The birthday of William Klug was celebrated last night at his home in Edgewater, by a large number of friends. The members of two choirs were present and enlivened the occasion with singing.

Those who have tried it report that fishing in the small lakes surrounding the city is very poor this year. The high water that should have stocked them with fish ordinarily, appears to have removed more than it brought in.

The rush of travelers into Norfolk is becoming something of a proposition. Hardly a night goes by that the hotels are not forced to turn away people looking for lodging. Any number have applied at various hotels and found every room taken. It is for this reason that additions are contemplated.

Mr. Herman Werkmeister and Miss Annie Bergman were united in marriage this morning at 11 o'clock at the home of Rev. Wm. Hoelzel north of the city, in the presence of a few relatives and friends. Mr. Werkmeister owns a farm about eight miles out of Madison and there the newly married couple will make their home.

In a letter from A. B. Beall of Sioux City, he emphasizes the statement that the Si Plunkard show tonight is to be positively the last one of the season. The company arrived in the city this noon and gave one of their characteristic street parades which attracted the usual attention, with promise that the Auditorium will be well filled this evening.

Norfolk friends have received invitations to the marriage of Charley Schulz and Miss Emma D. Bauer which is to take place in the German Lutheran church at Weyauwega, Wis., next Wednesday afternoon. They will make their home in this city, the groom being in charge of the branch harness shop of Winter & Schulz in the Ahlmann building. Miss Bauer has clerked in the store of Johnson Dry Goods company for some time past.

HIGH SCHOOL NOTES.

Dr. F. M. Sisson has been selected by the senior class to deliver the annual sermon on Sunday, May 24.

The county eighth grade examinations are announced to take place next Wednesday, April 29.

Commencement exercises will be held at the opera house Saturday evening, May 30. An unusually interesting program is being prepared.

The state oratorical contest will be held at South Omaha Friday evening, May 1. Miss Nellie Handley of the senior class will represent Norfolk. The first prize is already hers.

Cyrus Brownlee Newton, the famous humorous entertainer, will address a very large and appreciative audience at the M. E. church next Tuesday evening. Be sure that you will be one of the number.

The national educational association will be held at Boston July 6 to 10. The railroads offer round trip rates at one fare, plus \$2. Tickets will be sold July 1, good returning to September 1. This will afford a splendid opportunity for everyone desiring to visit in the east this summer to do so.

The county eighth grade examinations, coming as they do, a month before the close of school, makes the year's work consist of eight months instead of nine, but the advantages far outweigh this difference. Besides the month following the examination affords excellent opportunity for review.

BASE BALL CLUB LIKELY.

Are Meeting With Encouragement Everywhere.

PROSPECTS NEVER BETTER.

Better Play Than Not—Preparations For Good Tennis This Season. Best Court Ever—Heights May Not Play For Fear.

"Yes, there will be base ball without a doubt," said W. W. Roberts, an old time enthusiast in the game, this morning. "Prospects for a good club are getting more favorable every minute and you may rest assured that there will be something doing."

This, together with the hearty encouragement the base ball people are meeting on all sides, makes it seem more than likely that there will be something of the sport in Norfolk this summer. Another enthusiastic fan is E. B. Kaufmann, who was enough interested last season to stake a large amount just in order to maintain the grand stand at the park.

The suits are on hand now and the grounds are in shape to start with, so that base ball seems pretty well assured. Some of the last year's players are here now and others have been written.

The Tennis Situation.

The tennis court at the corner of Norfolk avenue and Tenth street is now in the finest shape that has ever been known in a Norfolk court. A thick layer of clay has been added to that of last year and rolled until it is perfectly smooth. With a good rain and a hot day following to bake it, the court will be in magnificent form for playing.

Around the sides of the oblong has been placed a fence of wire netting five feet high, so that the ground is now completely enclosed.

It is expected that tennis this year in Norfolk will start within a very few days and reach a limit never before attained. A number of former enthusiasts are getting ready to use their rackets and there has been some thought of a tournament. People on the Heights have said something about the game but it would take a great deal of courage for them to try against players in the West side.

The Young Ladies Good Time club gave a social dance at the opera house Friday. The Italian orchestra of Omaha furnished the music, and all attending report a good time, but the attendance was not large.

Little Charlie Zimmerman, who has twice been operated upon for an abscess in the head in an Omaha hospital, is reported to be getting along nicely and will soon return with his parents, Mr. and Mrs. P. F. Zimmerman.

Wm. Ludwig whose home is on the Pacific coast, has sold through the agency of Maa & Brechler 320 acres four miles west of town to Herman Rodekoer of Concordia, Mo., for \$13,000. Mr. Rodekoer is a brother-in-law of Fred Tegeler.

The German Lutheran ministers' conference of north Nebraska was in session here the fore part of the week and closed Wednesday afternoon with a

sermon and holy communion. Rev. Mr. Holstein of Martinsburg, and Rev. Mr. Gurneich of Wakefield were the officiating ministers.

At their meeting Sunday afternoon the German Lutherans admitted to membership Fred Kleiderer and Frank Tegeler. After the reports of the committees on finance a committee was appointed to confer with the officers of the village regarding a street to be laid out on the south side of the church property. This committee is composed of Otto H. Maa, Herman Claus and Chas. Praeuner.

M'KINLEY SOUVENIRS HERE.

Received Yesterday by Postmaster John R. Hays.

Postmaster Hays has received from the McKinley National Memorial association a limited supply of the certificates which have been prepared for distribution to contributors to the monument fund as souvenirs of their appreciation in that great enterprise. The certificate is a beautiful work of art on which is given an excellent reproduction of Mrs. McKinley's favorite likeness of her husband, together with a picture of the McKinley home in Canton and of the White house. The wording below the illustrations is as follows:

"This certifies that _____ has contributed to the fund for the erection of the national memorial at Canton, Ohio, in honor of William McKinley." The workmanship and artistic effects are of the very highest order, the great house of Tiffany & Co., New York, being the designers and manufacturers. The supply in the hands of Postmaster Hays is a portion of the first edition of the certificates and is sent here to enable those who have not as yet contributed to do so. Parties who have already identified themselves with the movement will receive souvenirs direct from the office of the Association or through local committees.
