His father is a well known and well to do citizen of Wisner and he and other members of the family are overcome with grief.

Funeral arrangements had not yet been made at this report.

This is the third death in Wisner during the past twenty-four hours. Mr. Kemper died Wednesday night as did also the infant daughter of Mr. and Mrs. August Piere.

London, Oct. 2.—The Hong Kong correspondent of the Daily Mail learns that 10,000 Chinese laborers are building barracks at Port Arthur for 50,000 additional Russian troops, and that feverish haste is being displayed in railway construction. The Daily Mail considers the dispatch of Japanese troops to Korea a grave move on the part of Japan. The troops are intended to guard her telegraph lines, but it means the occupation of Korea, which Japan will probably refuse to evacuate until Russia evacuates Manchuria. This, adds, the newspaper, means a permanent occupation as it is not expected that Russia will leave Manchuria. Whether the step will lead to war depends largely on whether Russia acquiesces or not in Japan's move.
