

DO YOU KNOW?

That eye defects are directly responsible for headaches, dizziness, sick headaches and other forms of acute and chronic nervous troubles?

IT IS A FACT

that correctly fitted glasses will remove the eye strain, stop the leakage of nerve force, and nature will at once set about curing the trouble.

FRIDAY FACTS.

Mr. and Mrs. E. H. Gerecke have taken rooms with Mrs. Davenport on North Ninth street.

Mrs. W. H. Bucholz entertained a

company of friends at a pleasant supper party last night.

In a fire which consumed a livery barn at Pilger yesterday morning, six horses were cremated.

M. Mullen has become imbued with the improvement fever and is making extensive repairs to his residence in The Heights. The residence is being raised, a new furnace put in and other improvements made.

Roy Seymour, who is well known here, has been promoted to cashier of the Armour plant at Decatur, Ill. About eight months ago he went to work for the company in the Omaha office, and the promotion speaks well for his ability and attention to business.

Mr. and Mrs. A. Osborn entertained the officers and teachers of the First Congregational Sunday school last evening at their home east of the city. It was Mr. Osborn's birthday and the entertainment was in the nature of a celebration of that event. Their son, Dr. Frank Osborn of Pierce, was one of the guests. All present were well repaid for their drive out to the Osborn home.

At a special meeting of the board of education, held last evening, the resignation of Miss Luikert was received and accepted and Miss H. E. Wood, who formerly taught the El High grade, was elected to fill the vacancy and has been assigned to the Seventh grade. Miss Wood at present makes her home in Kansas, but is expected here in time to take up her duties with the opening of the school year in September.

Fremont Tribune, 30: A fast train of thirty-four cars laden with fruit from California consigned to London was taken through Fremont over the Union Pacific this morning. The train is guaranteed to make thirty miles per hour average speed for the whole distance from San Francisco to New York. Needless to say, the Union Pacific delivered it at Council Bluffs in good time, and if the guarantee is not fulfilled it will be some other road's fault.

Wanted: Roomers. 200 North Second street. Mrs. A. Korth.

Steffen-Krahn.

A very pretty wedding was celebrated in Christ Lutheran church at 4 o'clock last evening when Miss Helena Krahn and Prof. August Steffen were united in marriage, Rev. J. P. Mueller, the pastor, officiating. The church was decorated with flowers and filled by a large number of the friends of the bride and groom who went to witness the solemn knitting together of two lives.

After the ceremony the guests repaired to the home of the bride's parents where a dainty wedding supper was served and following which the wedding was enjoyably celebrated with varied amusements until the small hours of the morning.

The bride is the daughter of Mr. and Mrs. C. H. Krahn of this city and the groom is a teacher in the parochial school of Christ church. Both are well known and popular in the society of young people who have been favored with their acquaintance.

Mr. and Mrs. Steffen will continue to make Norfolk their home.

SIDEWALKS CONDEMNED.

Councilmen Place Defective Walks on the List.

SOME EXCUSES ARE RECEIVED.

Property Owners Who Have Made Repairs or are to Build Have Theirs Removed From the List—Another Meeting Tuesday to Complete List.

The city council met in special session as per published notice last night to look after the sidewalks that have been placed on the condemned list. All the councilmen were present except Spielman. Mayor Hazen was absent and Mr. Tyler as president of the council presided and opened the meeting by stating the objects to be the matter of condemning sidewalks and ordering the same to be rebuilt, the costs to be assessed against the property adjoining.

C. W. Braasch being present stated that he had been notified to rebuild his sidewalk along lots 9 and 10, block 3, Koenigstein's addition, but it not being necessary to rebuild had repaired the walk and if not yet satisfactory he would make further repairs.

Mr. Braasch's statement proved satisfactory to the council and the lots named were stricken from the condemned list.

A. B. Tashjian also stated that the walks along lots 9 and 10, block 2, Koenigstein's addition, had been placed in thorough repair and would be kept so, and these also were stricken from the list of condemned walks.

John Cronk requested thirty days' time in which to put in a brick walk, and his request was granted and lot 17 block 5, Pasewalk's third addition, was ordered stricken from the list of condemned walks.

After considerable discussion H. Gerecke's property in Gerecke's subdivision was stricken from the condemned list the walks having been repaired.

J. H. Lough, owner of sub lot 8, block 2, Pasewalk's addition, requested the council to establish a grade for his lot, when he would immediately build a cement walk, and the matter was referred to the street and alley committee for an investigation and report.

L. M. Gaylord, as agent, stated that the material was already ordered to build a brick walk along lot 1, block 5, Koenigstein's addition, and would be built as soon as material was delivered; also as agent for lot 3, Osborn's sub division, that he had instructions from the owners to build a board walk and had notified them that the walk would have to be of brick, stone or cement, but if allowed to build of lumber would do so at once, and if not would have to wait until instructions were received.

He was informed that a permanent walk would be required.

Burt Mapes, as agent for H. C. Sattler, stated that the walks along his property were in shape to repair and that it would be done at once, which was satisfactory to the council and the walk was stricken from the condemned list.

C. E. Evans asked thirty days' time in which to build a brick walk along north one-third of lot 1, block 5, Pasewalk's addition and his request was granted.

C. W. LeMont, on behalf of the Baptist church, asked permission to repair a portion of their walk with that which is to be replaced with brick, which request was granted.

By general consent, the walks along the west 26 feet of lot 2, Burrow's addition, was ordered repaired.

Mr. Ballantyne's property, lot 5, block 7, Haase's suburban lots, was stricken from the list, he having shown that he had a contract made for walks in accordance with the ordinance, and which would be built at once.

The council then proceeded to compile a list from published notice of property along which to condemn walks, as follows:

Pasewalk's second addition—lots 13, 14, 15, block 2.

Mathewson's addition—lots 4, 5, 7, 8, block 4.

Koenigstein's addition—lot 6, block 8.

Pasewalk's addition—lots 3, 4, 7, 8, block 4.

Pasewalk's third addition—lots 1, 2, 3, 4, 5, 6, 7, 8, block 4; lots 1, 2, 3, 4, 5, block 3.

On motion council adjourned to meet Tuesday evening, August 4, to complete the list of condemned property.

Excursion to Wheatland, Wyoming.

On August 18 there will be an excursion to Wheatland, Wyoming, the round trip from Norfolk and return costing \$18.50. The attention of home-seekers is especially directed to this locality, where the soil is a great producer of all kinds of crops under the splendid system of irrigation in vogue there. Wheatland is located near the largest coal fields in the western country and fuel is cheap. For particulars apply to G. R. Seiler & Co.

G. A. R. National Encampment, San Francisco.

The 37th Annual Encampment of the Grand Army of the Republic will take place at San Francisco, August 17th to 22d, inclusive.

Department Commander Estelle of the Nebraska G. A. R. invites all old comrades and their friends to turn out and accompany the Nebraska contin-

gent on the outgoing trip, as he is anxious to obtain as good a representation for Nebraska as possible.

The official train will leave Omaha August 14th. Sleepers and tickets should be secured over the Union Pacific before that date.

The Union Pacific will spare no effort to give the veterans and their friends the best service and a most comfortable trip across the continent. Unusually liberal arrangements for side trips and stopovers covering all points of interest en route and in California.

GROCERS SELLING INTOXICANTS.

Some Fremonters are Now Sorry They Sold and Used "Unfermented Grape Juice."

Some of the temperance people and zealous abstainers from intoxicants in Fremont have recently received a severe shock by the discovery that the unfermented grape juice they have been purchasing and using liberally contains four per cent. alcohol, or a greater strength than beer and that the government inspector has demanded that the grocers selling the "unfermented" grape juice, either take out a liquor license or quit handling the stuff. The same juice has been in some demand for use at communion services in churches whose principle tenet is opposition to alcoholic beverages and particularly beer. Then again, according to the Tribune, one of the grocers who has been selling the intoxicant, is a prohibitionist of zeal and his sincerity has never before been questioned.

The liquor comes in quart bottles of dark colored glass, and almost all the grocery houses of Fremont have it or had it on their shelves.

"The most serious feature of the affair to those engaged in the sale of this product," says the Tribune, "is that they have unwittingly subjected themselves to the internal revenue laws. Under the section relating to retail liquor dealers they are subjected to a tax of \$25 per year. This tax will be collected in full from those who have purchased quantities of the liquor since July 1, the beginning of the government's fiscal year, and who now have it on sale, providing they continue to sell it. The failure to make returns to the department may increase the penalty 50 per cent."

The wine has been provided the dealers by a couple of Omaha wholesale houses and there are undoubtedly a large number of their customers throughout their territory who are likewise unintentionally violating the government revenue laws referring to the sale of liquor. The Fremont grocers have decided to cut the wine off their list rather than pay the government price for selling it, and if they are taxed up with what they have already done in that line they propose to charge it up to the accounts of the wholesalers from whom they bought it.

Perhaps some of the customers of the Fremont grocers will now admit that a little grape juice in it does not go so bad for a beverage after all.

Rats and Their Food.
The capacity of rats for discovering fresh stores of food is astounding and often leads to those united migratory movements that periodically create alarm and are described as "plagues of rats." These great movements are undoubtedly initiated and "personally conducted" by old and experienced rats, the sardines of the colony, at once a proof of highly developed intelligence and unselfishness. Rats in large centers of industry, if not present in commercial plague form, do a great deal of good as consumers of garbage that would otherwise become a perilous nuisance. It is also a popular delusion that a rat bite is unusually dangerous from this fact of sewer garbage eating. On the contrary, rats cut as clean as a new lancet.—Fall Mail Gazette.
