**For An Ideal Vacation.**

Near every settlement of importance in the mountain regions of the West are deep canons wherein the people at home, as well as those from abroad, seek, in the summer season, the coolness and pleasure of camp life. High up the mountain side, on the shores of mountain lakes, or on the banks of mountain streams, summer hotels are conducted for the convenience of those who prefer to have all of the recreation and none of the labor incident to summering in the mountains. It may be said that wherever there is a mountain in Colorado or Utah there is also an interesting canon, and the searcher for a spot in which to summer will find no difficulty in suiting his taste, no matter how critical it may be.

To enable persons to reach these famous pleasure resorts, the Union Pacific has put in effect summer excursion rates lower than ever made before.

**LIGHTING CONTRACTS MADE**

City to be Illuminated for the Tournament.

**COUNCIL APPROVES PAPERS.**

Committee Will Locate Lights—Permanent Sidewalk Ordinance is Adopted—Systematic Plan of Drainage is Under Way.

The city council, at its regular meeting held last night, adopted and approved the lighting contracts, appointed a committee to locate the lights and called a special meeting for Saturday night to act on the work of the special committee.

The mayor and all the councilmen but Tyler were present. The fire and police committee suggested that the chief of the fire department should see that the fire hose is cleaned and dried after each fire, and on motion was authorized to employ help to attend to this work and the clerk was instructed to notify the chief to this effect.

The street and alley committee reported that in going over the streets to locate the best drainage routes they found that the ditch along the south side of Park avenue from First street to the river had been fenced and consequently could not properly be cleaned and kept open as the land was claimed by private parties. The matter was discussed at some length and it was decided to appoint a committee of three to co-operate with the city attorney in an investigation of the matter. Councilmen Wilkinson, Erummond and Pasewalk were appointed as such committee.

Mr. Wilkinson of the street and alley committee reported that he had not had the cement crossings placed in South Fourth street, because he thought after investigation that it was not advisable to put in cement, but wood crossings, at least in some locations. Messrs. Davey, Moolick and Quick, residents of that locality addressed the council and explained the matter at some length, showing the necessity of having the crossings put in at once. The chairman of the committee was instructed to carry out the provisions of the resolution lately passed in reference to such crossings forthwith, except that at Third avenue the crossing may be of wood.

City engineer Lowe reported on drainage that the records show that the First, Second, Third and Fourth streets should be drained to Park avenue and down Park avenue to the river.

J. Keonigstein requested the council to fill Fifth street to Madison avenue to protect his cement sidewalk. The matter was laid over until the next meeting and the street commissioner was instructed to make an estimate of the cost of the work.

Public works committee reported that the scaffolding had been built around the smoke stack at the pumping station, but that a mason to do the work required could not be secured before Monday, and that considerably more work should be done than was at first estimated.

The nuisance committee reported several minor complaints but thought they would adjust themselves in a day or two.

The special committee appointed on lighting contracts presented the contracts, which were read. A motion to table the contracts until the next meeting and arrange with the gas company to run their lights next week failed, to carry and a motion that the lighting contracts as read be accepted, and approved was carried.

A motion prevailed that a committee composed of one councilman from each ward be appointed to locate the lights contracted for, and the mayor appointed as such committee: Kieran for the Third ward; Spellman from the Fourth; Brummond from the First and Pasewalk from the Second as such committee.

On motion it was ordered that the council meet in special session Saturday evening, July 18, at 8:30 to receive and act on the report of such special committee.

F. Klentz appeared before the council as per request and stated that he had for years been paid \$20 per month by the city for sprinkling the streets and that the business men had this year subscribed \$54 per month, but last month he had only been able to collect \$45 and considered that would be about all he would be able to collect during any month.

A motion carried that Mr. Klentz be allowed \$20 per month for street sprinkling to commence June 1, and continue as long as may be necessary, the council to notify Mr. Klentz when to discontinue the work. The bill recently presented for \$90 was allowed and ordered paid.

The report of the mayor on the census was read, showing the total population of the city to be 4,258. The report together with the reports of the enumerators and other papers, was ordered placed on file and the clerk was instructed to allow W. N. Huse access to the same for the purpose of compiling a city directory, and the chief of police to find owners of dogs and the street commissioner to find persons liable for poll tax.

Report of police judge for June was read and referred to auditing committee. Also report of street commissioner was read and referred to street and alley committee.

The following resolution was read and adopted:

"Resolved, That the following described property be assessed the amount set opposite each description as a special tax for new sidewalks and sidewalk repairs, and that the city clerk be in-

STATE OF NEBRASKA, }  
COUNTY OF MADISON, } ss.  
I, R. C. Miles, Treasurer of said county and state, do hereby certify that the foregoing is a true and correct statement of the receipts and disbursements of my office from the 9th day of January, 1903, to the 30th day of June, 1903, inclusive, to the best of my knowledge and belief.

STATE OF NEBRASKA, }  
COUNTY OF MADISON, } ss.  
We, the undersigned County Commissioners of Madison county, Nebraska, do hereby certify that we have carefully examined the foregoing statement of R. C. Miles, County Treasurer, and have found the same correct to the best of our knowledge and belief.

Dated at Madison, Nebraska, this 14th day of July, 1903. (Signed:)

H. W. WINTER,  
S. J. FINNEGAN,  
CHRIS SCHMITT,  
County Commissioners.

structed to certify same to the county clerk.

The bills of the census enumerators were allowed as follows: August Brummond, \$10; J. M. Covert, \$13; S. T. Adams, \$12; N. A. Wilkinson, \$12.

Ordinance No. 274 regarding width and material of sidewalks was read the third time. After amending the ordinance by striking out the clause referring to the height of the sidewalks above the lot level and adding two sections regarding the surface of cement walks and requiring the street commissioner to inspect all the walks built the ordinance passed its third reading and was adopted, after which the council adjourned.
