HURTS AMERICAN TRADE

United States a Loser by Venezuelan Blockade.

PRESIDENT STILL AWAITS REPLY

Roosevelt Has No Answer to Request That Hague Arbitrate—Formal Note Suggesting American Executive as Arbitrator Now on the Way.

Caracas, Dec. 23.—The blockade is proving prejudicial to American trade. Fifteen importing houses in Caracas have stopped placing orders in the United States. Boulton & Co. are the only importers of American flour who have declined to increase the price of this firm's action. It is estimated that the food supply in Caracas will not last much longer than a fortnight.

Two more Venezuelan gunboats have been found and seized by the blockading fleet on the gulf of Paria.

They were taken to the British island of Trinidad by the English sloop of war Alert.

The Venezuelan gunboat the Miranda, the best vessel in the fleet, is still successful in escaping German pursuit. She is now in the most southern part of Lake Maracaibo and beyond the reach of the allies. The German cruiser Falke made an attempt to cross the bar at Maracaibo without a pilot, but desisted in view of the danger. She is now cruising outside the bar.

President Not Yet Asked to Act. Washington, Dec. 23.—President Roosevelt has not accepted the position of arbitrator of the Venezuelan controversy. In fact he has not received formally or officially a request from the European powers that he act as arbitrator of the dispute. These statements are made on the highest authority. In an informal manner the president has been notified that the European powers intimately concerned in the present South American difficulty desire that he should undertake the responsibility of acting as arbitrator of the points at issue between them and Venezuela. Thus far they

merely have been taking "soundings" with a view, probably, of ascertaining how he would receive a formal proffer to act as arbitrator. The president so soon as he received the first intimation that he was desired to be arbitrator of the Venezuelan controversy expressed emphatically his judgment that the matters to be arbitrated should be referred to the Hague tribunal. While it is recognized by the president's closest advisers and by the president himself that some unpleasant possibilities might attend his performance of the duties of arbitrator of the Venezuelan difficulty, his friends assert that he will shirk no responsibility that he may deem it his duty to undertake, but will accept if the powers should insist on it, though he is very reluctant to do so.

All Agree to Roosevelt. Rome, Dec. 23.—The reply of the Italian government concerning the proposal that President Roosevelt arbitrate the Venezuelan issues will be handed to Ambassador Meyer today. The Italian communication will express views identical with those held by Great Britain and Germany, formally inviting President Roosevelt to act as arbitrator.

Mental Cure Doctors Convicted. Detroit, Dec. 23.—Drs. James M. Peebles, Walter T. Bobo and Charles M. Green of the People's Institute of Health, Battle Creek, were convicted by a jury here of violating the postal laws. It was charged that advertisements of their mental "cure" by mail for all sorts of ills constituted an attempt to obtain money by fraud. During the trial Dr. Bobo testified that he believed Dr. Peebles had a healing power like that of Jesus, only that the doctor's power was smaller. Dr. Bobo admitted that the cure would not be effective if the patient had not paid the fee of \$1. The institute had been doing a flourishing business.

UPSETS LIQUOR DECISION

Judge McPherson Decides in Favor of Express Company.

TITLE PASSES TO CONSIGNEE.

Federal Court Holds Sending Spirits C. O. D. Does Not Make the Carrier a Dealer—Reverses Judgment Entered by Iowa Supreme Court.

Keokuk, Ia., Dec. 23.—Judge McPherson of the federal court handed down an opinion in the case of the United States vs. the Adams Express company, in which the corporation was indicted for carrying on the business of a retail liquor dealer without having paid special tax, as required by law. The federal court holds that the express company is only an agent of the vendors in carrying the liquor and collecting and returning money. The court in this opinion has overriden the decision of the supreme court of Iowa.

The packages of liquor were sent by a liquor house at Dallas, Ill., to parties at Birmingham, C. O. D. The express company was indicted, the government claiming that title was transferred to the company when it received C. O. D. packages. Judge McPherson, in his opinion, says: "The only question to be considered in the case is where and by whom the liquor was sold. If in Illinois, the court is without jurisdiction. If by the Dallas company in Iowa, then the grand jury has erred in naming the defendant in the indictment. Did the Adams Express company carry on the business of liquor dealer in Iowa? The decision grants a common carrier may exact carrying charges in advance, or it may waive prepayment of such charges, in which event it has and retains a lien on such merchandise for carrying charges, payment of which by consignee removes the lien. In such case the carrier has no interest nor profit in the transaction, other than as a carrier. It receives no commission for the sale of liquor."

Judge McPherson holds that the title to the liquors passed from the Dallas company to the consignees when they were deposited in the express office at Dallas.

PRINCESS FLEES FROM HOME.

Louise of Saxony Deserts Family, Leaving No Trace.

Dresden, Saxony, Dec. 23.—The crown princess of Saxony fled from her home on the night of Dec. 11. The Dresden Journal says: "The princess, in a state of intense mental excitement, suddenly deserted her family at Salzburg and went abroad. The Saxon court functions for the winter have been cancelled."

The foregoing paragraph in yesterday's official journal, which was inserted by order of the king and crown prince of Saxony, has turned into truth what for several days past has been regarded as an incredible tale. The crown princess of Saxony, surrounded by her ladies in waiting and numerous attendants and servants, has vanished so utterly that the police of every kingdom in Europe have for ten days been unable to trace her. The official announcement was made in order to obtain the aid of the general public in finding her, and because the court fiction that she preferred to remain in retirement at Salzburg rather than to return to her husband and children at Dresden cannot longer be maintained.

The disappearance of the princess doubtless will cause the circulation of many stories. It is already related that she eloped, but inquiries made here have brought out nothing to substantiate or support this statement. It is officially explained that the princess' disappearance is due to mental derangement. There is little doubt that it was caused by domestic discord, growing out of her husband's relations with an actress of the Dresden court theater. It is asserted here that the princess frequently threatened flight on this account. It is rumored here that the princess was accompanied by the French tutor of her children.

King Congratulates Marconi.

Gloucester, N. S., Dec. 23.—To his wireless message, transmitted from Canada to King Edward VII, Marconi has received the following reply, signed by Lord Knollys, the king's private secretary: "I have had the honor of submitting your telegram to the king and I am commanded to congratulate you sincerely on the successful issue of your endeavors to develop your most important invention. The king has been much interested in your experiments, as he remembered that the initial ones were commenced by you on the royal yacht Osborne in 1888."

Bubonic Plague at Mazatlan.

Mexico City, Dec. 23.—Advises from Mazatlan, the western seaport, where a disease supposed to be the bubonic plague has broken out, show that there were three deaths on Saturday and nine on Sunday from this malady. A pesthouse has been established and quarantine regulations are being rigidly enforced. Weather conditions along the west coast are favorable to the spreading of the plague.

Vanderbilt Still Improves.

New York, Dec. 23.—Although no authoritative statement could be obtained as to the condition of Cornelius Vanderbilt, it was said at the house that the encouraging symptoms of the last two days had continued and that hope was strong for Mr. Vanderbilt's recovery.

PROBING OFFICIAL SMUGGLING.

Preliminary Examination of Officials Begins at San Juan.

San Juan, P. R., Dec. 23.—Robert Giles, a government road contractor, has been arrested in connection with the smuggling cases. He has been arraigned, charged with smuggling, and pleaded not guilty. The preliminary examination before United States Commissioner Anderson of Supervisor of Elections Benjamin Butler, Commander G. W. Mentz, in charge of the Country club, and Robert Giles, charged with smuggling two lots of wines and liquors from St. Thomas, on the United States steamer Uncas and the lighthouse tender Laurel, began here yesterday.

Commander Mentz was heard first and seven witnesses testified before the court adjourned. Commander Mentz was in command of the Laurel on her trip to St. Thomas, where from thirty to thirty-five cases of liquors were purchased. Some of these cases were put off at Culebra, but fourteen were brought to San Juan. Of the latter, six were marked, "Robert Giles," while others were addressed to Captain Andrew Dunlap, commander of the naval station here. One of the witnesses, the captain of a launch, testified that Captain Dunlap ordered him to go on board the Laurel and get certain cases, that he did so and delivered them to Captain Dunlap. A customs inspector seized and opened the cases of liquor marked "Robert Giles."

QUARANTINE IS REMOVED.

Order of Secretary Wilson, So Far as It Affects Connecticut, Is Recalled.

Washington, Dec. 23.—The quarantine against Connecticut on account of the epidemic of foot and mouth disease in New England was removed formally yesterday by an order issued by Secretary Wilson. The order takes immediate effect and permits cattle sheep and other live stock to be shipped out of the state. A most rigid investigation by a corps of experts has failed to reveal the existence of a single case of the disease in Connecticut. Quarantine remains in full course as to the other states prescribed in the order of Nov. 27 last. The advice received by the department of agriculture show that up to date, 551 cattle have been killed on account of the epidemic. Great progress toward the eradication of the disease will be made now that good weather prevails in the states infected.

Queering a Rival.

"If you've got a rival in the sweet-heart business," remarked the Froelich fanatic, "you never want to knock him. What you want to do is to boost, boost and keep on boosting until she gets so tired of hearing you sing his praises that she hates him."—Indianapolis Sun.
