

# CARS RUN AT BRIDGEPORT

### Company Resumes Traffic Without Interference.

## WOMEN OUT WITH STILETTOS.

#### Italian Strike Sympathizers Attack Workmen on New York Subway. Police Arrest Four Amazons, Two Carrying Murderous Looking Knives.

Bridgeport, Conn., May 19.—With very few exceptions the running of trolley cars on the lines of the Connecticut Railway and Lighting company, manned by nonunion motormen and conductors, was not interfered with. There were fifteen men and boys locked up during the day on charges of intimidation. The majority of the prisoners were using offensive language to the strike breakers at the time of arrest. A trolley car manned by nonunion men and guarded by two deputy sheriffs was fired on by a man on the west side. No damage was done, and the man escaped after a chase.

Despite the apparent quiet which prevails over the city, the day was not without its sensational features. The most important feature of the day was the action taken at a meeting of the police commissioners, in which some of Bridgeport's most prominent citizens participated. This meeting was called because of the difference of opinion between Mayor Mulvihill and the police commissioners as to the disposition of the police department at this time. Mayor Mulvihill presided. Early in the session he evaded questions put to him by gentlemen present and his bearing resulted in several speeches being made in which the mayor was directly caused of doing more to incite riot than all other causes combined. This the mayor strongly denied, but before the meeting was over he agreed that hereafter he would not interfere with any action taken by the police officers conducting the police department.

#### Gompers Gives His Views.

Washington, May 19.—President Samuel Gompers of the American Federation of Labor is an advocate of the organization of employers, as well as of workmen. Speaking on this topic, Mr. Gompers said: "Employers will find it to their advantage to be organized, and not only this, but to deal with organized labor. The movement to form unions among the business men will tend rather to prevent that to promote conflict. Organized employers will be better able to understand the demands of organized labor and to meet these demands without friction. There has been much hot talk about the increasing demands of labor. My experience has taught me not to be an alarmist, and I am not alarmed over this particular matter in general. So long as human nature is as it is there will be manifestations of discontent, both from laborers and employers. But I believe that every day is making for better conditions."

#### Switchmen in Session.

Indianapolis, May 19.—The national convention of the Switchmen's Union of North America opened in Tomlinson hall, with an open session. Frank T. Hawley of Buffalo, grand master of the organization, replied to the addresses of welcome. The convention was preceded by a parade through the downtown streets by the 300 delegates who represent 20,000 switchmen from all parts of the country. One of the chief subjects that will come up during the convention is the question of joining the American Federation of Labor. The feeling is divided. It is believed there will be no opposition to Grand Master Hawley for re-election.

#### Yale Students in Strike Troubles.

New Haven, May 19.—Union labor and Yale student interests have come into conflict by the adventure of six undergraduates of Yale who recently took the places of striking truck drivers. Committeemen from the trades union have asked President Hadley to call the students from the trucks. Yale's president has declined on the ground that the constitution permits any man to sell his labor, and now threats intimating that union labor at work on Yale's new halls may be called out in a sympathetic strike are heard among the strikers.

#### Italian Women Start a Riot.

New York, May 19.—The police were called out to quell a riot at Broadway and Sixty-eighth street, where several Italian women, evidently strike sympathizers, had been intimidating the men at work on the subway. Stones were thrown indiscriminately and the women flashed huge stilettos. Four of the women were arrested. Two of them had stilettos, one of which was two feet long.

#### Threatened to Blow Up Train.

St. Joseph, Mo., May 19.—An effort has been made to extort \$5,000 from the Burlington railway officials here under a threat to blow up with dynamite one of the fast mail trains running between Kansas City and Omaha. A decoy in the form of a bag filled with rock was placed at a spot designated by the robbers, near the town of Watson, Mo. At midnight the form of a man was seen to approach the bag, but rapidly disappeared upon discovery of a posse lying in wait. He was captured by the officers and proved to be J. H. Franklin, a young farmer. He declines to give the names of others who are supposed to be with him in the plot.

#### Heavy Losses Among Lambs.

Butte, Mont., May 19.—Advices from northern and southern sections of the state tell of extremely heavy losses among the lambs as a result of the snowstorm. Dillon reports say tens of thousands of young lambs have fallen beneath the fierceness of the heaviest blizzard for May in the history of this section. H. H. Wilson, a sheep herder on the range near Portage, has been lost and undoubtedly frozen to death. Wilson's horse was found wandering in deep drifts. Ranchers about Fort Benton, Cascade and Griser have suffered heavily and reports of losses come in from every side.

#### Small Cyclone Strikes Guthrie.

Guthrie, Okla., May 19.—A small cyclone struck the western edge of this city last night and following the ridge, blew down many trees and demolished several chimneys. No great damage was done, so far as learned, until the cyclone crossed the Cottonwood, going north and south. Here, between the Cottonwood and Cimarron rivers, it blew down the new house of William Murray and also the old one near by. Mr. and Mrs. Murray escaped injury by going to the cyclone cellar just as the house left the foundation.

#### Trainmen Killed in Wreck.

Junction, Colo., May 19.—West-bound passenger train No. 5 on the Denver and Rio Grande ran into a rock slide near Pala Passade, killing Engineer George Stewart of this place and Fireman W. A. Woods. The mail car plunged into the Grande river, where it lies submerged, and the two baggage cars were telescoped. The coaches and a Pullman remained on the track and the passengers escaped with a severe shaking up.

#### Fires into Moving Train.

Fayette, Mo., May 19.—A Missouri, Kansas and Texas excursion train returning from Jefferson City was fired into by unknown persons near Estill. # SIFTING TULLOCH CHARGES

### Payne Asks for Reports on Allegations Made by Cashier.

## IRREGULARITIES NOT UNLAWFUL

#### Postmaster General Talks of Charges Against Comptroller of Treasury and Auditor of the Postoffice Department.

Washington, May 19.—Postmaster General Payne sent letters to the comptroller of the treasury, the auditor of the postoffice department and other officials calling their attention to statements made by ex-Cashier Tulloch. The letters ask for any explanation or further information that might throw light on the subject. The formal charges have been dissected, and the matter relating to particular branches of the service referred to the bureaus having jurisdiction for report. Mr. Payne said that he regarded the charge against the auditor and comptroller as the most serious of the allegations. He said that if those officials "allowed improper accounts to be audited or suppressed, what might be called 'pay dirt' had been found in the charges impugning their good faith and integrity."

However he pointed out a difference between charges of irregularity and of actual violation of law. "A government official," he said, "may buy something which he has no authority to purchase and no authority to pay for, but the government gets the use of the article. Irregularities do not necessarily mean anything unlawful. The department may pay out of the wrong fund, either by accident or by design, yet that need not be unlawful."

## CHINA REFUSES TREATY PORTS.

#### Tells United States That Russian Opposition is Too Strong.

Washington, May 19.—The state department has been made fully aware of the obstacles which the Shanghai treaty commissioners are meeting with the Chinese in the effort to include in the commercial treaties the opening to trade of Manchurian towns. The Chinese, as stated in the Peking dispatch, point out the impossibility of this on account of Russian opposition. The accuracy of this statement, however, is denied by the Russians themselves. M. Paul de Lessar, the Russian minister to Peking, who has been absent from his post of duty for some time, is now returning to Peking. His arrival there is now awaited with some interest, as it is expected that he will be able to speak authoritatively on the subject of Russia's position and thus clarify the situation somewhat. Meantime the United States, wishing to secure additional port facilities for American commerce in Manchuria, will continue to exert its efforts to bring about that result.

The Union Pacific main line was increased \$100 per mile, the Elkhorn \$50 and the Chicago, St. Paul Minneapolis and Omaha \$300 per mile. Without the increased mileage the total increase in the assessment was \$230,000. To make up an increase nearly all of the roads were increased slightly on the main lines.

# HOW A BEAUTIFUL WOMAN ESCAPED SPRING CATARRH BY USE OF PE-RU-NA.

### Nothing Robs One of Strength Like Spring Catarrh -- Spring Fever is Spring Catarrh.

MISS HELEN WHITMAN.

Miss Helen Whitman, 908 1/2 Grand avenue, Milwaukee, Wis., writes: "There is nothing like Peruna for that tired feeling, which gives you no ambition for work or play. After a prolonged illness, about a year ago I felt unable to regain my health, but four bottles of Peruna made a wonderful change and restored me to perfect health. As long as you keep your blood in good condition you are all right, and Peruna seems to fill the veins with pure, healthful blood. I thoroughly endorse it."

#### How to Get Strong Nerves.

First, repair the injury already done to your nerves. The way to do this is to

do exactly as did Mattie B. Curtis, Secretary of Legion of Loyal Women, Hotel Salem, Boston, Mass. She said in a recent letter: "I suffered for over a year with general weakness and debility manifested in severe headache and backache. I took four bottles of Peruna, and for two months have been entirely free from these maladies."

## IRISH IN A ROW OVER KING.

#### Maud Gonne Demands Free Pardon.

Dublin, March 19.—Scenes of extreme disorder were witnessed at a meeting of citizens here in support of the Irish parliamentary union, owing to the presence of members of the Gaelic league, who were opposed to giving King Edward a friendly welcome on his coming to Ireland. Timothy Harrington, lord mayor of Dublin, was in the chair. While John Mrs. McBride, formerly Miss Maud Redmond was addressing the audience Gonne, advanced to the platform and interrupted the proceedings by asking Lord Mayor Harrington whether he intended, as head of the municipality, to oppose the presentation of an address of welcome to the king. Mr. Harrington replied in an evasive way. Mrs. McBride insisted on a direct answer, whereupon scenes of the wildest disorder occurred and prevented John Redmond from continuing his speech. The members of the Gaelic league tried to storm the platform amid cries of "Put them out." Fierce collisions between the members of the Gaelic league and other members of the assembly prevailed. Chairs were hurled to and from the platform and many persons were injured in the desperate efforts made to eject the disturbers and restore order. John O'Donnell, member of parliament for South Mayo, was badly injured in the head during the scuffle. Many persons fled terror-stricken from the hall. John Redmond persevered in continuing his speech and presently a semblance of order was restored, and a resolution in accordance with the feeling of the meeting was carried.

## JEWIS GIVEN NO MERCY

#### Witness Describes Horrors of Kishineff Massacre.

#### WORSE THAN FIRST REPORTED.

Published Accounts of the Slaughter Not Exaggerated—No Way Yet Open in Which State Department May Extend Help.

St. Louis, May 19.—L. Pearlstone, a commission merchant here, has received a letter from a relative in Kishineff, Russia, describing the horrors of the recent massacre of Jews there. The letter was written on April 17 and says the writer and his wife were both badly beaten and nearly killed, but, with their two children, managed to escape to the home of their eldest son, who lives in a house owned by a rich man who paid the police to guard his houses. This house was protected and not even a window in it was broken. The writer declares the massacre was perpetrated by robbers, who were protected and aided by the police. He described at some length the terrible scenes of bloodshed and carnage that he witnessed, and concludes by asserting that had the onslaught continued one day longer the Jews would have all been killed and none left to bury the dead. He said that during the massacre he, from his place of concealment, saw police smoking their pipes and calmly watching the robbers butcher the Jews. The cries of the wounded and those who were being killed could be heard on all sides. Stores were looted and every piece of merchandise thrown into the streets. When the soldiers and hussars arrived quiet was quickly restored and the Jews came forth to bury their dead. Many bodies were so badly mutilated that they had to be buried in boxes without identification.

#### Wife Murder and Suicide.

New York, May 19.—Thomas Anderson, who had recently been released from prison, where he had served a ten years' term for larceny, went to the rooms of his wife, Ida Potter Anderson, in Brooklyn, and after vainly endeavoring to get her to consent to live with him again, drew a revolver and shot her, inflicting what will probably prove a mortal wound. Immediately after the shooting the police arrested Anderson and took him to the station house. An hour later the prisoner was found dead. It is supposed he had secreted a poison about his person and had swallowed it.

itor of Erie county, New York, Hon. John W. Neff, in a recent letter written at Buffalo, New York, stated: "I was persuaded by a friend to try a bottle of your great nerve tonic, Peruna, and the results were so gratifying that I am more than pleased to recommend it."

#### A Spring Tonic.

Almost everybody needs a tonic in the spring. Something to brace the nerves, invigorate the brain and cleanse the blood. That Peruna will do this is beyond all question. Everyone who has tried it has had the same experience as Mrs. D. W. Timberlake, of Lynchburg, Va., who, in a recent letter, made use of the following words: "I always take a dose of Peruna after business hours, as it is a great thing for the nerves. There is no better spring tonic, and I have used about all of them."

#### Catarrh in Spring.

The spring is the best time to treat catarrh. Nature renews herself every spring. The system is rejuvenated by spring weather. This renders medicines more effective. A short course of Peruna, assisted by the balmy air of spring, will cure old, stubborn cases of catarrh that have resisted treatment for years. Everybody should have a copy of Dr. Hartman's latest book on catarrh. Address The Peruna Medicine Co., Columbus, Ohio.

Mrs. Lulu Larmer, Stoughton, Wis., says: "For two years I suffered with nervous trouble and stomach disorders until it seemed that there was nothing to me but a bundle of nerves. I was very irritable, could not sleep, rest or compose myself, and was a certainly unfit to take care of a household. I took nerve tonics and pills without benefit. When I began taking Peruna I grew steadily better, my nerves grew stronger, my rest was no longer fitful, and to-day I consider myself in perfect health and strength. My recovery was slow but sure, but I persevered and was rewarded by perfect health."—Mrs. Lulu Larmer.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

## NO PLANS FOR HELPING JEWS.

#### State Department Finds No Basis for Action in Kishineff Affair.

Washington, May 19.—None of the many resolutions relative to the Kishineff outbreak adopted at various places in the United States has reached the state department and the officials have nothing new before them upon which to proceed. It is not known whether further instructions have been sent to our embassy at St. Petersburg. So far the department has only newspaper clippings regarding the Kishineff massacre and it scarcely feels authorized to move upon that basis, even if it had the power to do so.

#### Russians Feel Injured.

St. Petersburg, May 19.—The Russian officials express themselves as being deeply hurt at the criticisms of the American press on the subject of Manchuria, and say that, considering the friendship extended forty years ago, when America needed friends, America might at least inquire whether the Anglo-Japanese news were not colored in Anglo-Japanese interests.

#### Religious Disturbances in France.
