It seems almost life having two springs in but a single season.

Some people are congratulating themselves that they waited for spring, before planting their gardens.

The name of the ice and snow left by the April blizzard is now mud, and preferable to the people under that name.

Fifty million feet of lumber is used annually in the manufacture of matches in the United States. One match does not consume much wood, but the grand total of burned matches would start several large and well stocked lumber yards.

In New York on Wednesday the mercury went to 83 in the shade and the first case of heat prostration for the season was reported. A few Nebraskans would have run the chances of heat prostration on that day with fairly becoming grace, but were favored with a blizzard, instead.

A company has been organized at Denver with a capital stock of \$25,000,000 the object of which will be to oppose the machinations of the beef trust if it attempts any more mergers. Let the fight go on, providing it means fair prices to the farmers for their stock product and a reasonable cost of meat to the consumer.

Charles A. Towne, who formed one of the tails of Mr. Bryan's kite in 1900, is out with a statement deploring the fact that his late running mate should desire to make the new democracy exclusive and somehow seems to feel that there are men of the Cleveland democracy who would serve better as friends than enemies. Charley should be careful that he does not get a blow from Mr. Bryan's club.

President Baer announced in court the other day that he should endeavor to raise the price of coal ten cents a ton and continue to increase it until \$5 was the price, at which he hoped to maintain it. It is possible that the position of the administration in regard to trusts may operate to prevent the dream of Mr. Baer from being realized. Mr. Roosevelt is quite capable of turning some sort of a trick if the price of fuel becomes extortionate.

There is submitted to the voters of Madison county a proposition to bond the county for \$40,000 for the erection of four steel bridges and for the building of roads in various parts of the county, the proposition being published in another column of THE NEWS today. The idea of the bond issue is to devote \$20,000 to the construction of four necessary bridges across the Elkhorn that were washed out or damaged by the recent high water, while the other \$20,000 are to go toward the betterment of the roads. Of this amount \$12,000 are to be expended on a road leading from

Madison to Newman Grove. Twenty-five hundred dollars are to be expended on laterals to this road, a thousand goes into Union precinct, while Grove gets \$1,000 and Highland \$500. Then the eighteen miles of road running north from the Madison-Newman Grove highway to the Pierce county line is to be allowed \$2,000, which must also pay for all the work done on laterals to this road.

Among the excellent bulls to be sold at the Wayne Hereford sale on May 5th is the second prize bull calf at the Burt county fair last fall. He was bred by Geo. F. Smith, who lives about six miles east of Oakland. He is recorded as Hopeful 182256. He was sired by Mercury 88813. This latter sire is one of the greatest bulls of the breed. Among the good cows to go in is Morella 3rd 98336, bred by W. N. Rogers. She is sired by Anxiety Monarch, the 2800-pound state fair champion of 1900. Morella 3rd has a fine heifer calf at side by Mr. Geo. F. Smith's bull, Mercury. Another most excellent cow to go in the sale is Twilight 80601. She is sired by one of the best sons of Earl of Shadeland 12th, and he was by the noted Garfield 7015. She has an excellent heifer calf at foot, sired by Rayalys Tom, a bull now at the head of the herd of Wm. Ernst & Son, W. N. Rogers of McCook, Neb., will mail free a catalogue to any one writing for it.

The Hereford cattle sale to be held at Wayne, Nebr., Tuesday, May 5, will begin promptly at noon. Parties on the line to Omaha or Sioux City can return home the same afternoon on the train connecting at Emerson which will be held at Wayne until 4 p. m.

Deafness Cannot Be Cured by local application as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous services. We will give one hundred dollars, for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. P. J. CHENEY & Co., Toledo, O. Sold by druggists, 75c. Hall's Family Pills are the best.

To Cure a Cold in One Day. Take Laxative Bromo Quinine Tablets. This signature on every box, 25 cents.

Good for Children. The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of cough, croup and laryngitis because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life sustaining oxygen to the blood and tissues. The Kiegan Drug Co.

Norfolk, Nebraska, April 30, 1903.—This is to certify that the indebtedness of the Norfolk Electric Light and Power Co. is \$12856 18. W. H. BUCHHOLZ, Vice President. E. A. BULLOCK, Secretary. N. A. RAINBOLT, Director.

Chronic Bronchitis Cured. "For ten years I had chronic bronchitis so bad that at times I could not speak above a whisper," writes Mr. Joseph Coffman, of Montmorenci, Ind. "I tried all remedies available, but with no success. Fortunately my employer suggested that I try Foley's Honey and Tar. Its effect was almost miraculous, and I am now cured of the disease. On my recommendation many people have used Foley's Honey and Tar, and always with satisfaction." A. H. Kiegan.

## THEY COME FOR HUNDREDS OF MILES TO SEE HER.

Nothing so Wonderful in the Days of Specialism.

Dr. Caldwell. The success of Dr. Caldwell is attributed to her special study of specialism. Dr. Caldwell, student, philanthropist and physician of wide reputation, having given her entire time and practice to a line of special diseases, which enables her from long experience in handling these troubles to certainly come forward as a master specialist. Her faculty for mastering disease, her ability to diagnose, and her plan of treatment is not excelled by few other physicians. Dr. Caldwell, although a young woman in life, a plain woman, and one who is used to the ups and downs in life, puts herself on a level with her patients and does not pretend to practice the old plan of fashion, which is to look wise and say nothing. She knows disease; she knows where to look for disease, and the spot where located, and most of all she knows from experience, from what she has done in the past, she can certainly do for others in the future. It is said by Dr. Caldwell's friends that she can diagnose a disease of any patient without asking them a single question, that being the case, she is not likely to doctor them for the wrong ailment; she will not take an incurable disease and lead the patient to believe that she can cure them when there is really no hope for them. Her business is large and she has plenty to do, even, at times, more than she can do, without taking incurable diseases and deceiving her patients. Dr. Caldwell is a graduate from one of the best schools in America. She has practiced her profession in some of the principal hospitals in this country. Her specialty comprises that class of diseases which the ordinary home doctor fails to cure, such as female diseases, heart diseases, diseases of children and the many special diseases of hidden nature. Her practice is mostly among the plain, hard working people who are unable to come to her city office for treatment; she is reasonable in her charges and very lenient with those who are not able to pay. She is charitable, and it is said has never been known to refuse to treat a patient who is worthy and in need. A number of the important cases that we hereby take the liberty to publish, which might be of interest to some who wish to know more of Dr. Caldwell's great work:

- Sophia Kran, Albion, Neb., cured of a bad skin disease.
  - Mrs. Lulu Towles, David City, Neb., cured of female trouble and female weakness.
  - Mrs. C. W. Killian, Wakefield, Neb., cured of a tumor and liver and stomach troubles.
  - Mrs. E. A. Stader, Wayne, Neb., cured of female and nervous troubles.
  - Mrs. C. T. Manley, Meadow Grove, Neb., cured of heart trouble and bronchial and nervous troubles.
  - Mrs. C. Linn, Hukius, Neb., cured of ovarian trouble and bladder trouble.
  - F. J. Roh, Albia, Neb., cured of bronchial trouble, enlarged liver and dropsy.
  - Mrs. Minnie Rudat, Columbus, Neb., cured of skin disease and kidney trouble.
  - Mrs. W. D. Burr, David City, Neb., cured of skin disease, nervousness and loss of appetite.
  - Mrs. Chas. Miller, Wayne, Neb., cured of dropsy, kidney and liver troubles and nervousness. She had been troubled for years.
  - Mrs. C. W. Anderson, Norfolk, Neb., cured of general debility, enlarged liver and pain in chest.
  - Mrs. John Bauman, Benton, Neb., cured of bladder trouble and constipation.
  - Mrs. S. P. Amick, Tekamah, Neb., cured of tumor, womb trouble, loss of appetite and constipation.
- For liver troubles and constipation there's nothing better in creation than Little Early Risers, the famous little pills they always effect a cure and save doctor bills. Little Early Risers are different from all other pills. They do not weaken the system, but act as a tonic to the tissues by arousing the secretions and restoring the liver to the full performance of its functions naturally. The Kiegan Drug Co.
