

MAN KILLED AT MADISON.

Oscar Mansfield Met Death Under the Wheels.

HE WALKED OFF A MOVING CAR.

Cars Passed Over Him and His Right Arm Was Cut Off, Skull Fractured and Otherwise Injured—Coroner's Inquest this Afternoon.

Madison, Neb., Nov. 12.—Special to The News: Oscar Mansfield, brakeman on the Union Pacific, was killed here at 12:30 this morning by falling from his train and being run over by the cars. He was working on the extra freight which left Norfolk shortly after 11 o'clock last night for Columbus. He was an extra man from the main line, was about 22 years old and was a brother of the switchman at Columbus, J. A. Mansfield.

The extra was picking up six loads of grain from the side track at this station and the engine had pulled them out and had thrown them down the main line to the train. Mansfield was on top of the cars riding them in. He got on the third car from the end and was going to the end car. He set the brakes as he went, so that the cars would not hit the train too hard, and evidently when he reached the last car he was under the impression that there was another car ahead of him and he walked off, falling to the track below. The cars passed over his body, and when found he was dead, his right arm had been cut off, his skull fractured and he was badly crushed about the chest. He fell just before the six cars struck the balance of the train, and they were coming with such force that one of the cars was derailed when they struck.

The coroner has been notified of the accident and he will be here to hold an inquest at 1 o'clock this afternoon.

ENTIRE BLOCK IS DESTROYED.

Business District of Albia, Iowa, Consumed by Fire at an Early Hour This Morning.

Albia, Iowa, Nov. 12.—Special to The News: At an early hour this morning fire destroyed an entire block, in which were located the best business houses of the city. The loss is estimated at \$300,000.

ARE COMING TO NEBRASKA.

Colorado Miners, Thrown Out by the Strike, Seeking Employment on Railroads of This State.

Lincoln, Nov. 12.—Special to The News: Many Colorado miners who are out of employment because of the strike which prevails all over that state, are coming into Nebraska. Many of them are seeking work on the railroads.

SPLINTER PUNCTURED HIS EYE.

Little Son of W. E. Laump Meets With a Distressing Accident, Probably Costing the Sight of an Eye.

Oakdale, Nov. 12.—Special to The News: An accident occurred here last evening which will probably cause the five-year-old son of W. E. Laump to lose an eye. Mr. Laump was splitting kindling wood and the little boy was standing by watching him. Suddenly a splinter flew from beneath the axe and struck the boy squarely in the eye. A physician was immediately summoned but he could give no encouragement that the sight of the eye could be saved. The splinter appeared to have penetrated the eye ball. The little fellow suffers a great deal of pain but is bearing up bravely under his affliction.

ANOTHER LAND PROPOSITION.

Congressman Burke Would Pay the Indians a Lump Sum for the Rosebud Agency.

Washington, Nov. 12.—Representative Burke held a long conference yesterday afternoon with Indian Commissioner Jones, relative to the bill looking for the opening of 50,000 acres of land in Gregory county, South Dakota. Mr. Burke proposed that the government pay the Indians a lump sum for their lands, based upon \$2.50 per acre. Commissioner Jones believes that the Indians should receive \$5 per acre.

THE LIMIT OF THE LAW.

Unusual Jail Sentence Upon a Lynch Young Man.

Lynch, Neb., Nov. 12.—From a Staff Correspondent: Something which approaches the limit of the law so far as county jail sentence under the statutes of Nebraska is concerned, was dealt out here yesterday afternoon when Ed Cowell, a young man, was tried before a jury, was found guilty of assault upon an old man, and was given eighty-nine days in the county jail for the offense by Justice Sanders.

Cowell, it seems, beat Mr. Thurman, a man seventy-five years old, pretty badly up, on November 5. Per-

sonal trouble between them brought it. Cowell will appeal the case.

Levi Wells was also up for assault and Job Wells for destroying timber. The jury was out for several hours. The artesian well which was struck here a short time ago is gushing forth a magnificent stream of warm water. Electric lights will be run by its force in three towns. The temperature of the water remains steadily at 76 degrees.

The sky was darkened during the afternoon by a prairie fire which burned on the other side of the Niobrara river. Lynch is exceptionally prosperous this season and is enjoying good growth. The people are happy over prospects for the new rural route. The stores here are all substantial and well stocked.

WAYWARD FOR SOME YEARS.

Story of Frank Schukuy's Arrest From His Home Town.

Marshal Fred Mack received word from Norfolk Sunday that Frank Schukuy was wanted there by some parties on a warrant charging him with theft. Sunday evening about 5 o'clock Mack located his man and placed him in the city jail for safe keeping and notified the authorities at Norfolk to that effect and on Monday Constable J. H. Conley arrived and took the accused to Norfolk. The story as told by Conley is to the effect that Schukuy, who is only 19 years old, together with a companion of Norfolk were caught stealing various small articles around town and a warrant was placed in his hands for their arrest. Schukuy's companion was caught by the officers in Norfolk the same day but Frank made his escape to Newman Grove. He was closely followed by Conley for several miles but Schukuy's horse proved the speediest and most endurable animal. The accused is a son of August Schukuy, who is well known here as an honest and hard working farmer, and he was in town at the time of his son's arrest. The boy has been a wayward son for a number of years and it became necessary some three years ago for the father to expell him from home and give him his time. How bad Frank was is not really known by us and we never heard of him stealing or getting into trouble before.—Newman Grove Reporter.

INTERESTING EXPERIENCE.

Neligh Man Returns From Extreme Northern Canada.

Merritt Cary returned Tuesday of last week from his summer's trip through the McKenzie river basin and other portions of extreme northern Canada. On his return he spent a couple of weeks in the western portion of the Black Hills. His experiences have been many and varied among the Indian tribes of a region rarely penetrated by a white man. Especially interesting is the large amount of data gathered in regard to the working of the Hudson Bay company, the largest commercial corporation in the world and under whose auspices he traveled. It seems that the modern spirit of commercialism has taken a strong hold upon the Northwest territories within the past few years, and with the building of the two transcontinental lines of railway now projected, the Canadian Northern and Grand Trunk Pacific, the southern portion of the region, at least, will gradually emerge from the ancient regime of the "Company" and assume modern conditions. Merritt leaves for Washington, D. C., Friday to resume his duties in the department of agriculture.—Neligh Yeoman.

Mrs. J. H. Baker.

Died, on Tuesday morning, November 3, 1903, Mrs. J. H. Baker, aged 55 days, two months and five days. The funeral services were held in the M. E. church Thursday afternoon, Rev. J. J. Klopp preaching the funeral sermon. After the services in the church the remains were laid to rest in the I. O. O. F. cemetery, northeast of town. Sarah Elston was born in Bartholomew county, Indiana, August 28, 1848, was married to J. H. Baker in Stark county, Indiana, May 7, 1868. Eight children were born to Mr. and Mrs. Baker, six are living and two dead. The family came to Burt county in September, 1883, and lived there ten years. In 1893 they came to this county and settled in Hoosier Hollow, where they lived until January, 1902, when they moved to Stanton. The deceased was a member of the Christian church and a noble christian lady. For several years she has been ailing and death was caused by a complication of diseases that baffled the skill of physicians. To the bereaved husband and children we extend our heartfelt sympathies. They have lost the dearest friend on earth, one that cannot be replaced. In the glorious eternity they may meet her again and the reunion will be as joyful as the parting was painful.—Stanton Register.

A Most Brilliant Wedding can never be held without the most superior sort of stationery. Engraved invitations, announcement cards, "at home" cards and all of the other features which make a wedding, the time of a girl's life which she remembers longest, just exactly right. The News takes pride in the work which it turns out and those who need anything in the way of very high grade work will do well to write for samples.

MILLARD'S MINE BURNING.

Nebraska Senator's Property Now in Flames.

EIGHT BODIES ARE RECOVERED.

There are Others Within the Flaming Mine—At 4:30 O'Clock Friday Afternoon the Charred Remains of Eight Had Been Carried Out.

Virginia City, Mont., Nov. 6, 4:30 p. m.—Special to The News: The Keams mine here, owned by Senator Millard of Nebraska, is burning. Eight bodies have been removed so far. Others are within the flaming mine.

TRAIN CREW BLOCKS STREET.

Conductor in Fremont is Arrested for Switching Carelessly.

Fremont, Neb., Nov. 11.—The frequent violation of the city ordinance which prohibits the blocking of streets by standing freight trains led to the arrest of a Union Pacific conductor at 5 o'clock yesterday afternoon. Officer Martin caused the conductor to accompany him to the police station where a conference was held with Chief Daugherty. In consideration of a promise to be more observant of the ordinance in future, the conductor was released without complaint being drawn up against him. He returned to his train and went out with it.

BOY KILLED BY HIS BROTHER.

Two North Platte Boys Were Playing With a Rifle and Its Accidental Discharge Kills One.

North Platte, Nov. 11.—A little boy named Oberst was killed by his brother here this morning. The boys were playing with a 22-calibre rifle, when it was accidentally discharged in the hands of one brother, killing the other instantly.

MAY NOT PLAY KANSAS GAME.

Unless Bender and Wilson are Allowed to Play, Game Will be Called Off.

Lincoln, Nov. 11.—Bender and Wilson, members of the Nebraska football team, have been protested by Kansas for the game Saturday on the ground of professionalism. Kansas gathered evidence that the men received salaries last summer as members of the baseball team, hence under the Chicago conference rules they are ineligible on college football teams. The protest may result in calling off Saturday's game.

The controversy over Bender and Wilson is nothing new and has been the subject of correspondence between the two universities. Last week Chairman Condra of the football committee received a letter from the Kansas athletic board asking about the eligibility of the two men. Professor Condra wrote back Saturday that he had personally investigated their conditions and found that they were in a position to play, that they had played against the conference teams this year without protest and insisting that they play Saturday. There is no willingness on the part of the Nebraska managers to "back down" and Chairman Condra said this afternoon that unless Captain Bender and Wilson are permitted to play, that the game will be declared off.

The irony of comparative football scores is well illustrated by the result of the Chicago-Haskell Indian and the Nebraska-Knox games. Nebraskans are greatly pleased over the showing made by the redskins on the home grounds of Stag's men, when in the second half, they outplayed the maroons. The score of 17 to 11 seems to represent the relative strength of the two teams, and in this case the victory of Nebraska over Haskell, 16 to 0, means a good deal for the Cornhuskers.

Taking into consideration this fact, Nebraska has a better team than Wisconsin, for Chicago defeated the Madison team. But considering that Wisconsin defeated Knox by a larger score than did Nebraska, the Cornhuskers are inferior to Wisconsin. Comparative scores do not count for much, but Nebraska supporters take courage in the fact that Haskell gave the Chicago men a hard rub; and also that Indiana defeated Illinois 17 to 0. Iowa now has an idea that it can defeat Illinois and in case it does, Nebraska certainly has a cinch to finish the season without a single defeat.

Berg's Sweet Laxative Chips have no equal for biliousness or constipation. They do not gripe but move the bowels gently and easily, cleansing the liver and the effect gives strength to the glands, preventing a return of the disorder. Price 10 and 25 cents. Kiebau Drug Co.

Write This Down

in the book of memory: there is no such thing as a harmless cough. Every cough is a warning of a confidence that goes from bad to worse unless it is remedied right away. Opium-laden medicine is a delusion. Allen's Lung Balm cures the worst of colds. It clears the bronchial passages, so that the lungs get plenty of air. Why not get a bottle today?

JUST WHAT YOU NEED.

Chamberlain's Stomach and Liver Tablets.

When you feel dull after eating. When you have no appetite. When you have a bad taste in the mouth. When your liver is torpid. When your bowels are constipated. When you have a headache. When you feel bilious. They will improve your appetite, cleanse and invigorate your stomach, and regulate your liver and bowels. Price 25c per box. For sale by Kiebau Drug Co.

Driving Out the Enemy.

These are the days of colds, sharp and sudden, attacking throat and lungs, and leading to consequences one does not like to think about. Avoid further exposure and fight the enemy of health and comfort with Perry Davis' Painkiller the family stand-by for sixty years. It conquers a cold in a day. See that you get the right article. There is but one Painkiller, Perry Davis'.

SPECIALIST OF REPUTATION.

Years of Special Practice Affording Excellent Opportunities.

FACTS WORTH MENTIONING

By Dr. Caldwell. Several years ago, while in private practice, I thought it wrong to advertise, simply because I had been told so and had not had experience enough to know better. After a while I discovered a valuable plan of treatment in certain cases, and fortunately obtained a large number of patients, enough to fully test my plan and prove its success. I thereupon prepared a lengthy paper upon the subject and read it before the state medical society. What was the result? A half a dozen members took the floor to say what the treatment had been for a hundred years back, and to claim that the old treatment, though unsuccessful, should be continued, notwithstanding that the new treatment had been successful. I thought differently and continued to use the new method, and made remarkable cures of cases that had been pronounced incurable. My business increased rapidly as each person that I cured told some friend, who came in turn and was cured. Each patient advertised me a little. What then? In that large city there were not more than 400 cases of the kind. I cured every case that came to me and then had nothing to do except the ordinary business of a local physician. I knew there were hundreds and thousands of others elsewhere, who might be cured if they only knew; and I advertised. Cured hundreds of others and I have advertised ever since. I have relieved more suffering, cured more patients, made more people happy, and done more good generally because I have told the people what I can do, and I shall go on with the good work as long as my strength will permit.

I advertise because I have something worth advertising. I have made myself competent by years of special study and experience, and by the expenditure of large sums of money. By advertising I place before the people the facts which enable them to know what I can do. I thereby reach thousands, who, given up by local physicians or unsuccessfully treated, give themselves up as incurable. I cure them and thereby enlarge my field of usefulness. By no other way than advertising could these people have known that they could be cured. Every thrifty and prosperous business in life, save those of law and medicine, advertise freely. Lawyers do not for they only use in business what others have made for them years before. They only do what has been written. "Regular" doctors do not advertise for the same reason. They have nothing new, nothing which someone else has not written or told them of, they get their knowledge from the books. A man may read medicine until he is blind and then know nothing of it. To be successful he must apply his own mind. Make his own researches, and do that he must have room and opportunity. He must have cases, hundreds of them, and compare results. If he does not do this he is a machine without novelty, skill or ingenuity, still plowing with a wooden plow, still traveling on foot or horseback, and ignoring the advantages of steam, living but not learning. The same is true of a lady doctor.

Below you will find published the names and addresses of some of the recent cures that I have made. These people's afflictions were, under the ordinary physician's care, considered hopeless, and no prospects for a cure:

- Mrs. Kate Schall of Albion, Neb., cured of catarrh of head and stomach.
- Mrs. William Zuegg of Blue Vale, Neb., cured of nervous heart and female disease.
- Mrs. J. E. Connelley of Akron, Neb., cured of cancer of long standing.
- Mrs. Augusta Seydon of Pender, Neb., cured of nervous liver and stomach disease.
- Mrs. Ella Scochman of Wayne, Neb., cured of rheumatism, female disease and skin disease.
- John Harper of Columbus, Neb., cured of heart disease, stomach and liver disease.
- Emma Stalke of Clarke, Neb., cured of skin disease, heart trouble and dropsy.

SCROFULA A DISEASE WE INHERIT.

Scrofula manifests itself in many ways. Swelling of the glands of the neck and throat, Catarrh, weak eyes, white swelling, offensive sores and abscesses, skin eruptions, loss of strength and weakness in muscles and joints. It is a miserable disease and traceable in almost every instance to some family blood taint.

Scrofula appeared on the head of my little grandchild when only 18 months old, and spread rapidly over her body. The disease next attacked the eyes and we feared she would lose her sight. Eminent physicians were consulted, but could do nothing to relieve the little innocent. It was then that we decided to try S. S. S. That medicine at once made a speedy and complete cure. She is now a young lady, and has never had a sign of the disease to return. **MRS. RUTH BERKLY, Salina, Kan.**

150 South 5th Street. No remedy equals S. S. S. as a cure for Scrofula. It cleanses and builds up the blood, makes it rich and pure, and under the tonic effects of this great Blood Remedy, the general health improves, the digestive organs are strengthened, and there is a gradual but sure return to health. The deposit of tubercular matter in the joints and glands is carried off as soon as the blood is restored to a normal condition, and the sores, eruptions, and other symptoms of Scrofula disappear.

S. S. S. is guaranteed purely vegetable and harmless; an ideal blood purifier and tonic that removes all blood taint and builds up weak constitutions. Our physicians will advise without charge, all who write us about their case. Book mailed free. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**

Slocum's ANTI-DYSPEPTIC WORM CAKES

Are a Positive Cure for Indigestion, Constipation, Fevers, Foul and Weak Stomachs. A noted doctor of Chicago stated that he believed a 50c. box of Slocum's Worm Cakes would give more relief than \$50 worth of ordinary doctor's fees. Price 50cts. by mail only. **R. V. SLOCUM, 725 W. North Avenue, Chicago, Ill.**
