to supply needed books has proven somewhat embarrassing to teachers and pupils, but it is hoped that the difficulty will soon be overcome.

Mr. McCoy has enlarged the laboratory by taking out the partition that formerly separated the laboratory and Principal Barnes' office. The enlarged room has made it possible for each member of the chemistry class to have a working desk, fitted out with test tubes, alcohol lamps, and other apparatus necessary to the study of the subject. The study is proving so interesting that many of the juniors would be pleased to give it their entire time. Just now the class is bending glass tubes and making wash bottles.

State University Opening, 1902.

The regular session of the state university at Lincoln, will begin Tuesday of next week, September 16th. The dates set apart for registration are from Tuesday, September 16, to the following Monday, September 22. By these dates all students should be registered, for any student who is not so registered, will be charged an extra fee of \$3.00.

The present registration will be attended by several new features. For the first time, students of the law college will be registered on the same dates as students of the other colleges, instead of a week later. Students entering the new college of medicine will register at the same time. The details of registration also will be changed. Hitherto new students have registered in the Armory, but this year all new students, as well as old, will register in the registrar's office. This office is now in room 102 in university hall (center of campus) instead of room 112 as formerly. The registrar's office having been widened in scope, now includes the former offices of the university examiner, registrar, recorder and publisher. All of these are now unified and centered in the registrar's office. Consequently, all inquiries in regard to entrance, credit, and general administrative work, should be directed to this office alone.

For the assistance of the new students, unacquainted with the university, there will be at the various stations in Lincoln, as well as upon the university campus, a full crop of university registration guides. These guides will be ready to assist students to register and to obtain rooms and board. The guides may be distinguished by a red badge bearing the words, "U. of N.—Registration Guide," in black letters.

The attendance at the university this year promises to be large. Much interest has been manifested throughout the state in the college of medicine, and inquiries point to an increased attendance in the college of law, and in the schools of agriculture, mechanical arts, and domestic science. These last schools are all practical schools, offering courses for students who do not possess a high school education for entering the university. The opening address by Chancellor Andrews will occur on Saturday, September 20, and the first university convocation on Monday, September 22. Both of these exercises will be held in the Soldier's Memorial hall. Classes will meet for organization on Monday, September 22. The program of classes is now ready. Bulletins of the various courses offered by the university, program of classes, and any other information will be gladly furnished upon application to the registrar.

Low Rates Every Day.

Every day during the months of September and October, 1902, Union Pacific will sell one-way settlers tickets at the following rates, from Missouri river to— Ogden and Salt Lake.....\$30.00 Butte and Helena..... 30.00 Spokane..... 22.50 Portland and Ashland..... 25.00 Tacoma and Seattle..... 25.00 San Francisco..... 25.00 Los Angeles and San Diego..... 25.00 Correspondingly low rates from intermediate points.

SIGHTLESS GENIUS.

Remarkable Work of Vidal, the Blind Sculptor.

Our hearts are ever touched by the infirmity of our fellowmen, but probably the blind come in for the largest share of our sympathy. However, many of our blind brethren astonish us by their achievements, accomplishing what would be wonderful in a man possessed of his five senses.

Possibly the most astonishing of all blind men is the French sculptor, Vidal, who is stone blind, but models wonderful statues of animals. How can he do this without seeing? Simply by touch. He lives surrounded by animals of all kinds, and is ever patting and caressing them. When he wants to model a horse he begins by studying the legs. He stoops down by the animal, talking to it and patting it constantly, and says, "Come, I must examine your legs. Don't you move. Now I must examine your chest. Come, my friend, be quiet, or I shall fall to catch your likeness."

When he wanted to study a wild animal the task was more difficult. Vidal first studied the works of other sculptors, the skeletons of the animal, even stuffed specimens. One day when he had decided that he wanted to model a lion he felt that he must study a living model. He did not hesitate to face the danger, but entered a lion's cage, accompanied by the trainer. He felt him, caressed him, studied him attentively and for a long time, and when he came away he modeled his "Lion Roaring," one of his masterpieces. Seen in his studio at work, it could hardly be believed that the sculptor was blind were it not that at times he goes over his work by feeling it with those ten sensitive fingers that take the place of his eyes. In many instances blindness could have been avoided had the defect been cared for in time. If you are suffering with your eyes you should remember that Dr. Seymour, the well known specialist, is coming. Dr. Seymour will have a very noted ear, nose and throat specialist with him and will give Free Consultation to those who wish to see them.

G. A. R. for Washington.

The Nebraska official train will leave Chicago via Wabash R. R. at 12 o'clock noon October 5 passing Niagara Falls next morning and arriving at Washington 5 o'clock same afternoon. Cheap rates, long limit and stop over allowed on Wabash line. Be sure your ticket reads from Chicago over the Wabash route. Your local agent can sell that way for other information address Harry E. Moores, general agent passenger department, Omaha, Neb.

Greatly Reduced Rates via Wabash Railroad.

Half rates round trip (plus \$2.00). To Sandusky, Columbus, Toledo, Cincinnati, Indianapolis, Louisville and many points in Indiana, Ohio, and Kentucky. Tickets sold September 2, 9, 16, 23. Half rates round trip to Buffalo, Toronto, Niagara Falls, Pittsburg, Detroit, Cleveland, Columbus, and many points in Michigan, Indiana, Ohio, Pennsylvania, West Virginia and Kentucky. Tickets sold October 2, 3, 4, 5. Half rates Boston, Mass., and return October 6, 7, 8, 9 and 10. Long limits and stopovers allowed at Niagara Falls and Detroit on above tickets.

For rate and all information call at Wabash new city office 1601 Farnam street or write Harry E. Moores, general agent passenger department, Omaha, Nebraska.

HERE'S A BABY

Its Mother is Well.

The baby is healthy because during the period of gestation its mother used the popular and purely vegetable Liniment.

Mother's Friend

Mother's Friend is a soothing, softening, relaxing liniment, a muscle maker, invigorator and freshener. It puts new power into the back and hips of a coming mother. It is applied externally only, there is no dosing and swallowing of nasty drugs, no inward treatment at all. The state of the mother during gestation may influence the disposition and future of the child; that is one reason why mothers should watch their condition and their lives, depend on keeping free from pain, worry and melancholy. Be of good cheer, strong of heart and peaceful mind. Mother's Friend can and will make you so. Bearing down pains, morning sickness, sore breast and insomnia are all relieved by this wonderful remedy. Of druggists at \$1.00 per bottle. Send for our book "Motherhood" free.

Consumption

The only kind of consumption to fear is "neglected consumption."

People are learning that consumption is a curable disease. It is neglected consumption that is so often incurable.

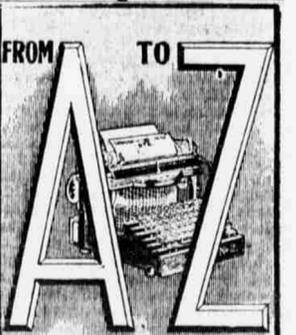

At the faintest suspicion of consumption get a bottle of Scott's Emulsion and begin regular doses.

The use of Scott's Emulsion at once, has, in thousands of cases, turned the balance in favor of health.

Neglected consumption does not exist where Scott's Emulsion is.

Prompt use of Scott's Emulsion checks the disease while it can be checked.

Send for free sample. SCOTT & BOWNE, Chemists, 409 415 Pearl Street, New York, N. Y. and in all druggists.
