

KANE ARRESTS ELOPERS

Young Couple From Boone County Detained.

GIRL IS BUT 14 YEARS OLD.

Deputy Sheriff Arrives at Noon to Take Them to Albion, Where They Were Married Against the Wishes of the Bride's Parents.

From Thursday's Daily:

Chief of Police Martin Kane chaperoned or entertained an eloping couple from Albion over night and today the deputy sheriff of Boone county arrived to escort them home. In these days the telephone offers a speedy way of reaching the young folks who elope and last night the irate parent at Albion employ such means of reaching this runaway pair. Chief Kane received the message about supper time. After supper the officer started out on the street and had not proceeded far when he observed a young couple who looked as though they might answer for the message. He tapped the young man on the shoulder and asked his name. An alias was given, but the officer was not to be put off and the couple were placed under arrest. The young man was placed in jail and Chief Kane appointed his wife guardian of the young girl and she was given accommodations at the Kane home over night, precautions being taken to prevent her escape.

The name of the man in the case is J. C. Danner, 23 years of age. The young woman's name is Charlotte Lapping, 14 years of age. They obtained a license from the county judge of Boone county, the young man swearing that his age is 23 and that of the young woman 18. Her parents however, maintain that her age will not be 15 until April, and can make things interesting for the young man if they choose to prosecute the case. It may be that an agreement will be reached however, when they returned to Albion. The marriage ceremony was performed by Rev. E. T. George and after the ceremony the couple went to Oakdale where he registered as E. W. Woods and wife. From Oakdale they proceeded here and were on their way to Pierce, where he has relatives.

Danner has been working for the father of the girl for some time. She left home on a recent date to go to the home of her grandmother and an uncle, for a visit. Not having been found there suspicions were aroused and they were finally located in the city.

The young man does not appear to be sorry for what he has done. He claims to love the girl and appears to believe that the parents are making a mistake in preventing the union. The girl is the daughter of a well-to-do farmer of Boone county.

Deputy Sheriff A. L. Rush arrived from Albion on the noon train and will return with the young people today.

The girl is not in the least penitent and was far from being pleased with her detention. She says she will not go home, but if forced to do so will not remain there.

The young man is of an intelligent and quite handsome appearance and the girl has a prepossessing face and manner that might well entice a young man to an elopement escapade.

Elopements appear to be quite the rage. A young couple who ran away from Ashland were married at Fremont Tuesday thus anticipating any objection on the part of the stern parent. They have returned to Ashland to ask forgiveness. The Norfolk case is also similar to one that is bothering a Nelson father, which is told of in the dispatch below:

Married Man and Girl Elope. Nellie, Neb., Jan. 29.—Himself a married man, William John, a hired man in the employ of Frederick Carden, has eloped with the fourteen-year-old Cathrena, daughter of Carden.

WILL SEND BODY TO LINCOLN.

State Law Provides for the Disposal of Unidentified Corpses.

Unless relatives or friends claim the body of the suicide at the undertaking rooms of Sessions & Bell by noon of tomorrow, the corpse will be shipped to Dr. Walcott of the medical school of the state university at Lincoln at that time. This in accordance with the instructions of State Superintendent Wm. K. Fowler and in compliance with a state law adopted by the legislature of 1901, which leaves the officers and undertakers no discretion in the matter. The law provides that in cases such as this, the state superintendent shall be notified by telegraph and that he will designate the medical school to which the body shall be sent, making an equal distribution of such bodies. The law likewise provides that if there is no identification or claim made within 48 hours the body shall be shipped as directed, but Sessions & Bell asked for permission to keep the body of the man until tomorrow noon and were granted such a permit.

The law requires that any coroner, sheriff, jailor, undertaker, superintendent or manager of any asylum, hospital, poor house or penitentiary having in their possession a body shall at once notify the superintendent of public instruction as stated above, and he shall direct the disposition of the body. The

persons above specified are subject to the provisions of this law if the friends and relatives, if known, have given their consent to such disposition of the body, and must comply with the law without such consent if the friends and relatives cannot be located. A body cannot be shipped to a medical school out of the state under this law. The statute also provides that no greater charge shall be made than the actual expenses that have been incurred.

A failure to comply with the provisions of the law makes the persons neglecting to do so liable to a fine of not less than \$25 nor more than \$100. Mr. Fowler notified Messrs. Sessions and Bell of this law yesterday and has sent them a copy of the law. He states that he will insist on a strict observance of the provisions of the law with the exception of the point requiring shipment in 48 hours. That time would have expired yesterday, but has been extended until tomorrow, the undertakers hoping that friends or relatives may appear before that time and claim the body.

No one has yet appeared to identify the man and it is probable that no claim will be presented before the time expires tomorrow noon. Two exact pencil sketches of the dead man's face are posted on the wall at the undertaking establishment. These were made by F. Bryant, a young colored man attending the business college. The sketches are exceedingly like the original and evidence an artistic tendency that could be made of value with training and study.

RHEUMATISM CURED AT LAST.

Good News for All Who Suffer With Rheumatism Free.

To all who suffer with rheumatism I will gladly send free the wonderful story of how my mother was cured after years of suffering, together with the most elaborate treatise on rheumatism ever published.

No matter what your form of rheumatism is, whether acute, chronic, muscular, inflammatory, deforming, sciatic, neuralgia, gout, lumbago, etc.—no matter how many so-called "sure cures" you have tried—I want you to write to me and let me tell you how my mother was cured.

I am neither a doctor nor a professor—simply a plain man of business—but I have a cure for rheumatism, and I want to tell everyone who suffers with rheumatism all about it. I wish to be clearly understood, and trust that all who are suffering with this terrible disease, however, apparently beyond the reach of cure, will write to me this day and I will send you by return mail this work of mine. I appeal especially to the "chronically ill" who are wearied and discouraged with "doctoring" and to those who have been cast aside as "incurable." All you have thought about rheumatism may be wrong. Let me tell you our experience. Surely, if you have a suffering friend, it will pay you to investigate my offer, anyway, and prove for yourself these claims I make.

Send me your address today—a postal card will do—and I will mail you this wonderful story. If you have any friends suffering with rheumatism no matter where located, send me their address, and I will mail them a copy. My address is Victor Rainbolt, Bloomfield, Ind.

STRAYED—On January 24, 1903, from my premises on Philip avenue, between Twelfth and Thirteenth streets, one black sow pig, weight about 65 pounds. Please notify undersigned and receive reward. D. O. HERRINGTON.

"If I Could Get Rid of this abominable cold," exclaimed the sufferer, when the end of a season of coughing gave him a chance to talk. The way out of the trouble is plain. Take Allen's Lung Balm before the merciless grip of the cold has fastened upon throat and lungs. After a few doses the cough is easier and less frequent, and a complete cure is but the question of a little time.

NEW TELEPHONE EXCHANGE

Elkhorn Valley Company Preparing to Build.

PRELIMINARY WORK STARTED.

Company Proposes to Commence Work of Construction as Soon as Weather Will Permit—Will Use the Stromsburg-Carlson System.

From Thursday's Daily:

The long-talked-of new telephone exchange in this city seems now in a fair way to materialize. As stated in the News yesterday the parties having in charge the work of building a new exchange, are on the ground. The work of platting the city for the new lines is under way and will be pushed so that material may be ordered and work commenced as soon as the weather will permit. It is announced by the parties here that the new exchange will be thoroughly modern in all respects, the Stromsburg-Carlson central energy system employed and the service made as nearly perfect as possible. The new organization has been incorporated as the Elkhorn Valley Telephone company, with a capital stock of \$100,000, and will commence business as soon as \$25,000 are paid in. Of this amount part has been pledged by eastern parties, and the balance, it is understood, will be taken by Norfolk people.

All the guaranty the new company asks is that it be given contracts for 100 'phones by the people of this city, at the prices named in the franchise granted some time ago by the city council, to-wit: \$1.00 per month for residence 'phones, and \$1.50 per month for 'phones in business houses. The work of soliciting for the names of the first 100 subscribers will be commenced at once.

The purpose of the company is, as stated, to build an up to date telephone exchange, and to that end a cable with a capacity for at least 400 'phones will be put up and the rest of the equipment will be along the same generous lines. That the needs of the city will require a much larger capacity in a few years, is the opinion of the promoters of the enterprise, as that has been the experience in every city where an independent telephone exchange has been established.

TAKE ONE BOY TO MADISON.

Young Brady Will Probably be Sent to Reform School.

The Brady and Baldwin boys, who were arrested on the charge of stealing chickens from Mrs. August Kiehl and J. A. Romine, were given a hearing before Justice Eiseley yesterday afternoon and sentenced to 30 days in the county jail. They pleaded guilty to the charge of taking 17 chickens from Mrs. Kiehl but denied that they robbed Romine's hen roost.

It seemed probable that both boys would be sent to the reform school, but a hitch has appeared in the case of the Baldwin lad. His parents claim that he is over 16 years old, which would make him over the age that he can be sent to that institution. The Baldwin parents offered to send their boy to his uncle in Iowa, if he could be released from the sentence. Finally an agreement was reached between the justice and the parents [that if they paid a fine of \$5.00 and costs before the train left for Madison this afternoon, the boy would be discharged upon the condition that he be sent where he can have helpful training. They succeeded in making satisfactory settlement and the boy escaped the county jail.

The Brady boy was taken to Madison this afternoon by Sheriff Clements and his case will be brought before County Judge Bates, upon a hearing to determine whether he shall be sent to the reform school. There seems no doubt but that the boy would be much better off in the school and that he would become a better man by reason of the training given there. He is naturally a kind hearted little fellow, and it is the opinion of those who are familiar with his case that if he had been surrounded by good home associations, he would be an altogether different kind of a boy.

THURSDAY TIDINGS.

Senator W. V. Allen of Madison was a city visitor yesterday.

H. O. Hansen left yesterday for a visit with relatives at Oakland.

Sol G. Mayer was a passenger for Lincoln on the early train this morning.

President Bucholz of the Norfolk National bank, went to Lincoln yesterday.

E. B. Ovelman is visiting in Keokuk, Iowa, but will return to Norfolk next week.

Fremont is the latest to get in the whirl and adopt an anti-spitting ordinance.

Miss Nora Conway, who has been sick for some time, is reported much better.

Mrs. Cunningham and daughter of Madison were visitors in Norfolk yesterday.

Mr. and Mrs. W. H. Blakeman went to Omaha on the noon train for a visit of a few days.

There was another club dance Tues-

day night that was heartily enjoyed by all participants.

Tom Scott went to Pierce yesterday to fix up the lines of the Nebraska Telephone company at that place.

The little son of Mr. and Mrs. J. H. Leach is recovering rapidly from the effects of the operation upon his head for the removal an abscess a few days ago.

The January temperature took a belated chill last night that depressed the mercury some 15 or 20 degrees, with prospects that it will continue to recede toward the bulb for a day or two.

The Nebraska Telephone company has about completed the work of overhauling and improving the local system, a work at which a force of men has been engaged since early last summer.

Beeler Brothers have installed a burglar alarm in their store in the shape of a large and energetic dog, who will give any marauder with an ambition to acquire goods dishonestly a lively tussle.

At last night's meeting of the Woodmen of the World, Geo. B. Christoph was elected delegate to the head camp which convenes in Kansas City, Mo., the second Tuesday in March. Geo. A. Staphenhorst was elected alternate delegate.

Wm. Stranky of Elma, Iowa, who purchased the R. F. Bruce farm northeast of town last August, arrived yesterday with his family to take possession of the farm. Mr. Bruce has advertised a sale for next Wednesday and after that they will move to Edgewater park.

Dave Signor, the teamster, had one of the bones of his leg broken and his ankle badly sprained while helping to load a piano at the Creighton depot yesterday afternoon. In some manner the heavy instrument slipped and fell on Mr. Signor's leg and he will be confined to his home on Thirteenth street for some time.

Charles Miller, charged with having robbed a saloon at Scribner, and awaiting a trip to the penitentiary, escaped from the Dodge county jail at Fremont Tuesday night and is still at large. He escaped through a hole in the roof that was cut by a prisoner of some years ago and has been used by escaping prisoners for some ten or twelve years.

Kenneth McVeigh, assistant manager of the Singer office in this city, is very sick at the home of Mr. and Mrs. Barrett on First street, where he boards. He has had several doctors in to see him and it is hoped that he may soon recover from his illness. Mrs. McVeigh, his wife, arrived last night from her home in Wayne and will nurse her husband until he is better.

There is some apprehension in railroad circles that the merging of the Northwestern and Elkhorn systems may mean a discontinuance of the general offices of the latter at Omaha. In fact some changes are expected, but what they will be is not yet known. The meeting of stockholders for the purpose of effecting closer relations between the two systems is to be held next week, when some important developments may be expected.

The men who are digging the post holes for the telephone company find an abundance of live fat, wriggling angle worms about three feet below the surface. Perhaps this means an abundance of fishing next spring, or wet weather, or perhaps it is a sign of an abundance of angle worms at the spot where the digging is going on, more than anything else. Some one familiar with signs might give out valuable information.

The case of J. C. Reed vs. W. O. Hall was to have been heard today in chambers by Judge Bayd, but on account of the illness of W. M. Robertson, who is attorney for Hall, the hearing has been continued until next Wednesday. This action involves a point of considerable general interest. About the first of the year W. O. Hall sold his barber shop to J. C. Reed, with the understanding, as claimed by Mr. Reed, that Hall would not engage in the same line of business again in the city. A short time afterward, Hall opened a new barber shop in the Oxnard hotel, and now Reed brings action to restrain him from continuing in the business, alleging that the agreement to retire from the field was one of the considerations of the sale. Jack Koenigstein appears for the plaintiff and W. M. Robertson for the defense.

R. F. Bruce will have a sale of live stock—hogs, horses and cattle—machinery, etc., on Wednesday, February 4, at 1 p. m., at his farm northeast of the city. See bills for further particulars.

Lost.—Thursday, January 29, between Norfolk and Battle Creek, one pair of large grips (manufactured by M. Klein & Son) used for pulling heavy wire. Finder please return to Nebraska Telephone company.

The Value of Expert Treatment.

Everyone who is afflicted with a chronic disease experiences great difficulty in having their case intelligently treated by the average physician. Newton Hathaway of Sioux City, Iowa, is acknowledged the most skillful and successful specialist in the United States. Write him for his expert opinion of your case, for which he makes no charge.

CONTRACT IS AWARDED.

Chicago Firm Will Erect the Norfolk Building.

MUST BE BUILT IN 16 MONTHS.

Congress Construction Company of Chicago Bid \$83,550 and Got the Work—Contract Let Monday—Work to be Commenced Soon.

The Washington correspondent of the Omaha Bee states that the contract for erecting the Norfolk public building was let Monday to the Congress Construction company of Chicago whose bid was \$83,550. The contract stipulates that the firm must complete the work in 16 months. A representative of the contractors will probably arrive within a short time to take the preliminary steps toward construction, as the 16 months will provide that the greater amount of the work will have to be done this summer, to have it ready for occupancy by the first of June, 1904.

This marks another step toward the realization of the desires of Norfolk for a public building for the accommodation of the postoffice and the federal court which should be held in Norfolk twice a year but which has not been held because of the lack of a room in which to hold the sittings. The first step was an appropriation for the purchase of a site. This was secured at the corner of Fourth street and Madison avenue. Last spring an appropriation of \$100,000 was secured to provide for the erection of a building and now the contract has been let and work on the structure will begin in the spring.

LOBBYISTS NOT SHUT OUT.

Nebbraska House Lays Perry Resolution on the Table.

Lincoln, Jan. 29.—The Perry resolution to exclude from the house and floor all professional lobbyists was laid on the table by the house yesterday. Douglass of Rock submitted a resolution, seconded by Ten Eyck of Douglas, that "to vote against the resolution is equivalent to saying we encourage the presence of such persons," and that so far no flagrant intentions by lobbyists have come to light, and that if necessary the house would with one accord adopt the resolutions, but it is advisable to table it for a further future use if necessary. Mr. Perry offered no resistance to the motion, which was carried by a vive voce vote, about two-thirds of the members voting for it.

DEAD FREIGHT IS REFUSED.

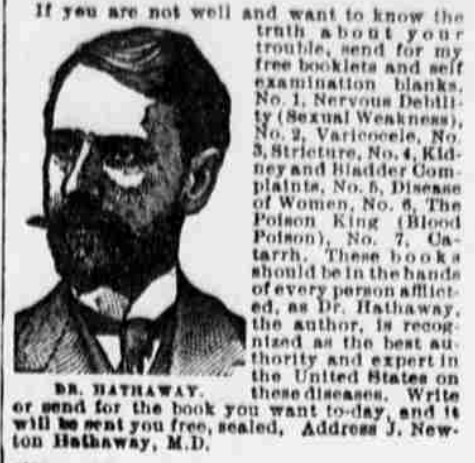

Eastern Roads Will Only Carry Perishable Goods and Coal.

Chicago, Jan. 29.—Nearly all the eastern railroads centering in Chicago have served notice on western connections that until conditions change they cannot accept any more "dead freight." Until further notice efforts of eastern lines will be concentrated upon moving perishable freight and coal. The traffic conditions are said by eastern men to be unprecedented. Western railroads, which are not suffering so much from lack of equipment and power, are materially injured by the congested conditions of their eastern connections.

Three Trainmen Injured.

Kansas City, Jan. 29.—Missouri Pacific train No. 1, which left here last night for Colorado, crashed into a switch engine in the east bottoms in this city. Three trainmen on the passenger train were seriously hurt and both engines and a dining car were badly damaged. The injured are as follows: James Berbering, fireman; C. W. Hutton, dining car conductor; J. Marshall. The passengers were shaken up but none was hurt.

How to Prevent Croup.

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse or even after the rough cough appears, and it will dispell all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It is, in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. For sale by A. H. Kiesau.

A Liberal Offer.

The undersigned will give a free sample of Chamberlain's Stomach and Liver Tablets to anyone wanting a reliable remedy for disorders of the stomach, biliousness or constipation. This is a new remedy and a good one. Kiesau Drug Co.
