

CONES FOR DISTRICT JUDGE

Pierce Man Named by Fusion Parties Today.

THE CHOICE WAS UNANIMOUS.

Less than Thirty Minutes Required for Delegates of the Democrats and Populists to Fuse and Place Name of Ex-Judge Cones Before Voters.

[From Tuesday's Daily.] In less than half an hour this forenoon Judge Douglas Cones of Pierce was placed in nomination by both the populist and democratic conventions as the candidate of the two parties for the position of judge of the Ninth judicial district, and the campaign duly opened.

The delegates of both parties met in the parlors of the Pacific hotel, but organized separately. The populists succeeded in first making the nomination of Mr. Cones, and a committee was promptly dispatched to the democratic side of the house to inform Mr. Cones of their action. He deferred his speech of acceptance until after the democrats had completed their organization and made their nomination and then briefly but felicitously addressed the assembled delegates, thanking them for the honor that had been conferred upon him, and promising to make a vigorous campaign for a fusion victory.

The Democrats. The democratic convention was organized by the selection of T. F. Meminger of Madison as chairman and F. A. Berry of Wayne as secretary.

It was agreed, on motion, that the committee on credentials should be dispensed with and that the delegates present be authorized to cast the full vote of the counties they represented.

Nominations of candidates for judge of the Ninth judicial district was declared in order and, but one name being presented to the convention, that of Mr. Cones, he was, on motion, declared the unanimous choice of the democratic party of the district. In recognition of the honor, addressing both the populists and the democrats, Mr. Cones said in part:

"Gentlemen of the convention—populists and democrats—I thank you most sincerely for the joint unanimous nomination for district judge which you have just conferred upon me, and it is with some misgivings, that I accept, not because of a fear of defeat, but from the indication by the people during the campaign of three years ago that, perhaps I was not desired for the position. As you will remember, I received an appointment to the bench at the hands of our governor, and after having served the people a year in that capacity, was defeated at the polls. I am certain that over-confidence of the fusion party workers contributed largely to that result. It was understood that the fusion nominee was certain of an election and that the republican nominee was to make but a nominal campaign. The result was a surprise to all, and I can promise you that I will enter this campaign with a far different understanding and that the work will be prosecuted with vigor. Let me begin by asking you, one and all, to make a personal effort in the districts you represent, and I can promise you that the result will be far different from that of the past campaign. If elected I hope to be of use on the bench, taking advantage of my experience in that position, and all that I have since acquired to well serve my constituents. And I further wish to state that my endeavor shall be to be absolutely fair and impartial in all my decisions; again I wish to thank you for the honors conferred upon me by this joint convention, and I shall hope to continue to merit your esteem and confidence."

A round of applause indicated to the judge that his acknowledgement was well received.

The convention adjourned after selecting the following central committee:

Fred H. Free, Pierce, chairman.
Geo. G. Bayha, Knox.
M. B. Foster, Madison.
Phil H. Kohl, Wayne.

W. E. Powers of Pierce was named as the secretary of the committee, and the naming of the Antelope member of the committee was deferred until later.

The Populists.

The populist convention organized by the election of H. F. Barnhardt of Pierce as chairman and O. A. Williams of Antelope as secretary. The convention was prompt with its business and the organization had scarcely been completed when Judge Douglas Cones of Pierce was placed unanimously in nomination and a committee appointed to notify the candidate of the action of the convention.

The following named gentlemen were chosen from the different counties of the district, as members of the central committee:

C. E. Staley, Pierce, chairman.
C. S. Evans, Madison.
O. A. Williams, Antelope.
J. H. Berryman, Knox.
J. H. Britton, Wayne.

After listening to a short speech of acceptance by Judge Cones the convention adjourned.

A Levee.

After the conventions had adjourned, Judge Cones held an informal levee in the parlors and the office of the hotel and received the congratulations of many friends and pledges of their hearty support in behalf of his candidacy, returning to his

home in Pierce on the noon train. Of the famous Geissler-Hirschhorn Alpine Warblers who are to appear in the Auditorium on the 18th, the Baltimore American has this to say: "Much enthusiasm has been evoked by the appearance of the Geissler-Hirschhorn Alpine Warblers—a quartette consisting of two young women and two young mountaineers in picturesque costumes of their country. Their voices rank out those mountain songs with a vigor and clearness that was indeed delightful."

VICTIM OF TOO MUCH BOOZE.

Nick Narve has been a guest in the Norfolk city bawle since yesterday afternoon when Chief Kane caught him in the railroad yards of the Union Pacific attempting to flag the trains, the box cars and anything and everything that floated before his line of vision. The fact is that Narve had lost his nerve as the result of copious and frequent imbibitions of forty-rod whisky while taking in the sights up the Bonesteel branch during the recent excursion.

He was crazy for several hours following his arrest, but finally recovered his reasoning faculties sufficient to inform the officers that his home was near Wahoo. But he had no money on which to travel, and after Officer Kane had consulted with Commissioner Winter it was decided to purchase a railroad ticket to Wahoo, and he was started on his way to his home town today.

It was found necessary to guard him day and night in order to prevent him from injuring himself. It is believed that he will fully recover his senses after a few days of rest if he will leave booze alone.

Automobile for Nellig.

Car That is to Carry the Queen Passes Through Norfolk.

Clark Powell of Omaha passed through Norfolk today on his way to Nellig on a Cadillac automobile. This machine was chosen by the committee sent to Omaha by the Nellig carnival to carry the queen during the festival. Mr. Powell intends to spend a few days in Norfolk on his way back to Omaha, with a view of establishing an agency here in Norfolk.

Omaha has caught the automobile fever. An auto is no longer a curiosity as it was a few months ago. It is estimated that there will be nearly three hundred machines sold there the coming season.

Mr. Powell of the Anderson Millard Co. has just returned to Omaha from a month's stay in the east, where he has been investigating the automobile question. He was able to secure the agency for three of the best machines on the market today—the Cadillac, Autocar and Packard, and will establish one of the finest repositories and garages west of Chicago.

BARBECUE AT LYNCH.

Tomorrow to be Red Letter Day in One of the Towns of Boyd County.

Lynch, Neb., Sept. 17.—Special to The News: With a mammoth roast ox as a feature, tomorrow and Saturday are to be red letter days in the history of Lynch. All arrangements are complete for showing the people of the town and vicinity and visitors from a distance a royal good time. A sleek, corn-fed steer has been selected for the slaughter and will be put to roast early so that all who come may have rich, juicy meat, fit for a king.

The race track is in fine condition and liberal purses are offered to attract speedy horses for the track events. Then there will be base ball games. Trap shooting by different gun clubs, tug of war, foot racing and a varied program of other sports for each day.

For those who wish to camp out tents have been furnished on the grounds and everything has been arranged for the comfort, convenience and amusement of the visitors.

Lynch is one of the few towns that have been established for years that has been favored by the extension of the Northwestern to Bonesteel passing through it. It has live business men, the farming country surrounding it is excellent, and it has materially improved since the Northwestern gave it the right to be known as a railroad town.

PIERCE IS PROGRESSIVE.

A Year of Improvement and Industrial Enterprise.

A NEW WATERWORKS SYSTEM.

Handsome New Business House, New Cement and Brick Walks—Pierce Has Good Churches, Good Schools and a few Office Seekers.

Pierce, Neb., Sept. 15.—From a Staff Correspondent: From the standpoint of improvement and industrial enterprise Pierce is one of the most progressive towns in northeast Nebraska this fall. She has had more than her share of business improvements during the past year and a look at the thriving little city will convince an outsider that something is doing all the time.

Among the many improvements developed during the past few months are the completion of a waterworks system, with storage tank of 50,000 gallons capacity, for fire protection and domestic use. The establishment of the waterworks system has brought about the organization and equipment of a first class volunteer fire department with two hose carts, a hook and ladder truck and all paraphernalia necessary to successfully and quickly combat the fire fiend.

D. L. Upton has just completed another fine new brick building and the same is now occupied by the Pierce Clothing store with their mammoth stock. Another very noticeable improvement is the extensive laying of cement and brick walks. The business street has recently been given one solid block of cement, many business men are putting it in individually and much more will be put in yet this fall.

Everyone in Pierce is feeling good just now. The business men because of the "buster" crop which the farmer has raised this year and with which he will make business hum as soon as it is garnered, and the political candidates are feeling good because they are sure to be elected. A very nice state of affairs, and although just one-half of the office seekers are going to be disappointed, the business men are not, for Pierce county is going to have a record breaking corn crop.

Pierce is also becoming a city of churches and in addition to the fine buildings occupied by the Methodists, Congregationalists, Catholics and Nebraska synod German Lutherans the Missouri synod German Lutherans have a fine building under construction.

The public schools opened Monday under auspicious circumstances, and indications are for a year of excellent work. Prof. J. M. McIndoo of Sedan, Minn., is principal and an excellent corps of teachers has been placed under him as follows: Miss Alice Crittenden, assistant principal; Miss Margaret Craven, grammar; Miss Jessie Holley, second intermediate; Miss Irma Martindale, first intermediate; Miss Idelle Taylor, third primary; Miss Grace Clark, second primary; Miss Esteline Martindale, first primary.

Letter List.

List of letters remaining uncalled for at the postoffice at Norfolk, Neb., September 15, 1903:

Lona Anderson, W. J. Dow, Mrs. Catherine Deem, John Dugan care of Pacific hotel, O. A. Elliott, P. J. Farmer (2), Michael Flahert, George Gilbert, Mrs. R. J. Jones, Mamie Leonard, W. J. Parke, Mary Scott, E. M. Searles Jr., Lee Vanoose, H. A. Watson.

If not called for in fifteen days will be sent to the dead letter office.

Parties calling for any of the above please say, "advertised."

John R. Hays, Postmaster.

A Cornfield.

Mabel Bradley Fuller writes ten eight-line verses on "A Cornfield," and each one of them begins, "Dost thou know what a cornfield is?" Sure! Does Mabel think we were all born in Canada? A cornfield is the nursery of May hopes and happy anticipations. It is the inverted cornucopia of June promises. In July it is a green, shimmering, illustration of what the Nebraska soil can produce, "if it only has a chance." In August, if the hot winds come, you couldn't find it in the shadow of thirty cents, and thirty verses of poetry wouldn't describe it. It makes us pray for rain and hot weather, which is bad for the pasture and late vegetables, in the fall.—York Republican.

Nothing so Wonderful in the Days of Specialism.

Dr. Caldwell.

The success of Dr. Caldwell is attributed to her special study of specialism. Dr. Caldwell, student, philanthropist and physician of wide reputation, having given her entire time and practice to a line of special diseases, which enables her from long experience in handling these troubles to certainly come forward as a master specialist. Her faculty for mastering disease, her ability to diagnose, and her plan of treatment is excelled by few other physicians. Dr. Caldwell, although a young woman in life, a plain woman, and one who is used to the ups and downs in life, puts herself on a level with her patients and does not pretend to practice the old plan of fashion, which is to look wise and say nothing. She knows disease, and the spot where located, and most of all she knows from experience, from what she has done in the past, she can certainly do for others in the future. It is said by Dr. Caldwell's friends that she can diagnose a disease of any patient without asking them a single question, that being the case, she is not likely to doctor them for a wrong ailment; she will not take an incurable case and lead the patient to believe that she can cure them when there is really no hope for them. Her business is large and she has plenty to do, even, at times, more than she can do, without taking incurable diseases and deceiving her patients. Dr. Caldwell is a graduate from one of the best schools in America. She has practiced her profession in some of the principal hospitals of this country. Her specialty comprises that class of diseases which the ordinary home doctor fails to cure, such as female diseases, heart diseases, diseases of children and the many special diseases of hidden nature. Her practice is mostly among the poor, hard working people who are unable to come to her city office for treatment; she is reasonable in her charges and very lenient with those who are not able to pay. She is charitable, and it is said has never known to refuse to treat a patient who is worthy and in need. A number of the important cases that we hereby take the liberty to publish, which might be of interest to some who wish to know more of Dr. Caldwell's great work:

Sophia Kran, Albion, Neb., cured of a bad skin disease.

Mrs. Lulu Townsley, David City, Neb., cured of female trouble and female weakness.

Mrs. C. W. Killian, Wakefield, Neb., cured of a tumor and liver and stomach troubles.

Mrs. E. A. Studer, Wayne, Neb., cured of female and nervous troubles.

Mrs. C. Linn, Hoskins, Neb., cured of ovarian trouble and bladder trouble.

F. J. Roh, Albia, Neb., cured of bronchial trouble, enlarged liver and dropsy.

Mrs. Minnie Rudat, Columbus, Neb., cured of skin disease and kidney trouble.

Mrs. W. D. Burr, David City, Neb., cured of skin disease, nervousness and loss of appetite.

Mrs. Chas. Miller, Wayne, Neb., cured of dropsy, kidney and liver troubles and nervousness. She had been troubled for years.

Mrs. C. W. Anderson, Norfolk, Neb., cured of general debility, enlarged liver and pain in the chest.

Mrs. John Bauman, Benton, Neb., cured of bladder trouble and constipation.

Mrs. S. P. Amick, Tekamah, Neb., cured of tumor, womb trouble, loss of appetite and constipation.
