to suffer from eye strain and those irritating headaches that make your days miserable.

You've no doubt tried every kind of headache remedy only to be disappointed, but never suspected that your eyes might be the cause.

I have made the correction of defective eyes a special study.

Hadn't you better come and see me about it?

The report circulated today to the effect that A. C. Campbell, a printer who defrauded Norfolk merchants, had been apprehended, is untrue. He was seen in Columbus Tuesday, but took an eastbound train.

Norfolk realized that it was going to rain this Fourth so did not arrange for a celebration. Fair weather will prevail during the firemen's tournament and towns whose patriotism was drowed can then have a good time here.

Company L. N. N. G., will leave the city tomorrow morning for Stanton, to celebrate. A detail was sent ahead today with tents and the like, to make headquarters for militia men tomorrow. Captain C. A. Fuller will be in charge. "We will get back in time for work on Monday morning," he said today.

"How would you like to be the ice man?" is a question which would today receive an invariably negative reply, if the condition of one wagon stuck in an alley just off North Fourth street were considered. The new filling of earth is so soft that the wheels sank and stayed immovable, until more horses could be brought.

Treasurer Says There will be no Further Delay on Hospital.

Judge Barnes returned last evening from Lincoln. While there he had an interview with State Treasurer Mortensen, a member of the board of public lands and buildings, who authorized Judge Barnes to state to the people of Norfolk that there would be no further delay in the hospital matter, that the board has about finished repairs on other institutions and are now ready to take up the Norfolk hospital and push the work to completion.

Karo will celebrate the Fourth by giving people the best meat in Norfolk.

NORFOLK WILL HAVE LIGHT

Council Authorizes Contracts Drawn.

CITY CENSUS WILL BE TAKEN.

Norfolk Has More than 5,000 People and the Council Proposes to Dem-onstrate the Fact—Dozen Arcs and Thirty Gas Lamps to be Lighted.

The city council met in regular session last night and took steps toward taking the census preliminary to paving the city, made contracts for lights and took other steps for the advancement of Norfolk. The mayor and all of the councilmen were present.

The minutes of the adjourned regular meeting of June were amended as regards the notice of the special meeting called for July 30 to condemn sidewalks so as to show that property owners are notified to appear at said meeting and show cause, if any, why new sidewalks should not be ordered laid and their property be specially assessed to pay expense of same.

The treasurer's report for June was presented, showing balances as follows: General fund, \$1,450.87; water fund, \$1,124.91; road fund, \$136.89; street light fund, \$14.55; interest fund, \$995; sinking fund, \$1,393.66; fire department fund, \$110. Unpaid registered warrants outstanding: General fund, \$37.50; street light fund, \$130. Report was referred to auditing committee.

Mr. Tyler, chairman of the special committee on paving, reported that the committee had investigated the matter and found that the bonds for paving intersections could not be legally voted in a city of this class; also that it was his opinion that if a census was taken it would show that now we had more than 5,000 population and if so we could be changed to a city of the class required and could then go ahead and pave, otherwise he thought not, and requested that a census be taken at this time.

A motion was then adopted that a census of the city be taken under the direction of the mayor, to show names of every resident, place of residence, occupation, age and house number, and that an enumerator be appointed for each ward at the rate of \$2 per day and that the enumerators be sworn in before entering upon their duties and that proper blanks be printed for the work.

The streets and alley committee reported nearly all the streets graded, and a motion was adopted requiring the street commissioner to work under the direction of said committee and that he be required to report at least once each week to the chairman of the committee.

The public works committee reported that the smoke stack at the pumping station would be repaired next week; also that there was trouble with the Fourth street watering fountain, it being connected to the same supply pipe that went to the Citizens National bank, and it be repaired at once. Such repairs were authorized by the council.

The following bills, having the approval of the auditing committee, were allowed:

- Martin Kane, June salary and expenses, \$68.70. C. H. Pilger, June salary and expenses, \$57.50. W. H. Livingston, June salary and expenses, \$42. Wm. Beswick, 20 days' labor on streets, \$30. P. F. Sprecher, printing, \$2.90. S. F. Dunn, stakes for streets, \$9.30. Albert Degner, hardware, \$5.18. G. E. Moore, supplies for fire department, 50 cents. C. F. Lierman, work on dike and repairing hose cart, \$6.25. Scottford S. & S. Co., dog tags, \$1.80. Geo. Dudley, livery, \$2. J. E. Simpson, two months' salary and work to fountain, \$51. August Graul, June salary, \$55. National Meter company, 20 water meters, \$248. Carl Kiepkke, hauling coal, \$17.37. Albert Degner, hardware, \$1.30. Wallace Dixon, oil, \$1.80. The bill of Fred Klentz for street sprinkling in June was laid on the table until the next meeting, at which time he was to appear before the council and explain the matter.

Bill of W. P. Dixon of \$101 for street grading, was referred to the street commissioner to be reported on at the next meeting, and the street commissioner was instructed to report at the first meeting of each month as to the work done and the poll taxes collected.

Bill of the Norfolk Electric Light and Power company of \$63 for June lighting was explained and bill allowed.

Ordinance No. 274, concerning the construction and width of sidewalks, was read and amended by adding a section providing that when the established grade of the street is a foot or more above the level of the surrounding lots, the sidewalks may be built of lumber. The ordinance as amended passed its second reading.

The mayor stated that it had been reported that a nuisance existed at the dumping ground and it was suggested that a man be employed to abate same. The matter was referred to the nuisance committee, with power to act.

The lighting proposition was then taken up and discussed at some length. A motion was made by Walker and seconded by Spellman that the council make a contract with the Norfolk Electric Light and Power company for twelve or more arc lights, on the moonlight schedule, midnight service, on a five-year contract, at the rate of \$5 per month per lamp; and also make a contract with the Norfolk Fuel and Light company for thirty or more street gas lights, on the moonlight schedule, midnight service, at a rate of \$2 per month

per lamp, five year contract, with the privilege reserved to the city to amend both contracts after the expiration of three years, providing the city acquires a lighting plant of its own. The motion was carried without a dissenting vote and a committee consisting of Tyler, Walker and Brummund was appointed to assist the city attorney in drawing up the contracts.

It was further ordered that the special committee be requested to draw up the contracts as soon as possible and that when they are completed the mayor call a special meeting to consider the same. The council then adjourned.
