

The Norfolk News

W. N. HUSE, Publisher. DAILY. Established, 1867. Every day except Sunday. By carrier per week, 15 cents. By mail per year, \$4.00.

WEEKLY NEWS-JOURNAL. The News, established, 1881. The Journal, established 1877. Every Friday. By mail per year, \$1.50.

Entered at the Postoffice at Norfolk, Neb., as second class matter.

Telephone: Editorial Department, No. 33; Business Office and Job Rooms, No. 322.

The president has shown an ability to get Baer, and his constituents bespeak for him success on his present hunting trip into Mississippi.

Mascagni undoubtedly believes that this is not the country it is reputed to be in which to make a musical tour, or are his repeated arrests merely the Italian interpretation of American advertising methods?

At the rate the officers at Indianapolis are gathering in ghoulia it is confidently expected that the city will soon be rid of them even though it is depopulated. It is a rare Indian summer day that the police do not gather in one or more.

Chicken thieves are busy at Fremont. Thanksgiving day is approaching so rapidly that people would undoubtedly be justified in double-locking their hen coops, or they may not have cause to be thankful when the proper times arrives.

A Council Bluffs man fell 150 feet and lives to tell of his experience and impressions. That man has missed his calling. He should be an aeronaut and perform the feat of dropping from a balloon without the assistance of a parachute. He could attract great crowds in this entirely original manner.

A Massachusetts woman who shot and killed a man who had deceived her on a promise of marriage was given a sentence of but a year and nine months in a house of correction. The time may come when women and girls killing men for such cause will escape scot free, and perhaps it will be no more than right that they should.

The commission of highway robbery has been made a capital offense in the Philippines. That is the sort of law which the ladrones and their friends can undoubtedly appreciate and it is confidently expected that they will be considerably discouraged with practices that have proven dangerous and obnoxious to the people of the islands.

Present appearances are that the mine operators have no objection to arbitration of their difficulties with the miners so long as the miners are willing to concede all the points. The prospects are that when they are called upon to give something toward the general results they will refuse to play. Then the president may invite them into his private office again.

Governor-Elect Mickey states that it will be a part of his policy to see that every person, firm and corporation pay their share of the taxes. This should be satisfactory to all. If everyone pays a just proportion it will be burdensome to none and such a policy will tend to prevent the people of the state from becoming a community of tax shirkers instead of a united people cheerfully meeting their just proportion of the burdens of government.

Report comes from New York that a man has been traveling back and forth between that city and Havana for the past four months, not being permitted to land at either end of the line because he is a stowaway. Meantime the ship on which he has been traveling finds difficulty in getting work from him for his passage, and he is allowing others to "do the worrying." He undoubtedly considers his existence an ideal one and does not care where he lands or whether he lands at all.

The call of President Luskart of the Commercial club contemplates that every business man or citizen interested in the future development of Norfolk should attend the meeting at the city hall tonight. This does not mean that the burden of upbuilding the city should left with a few interested workers but calls for the united support of all and those who have business or property interests here can well afford to lend their hearty good will if not their energetic support of matters to be undertaken.

The certainty that Senator Mason will be retired by the republicans of Illinois is one of the most pleasing features of the election results to many. Mason was elected as a republican but he has taken a position against his party on the Philippine and other important questions that have come before congress and has accomplished no good to the democrats with whom he has trained. His retirement will be cause for regret to but few, principal of which will undoubtedly be Wm. E. Mason.

After a five years' absence in Europe Barum & Bailey's greatest show on earth is home and the small boys and some who are larger anxiously await the announcement of its tour of this country. The show has acquired the

addition of a number of freaks and other property abroad and it may be expected that their crowds will be larger and the show better than ever during their coming season. The people have not been fooled by Barnum's successors for some time and they anxiously await the opportunity. The show exhibited in Norfolk some six or eight years ago and entertained a record crowd.

The national grange, in session at Lansing, Mich., has a few issues to spare to any party or society lacking something to talk about or ask for. It recommends the following national legislation and the party in power has already undertaken to see that some of it is realized: "General rural delivery, postal savings banks, election of United States senators by the people, a constitutional amendment giving congress power to regulate and control trusts, enlargement of the powers of the Interstate Commerce commission, pure food laws, provision for the extension of markets for products equally with manufactured articles, enactment of an anti-trust law clearly defining what acts on the part of any corporation would be detrimental to public welfare, speedy construction of the Nicaragua canal by the United States, speedy construction of ship canals connecting the Mississippi with the great lakes and the latter with the Atlantic ocean."

Must Answer for Murder. Pittsburg, Nov. 14.—The coroner's inquest into the Cawley tragedy, which occurred at Homestead Oct. 10, was concluded yesterday, and the jury held Charles Cawley, aged sixteen years, for the murder of his mother four brothers and a sister. The prisoner was remanded to jail to await the action of the grand jury. During the inquest he maintained that stolid indifference which has characterized him since the tragedy.

Tries to Kill Her Successor. Ottumwa, Ia., Nov. 14.—Mrs. Josephine Garrett was arrested yesterday for firing two shots at the present wife of her former husband. The prisoner charges that her children have been maltreated by their stepmother. She begged for another chance to kill the stepmother and stolidly declared that she would kill her successor in the Garrett family if it were the last thing she ever did. She was held to the grand jury.

Lithographers in Combine. Buffalo, Nov. 14.—Representatives of a number of lithographing firms who have held several meetings in this city announce that an organization has been perfected which will be known as the Poster Printers' association. The headquarters will be in New York. The following officers were elected: President, H. C. Miner, New York; vice president, W. Nelson, Cincinnati; secretary and treasurer, George J. Cook, New York.

Death Follows a Quarrel. Harrison, Ind., Nov. 14.—Following a quarrel with her lover, Mrs. Nora Ruddy engaged a boatman to carry her across the lake, and when the boat was in the middle of the lake she jumped in and drowned. She left her husband at Wallace some time ago. She had many diamonds upon her when her body was taken from the lake.

Editor Kelly Arraigned. Butte, Mont., Nov. 14.—James W. Kelly, late city editor of the Inter-Mountain, accused of the murder of Henry A. Caylor, was arraigned in Judge McClelland's court. A motion to throw out the charge was taken under advisement and will be ruled upon Monday.

TELEGRAMS TERSELY TOLD. The Pennsylvania railroad has advanced wages of all employes 10 per cent. A convention of commercial telegraphers from all parts of the country has been called to meet in Pittsburg on Nov. 25. A fire at Olyphant, Pa., Thursday, destroyed ten business blocks on the north side of Lackawanna street. Loss, \$170,000. William S. Doty, formerly a Salem, S. D., business man, after squandering a fortune, committed suicide at Butte, Mont., by shooting.

Beldon F. Culver, secretary of the Illinois Humane society, died Thursday at Asheville, N. C., where he had gone for his health. Students of the Bloomington, Ill., high school struck Thursday because twelve of their number had been expelled for engaging in a color rush. John Davis, a negro, was banged in the court house yard at Lewisburg, Tenn., Thursday, by a mob of 500 men for the murder of Robert Adair, a farmer.

Irving Howbert, a Colorado Springs banker and mining man, announces himself a Republican candidate for the United States senate to succeed Henry M. Teller. A new auditor for the St. Joseph and Grand Island railway was named Thursday in the person of Fred C. Ullman. He has been chief clerk in the accounting department of the road for several years. A school house in the town of Little River, Wis., was struck by lightning in a thunder storm Thursday and burned to the ground. The teacher, Miss Edna McDowell, and the pupils were all stunned by the shock, but were rescued from the burning building by a gang of laborers.

Noted Iowa Lawyer Dead. Clinton, Ia., Nov. 14.—Eldred S. James, Republican presidential elector-at-large in 1896, referee in bankruptcy for this district, one of the best known lawyers in eastern Iowa, and a noted orator and Republican campaigner, was found dead in his room at his residence.

PRESIDENT OFF FOR BEAR

Roosevelt Reaches Scene of Sport in Mississippi.

SIGNS OF BRUIA ARE PLENTIFUL.

Guides Promise the Chief Executive a Shot—Camp is Pitched Miles Away From the Nearest Point of Civilization.

Smodes, Miss., Nov. 14.—President Roosevelt and his party arrived here shortly before 4 o'clock yesterday afternoon and in their hunting togs started soon afterward for the camp on Little Sunflower river. As the distance is about fifteen miles and the trail is rough and bad, it was after dark before they reached the camp.

Smodes is simply a siding on the Yazoo and Mississippi Valley railroad, where cotton is loaded from the big Smode plantations. A plantation store and the residence of one of the managers are the only structures, except negro cabins, within sight. Several hundred negroes were at the siding when the train stopped. Most of the men sat on the cotton bales, but the black mamies and the pickaninies stood along the track. They showed their white teeth in hard grins, but made no other demonstrations as the president stepped from the train. He was clad in hunting costume, around his waist was buckled his cartridge belt and at his side hung his ivory handled hunting knife. The other members of the party also wore hunting suits.

The signs of bears in the vicinity of the camp are plentiful and Mr. Parker promises the president a shot before this evening. In one water hole Hoke Collier, on Monday, found the footprints of nine.

The president's train is on the sidetrack here and a telegraph station has been rigged up in a boxcar on the siding. The arrangements made here to prevent a crowd of curious people from spoiling the president's fun were admirably carried out. The people of Vicksburg wanted to run an excursion up here to allow them to see the president start on his hunt, but President Fish of the Illinois Central would not permit it.

The party started out at daylight this morning. Paths have been cut through the undergrowth to be used as cutoffs to the river crossing. The president and his guides will follow the hounds through the undergrowth in order to be at hand if a bear is brought to bay. "It will be powerful hard," said Mr. Mingum, "and I predict the president will lose at least five pounds in the next five days. I rode through there a few days ago and when I got out my clothes were almost torn off of me. I looked as if I had been in a railroad wreck."

Mr. Mingum says the black bears hereabouts weigh from 300 to 600 pounds. "We have a set of scales at the camp," said he, "and the beasts will be weighed when they are brought in."

PREPARING FOR TARIFF WAR.

German Reichstag Passes Bill Directed Against United States. Berlin, Nov. 14.—The reichstag adopted by 192 to 71 votes, the paragraph of the new tariff authorizing the government to retaliate on any country discriminating against German goods. The agrarians openly affirmed that it was necessary to arm the government with weapons for reprisal, especially against the United States customs practices.

Dr. Bruner, national liberal, cited an instance in which he said \$200,000 worth of enameled goods were ordered in Germany for New York, but the speaker asserted the customs officials "changed the classification at the instance of the American trusts, whereupon the New York importer cancelled the order." Dr. Bruner further asserted that the customs officials' treatment was dictated by the interests of the home manufacturers, and he continued: "It is said that we must not offend the United States, but they will respect us more and we shall gain more by showing our teeth than by always giving pleasant words."

Herr Broemel, radical, remarked that if Germany adopted retaliatory measures against the United States because of regulations which applied not to the goods of all countries it would be a serious breach of the existing treaties.

Wright Loses Chinese Servant. San Francisco, Nov. 14.—Luke E. Wright, lieutenant governor of the Philippines, left for the east last night without his Chinese servant. Mr. Wright applied to United States Customs Collector Stratton for permission to take his Chinese servant ashore with him while he remains in this country, with the understanding that the servant would be taken back to Manila with the official. Collector Stratton denied the request, it being, in his opinion, a plain violation of the terms of the exclusion act. An appeal was made by Mr. Wright to the secretary of the treasury.

Noted Iowa Lawyer Dead. Clinton, Ia., Nov. 14.—Eldred S. James, Republican presidential elector-at-large in 1896, referee in bankruptcy for this district, one of the best known lawyers in eastern Iowa, and a noted orator and Republican campaigner, was found dead in his room at his residence.

Fix Date for Irrigation Congress. Ogden, Utah, Nov. 14.—Colonel Manson, secretary of the national irrigation congress, arrived in Ogden yesterday with Fred J. Kiersal, chairman of the executive committee, and they fixed the time for the next congress as Sept. 8, 9, 10 and 11 of next year.

Two Queer Diseases.

Astasia is a nervous affection the peculiar feature of which is the fact that a person suffering from it cannot stand upright. If he tries, he will be obliged to hop and jump whenever his feet touch the ground. In a word, his actions are precisely those of a person who might be required to stand upright on a floor composed of red-hot coals. Fortunately there are not many cases of this malady on record. Akathisia is the exact opposite of astasia, since a person suffering from it cannot remain seated. The moment he seats himself in a chair he is obliged to start up again. A person afflicted with akathisia can walk easily, but cannot sit, whereas a person suffering from astasia cannot stand upright and cannot walk in the ordinary manner owing to the contraction of his lower limbs.

How's This?

We offer one hundred dollars reward for any case of catarrh that cannot be cured by Hall's Catarrh cure. F. J. CHENEY & CO., Props., Toledo, O. We the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by their firm. Presented by a Company of Farce Comedy Favorites

In the Latest Hits, Fads, Songs and Dances of the Day.

Superb Specialty Features and the Finest Melange of Musical Merriment ever before Produced.

A New Departure in Fascinating Effects Prices 35c, 50c and 75c.

Is this Your Wife?

You say: "No!" But she should remind you of a duty you owe your wife. If she has one of the old-fashioned, troublesome, cumbersome, cast-iron Cook Stoves—the kind that gets red hot all over—you can end all her kitchen troubles by buying her a "Quick Meal" Range.

The "Quick Meal" Steel Range is so thickly lined with asbestos that all the heat is kept inside the Range to bake and cook the meals, instead of cooking the Cook. In that way it saves fuel and it also saves and sweetens temper. "Quick Meal" Ranges are daily growing in popularity. They look well, they cook well, they bake well, they last well. That is why there are so many in use—every one recommends another.

This is the Sign of the Walk-Over Shoe

It stands for Best Quality Stock, Brainy Workmanship and Latest Fashion in Footwear.

We have a style to fit your foot at a price to fit your pocket

\$3.50 AND \$4.00
