### TENNIS IS REVIVED IN NORFOLK.

Number of Old Time Players Getting Back For the Fun.

Tennis in old time style has taken possession of Norfolk. The two courts which lie in Norfolk avenue at Tenth street are the best ever made in the city. Ten men have organized for the west one. They are: Dr. C. S. Parker, Dr. F. G. Walters, James R. Fain, Robert Allen, L. Simmons, F. B. Beels, Sol G. Mayer, Jack Koenigstein, J. N. Bunk and W. H. Bucholz. There are still left a number of good players and another court may be started.

Already there is some question as to which of the two courts will put up a superior article and the new team will begin immediate practice to carry off the honors. A tournament would not be bad.

Perhaps the longest set of tennis ever played in Norfolk was one taken by L. P. Pasewalk last evening in a score of 15-13.

### SOCIALLY SPEAKING.

Well Patronized.

The Ladies Society of the Congregational church enjoyed a flattering patronage at their ice cream social last night. The parlors of the church were fitted with little tables where friends and the public generally whiled away an enjoyable evening.

Elks Give Social Tonight.

The Elks will give a social tonight to all members and their families. Cards and dancing will furnish fun enough for the evening. The club rooms will be thrown open to the guests at 8. A committee has the affair in charge.

Lawn Social for Little Folk.

A large number of Norfolk children attended the lawn sociable of the Trinity Guild at the home of Otto Tappert, 1203 Madison avenue, yesterday afternoon. After the shower had cleared away the little folk were seated about the porch where they ate ice cream and cake. Games of different sort took their time.

Firemen Are Serving Today.

The running team of the fire department are "at home" to the public tonight in the Koenigstein building. They are serving ice cream and cake for the purpose of getting funds with which to defray small expenses incidental to their racing. The team is training hard to win in the tourney which meets here in July, and they deserve the patronage of Norfolk citizens.

## COUNCIL IS FOR PROGRESS

Paving, Sidewalks and Lights Considered.

### MOVEMENT TO IMPROVE CITY.

Will Try to Get Paving Along Norfolk

Avenue Between Second and Fifth, and on Fourth Street Between Brasach and Madison Avenues.

The city council met in adjourned regular meeting last night with the mayor and all the councilmen except Walker present.

After the minutes of two regular and one special meeting had been read and approved the street and alley committee presented a report regarding the paving and grading of Norfolk avenue and recommended grading, with culverts and gutters. Mr. Pasewalk of the same committee recommended that proper legal steps be taken to pave the street and thought it would meet the approval of nearly all property owners. The report was accepted and placed on file. On motion a special committee consisting of Councilmen Tyler, Pasewalk, Klesau and Brummond was appointed to place matters in shape to pave Norfolk avenue and to organize a paving district if considered desirable and necessary.

Mr. Wilkinson reported the street and alley committee as being ready to furnish list of condemned walks and requested that a special meeting be called according to law to condemn same. The request was taken up and the special meeting was called for July 30 to condemn the sidewalks and instructions were given that proper legal notice of the special meeting should be given.

The public works committee recommended that an assistant be employed to help the firemen at the pumping station during the dry season and the committee was authorized to employ such assistance as they might deem necessary.

Ordinance No. 273, being the annual appropriation ordinance, was taken up, passed the various readings under suspension of the rules and was adopted.

Ordinance 274, regulating the width of sidewalks, was taken up and passed its first reading.

The propositions of the Norfolk Electric Light and Power company and of the Norfolk Fuel and Light company for lighting the streets were taken up and considered. It was moved by Pasewalk and seconded by Klesau that the street lighting be divided, taking what are lights were necessary from the Norfolk Light and Power company, and the rest from the Norfolk Fuel and Light company. Klesau, Pasewalk and Wilkinson supported the motion, and it was opposed by Brummond, Spellman and Tyler. Zuelow did not vote and the motion was declared lost.

On the motion of Wilkinson, seconded by Spellman, the lighting propositions were laid on the table until the next regular meeting.

The sum of \$33.65 was transferred from the general fund to the lighting fund to pay past due bills and the council adjourned.

### THE BIG RATTLE SNAKE WAS MAD

And Gave the Man From Montana a Glassy Stare Yesterday.

"Many's the old fellow like that I've seen," said a man from Montana yesterday afternoon, as he pointed to a huge rattle snake all coiled up, in a show case at the taxidermist's. The snake glared at the westerner with its glassy eyes. "They get rather indifferent to a man, after he's been among 'em fer a long time. Rather too indifferent sometimes." The Montana visitor looked around, eyed the big serpent again and then went on. "I recollect how indifferent they was to a cowpuncher up in our section once. He got out into the rattlers pretty thick an' we told him toe b a trifle cautious. 'Aw,' says he, 'I'll show you how we used to kill 'em in Texas.'

"So he began to jump on their heads—he wore these high cowboy boots, with heels like a dime—' and the old fellow looked around to make the point strong. He waited several seconds and then continued.

"Well, he killed twenty. But the twenty-first was the wrong one. He miscalculated on this n's head, an' came down on the critter just behind its neck. As quick as that' (and the man from Montana snapped his finger) 'the head flew back and the fang was through the leather. The cowpuncher lost his foot, belu' a long way to a doctor.'

Then the stranger went on through the shop, to look at the deer and elk and pelican and wildcats and all the other animals that have been accumulated by Seasons & Bell during years and years, and the big rattler, all coiled up in the case, followed the fellow with his glassy stare until he was quite out of sight.

## WHITE LILY WASHER.

What is Necessary in a Washing Machine.

### HIGH SPEED.

HIGH SPEED is one of the essential features of a rotary washer, for with a HIGH SPEED machine you can create a soap-suds or foam without having to turn the fly-wheel so fast that the speed rather than the work tires out the operator. The speed of the WHITE LILY WASHER is 2 1/2 turn of the fly-wheel to one turn and return of the dasher. THE HIGHEST SPEED ROTARY WASHING MACHINE ON THE MARKET.
