

NO INQUEST WAS NEEDED

No Question as to Cause of Marshall's Death.

FUNERAL THIS AFTERNOON.

No Blame Attaches to the Railroad Company Whatsoever in the Matter of the Electrician's Disastrous Accident—Coroner Was Here.

No inquest was held over the remains of M. L. Marshall, the electrician who was so cruelly sliced to pieces by Northwestern trains during Monday night. Coroner D. B. McManis arrived in the city last night from Newman Grove and decided that there was no question as to the cause of the death.

Funeral of Martin Luther Marshall.

The funeral of the late M. L. Marshall, who suffered such a horrible death on the Northwestern tracks between here and Battle Creek Monday night, was held from the family residence, 297 South Ninth street, this afternoon at 3 o'clock, the remains being enclosed in a sealed casket. The funeral services were attended in a body of Norfolk tent No. 64, Knights of the Maccabees, of which the deceased was a member and the religious services were conducted by Rev. J. H. Clay, pastor of the Baptist church. After brief services at the house which were attended by a large number of relatives and friends, the funeral cortege proceeded to Prospect Hill cemetery where interment took place.

At the time of the accident Mr. Marshall was in good standing in the Maccabees lodge and his family will receive the \$1,000 called for by his beneficiary certificate to assist them over the rough place occasioned by the loss of their main support.

Mr. Marshall was a Nebraska boy, born near Omaha on March 31, 1872. He has been a resident of Norfolk since an early day, coming here with his parents, Mr. and Mrs. Pardon Marshall, when yet quite a small boy. On the 14th of September, seven years ago he was married, Elizabeth Davis was the maiden name of his bride, the wedding ceremony being performed at Madison. Two children were born to Mr. and Mrs. Marshall—Allen who was five years old in March, and Milton who will be three in November. Besides his family, he leaves his aged parents and five brothers and five sisters to mourn his untimely death. The brothers are: Gilbert Allen, John Wesley, George Washington, Ernest Pardon and Charles Edward. The sisters are Mrs. Harry Armstrong, Mrs. E. A. Hall, Misses Louisa, Emma and Grace Marshall. All members of the family except Mrs. Armstrong, who lives at Columbus, make their home in or near Norfolk, and this is the first time they have been called on to mourn the death of a member.

Mr. Marshall was a hard worker and performed his duties well and conscientiously. Mr. Bullock of the electric light plant, by whom he was employed, will find his place hard to fill. On the night preceding his death, they had talked together and planned the work for the entire week, emphasizing the fact that Mr. Marshall did his work in a manner that did not require constant supervision, and when he undertook a job his employer knew that it would be done with satisfaction to him and to the patrons of the company as nearly as possible.

He had numerous friends in and around Norfolk, who will sincerely sympathize with the family in their sore affliction.

Yates Scores Lynchers.

Carbondale, Ill., Sept. 24.—Fully 5,000 veterans and their friends heard Governor Yates speak on "Mobs" at Camp Logan at the reunion of the Southern Illinois Soldiers' and Sailors' association. Taking up mob rule, to which seven persons in Illinois owed death, he pointed out the baneful effect which such a record had on the people. Mob rule simply tore down the good influences that the human race had accomplished during the past. The evidence at the trial of the Danville rioters showed that five of the men bent on unlawfully executing a negro for the alleged purpose of protecting the sacredness of their homes were wife beaters. "As I love the memory of the past and revere the flag that you veterans preserved," said the governor, "I will keep my oath and put every bayonet and every rifle belonging to the state against the further use of lynch law and mob violence."

Work of Farmers' Congress.

Niagara Falls, N. Y., Sept. 24.—At the Farmers' National congress Dr. D. E. Salmon of Washington read a paper on infectious and contagious diseases of farm animals and their effect on American agriculture, taking the view that these diseases were well coped with by the authorities at present, and that while care was needed, Americans have little to fear from this source. The committee on resolutions killed in committee all resolutions of a radical nature and will allow only such resolutions as are of a conservative character to come before the congress.

Gusher Burns Three Men.

Monticello, Ky., Sept. 24.—Well No. 2 of the Kentucky Colonel Oil company gushed twenty feet high last night and the accumulation of gas caught fire from an engine boiler and burned three men, Thomas Marsh, driller, and A. B. Adams, bulider, were probably fatally burned and Marshall Marsh, driller, was seriously burned. The fire was extinguished by driving a packer in the well.

Mellen, Wis., Sept. 24.—Incendiaries started a fire which nearly wiped out the village of Morse, causing a loss of \$300,000, partly covered by insurance. The sawmill and store of T. R. Chase were destroyed, with 6,000,000 feet of lumber. The fire also burned several small buildings in the vicinity. The blaze is believed to be due to a former employe of the mill who was recently discharged.

McCormick Calls on President.

Oyster Bay, N. Y., Sept. 24.—Robert S. McCormick, ambassador of the United States to Russia, called upon President Roosevelt. He gave Kansas City a similar amount for their auditorium and that was at a time when he was pulling \$1,000,000 a year in traffic out of the city. His show movement will bring to the youngest Omaha railway an immense amount of business. The Union Stock Yards company has given the new Auditorium another \$1,000. It is safe to say that the new building will be ready for opening in a very short time.

BURGLARS AT BRUNSWICK.

Store of Cline & Fletcher is Broken Into.

TRAILING WITH BLOODHOUND.

Sheriff Frisbie in Pursuit—Polander Bound Over—Threatens Suicide. Juvenile Trainwreckers Let Out Temporarily—Neligh Notes.

Neligh, Neb., Sept. 23.—Special to The News: A telephone message received by Sheriff Frisbie this morning, states that the store of Cline & Fletcher, at Brunswick, was broken into by burglars last night and several hundred dollars worth of goods taken.

Mr. Frisbie immediately secured the Comstock hound from Oakdale, and is now making for the scene of the robbery, determined to trace down the thieves. This hound is the one which proved so successful in trailing the Polander, Kasienski, last week.

POLANDER THREATENS SUICIDE.

Was Bound Over in Sum of \$1,000, and is Still in Jail.

Neligh, Neb., Sept. 23.—Special to The News: Paul Kasienski, the Polander against whom the charge of statutory rape is placed, was arraigned before County Judge Finch yesterday afternoon, and bound over to district court in the sum of \$1,200. He was unable to furnish the same and was committed to jail.

During last night Kasienski became morose and threatened suicide. He is being watched closely, however, by Jallor Hoskinson and any attempt of this kind will be frustrated. This man was only captured through the untiring efforts of Sheriff Frisbie, who followed the fugitive day and night until he had secured him. The Polander escaped once while handcuffed.

Neligh Notes.

The four juvenile offenders who were brought up from Oakdale were heard in preliminary trial before Judge Finch yesterday, and were let out until October 5 upon their own recognizance, in the sum of \$200. The charge against them is quite serious as they were caught obstructing the railroad track between this city and Oakdale.

Miss Wille has acquired considerable of a reputation and has developed wonderful proficiency in this line during the past three years.

WILSON TELLS OF CROPS.

Says General Outlook for Farm Products is Most Favorable.

Washington, Sept. 24.—Secretary Wilson of the agricultural department returned to Washington from Ogden, Utah, where he delivered a speech before the irrigation congress. His journey both ways took him through the heart of the corn belt, and he said:

"The corn crop, owing to the peculiarity of the season, was late and light. Heavy floods destroyed it on bottom lands to a great extent. Continued rains throughout June and July saturated the level lands and retarded the growth of corn. The frost has injured in streaks. Through central Iowa perhaps one-quarter of the crop has been touched by the freeze, but what has not been affected by frost is ripening rapidly with this fine weather. Iowa, for instance, will not have as many bushels as last year, but will produce more No. 2 corn than last year. There will be plenty of corn in the country because feeding was very extensive last year, as the corn was of such a character that it had to be fed. Feeding last year was unprofitable. Very many feeders lost money, therefore they will feed less this year.

"As to wheat, threshing has been delayed by rainy weather. If the present good weather continues it will progress rapidly. In considering the wheat crop we must take account of all the wheat growing countries. We are getting into telegraphic relationship with most of the European countries so as to be able to estimate the world's crop more closely than has heretofore been done. Taking our farm products as a whole there is an abundance in the land."

Naphtha Works Ablaze.

St. Petersburg, Sept. 24.—A fire has broken out at the Ballebat naphtha works, belonging to the firm of Nobel, at Baku, and has already caused damage amounting to \$2,500,000. The works have been completely destroyed and the fire is still spreading.

BAIRD ACCUSES RICHARDS.

Man in Prison for Robbery Says It Was Planned by Deputy Marshal.

Indianola, Ia., Sept. 24.—A surprise was sprung at the trial of ex-Deputy United States Marshal W. A. Richards. Richards is accused of the robbery of Mr. and Mrs. P. Sullivan at Hamilton New Year's eve, for complicity in which crime Frank Baird is now serving a seventeen years' sentence. Two thousand dollars was secured by the three bandits. Baird went on the witness stand and testified that Richards planned the robbery in the presence of witnesses, summoned him by telegram on the day of the robbery and assisted him and Charles Redrup, a cook, in the crime.

CHICAGO COUPLE FOUND DEAD.

Man and Woman Shot, with No Overt Reason for the Deed.

Chicago, Sept. 24.—The dead bodies of Harriet Elizabeth Weber and Innocent Talamini, a marble cutter, were found on Lexington avenue. Both had been shot twice and while there are indications that the man shot the woman and then killed himself, there are other features to the case that make it somewhat mysterious. Arthur M. Taurie, with whom the dead woman had made her home, will be held by the police until after the inquest. There is no evidence crediting him with the shooting, but he is detained as a witness.

Man Hunt Quickly Ended.

North Vernon, Ind., Sept. 24.—William Wilkerson, a citizen of this place, while intoxicated drove his family from home. Marshal Schwake was appealed to, and upon entering the premises was warned by Wilkerson to proceed no further. The marshal paid no attention and was shot and instantly killed by Wilkerson. Wilkerson immediately started for the country, and many citizens joined in the chase. Half a mile from town Wilkerson was surrounded, but killed himself with the same gun with which he had shot Marshal Schwake.

Teamsters Abandon Arbitration.

Chicago, Sept. 24.—Settlement of labor difficulties by arbitration has been frowned upon by the teamsters' joint council, and as a result the Chicago board of arbitration, which has ended many disputes between employers and employes, will in all probability be disbanded. The joint council of teamsters has adopted a resolution removing its representatives from the board of arbitration and providing that in the future all questions affecting the welfare of the teamsters shall be referred to a temporary board of adjustment. Dissatisfaction with the findings of the board is the excuse given by the teamsters' joint council for their action.

Lake War is Spreading.

Cleveland, Sept. 24.—Developments in the trouble which threatens to bring the commerce of the great lakes to a stoppage give no indication of an early settlement. On the other hand, the difficulty for the first time took the form of the usual strike, a condition heretofore lacking, the men on the United States Steel corporation feet simply having left their boats on the plea that they were sick. The independent vessel men state that if they can not tow the vessels of the steel corporation they will tie up their own craft for the season and thus put an end practically to all lake commerce will be held today.

Great Northern Settles.

St. Paul, Sept. 24.—The controversy between the engineers and firemen and the Great Northern road was amicably settled. Each side made some concessions. The firemen have been granted a slight increase in wages, bringing their schedule to a parity with those of various other transcontinental lines. No increase is granted the engineers, but numerous minor changes were made in the working rules.

Grout for comptroller and Charles V. Fornes for president of the board of aldermen. The nomination of Mayor Low was voted unanimously.

Dog Held to Be a Chattel.

San Francisco, Sept. 23.—The United States court of appeals has been called on to decide whether a dog is a chattel and subject of larceny. P. C. Burkul, a resident of Rampart, Alaska, has appealed to the court from a decision of District Judge Wickersham of Alaska, who, in a lengthy opinion, sustained the action of an Alaskan justice of the peace, who committed Burkul to jail for the theft of a dog valued at \$74. Judge Wickersham says that while the word dog is not specified in the statutes relating to larceny, nevertheless it may be considered a chattel.

ALWAYS TIRED NEVER RESTED

To be tired out from hard work or bodily exercise is natural and rest is the remedy, but there is an exhaustion without physical exertion and a tired, never-rested feeling—a weariness without work that is unnatural and shows some serious disorder is threatening the health. One of the chief causes of that "Always-tired, never-rested condition" is impure blood and bad circulation. Unless the body is nourished with rich, pure blood there is lack of nervous force, the muscles become weak, the digestion impaired, and a general disorder occurs throughout the system. Debility, insomnia, nervousness, indigestion, dyspepsia, loss of appetite, strength and energy, and the hundreds of little ailments we often have are due directly to a bad condition of the blood and circulation, and the quickest way to get rid of them is by purifying and building up the blood, and for this purpose no remedy equals S. S. S., which contains the best ingredients for cleansing the blood and toning up the system. It is a vegetable blood purifier and tonic combined, that enriches the blood, and through it the entire system is nourished and refreshing sleep comes to the tired, never-rested, body.

For over four years I suffered with general debility, causing a thorough breaking down of my system. My cousin, who had been benefited by S. S. S., told me about it. I tried it and it cured me. I heartily recommend S. S. S. to all who may feel the need of a thoroughly good blood tonic. Yours truly, MRS. JOSIE A. BRITAIN. 44 W. Ninth St., Columbia, Tenn.

HOT ON BURGLARS' TRAIL.

Blood Hound Traces Brunswick Robbers Through Ewing.

FOLLOW FROM EWING TODAY.

Thieves Have a Lead of But Fifteen Miles and it is Believed They Will Soon be Captured—Took \$600 Worth of Goods.

Ewing, Neb., Sept. 24.—Special to The News: The Oakdale blood hound left Ewing this morning at 3 o'clock, hot on the trail of the burglars who robbed the store at Brunswick Tuesday night, following it in a southwesterly direction from here, and it is believed that the robbers are not more than fifteen miles in advance of the pursuing posse, headed by Sheriff Frisbie of Antelope county. The trail was followed to a point twenty-two miles west of Brunswick last night and there lost for a short time, but after retracing for a mile it was again picked up and led into this town and the man and dog left here at 6 o'clock, confident of success.

No one here saw the burglar outfit, but it is judged that they passed through the town about midnight and it is considered that they have not over fifteen miles start on the pursuing posse.

ESTIMATE THEIR LOSS.

Cline & Fletcher Place the Value of Goods Taken at \$600.

Brunswick, Neb., Sept. 24.—Special to The News: The Comstock blood hound that was put on the trail of the burglars who robbed the store of Cline & Fletcher here Tuesday night was on a hot scent last night at 8 o'clock, having followed the trail to a point sixteen miles west, and those who are following the dog are confident that before another day has gone they will have either the burglars or the goods, or both. Messages have been sent on ahead over the country informing officers of the burglary and instructing them to arrest suspicious characters, so that the chances of escape would appear slim. It was found that the thieves had carried the goods from the store a distance of about 200 feet where they were loaded into the wagon and the dog found it an easy matter to pick up a fresh scent and followed it rapidly and easily west.

At the time the burglary was discovered, a hasty investigation seemed to show that about \$400 worth of goods were taken, but a careful inventory has since been made and the proprietors now estimate their loss at \$600, mostly in valuable dress fabrics.
