MILL-END SALE

BEE HIVE
Norfolk, Neb.

An enormous lot of Dress Goods in Mill-End lengths will be put on sale at the Bee Hive

FRIDAY, NOV. 14

At prices that have never been equaled in this part of the country. This is not a sacrifice on Pins, Thread, etc., to save you 5 cents or 10 cents, but these are

Mill Ends in Skirt and Dress Patterns.

You can't afford to miss this—it will save you dollars.

Not goods that are out of season, out of date, shelf worn or second-hand, but new up-to-date goods direct from the Mills, in fact all our goods were bought new this fall, and after they get to the Bee Hive we sell them so fast they don't get a chance to get old. You will find less old goods here than in any store in Norfolk.

We will give you a few prices; look these over and you will find we can save you 50 cents on the \$1.00.

It is something every body needs, and every body can afford to have at our prices. We guarantee every yard of it to be perfect.

LABOR CONVENTION OPENS

Gompers Scores Elliot for Eulogy on Strike Breakers.

MORRISON MAKES HIS REPORT

Membership is Now Past the Million Mark, With 3,659 Unions Affiliated. Total Cost of Strikes During the Year Was \$2,729,604.

New Orleans, Nov. 14.—President Samuel Gompers, at the opening of the American Federation of Labor yesterday, delivered an impassioned warning to the members of the organization that the immediate future of trade and labor assemblies was seriously endangered by the conflicting claims of jurisdiction made by different bodies. Unless such things were approached in calmness and handled with moderation, he declared that labor organizations of the country would soon be involved in a conflict which would, by comparison, dwarf all the struggles in which labor organizations have so far been engaged. The matter would, unless checked, he asserted, come to a point where laboring men would fight with laboring men from behind barricades, in the manner in which men deal with their mortal foes. His warning of danger and his counsels of peace and moderation met with a hearty response from the assembled delegates and wild applause greeted the speaker as he closed that portion of his annual address in which he had pointed out the perils which, in his opinion, will surely come unless methods are altered and altered soon.

President Gompers declared it was amazing to note the ignorance among so-called educators. "No man who is an educator," said Mr. Gompers, "and praises a strike breaker is fit for the position he holds. Compared to such a man Benedict Arnold was a martyr and Judas Iscariot a saint."

The first day of the convention, aside from the address of President Gompers, was not of great interest to outsiders, and many delegates found it fatiguing. The morning session was occupied with addresses of welcome and responses and the report of the committee on credentials. The afternoon was consumed by the address of President Gompers, which occupied him for two hours and twenty minutes of rapid reading. The reports of other officers required two additional hours. Today it is expected that the actual work of the convention will be entered upon.

The report of National Secretary Frank Morrison covered the eleven months ended with Sept. 30 last. The federation's aggregate income for this time was \$144,498 and the expenditures \$119,086. Mr. Morrison also stated that for the eleven months, 1,024 unions were chartered, a larger number than for any entire year. These additions increased the total number of unions to 2,659. The average membership is shown by the per capita tax to be 1,025,300, a gain of four-fold in the past six years. Reports from international local unions show that there were 1,558 strikes in which 412,871 persons were involved. Out of that number 352,967 were benefited and 14,016 were not. The total cost of the strikes was \$2,729,604.

ports of other officers required two additional hours. Today it is expected that the actual work of the convention will be entered upon.

GRANGES WORKING DEGREES.

Colonel Brigham Discusses Work of the Agricultural Department. Lansing, Mich., Nov. 14.—The attendance upon the sessions of the National Grange Patrons of Husbandry yesterday was greatly increased. The several degrees of the organization are being worked in large classes by the Michigan granges.

Colonel J. H. Brigham, assistant secretary of agriculture, and formerly worthy master of the National Grange, talked to the delegates on the work of the department and discussed in detail some of the things to which special attention is being devoted. In the department of animal industry, Colonel Brigham made the statement that the department did not accept Professor Koch's theory that tuberculosis could not be transmitted from animals to man.

"Experiments," he said, "which we are now making indicate that the disease can be very readily transmitted when the conditions of the subjects are suitable. Guinea pigs and monkeys easily get tuberculosis from being kept in the same stalls with infected cows."

Fires Pistol in the Lobby.

Paris, Nov. 14.—Intense excitement was caused in the chamber of deputies by the firing of a pistol in the lobby. The members crowded to the scene of the shooting and found that an officer of a colonial regiment had emptied his revolver into the air while shouting "Viva la Patrie." He is believed to be crazy. The bullets all went in the ceiling. Nobody was hurt.

LADRONISM CAPITAL CRIME.

Commission Takes Heroic Measures to Suppress it in Philippines.

Manila, Nov. 14.—The United States commission has passed an act to assist the suppression of ladronism. It makes highway robbery committed by three or more persons a capital offense. A conviction does not require proof of the actual commission of the crime, the existence of a band of brigands under arms being sufficient. Severe penalties are prescribed for those assisting ladrones in the commission of crimes.

The commission has also passed a sweeping vagrancy act, drawn up so as to reach both dissolute natives and foreigners, and it has enacted a law requiring officials to warn the people of impending danger of famine and to urge the raising of crops of quick-growing foodstuffs. The government is furnishing seeds and will use public lands for this purpose.

ROW IN THE REICHSRATH.

Members Come to Blows and Sitting is Suspended.

Vienna, Nov. 14.—The session of the lower house of the Austrian reichsrath was suspended on account of the German and Czech members coming to blows. The cause of the trouble was a debate on the advisability of the use of the two languages in the names of stations on the Bohemian railroads. Herr Schnal started the disorder by shouting: "You Germans are a lot of pigs." Thereupon a number of German deputies cast themselves upon Herr Schnal, shouting, "Smash him," "Kick him," which they proceeded to do. Eventually Herr Schnal was thrown down the gangway to the bottom of the amphitheater. The fighting continued for a quarter of an hour after the suspension of the sitting. Throughout the disorder the combatants were encouraged by hearty plaudits from the strangers' gallery.

Banquet for Foreign Visitors.

Washington, Nov. 14.—A banquet was given at the Arlington hotel last night in honor of the representatives of foreign commercial bodies who came to America to attend the dedication of the New York chamber of commerce, and who arrived in Washington from the metropolis for a short visit yesterday. In addition to the foreigners, there were present Secretary Shaw and Postmaster General Payne of President Roosevelt's cabinet; Admiral Dewey, Generals Corbin, Young and Wood, members of the diplomatic corps and local business men.

Deported Mayor Returns.

Tampa, Fla., Nov. 14.—Francisco Millan, the mayor of West Tampa, who was said to be responsible for the cigarmakers' strike in West Tampa, who, it is alleged, was deported to Key West one year ago by the citizens' committee, returned to the city yesterday. Deputy sheriffs were placed on duty to guard Millan. An ovation was given him. The mayor made a speech, telling how he was captured and deported by a committee from Tampa and had been sent to Key West. He said he was told never to return under penalty of death.

Catholic Archbishops in Session.

Washington, Nov. 14.—Cardinal Gibbons presided at the annual meeting of the archbishops of the Catholic church of the United States at the Catholic university yesterday. There were no matters of very great importance to be considered, the deliberations being confined chiefly to questions of discipline and other subjects of interest mainly to the church. Among the specific matters discussed were the interests of the Catholic Indian missions in the United States and questions pertaining to the American college at Rome.

Airship Makes Successful Trial.

Nantes, France, Nov. 14.—The airship built for the Brothers Eturo and Paul Lebaudy made a very successful trial yesterday in this neighborhood. Several free ascents and descents were accomplished, accompanied with evolutions in all directions, over the fields and woods bordering the Seine between La Roche Guyon and the town of Monnières. The flying machine returned each time to its point of departure at the rate of twenty-five miles an hour. There were four persons in the car.

Shipwrecked Crew Rescued.

Savannah, Nov. 14.—The crew of the schooner S. B. Marts, Captain Holloway, arrived last night on the schooner Arthur McArdie, which rescued them off Cape Hatteras, where the Marts went to pieces. The entire crew for thirty-six hours before their rescue were lashed to the after cabin of their dismantled vessel without food or water, and at the mercy of the sea.

Worried Over Law Suit.

Kenawha, Ia., Nov. 14.—Worried over a law suit, Gerhard Prutt, a wealthy German farmer living near here, committed suicide last night by taking hog cholera medicine. He was dead when found.
