

BARNES ELECTED BY 10,000

Only a Question of the Majority he Will Get.

SLIGHT MAJORITY IN DOUGLAS.

World-Herald Concedes the Election of Barnes to Supreme Bench by Possibly 8,000 — Douglas County May Give Him Lead of 1,000.

Omaha, Nov. 4, 4 p. m.—Special to The News: Less than half of the precincts of Nebraska have thus far reported but at the present rate Judge Barnes is elected by about 10,000 votes. The republican regents for the university are elected by good majorities.

Douglas county elects the entire republican ticket with the exception of the sheriff, county clerk and district clerk.

Populists Concede Election. Lincoln, Nov. 4, 1:20 p. m.—To The News, Norfolk: Chairman Weaver of the populist state committee concedes Barnes' election by from 5,000 to 8,000. We think from 8,000 to 10,000. H. C. Lindsay.

Morning Returns. Omaha, Nov. 4.—Special to The News: At 11 o'clock this morning the majority of Judge Barnes in Douglas county is placed at from a few to 1,000. He will not run higher than 1,000 but he has a majority here without a doubt, according to figures received at this hour by the Bee. The World-Herald now concedes Barnes' election by possibly 8,000. There is no question as to his election and the only uncertainty is as to the majority which will be rolled up.

Lincoln, Nov. 4.—Special to The News: At 12 o'clock, noon, today, the majority for Barnes is estimated at 10,000. Douglas county breaks even as nearly as can be learned.

Wayne. Wayne, Neb., Nov. 4.—Special to The News: Barnes has a slight lead. Boyd has a good majority. The ticket is otherwise democratic by about 100.

RETURNS FROM THE PRECINCT.

Republicans Get But One of the Four Precinct Offices, and that is Hayes for Justice.

Complete unofficial returns on the precinct ticket show that the fusionists have elected three out of the four precinct officers, the one exception in favor of the republicans being S. W. Hayes for justice of the peace. The returns are as follows:

For Justices of the Peace. S. W. Hayes, republican—1st ward, 73; 2nd, 116; 3d, 206; 4th, 36; outside, 92.—Total, 513.

J. A. Trulock, republican—1st, 57; 2nd, 78; 3d, 119; 4th, 30; outside, 87.—Total, 371.

MASSACHUSETTS.

Republicans Elect Entire State Ticket —Large Vote for Off Year.

Boston, Nov. 4.—Although somewhat pushed by the exertions of their opponents, the Republicans re-elected Governor John L. Bates by practically the same plurality as last year. The rest of the state ticket was also elected and the party probably will have the usual proportion of two to one in the legislature of 1904. The weather was fine and the vote remarkably large for an off year.

The early returns showed that Governor Bates had made slight gains in some towns and cities, but this was overcome by the Democrats, who rolled up a big vote in Boston for Colonel William A. Gaston, the Democratic candidate for governor. The hard work of the managers in this city resulted in Colonel Gaston's plurality of 12,000 last year being increased to nearly 20,000 this year. In addition to electing their state ticket and holding the legislature, the Republicans were also successful in retaining control of the governor's council, which will be composed of five Republicans and one Democrat.

The Socialist vote, from early returns, showed a falling off from last year and that party also lost a representative from one of the Plymouth county districts, so that the party will have but two members in the coming legislature.

The prohibition and the Socialist-Labor vote averaged about the same as in previous years.

With returns complete from every town and city in the state, the total vote for governor was: Bates (Rep.) 199,393; Gaston (Dem.) 163,544.

New Jersey. Trenton, N. J., Nov. 4.—The Republicans in New Jersey elected four of the six state senators and enough of the assembly to claim both houses. The entire Democratic assembly ticket was elected in Union county, which is a defeat for United States Senator Keen. The Republican nominees who were favorable to his return to the senate were openly opposed at the polls by the anti-Keen faction in that county.

The next election will stand fourteen Republicans and seven Democrats. In the house at least thirty-three of the sixty members will be Republicans. The important elections in the state outside of the legislative contests were the mayoralty fights in Jersey City and Trenton. Mayor Fagan (Rep.) was re-elected in Jersey City by 1,000 majority. In Trenton Mayor Katzenbach (Dem.) was re-elected by 475 majority.

Revised returns from Monmouth county show the election of three Democratic members of the assembly there. The new house of assembly will consist of thirty-eight Republicans and twenty-four Democrats.

BOYD RE-ELECTED BY 1,600

Gets Handsome Majority in the District.

HAS 800 FROM ANTELOPE ALONE.

Pierce County, the Home of Judge Douglas Cones, is the Only One in Which Boyd Does Not Lead—Even Wayne is Strongly for Him.

Judge J. F. Boyd is re-elected for the bench in the Ninth judicial district by a majority of about 1700. Returns show that his majority in Antelope county is 800; Madison county, 525; Wayne county, 100; Knox county, 400. Cones gets a majority in his own county, Pierce, of about 125, thus giving Judge Boyd about 1700 lead.

The returns are practically complete on this ticket. Judge Boyd carried the five counties stronger, as a whole, than any other. Judge Barnes has a slight lead in Wayne, but the majority for Boyd is better. Wayne county itself on the county ticket went democratic by about 100.

The vote on district judge in Knox county was stronger than on the head of the ticket. There were 1,382 votes cast for Boyd, 992 for Cones. There were 1,227 for Barnes and 914 for Sullivan. The county ticket here also is republican.

Handsomeness Majority in Antelope. Antelope county, the home of Judge Boyd, gives him a handsome majority of 800. The normal republican majority is 50. Judge Barnes carries this county by about 300. The republican ticket was elected with the exception of the clerk of the district court, Rice, and the surveyor.

Madison county did well by Judge Boyd. His majority runs pretty well with the head of the ticket which is quite a remarkable record when it is considered that Judge Barnes is from Norfolk. Madison county gives Boyd about 300 majority.

Pierce county is the only one in which, regardless of other candidates, Judge Boyd does not receive a majority. This is the home of Judge Douglas Cones and to him his neighbors gave a complimentary majority of about 125. Three more precincts are to be heard from at this hour.

Late Election Returns.

Baltimore, Nov. 4.—Special to The News: The democratic candidate for governor is elected, and there will be a democratic legislature, insuring Gorman's election to the senate.

New York, Nov. 4.—Special to The News: McClelland's majority for mayor over Low will probably be about 70,000.

Cleveland, Nov. 4.—Special to The News: Herick carries Ohio over Johnson, by a plurality of about 125,000. The legislature will be republican by a majority of ninety members, insuring the re-election of Hanna.

Des Moines, Nov. 4.—Special to The News: Cummins' majority will be about 50,000 for governor of Iowa.

Lexington, Ky., Nov. 4.—Special to The News: Beckham's majority for governor of Kentucky will be about 15,000.

KENTUCKY.

Republicans Concede the Election of Governor Beckham.

Louisville, Ky., Nov. 4.—With the close of an election characterized by an unusually heavy vote, numerous disorders and evidences of many gross irregularities, the re-election of Governor Beckham (Dem.) over Colonel Morris B. Becknap (Rep.) by a majority of fully 15,000 seems assured. The Republicans concede the election of Governor Beckham.

The day in Louisville was an exciting one and the election was bitterly fought. The Republican managers claim they have proofs that in thirty-two precincts in this city the polling places in Republican precincts were either kept closed all or a part of the time or removed to obscure places. They also charge ballot box stuffing, the forcible election of Republican officials and the intimidation of negro voters. These conditions led to many fights, the most serious of which occurred between Tom Kiley, a Democratic election officer, and Jacob Krieger, a Republican officer. The men used pistols and Kiley was seriously wounded.

At Danville, Ky., Fountain Hasby's skull was crushed during an election row. At Troy, Philip Reilly was shot by a deputy sheriff for venturing too near the polls. At Lawrenceburg Constable James Edwards was fatally cut by Oliver Carey during a fight in an election booth.

Rhode Island is Close.

Providence, R. I., Nov. 4.—The returns indicate the re-election of Governor Garvin (Dem.) by a greatly reduced plurality. The vote is very close, however, and the result probably will be in doubt until the last district is heard from. The Republican state central committee claimed that later returns would overcome Garvin's lead over Colonel Colt (Rep.). In Providence, Mayor Miller (Dem.) was re-elected. Owing to the isolated situation of many towns complete returns have not been received.

Democrats Sweep Virginia.

Richmond, Va., Nov. 4.—The elections in Virginia for assembly have resulted in a Democratic sweep of the state. There were few contests, the fields, as a rule, being left open

to the Democrats. Surprises, however, appear in the defeat of the Democratic nominees in Botetourt and Frederickburg. The vote generally was light, being in Richmond City, for example, only about 25 per cent of the registration.

Salt Lake Elects Democrat.

Salt Lake Utah, Nov. 4.—Complete returns give Morris (Dem.) 1,500 majority over Knox (Rep.). The Democrats also elect thirteen of the fifteen councilmen. Eight are Mormons.

RESULT IN IOWA.

Republican State Ticket is Elected by 56,000 Majority.

Des Moines, Ia., Nov. 4.—Returns indicate the re-election of Governor Cummins by a plurality of 56,000 and of his associates on the Republican ticket by substantially the same pluralities. At Democratic headquarters so large a plurality is not admitted. The legislature returns, although not complete, indicate material Democratic gains over two years ago when the house contained eighty-two Republicans and eighteen Democrats, and the senate forty Republicans and ten Democrats, but the Republicans will have a good working majority in both houses.

Thomas Stapleton was elected senator by Democrats in the Iowa-Johnson district. In the Bremer-Butler senatorial districts the Democrats elected John Wade over E. W. Seese. In Hardin county there was factional fighting, William Welton, bolted Republican, was elected over Mark Purmy, regular nominee. In the Winnesho-Worth district Oleson was elected over Miller in the same way. In Otter county George Whitmer was elected over Donahue. In Cass county the Democrats elected Delano over Pippert.

The following statements were made:

Governor Cummins—"I had estimated I would receive a plurality of 60,000 and did not see how I could get above that. However, if the present rate is kept up I will go higher."

Chairman Spence of the Republican Committee—"The returns are coming in slowly and it is impossible to estimate the character of the legislature at this time. I had expected a plurality of 50,000 for Cummins, but the indications point to at least 60,000."

Chairman Jackson of the Democratic Committee—"I still hold that Cummins' plurality will not be over 30,000. We win several members of the legislature."

J. B. Sullivan, Democratic candidate for governor, at his home in Creston, without giving figures, expressed a belief the Democrats had made a material gain over two years ago, when Cummins was elected by 83,000, and expressed satisfaction with the outcome of the campaign.

Sullivan carried Des Moines county by about 200 plurality. Two years ago Cummins carried the county by fourteen plurality.

Marshall county gives Cummins, for governor, a plurality of 1,500, about the same as that of two years ago.

Returns from 156 precincts in Scott county, show that the Democrats carried the county by 500 plurality, against 182 Democratic plurality last fall.

Returns from all but Benton township give Cummins about sixty plurality in Des Moines, or a gain of forty-six over two years ago.

The entire Republican ticket in Wapello county was elected by 600 majority.

Ten out of twenty precincts in Mahaska county give Cummins 1,520, Sullivan 1,996. In 1901 same gave a Republican majority of 450. The estimated Republican majority in the county is 700.

Creston complete gives Cummins 774. Sullivan 714, a net Democratic gain of 175 over last year. Creston is Mr. Sullivan's home city.

Sioux City gave Cummins, for governor 2,800. Sullivan 1,443.

Six precincts in Keokuk city, complete, give Cummins 1,499, Sullivan 1,393. Twenty-eight precincts of Lee county, complete, give Cummins 3,582, Sullivan 3,557.

DEATH IN PLACE OF WEDDING.

Newspaper Man Kills Himself on the Day Set for Marriage.

Philadelphia, Nov. 5.—"Tell Lillie she will find my dead body in the bath room and notify Worthington that he need not send the cab, as there will be no wedding tonight." Having written the above on a piece of paper and placed it under the front door of his newly furnished house, William Warren, aged forty-five years, a newspaper man of Chester, went to the bath room and blew out his brains with a revolver. Warren was to have been married to Miss Lillian Robertson of this city.

ONLY FIFTY DOLLARS IN BANK.

Receiver of Defunct Institution Finds that Funds Have Been Taken.

Oklahoma City, Okla., Nov. 5.—Upon opening the safe of the bank of the Chickasaw nation at Tahlequah, which closed its doors last week, Receiver Foster found but \$50, which was in silver. It is alleged that the president, Kirby Purdon, who disappeared at the time of the failure, took the funds with him. The bank was the official depository of the Chickasaw nation and had a capital stock of \$50,000, with large private deposits.

Earth Shakes in St. Louis.

St. Louis, Nov. 5.—This city and vicinity experienced a decided earthquake shock, or series of shocks. There is a difference of opinion as to how many. A telephone message from Louisiana, Mo., says that a perceptible shock was felt there about the same time.

VOTE IN MADISON COUNTY.

County Officers are Nearly All Republican.

THREE FUSIONISTS ELECTED.

The County Gives Barnes and Boyd Handsome Majorities—The Majorities on County Offices Will Range From Thirty to Six Hundred.

The weather was decidedly disagreeable on election day throughout Madison county. The showers fell at intervals, and the sun peeped through only slightly at rare occasions. Fog and mists were in evidence most of the day, and the air was quite chilly, though not as much so as is customary on election day in this latitude. The moisture that fell and that has been falling for several days made a sticky surface of mud, which, under the feet of voters, candidates, party workers, and ordinary every day pedestrians, stretched its slimy length along the walks, and invaded the polling booths. If the weather clerk had made an extra offer to produce a nasty day in which to test the determination of the voters to register a choice he could hardly have drawn out a worse one in every particular.

It would naturally have been supposed that the vote, under such conditions, would have been exceedingly light. Combined with the fact that it was what is known in political parlance as an "off year," that is that there was no national election, or other important matters before the people calculated to draw out a full vote, was this disagreeable nastiness that had been provided by the weather department. But the vote was good, undoubtedly one of the largest that has ever been cast in the county outside of presidential election years.

The farmers were unable to work in the fields and they turned out to the voting places in force, and, as was anticipated by the republicans but denied by the fusionists, they voted the republican ticket, very generally, going toward increasing the republican majority.

The total vote polled in the county was about 3,200, an increase over the vote of last year of something like 400 votes, the total vote of last year being 2,800, when an entire state ticket was in the field, including candidates for governor.

The vote has been very strongly republican, and yet it appears that no less than three of the county fusion candidates have been able to crawl out from under the wreck. These are Winter for county clerk, Bates for county judge and probably Crum for county superintendent. The county went strongly for Barnes, and for Boyd and gave the balance of the county ticket a good strong vote.

Barnes has carried the county by a majority of about 400. Boyd has carried the county by a majority of something less, the estimate being 350, over Cones, fusion nominee for district judge.

Schavland's majority is 205. Smith was elected commissioner by a majority of about 305 with two precincts not reported. Kindred and Salter are running close on coroner, the former's majority being estimated at anywhere from twelve to fifty. Rynearson's majority over Preece is about 100.

Field's majority is about 367. Crum is probably elected over Dowling for superintendent by about 99. Clements for sheriff has one of the big majorities on the ticket over Lossy and will win by between 500 and 500. Bates is elected judge over Elsieley by about 340. Winter, for county clerk, is elected over Curtis by about 372.

PIERCE COUNTY IS REPUBLICAN.

Returns Show a Landslide From the Fusionists—More Republicans Elected than Ever Before.

Pierce, Neb., Nov. 4.—Special to The News: The returns indicate that Pierce county has turned almost a complete somersault, and the fusion majority is practically wiped out. For the first time since the county has been organized there will be a republican county clerk.

The county gave Cones a handsome complimentary vote, and the fusion candidates for sheriff, county superintendent and assessor, were about the only consolation the fusionists have.

The majority of Barnes for supreme judge was 27; Cones was honored by his home people with a majority of 94 for district judge.

The majority for N. M. Nelson, republican, for county treasurer was 241; W. G. Hrons, republican, for county clerk, was elected by a majority of about 46; B. M. Jones, fusion, for sheriff, got it by 187; J. A. Williams, republican, for county judge, won out with 232; Frank Pilger, fusion, for superintendent, had a close race but won with 45; W. B. Chilvers, republican, was elected clerk of the district court by 132; Frank Strelow, fusionist, was chosen county assessor by the narrow margin of 49.

TWO ARMENIANS ASSASSINATED.

Slayer Commits Suicide When His Escape is Cut Off.

London, Nov. 5.—The dramatic murder of Sargant, president of the Armenian revolutionary society in London on the night of Oct. 24 has been followed by the assassination of two more delegates to the Armenian convention here. The suicide of the assassin, though he has not yet been identified, gives good reason to believe that he also was the slayer of Sargant. The murders were carried out in the most daring manner, more so than was the murder of Sargant. They took place close to the Armenian headquarters at Peckham Rye. The two victims were shot down from a blind at close range. The murderer fired twice at a third member of the group, but missed him, and then attempted to flee. Seeing that his escape was cut off, he drew another revolver and shot himself with his left hand. It is considered a significant fact that the assassin of Sargant was also left-handed.

The names of the murdered Armenians were Agram Gevorian and Agram Znelian.

It is alleged that a letter found on the Armenian murderer a body identifies him under the name of Georgi Yanov.

Czar and Emperor at Wiesbaden.

Berlin, Nov. 5.—The court train bearing the czar, Prince Henry of Prussia, Count Lamdorff and the czar's suite, arrived at Wiesbaden from Darmstadt. Emperor William drove up wearing a Russian uniform and moved to the front of the Prussian regiment guarding the depot. Near the car containing the czar a stair was placed and the Russian ruler descended to an improvised tent, where the emperor and his suite were in waiting. The czar and emperor kissed each other affectionately three times. The czar then gave his hand to Count von Bulow, and the Kaiser did the same to Count Lamdorff. Then the regiment defiled, the band playing the Russian national anthem. As the royal guests left the depot they were cheered by the crowd. The way to the castle was lined by numerous regiments, whose bands played the Russian national hymn.

Wants Pardon that He Might Murder.

Des Moines, Nov. 5.—Governor Cummins has been made acquainted with the fact that Al McKinney, now serving time in the penitentiary for having shot at Rev. P. C. Lomack, is seeking a pardon for the purpose of getting out to kill Mr. Lomack. McKinney was sentenced for three years because he shot the preacher while the latter was walking with a woman whom he afterward married. Now Mrs. Lomack has secured a divorce and McKinney wrote to her seeking her assistance in securing a pardon. McKinney vowed that if he secured pardon he would first kill Lomack, then marry his divorced wife. She did not like this program and told the governor what she had learned. All parties are colored.

Iowa Insurance Men Combine.

Des Moines, Nov. 5.—The Iowa fire insurance men held a meeting here, with nearly 200 present, and proceeded to form a state association or combine. This would have been done long ago but for the existence of a strong anti-compact law which has recently been declared of no force in this state by Judge McPherson. Now they feel free to organize and agree on matters relating to their business. It is reported that all the large cities have been organized since the defeat of the anti-compact law. The organization will have general charge of the business of the state.

Report of Commissioner of Education.

Washington, Nov. 5.—The report of the commissioner of education for the last fiscal year places the total number of pupils enrolled in the common schools during the year at 15,925,887, or over 20 per cent of the entire population. The average daily attendance for 1902 was 10,999,273, being 69 per cent of the total number enrolled. This is the largest average attendance to the number enrolled ever reported in the United States.

Boy is Accidentally Shot.

Benkleman, Neb., Nov. 5.—A seven-year-old nephew of A. Lawman was accidentally shot and killed by one of the Lawman children. Mr. Lawman had been butchering hogs and had laid the gun aside and thought nothing more about it until the report of the discharge was heard and the lad was found dead a few moments afterwards with his face and hands badly mutilated.

Two Killed in Kentucky Fight.

Jackson Ky., Nov. 5.—Two men are dead as the result of a fight at Middle Fork. Jacob Spencer called Curtis Gross out of his house and shot him dead without a word. Samuel Gross, son of Curtis Gross, sprang out and stabbed Spencer to death, the knife puncturing his heart. The cause was an old grudge.

Volcano of Malaspina Active.

Manila, Nov. 5.—The volcano of Malaspina in Negros is in a state of violent eruption. Malaspina is the loftiest summit of the central mountain chain of the island of Negros, being 8,192 feet high. It has never been entirely quiescent.

Freight Train Derailed by Cow.

Davenport, Ia., Nov. 5.—A Chicago, Rock Island and Pacific freight train ran into a cow near Dixon, Ia., and the engine and seven cars rolled down a fifteen-foot embankment. Benjamin Sywillia of Cedar Rapids was killed and Engineer Byer's leg was broken.
