Since the supreme court has so ordered, it is possible that Ex-Secretary of State Porter will now put it back.

Kansas did not have a sufficiency of calamity with the flood but the cattle men and farmers must needs mix up and cause the death of four or five more people.

Norfolk has contributed some to the flood sufferers and there is more where that came from if it is not intimated that the receipts have not been sufficient to relieve the suffering incident to the calamity.

It was alleged that the floods earlier in the season had removed the fish from Nebraska streams and waters, and it is so hoped that the recent rise may be entitled to the credit of returning them to their native haunts.

The weather man has got to the point of making it partly cloudy with "possibly" showers, which is a long concession to the desires of a people who have been growing pale and yellow from a lack of sunshine and water-logged and mud-laden generally.

The republicans of Ohio gave President Roosevelt the endorsement promised and also declare emphatically for the re-election of Senator Hanna.

The Mississippi river is still rising and threatening the towns of the valley. The people living in that section of the country have assuredly had a surfeit of trouble from high water and it is to be hoped that the present threatening situation may pass them by without the damage threatened.

Since the World-Herald was detected in the act of almost endorsing President Roosevelt it has evidently determined to whitewash over the fact that it attained so near what was right by renewing its standard criticisms of the president and arguing that he cannot possibly be renominated.

The sun smiled on the republican convention of Lancaster county, and the delegates endorsed Judge J. B. Barnes of this city for supreme judge.

The Nebraska supreme court has declared that it is unlawful to play Sunday base ball and those who have argued for Sunday ball as a means of recreation for those who are employed during the week, will be compelled to look elsewhere for such entertainment if the law is enforced.

Chauncey Dewey considers Judge Parker of New York the logical candidate for president on the democratic ticket, and the indications are that the senator is not exclusive in that belief, but that many democrats, favoring the rejuvenation of the party, are in favor of placing the New York judge at the head of the ticket.

President Hopping of the state pharmaceutical association, in his address before the annual meeting at Grand Island, stood up for the patronage of the home paper's advertising columns by the druggists very emphatically and asserted that he had found that when a druggist patronizes home papers the editors and managers are free to favor them in anything that would aid in the conduct of their business along legitimate lines.

NINE DIE IN KANSAS WRECK

Santa Fe Passenger Trains Meet Head-On at Stilwell.

ORDERS WERE DISREGARDED.

Were Using Missouri Pacific Tracks Because of Flood and Crew of One Train Failed to Obey Instructions to Stop at Stilwell.

Topeka, Kan., June 5.—A disastrous collision between Santa Fe passenger trains at Stilwell, near Olathe, killed nine people and injured six. Train No. 1 was going west at full speed and crashed into the Chicago section of No. 8, eastbound. No passengers on the westbound train were injured or killed, while on the eastbound train five were killed and three were injured.

The dead: Carlos M. Tarpardo, a Porto Rican student at the Kansas state university; Pullman Conductor Thompson, H. B. Ward, Frank Hoover, Steubenville, O.; J. Monahan, Prescott, Ariz.; C. A. Kniskern, Monett, Mo.; Link Day, Los Angeles, Cal.; William Newmiller, Plainfield, N. J.; one unknown man.

Three traps who were stealing a ride on the Chicago train are among the killed. The only member of the train crew to be hurt was Conductor Frank Johnson of the Pullman company.

The trains were routed on the Missouri Pacific tracks on account of the floods, which washed out the Santa Fe tracks. Orders were sent out by the train dispatcher for both trains to meet at Stilwell. It is charged at the Santa Fe office here that the crew of the Santa Fe train disregarded this order and ran a mile or more past the meeting point. No. 1 did not stop at Stilwell, but on running slowly by the engineer saw no other train, and as he had a clear track, according to his orders, he rushed ahead. No. 8 whistled before the eastbound train had proceeded far, but too late to avoid a collision.

Kansas City, June 5.—The train bearing the dead and wounded from the Santa Fe wreck at Stilwell, Kan., was unable to reach the station because of floods and the wounded were carried miles in the ambulances to reach the Missouri Pacific hospital.

The most seriously hurt are: Owen Patchen, Ottawa, Kan., baggage man, fracture of skull and jaw, will probably die; A. L. Sellers, North Manchester, Ind., right arm fractured and chest injured, may die; John Green, Indianapolis, left leg fractured and scalp wounds; Edward McCann, Salvation army, back strained; Andrew Dunlap, Topoka, engineer eastbound train, legs and head bruised.

Towns in Path of Forest Fires. St. John, N. B., June 5.—Word reached here from the seacoast village of Musquash that forest fires swept that place, leaving but three or four buildings standing. There are 200 people homeless and destitute. The financial loss will aggregate over \$100,000. Reports from all over the province indicate that fires are rushing through the woods and that whole

villages and communities are in the path of the general conflagration. At Piccadilly two were burned to death while endeavoring to liberate cattle in a field.

Mine Litigation is Compromised. San Francisco, June 5.—A. P. Morrison, a wealthy mining man of New York, entered into a compromise with M. J. Smith, D. T. Jackson and W. C. Price, against whom he had brought a sensational suit to recover title to valuable mines on the desert and \$150,000 which he alleged were secured from him by fraud.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & Co., Sold by druggists 75c. Toledo, O. Hall's Family Pills are the best.

Schlitz Beer advertisement featuring a logo and text: 'Can anyone suppose that we would double the necessary cost of our brewing without a vital reason? Would we spend so much on cleanliness? Would we cool the beer in plate glass rooms? Would we filter all the air that touches it? Would we age it for months? Would we sterilize every bottle? We do it to attain absolute purity—to avoid the remotest possibility of germs—to make Schlitz Beer healthful. Why accept a common beer, brewed without any of these precautions, when Schlitz Beer costs no more? Your dealer may prefer to furnish a beer that pays a little more profit; but does it pay you to permit it? Isn't pure beer—Schlitz Beer—worth asking for? Ask for the Brewery Bottling. For sale by Wm.
