## LATE ELECTION NEWS

Figures on House of Representatives show 207 Republicans, 178 Democrats.

### SOME DISTRICTS YET IN DOUBT

According to the Statement of Secretary Overstreet—Contest Threatened in California.

New York, Nov. 7.—Dispatches received up to noon show that the Republicans have elected 207 members of congress and the Democrats 178, with one California district in doubt. Congressman Overstreet, secretary of the Republican congressional committee, announced in the afternoon that 206 Republican members had been elected beyond all doubt; that the Democrats had elected 170, and that there were ten districts where because of incomplete returns the result was doubtful.

**The Doubtful Districts.**  
These districts are the First California, Twenty-fourth Illinois, Fifth Minnesota, Eighth and Fifteenth North Carolina, Seventh Alabama, Seventh Nevada, Ninth Virginia and Thirteenth and Sixteenth Missouri. The first five are represented in congress by Republicans, and the last five by Democrats. The Republican candidates in both the doubtful North Carolina districts, Mr. Overstreet said, had telegraphed that they were elected. The Republican nominee in the Twenty-fourth Illinois has done likewise. This left seven districts in doubt. With 206 members in congress the Republicans would have a majority of twenty-six.

### CONTEST IN CALIFORNIA

Lane Disputes the Election of Pardee Republican for Governor.

San Francisco, Nov. 7.—The latest election returns indicate the success of Dr. Pardee, the Republican candidate for governor by a plurality of about 3,500. His opponent, F. K. Lane, has stated that he will contest the announced result. The count of the vote for congressional nominees, so far as are completed, indicates that five Republicans, two labor union Democrats and one straight Democrat will represent California in the lower house of congress.

The Republicans elected thirteen state senators, according to the re-

turns so far received. The Democrats have returned five and there is one Democrat and one union labor nominee elected. Charles M. Shortridge is elected as an independent Republican from a Santa Clara district. With nineteen hold-over senators and Shortridge, the Republicans have 33 out of 40 members of the senate. With 58 Republicans in the assembly the party will have on joint ballot for the election of United States senator 91 members out of a total of 120.

### REPUBLICANS CARRY COLORADO

Programme to Block the Election of a Successor to Senator Teller.

Denver, Nov. 7.—Nearly complete returns show that the Republicans have elected their entire state ticket, with the possible exception of superintendent of schools and two of the three congressmen, and that the Democrats will have a majority of 16 to 18 on joint ballot in the legislature unless the Republicans obtain control of the lower house and unseat the entire Arapahoe county delegation.

The Republican leaders frankly announce that they will carry out that programme if it be in their power. In such an event the senate, consisting of 25 Democrats and 10 Republicans probably will refuse to organize the legislature with the house, and thus will block the election of a successor of United States Senator Teller. On the face of the returns the house membership appears to be 33 Democrats and 32 Republicans, but the Republicans claim that the official count will reverse these figures.

### "Little Ballot" Wins in Illinois.

Chicago, Nov. 7.—The "little ballot" won all along the line on Tuesday. The proposition favoring the election of United States senators by direct vote and a constitutional amendment providing for the initiative and referendum in all matters of state legislation received practically the same majorities. The voters, however, seemed to have more confidence in their city council than in their state legislature, as the provision for the initiative and referendum in matters of local legislation received the fewest votes.

### Mormon for the Senate.

Salt Lake, Utah, Nov. 7.—Apostle Reed Smoot, candidate of the Mormon church for a seat in the United States senate, and accused of being a polygamist, has won his fight at the polls. He has announced that he would brave any possible opposition like that which kept Brigham H. Roberts out of congress, and would demand his seat in the senate. Plans already are being laid by ministers of Salt Lake City and others to oppose his admission to the senate.

### Latest from Nebraska.

Omaha, Nov. 7.—Returns received from the Third and Fifth congressional districts, with but few precincts missing, indicate that the Republicans have elected their men in both districts. In the Fifth Norris has about 250 plurality, with six precincts missing, and in the Third McCarthy, Republican, defeats Robinson, fusionist, by a majority of from 150 to 300.

### Rhode Island Legislature.

Providence, R. I., Nov. 7.—A recount in the city of Woonsocket has displaced three Democratic members of the general assembly originally announced as elected and substituted the Republican candidates. This gives the Republicans a plurality of four in the house, which now stands 38 Republicans and 34 Democrats. The senate is Republican by 28 members out of 37.

### Death of a Successful Candidate.

Joplin, Mo., Nov. 7.—Judge F. M. Redburn, aged 65 years, who Tuesday was elected circuit judge of Jasper county, is dead from over-exertion during the campaign. He was prominent in state politics for twenty-five years.

### Late Election Notes.

LaFollette's majority in Wisconsin probably will exceed 50,000.

Iowa's plurality for the Republican ticket is placed at 70,000.

Indiana returns confirm estimates of a Republican plurality of 35,000 to 38,000.

Rhode Island returns give L. F. C. Garvin (Dem.) for governor about 7,000 plurality.

Mickey (Rep.) is elected governor of Nebraska by about 2,000, running behind the rest of the ticket.

Tennessee Republicans made gains in the legislature, but that body will remain Democratic.

Van Sant probably will have 65,000 majority in Minnesota, where Republicans also have the legislature and all the congressmen but one.

### COMMISSIONERS' END TOUR

Start for Homes and Work Will Be Carried on by Recorder Wright Until Sessions Are Resumed.

Mahanoy City, Pa., Nov. 7.—After a good night's rest the members of the arbitration committee left here for their homes. Commissioner Watkins, who lives at Scranton, and Bishop Spalding left for that city early in the morning. The bishop will be the guest of Bishop Hohman while he is in Scranton. The other commissioners went to Potsville on their special train. A stop of a couple of hours was made there, after which the special left for Washington via Philadelphia.

Mr. Clark left the party at Reading and went direct to Chicago by way of Harrisburg. Commissioner Parker went to New York from Philadelphia. Chairman Gray dropped off at his home in Wilmington, Del., and General Wilson, Recorder Wright, Assistant Recorders Moseley and Neill and the stenographers went to Washington.

At the national capital Colonel Wright will carry on the business of the commission. He will there receive the statements of the anthracite coal companies in reply to that of President Michell, representing the miners.

### ATLANTIC OCEAN SPANNED

Experiments on Italian Cruiser Off Nova Scotia Establish Complete Success of Marconi System.

Sydney, N. S., Nov. 7.—The success of wireless telegraphy as a means of trans-Atlantic communication is now practically assured, according to the statement of Commander Martin of the Italian cruiser Carlos Alberto, on which Marconi is making his experiments.

Commander Martin said that a wireless message was received off Sunney Harbor on board the warship from the station at Cornwall, Eng.

This message is by far the longest yet transmitted by wireless telegraphy. The distance from the harbor to Cornwall is greater than that from Tablehead to Cornwall, where the station is being built. On board the warship are several messages received from the Cornwall station on the way, most of them being messages of congratulation to Marconi from the czar of Russia and King Humbert. The Carlos Alberto can send messages 150 miles, but receives at any distance. The messages were all received in the Morse code and without exception were completely taken.

### Tells of Secret Marriage While Dying.

Oshkosh, Wis., Nov. 7.—Harry Bausfeld, a drug clerk, 21 years of age, who died here of typhoid fever, informed his parents on his deathbed that he was the husband of Miss Clara Yoes of this city, whom he had secretly married last June. The widow is employed in a store and the couple had decided to keep their wedding secret until they felt able to commence keeping house.

### Senator Quay Goes South.

Philadelphia, Nov. 7.—United States Senator Quay has started with a party of friends for his winter home at St. Lucie, Fla., where he will remain until congress meets. The party travels in a private car and included United States Senator Penrose, Insurance Commissioner Durham, Congressmen Burk and Foerderer and several city officials.
