

## EIGHT YEARS TO ROBBERS

Two Nebraska Bank Burglars are Sentenced.

### REACH PENITENTIARY TODAY

As a Result of the Work of Two Detectives Highwaymen Are Sent From Hebron to the State Prison—They Were Wanted Elsewhere Also.

Lincoln, Nov. 30.—Two bank robbers have been sentenced to eight years in the penitentiary from Hebron, as a result of the work of Detective Malone and the sheriffs of Hall and Buffalo counties. They are the men charged with blowing the bank at Byron, Neb., September 30, last. In that raid they secured \$2,540. Detective Malone is confident that these men had something to do with the holding up of train No. 41 on the Burlington, September 22, at Amazonia, Mo. One of the men, Dillon, has been identified by trainmen, as having been put off that train twice by the brakeman the evening before the train was held up.

Gordon, one of the three men arrested near Shelton at the time Carroll and Dillon were taken, was not prosecuted by the county attorney. The case against him was dismissed. This action did not please Detective Malone, because he wanted him tried with the other two. Mr. Malone thinks the evidence against Gordon was very strong.

Carroll is wanted at Russel Springs, Kas., for the robbery of the bank at Oakley, Kas. He with five others escaped from the jail at Russell Springs. Dillon, the detectives say, is an old offender. Both of these men were found guilty of robbing the Byron bank and were sentenced to eight years in the penitentiary. It is believed they will be brought to the penitentiary today.

## TO FURNISH HARVEST HANDS

Plan to Equalize the Number of Men Wanting Work to Requirements of the Fields.

Lincoln, Nov. 30.—The Nebraska labor bureau has sounded the labor commissioners of Kansas, Missouri, Iowa and South Dakota as to their willingness to co-operate with Nebraska in furnishing harvest hands next season. The circular reviews the troubles which have been experienced in the past through lack of co-operation and suggests that an interstate association be formed at Kansas City next January or February.

The plan is for the various bureaus to install correspondents in the grain districts, who shall report any unusual demand for labor, or in case more laborers are at hand than are needed. Last season Nebraska could have used a few hundred men who were idle in Kansas and anxious for work, but lack of communication between the two states left both parties in ignorance of the fact that their troubles could have been overcome.

The plan also contemplates an arrangement with all of the railroads, whereby cheap "harvest hand" tickets may be placed on sale in all of the bureaus in order to save time. Nebraska was offered several hundred hands in Manchester, Kan., last summer, but by the time transportation had been secured the men had tired of waiting and dispersed.

## FOR OMAHA-FREMONT CUT-OFF.

Union Pacific Railroad is Talking of New Route.

Omaha, Nov. 30.—Special to The News: The Union Pacific railroad company is just now discussing an Omaha-Fremont cut-off which will likely be put into effect. Dangerously Hurt by a Fall. Edgar, Neb., Nov. 30.—Charles James, an employe of the B. & M. company and at work with a bridge gang on a truss bridge a few miles west of Edgar fell Thursday afternoon from the upper timber of the truss, twenty feet above the track, striking on his back, across the iron rail. The young man was brought to Edgar as quickly as possible and is under the care of Dr. O. B. Canfield, the B. & M. surgeon here. He is still in a helpless condition and the outcome is uncertain.

## SOLD CUTLERY TOO CHEAP.

Investigation Leads to Arrest of Peddler for Burglary.

Kearney, Neb., Nov. 30.—At an early hour Sheriff Simmons arrested at the Beckett house a man giving his name as E. L. Ferguson, Seneca, Kas. He is charged with burglarizing the store of the Higgins Hardware company of Harvard on November 13. Most of the plunder secured at that time was found in Ferguson's room. The fellow was in the country Friday disposing of cutlery at very low prices and this led to the investigation which resulted in his arrest.

## FIRE AT CRAWFORD.

Feed Barns Burn in a Very Short Time.

Crawford, Nov. 30.—A fire started at 4:30 in the rear of Heidschick's feed barns and in less than ten minutes the building was a mass of flames. The fire extended rapidly to the Handschick ice house, Mr. Lee's

barn and Gouch's stable, all of which were totally destroyed. A house belonging to W. Thompson of Grand Island was slightly damaged, but the volunteer fire department by a hard fight prevented a further spread of the flames. Handschick's loss is about \$1,500. He is away but it is thought he has some insurance. Lee's loss is about \$500 with no insurance. None of the other buildings damaged were insured.

## SUES FOR DAMAGES.

Lincoln, Nov. 30.—Joseph Jamison had two fingers crushed while working on a Burlington construction train near Alliance, and has a judgment against the company for \$1,228.55 which the supreme court is now asked to reverse. The Burlington's position is that Sullivan, the man in charge of the work, was a fellow servant, and that the company is not responsible for what he did; also that Jamison was aware of all the circumstances, was an experienced man at the work and "headed" at his own risk.

## VALENTINE DISTRICT COURT

Jury in Case of Robert T. Tellies Out Thirty Hours and Disagrees.

Valentine, Neb., Nov. 30.—In district court here the jury on the Robert W. Tellies (colored) case, charged with shooting with intent to kill, after being out for thirty hours, disagreed. Hollie T. Mead, accused of raising notes; James Bad Hand and Lame Dog pleaded guilty and were given eighteen months each.

## DEER NEAR PAPILLON.

Papillon, Nov. 30.—Wednesday afternoon a deer was seen on Spearman's island in the Platte river. The animal has been seen by different parties but no one can explain how it got there. It has been many years since a deer has been seen in its wild state in this vicinity. Last week, near Louisville, one of these animals was also seen. Several of the local sportsmen went down yesterday to capture the deer, if possible, and give a venison supper upon their return.

## Water Works at Yutan.

Yutan, Neb., Dec. 1.—The village of Yutan held a special election some few months ago and it was voted to sell the bonds of the village for the purpose of putting in a system of waterworks. The village council have now taken steps to carry into execution the provisions of said election. They have ordered a building erected, 15x40 feet, same to be used to house the new hose cart and equipments. This is a much needed improvement and one that will save business men much money in insurance fees.

## BANQUET FOR FOOTBALL BOYS

Nebraska Heroes Were Treated to Spread in Lincoln Last Night. Games for 1904.

Lincoln, Dec. 1.—The football heroes were banqueted at the Lincoln hotel last night. Toasts were made by Coach Booth, Manager Buckner and others.

Mr. Buckner said: "I closed a contract for a Thanksgiving game with Illinois in Lincoln while in the east and have made an agreement with the Iowa managers for a game during the season in Lincoln. There is a possibility of our playing Missouri also. I think Knox will play Nebraska again and we shall play South Dakota and Colorado. The schedule will be fully as good as this year and will be better for Lincoln because the Iowa game will be played here."

Prospects for 1904 are fine. The team will be all veterans and much is expected.

## Prosperity for Brick Yards.

Table Rock, Dec. 1.—The brick yards at this place have both closed down for the season with the exception of burning some kilns yet on hand. The orders this year have been far in excess of the ability of the yards to supply. Nearly ten million brick have been made and sold by the yards this season and each yard could have sold twice as many if they could have made the brick. Both yards already have large orders booked for the coming season. All of which is owing to the excellent quality of brick made.

## Farmer Hangs Himself.

Broken Bow, Dec. 1.—Frank Knight, a farmer who lives twenty miles from here, committed suicide by hanging himself in his barn Saturday morning. He had been in poor health for some time. He arose in the morning and built a fire and went out to milk. That was the last seen of him till his body was found hanging from a rafter in the barn some time later.

## NIOBRARA HOTEL BURNED

The Awl House Totally Destroyed This Morning.

### ORIGIN OF FIRE IS UNKNOWN.

Flames Were Discovered Issuing from the Kitchen Between 5 and 6 O'Clock and They Made Such Rapid Headway that Nothing Was Saved.

Niobrara, Nov. 28.—Special to The News: Fire totally destroyed the Awl hotel of this city at an early hour this morning, together with all its furniture, entailing a loss of about \$2,500. It is understood that the property was insured, but at this hour your reporter has not been able to ascertain for how much.

It is not known how the fire originated. Between 5 and 6 o'clock this morning flames were discovered in the kitchen at the rear of the house and in a few minutes the whole structure was ablaze. An alarm was sent in and the fire department responded promptly but by the time the firemen appeared on the scene it was too late to save either house or furniture. The flames burned fiercely and fanned by the stiff north wind they swept through the house as through a furnace and in a short time the hotel and its contents were a mass of debris.

Mrs. White, the landlady and also owner of the property, had only time to arouse her guests and get them out of the building before it was consumed. The landlady and some of her assistants lost all the clothing that they were not wearing.

The house was erected about two years ago. It was built of wood and was considered worth about \$1,800, while its contents were valued at \$700 or \$800.

## THANKSGIVING AT MEADOW GROVE

Business is Suspended and the Whole Town Observes the Day in a Social Manner.

Meadow Grove, Nov. 28.—Special to The News: Thanksgiving was made a general holiday in this town. The business houses were closed practically all day, and after the populace had partaken of turkey dinners in their homes they made the remainder of the day a time for a social gathering of everyone in town. The opera house was thrown open and here a large number of people gathered and spent the afternoon most pleasantly with games of cards, target shooting and kindred amusements.

At the race track a blue rock shooting match was held in which some good scores were made. Dr. Kindred made the best score, 60 out of 70, and Emmitt Warrick the next, 55 out of 70.

The day's festivities were closed with a grand masquerade ball at the opera house in the evening, in which 200 maskers participated. The mandolin club of Norfolk furnished the music and the merry making continued until 4 o'clock in the morning.

## ANOTHER HOLD UP IN LINCOLN

Blame Football Man for Not Holding the Robber Whom He Had Relieved.

Lincoln, Neb., Nov. 30.—Besides the hold-ups reported to the police Saturday morning, it has just been learned that another took place in the north part of the city and police are watching every opportunity to capture the bold highwayman. G. C. Hupp, a young man living at 1243 Q street, was stopped at the corner of Fourteenth street and Q by a desperado and forced to throw up his hands. The robber took every cent that Mr. Hupp had.

Two attempts at highway robbery were made shortly after midnight in the north part of the city, the first resulting in the shooting of H. J. Deyo in the neck and the second in the maltreatment of Edwin Curtis by blows at the hands of the thugs. The robbers were finally put to flight by "Cy" Mason, the big tackle of the football team, who with "Jack" Clark and John Elliott, had come to the assistance of Curtis.

Mr. Deyo is a Burlington engineer. He was on his way home to 808 North Fourteenth street after a trip on the road. At Eleventh and Vine streets two men sprang at him from the shadows with drawn revolvers and commanded him to throw up his hands. There was a flash and a shot struck him in the side of the neck before he had time to comply with their requests. Then the robbers clinched with him and tried to throw him down but he managed to get away and ran down the street. His assailants followed him to the door of his house. Then he called for help and George Gaskill took him into the house. A physician examined his injuries and found that the bullet had passed through the side of his neck, making a painful but not serious wound.

The robbers went to Sixteenth and S streets, where they saw Edwin Curtis and told him to throw up his hands, at the same time beating him about the head. "Cy" Mason, "Jack" Clark and John Elliott ran to his assistance. They were "covered" by the revolvers of the highwaymen, and were made

### Pe-ru-na Promptly Saved Her Life.

Miss Alice O'Neil, 312 Adams street, Brooklyn, N. Y., writes: "I cannot say too much in favor of Peruna. About a year ago I was completely worn out, had a serious cold and a hard cough which seemed to be in danger of affecting my lungs. If my system had been in a stronger condition it would have been much easier to throw off this cold, but I could not seem to get any relief until I took Peruna, and I must say that it did the work thoroughly. Within a week I could see a wonderful improvement, and I took Peruna four weeks and am in perfect health now."
