

MOLINEUX IS NOT GUILTY

Goes Free After Spending Four Years in Prison.

ONCE CONDEMNED TO DEATH

Jury Reaches a Verdict of Acquittal in Just Thirteen Minutes—Outbreak of Applause Is Suppressed, but Cheering Extends to the Street.

New York, Nov. 12.—Roland B. Molineux was set at liberty yesterday after spending nearly four years in prison and being once condemned to death and twice placed on trial for his life for the murder of Mrs. Katharine J. Adams.

But thirteen minutes sufficed for the jury to reach a verdict of acquittal at the close of a trial that has lasted four weeks, the first trial, which resulted in Molineux's conviction and sentence, having been prolonged for about three months.

The verdict, which was confidently anticipated, was greeted with an instantly suppressed outbreak of applause, Justice Lambert having delivered a stern admonition that no demonstration would be permitted.

Molineux, who was brought into court as soon as it was known that the jury had agreed, was apparently as unconcerned as he has been throughout the trial and gave no evidence of emotion when the words that established his innocence were pronounced. His aged father, General Molineux, was deeply affected and could, with difficulty, respond to the greetings of friends who pressed forward to offer their congratulations. Immediately after the rendering of the verdict the prisoner was formally discharged from custody and left the court room with his father and counsel. In passing out of the building, the three were cheered by a great crowd that gathered in anticipation of the acquittal. After removing his effects from the Tombs, Molineux went to his father's home in Brooklyn, where he was again cheered by a large crowd.

MASON IS RELEASED.

Negro Now Accused of Murder and is Held for Examination.

Cambridge, Mass., Nov. 11.—The discharge of Alan G. Mason, the Boston club man, accused of the murder of Clara A. Morton at Waverly a week ago, was ordered by Judge Charles Almy yesterday, when the government lawyer announced that an investigation had failed to disclose evidence sufficient to hold the accused man and ordered the discharge of Mason. Almost immediately, in the same court, George O. L. Perry, a young negro who was held as a witness against Mason, was charged with the murder of Miss Morton. He pleaded not guilty and was remanded without bail for a hearing Nov. 18.

After his release Mason held an informal reception and after a short time was driven to his home in Boston.

STATE OUTLINES ITS CASE.

What is Expected to Be Proven in Bribery Trial of Millionaire.

Columbia, Mo., Nov. 12.—The taking of testimony in the case of Colonel Ed Butler of St. Louis, who is charged with attempted bribery, began yesterday. Previous to that Circuit Attorney Folk read the indictment and outlined the case which the state expected to prove. He said that the defendant was interested in both the St. Louis Sanitary company and the Excelsior Hauling company, between whom there was a business agreement. It will be shown, said the circuit attorney, that Butler offered Dr. Chapman and Dr. Merrill \$2,500 each to secure their votes as members of the board of health in favor of a garbage contract he wished to secure with the city.

Aged Man Blows Out Heart.

Bloomington, Ill., Nov. 12.—A horrible suicide of a wealthy farmer, John Werner of near Mason City, was discovered yesterday. He blew out his heart with a shotgun. Sickness and falling health are supposed to have inspired the deed. He was past seventy. After placing the muzzle of the weapon against his heart and the butt of the gun on the floor he pulled both triggers with a poker. Death must have been instantaneous. He leaves a wife and five children.

MANY HURT AT A FIRE.

Explosion of Gas Wrecks Tenement House in New York.

New York, Nov. 12.—An explosion of illuminating gas in the cellar of a double tenement house on Avenue C yesterday wrecked a store on the ground floor and injured thirty-nine persons. Among the injured were fourteen firemen and one policeman. Those most severely injured were: Battalion Chief William Guerin, Fireman John Gough and Policeman John A. Darrow.

The explosion followed a slight fire, caused by a plumber who was working in the cellar.

When the firemen, led by Chief Guerin, entered the cellar it was found to be charged with gas from a melted lead connection, and a moment later an explosion occurred, enveloping the men in flames and blowing out the front of the store overhead. A shower of debris was hurled into the crowd watching the fire and many were struck with fragments of glass and splintered wood. About twenty persons were taken to the hospital. The firemen who were in the cellar succeeded in making their escape, all suffering more or less from burns and cuts.

Boston, Nov. 12.—Pietro Mascagni, the composer, was again arrested on a meane process in connection with the suit brought against him by Joseph Smith, who conducted the negotiations in Italy which resulted in the composer's contract for his American tour with the Mittenenthal Bros. Mr. Smith claims he holds a contract by which Mascagni agreed to pay him a certain per cent of the \$60,000 he was to receive from the Mittenenthal Bros. It is for this commission, or \$1,200, that Mr. Smith now sues. The writ in this case is returnable on the same day as the Mittenenthal writ, Dec. 1. A temporary settlement was quickly effected through the acceptance of a \$1,200 bond.

AGREE ON WAGE SCALE

Railroad Officials and Chicago Switchmen Get Together.

TRAINMEN'S DISPUTE IS OVER.

Companies Grant Satisfactory Increase in Wages, Which Employees Accept—Effect of the New Scale Will Be Far Reaching.

Chicago, Nov. 12.—The wage controversy between the railroads and the Brotherhood of Railway Trainmen, which, for a time, threatened to tie up all the principal switching terminals in Chicago, was amicably adjusted at a conference between the railroad managers and the officials of the Brotherhood. The settlement was reached on the basis of a compromise. Seventeen of the railroads signed the new agreement and the Santa Fe, the other road involved, will sign today. The men will receive an increase of about 12 per cent.

At last night's meeting the railroads submitted a proposition offering an increase of 3 cents an hour to helpers and 4 cents to foremen. After several hours' deliberation the proposition was accepted by the men. The rates agreed upon are as follows: Day foremen, 31 cents per hour; night foremen, 33 cents per hour; day helpers, 28 cents per hour; night helpers, 30 per hour. These rates are 1/2 cent per hour in excess of the St. Paul-Minneapolis rate for each class.

The effect of the new scale will be far-reaching. According to the officers of the Brotherhood of Trainmen the rate will go into effect at all large centers west of Chicago, where committees are now in session awaiting the outcome of the Chicago trouble.

Representatives of the organization will leave here today for Kansas City, Denver, Omaha, St. Louis and other points to have the new scale officially ratified by other roads and employees. It is asserted that already the men and managers have agreed to abide by the Chicago decision, and as a consequence no trouble is anticipated in making the agreement universal for the entire district west of Chicago. The Chicago scale goes into effect Nov. 15, and through the signed agreements with the railroad managers it cannot be modified without thirty days' notice.

Denver, Nov. 12.—Having received a telegram from Grand Master Morrissey announcing the advance in wages granted switchmen by Chicago railroads, the Brotherhood of Railway Trainmen decided to demand a 20 per cent increase from the Union Pacific and Colorado Southern railroads. A committee will leave Denver for Omaha today to confer with Union Pacific officials.

BAER REPLIES TO MITCHELL.

Denies Most of the Charges Made by the Miners.

Washington, Nov. 12.—The reply of President George F. Baer of the Philadelphia and Reading Coal company to the charges of President Mitchell of the United Mine Workers, which has been presented to the anthracite coal strike commission, was given to the public.

Mr. Baer makes no reference to Mr. Mitchell as the president of the miners' organization, but refers to him simply as an individual. He denies most of the charges made by the miners and says that since the organization of the union there has been no discipline among the workmen and that conditions have become intolerable. The demand for an increase of 20 per cent is denounced as unreasonable, arbitrary and unjust.

WOMAN STABS STOCK BROKER.

Tragedy Occur in Full View of Hundreds of People.

London, Nov. 12.—A sensational tragedy has been enacted in this city, in full view of hundreds of people. A young woman named Kitty Byron stabbed to death her lover, Arthur Reginald Baker, a well known member of the Stock exchange. Before the woman could move she was seized by several witnesses of the deed and given into custody.

The crime took place just outside the Lombard street postoffice. Shortly after 2 o'clock a young woman of attractive appearance went into the postoffice and sent an express letter to the Stock exchange. In a few minutes she was joined by Mr. Baker, to whom the letter had been addressed. Later the clerks noticed they were quarreling. The man turned to go, the woman following, nervously handling her muff, and dealt the man a terrible blow in the back. As he half-staggered and then partially turned around the woman withdrew the weapon and struck again, this time plunging it into his left breast. The man gasped and fell heavily forward, his head striking the stone pavement. Two clerks seized the woman, who was leaning over the prostrate form as though preparing to strike a third blow. Mr. Baker died on the way to the hospital.

FINLANDERS ARE RESTLESS.

Famine Increases Agitation Against Russian Government.

Helsingfors, Finland, Nov. 11.—The Finlanders are showing restlessness as a result of the Russianizing measures of the St. Petersburg government. Self restraint is beginning to yield to a willingness on the part of the northern population to tolerate acts of violence. Such acts have heretofore been severely frowned down. Another serious indication is the beginning of closer relations between Finlanders and Russian revolutionists, a consummation devoutly wished for by the latter, but hardly to the taste of Interior Minister von Plehwe. It is believed the altered temper of the people is partly due to the terrible famine in the north, which is worse than any since 1867, when 100,000 people died of disease and starvation. The crops failed to ripen. The grain, cut green, makes miserable, unhealthy bread. In places bread is being baked of bark. Immigration has reached the number of 18,000 persons this season.

BOLIVIA IN STATE OF SIEGE.

People Are Astonished at the Action of Government.

New York, Nov. 12.—Citizens of this city were astonished Saturday evening, says a dispatch from La Paz, Bolivia, when government officials posted throughout the town placards which declared the whole republic of Bolivia in a state of siege, owing to the country being threatened.

The decree caused intense excitement because of the unexpectedness of the announcement and ignorance of the reason for the government adopting such a step.

Two rumors were heard. One was that the Bolivians had been completely defeated in Acre. The other report was that 2,000 Peruvians were on the frontier near the Madre De Dios river.

FIND THIRTY EMPTY GRAVES.

Indianapolis Officials Visit Cemeteries With Ghoul as Guides.

Indianapolis, Nov. 12.—Another tour of inspection was taken over all the cemeteries in the southern portion of Marion county yesterday to gain more information about graves reported to have been robbed in that locality.

The party was composed of Detectives Asch and Manning, Recorder Shank, Veterinary Surgeon Long and Grave Robbers Cantrell and Martin, now under arrest. Five cemeteries were visited and positive information was gained that at least thirty graves in them have been opened, though the names of only eight of those whose bodies were stolen are known. Cantrell was unable to recollect the names of the others and said there had been grave robberies there in which he had no connection. The wooden head boards were marked with a lead pencil when the graves were robbed, but the rains have entirely effaced the lines.

At Lyck Creek cemetery five empty graves were found and others were pointed out at the Beach Grove, the South Ebenezer, Round Hill and the Cherry Grove cemeteries. All of the bodies, Cantrell said, had been sold to the medical colleges.

Arlund and Wetmore had some difficulty in the lobby of the Planters' hotel, during which blows were exchanged. The challenge to a duel is the result of that altercation. Arlund, in the challenge which was mailed to Colonel Wetmore, states that he is not an American citizen, but a soldier lieutenant marine of the Danish army, Denmark, and demands that Colonel Wetmore do battle with him with sword, gun or pistol.
