## THE WILL OF G. A. LUKART

### Was Opened in Probate Court at Madison During Afternoon.

[From Wednesday's Daily.] Madison, Neb., March 15.—Special to The News: The will of the late G. A. Lukart was opened in probate court today. The following disposition of his property is made:

"I desire that all expenses of my funeral and the administration of my estate and all of my indebtedness be paid out of my personal property unless my legatees and creditors agree that my debts shall be assumed by the legatees to save loss by forced sale. If the personal property be insufficient I authorize my executors to sell so much real estate not otherwise bequeathed to pay all my debts.

"I bequeath and give to my son, Edwin H. Lukart, bank stock of his own choosing from any bank in which I may hold stock, to the amount of \$5,000. Said amount is not to be fixed at par value, but the amount of stock he shall thus receive shall be fixed by the market value or so much as will sell for \$5,000. Said bequest is in part of the return for the money which my son has owned and given to my estate and shall stand in settlement thereof. If I otherwise make settlement with him before my death, then this claim shall be void.

"I bequeath and give to my three daughters, Lillian, Stella and Cora Lukart, my insurance policy of \$10,000, in the Pennsylvania Mutual Life Insurance company if the same shall be in force at the time of my death, share and share alike.

"I bequeath and give all my property remaining, personal and real, to my beloved wife, Anna M. Lukart.

"I appoint my wife, Anna M. Lukart, and my son, Edwin H. Lukart, my executors on their bond, without additional securities.

## THE PRESCRIBED CURE FOR SIN

### The Deadly Effect of Ungodliness and the Power of Salvation.

[From Wednesday's Daily.] A bright song and praise service characterized the evangelistic service last night. The chorus is doing splendid work and the two horns and violin are rendering valuable assistance. Mr. Lyon took occasion to commend The News for its full reports of the meetings and emphasized the power of the printed page when used for good. Much interest is evident in the cottage meetings throughout the city for tomorrow morning.

Here are a few of the sentences from last night's sermon: "The saddest fact of human history is sin. It is sin that has caused all this world's sorrow. It is sin that makes the sleepless nights and troubled days, that seams and scars the face of earth with the warring of her children. The one great message of the preacher is salvation from sin.

"That the wages of sin is death is manifest through all human experiences. Sin is death to spiritual effect. It is death to conscience and the higher feelings. It is possible to reject so long God's offer of mercy that finally all desire for salvation departs. In a peculiar sense the unpardonable sin is the sin that don't want to be pardoned. The most alarming spiritual condition is to become past feeling.

"There are different ways of dealing with sin. Some love sin and hold it as a precious morsel beneath the tongue. Others are sick of sin but seek the wrong way to be rid of its guilt and power. Not by penance or philanthropy or rituals can salvation be gained. Do not deceive yourself that there is no such a thing as disease and sin, that it is only a mental state. Sin is not a figment of the imagination, it is an awful reality.

"In contrast with man's false methods of dealing with sin mark God's cure for sin. For he hath made him to be sin for us who knew no sin; that he might be made the righteousness of God in him. Man whitewashes his sins but God washes his sins white. Though man may seek to cover his own sins they come again to view. Be sure your sins will find you out. But when God blots out your sins they are blotted out forever."

This evening Mr. Lyon will speak on the "Children of God," or, "How may I know that I am a Christian?"

## ASYLUM TO GO UP AT ONCE

### J. C. Mardis Has Arrived to Superintend Work.

### STATE ARCHITECT HERE TODAY

Within a Few Days the Nebraska State Hospital for the Insane, Which Has Been so Long Planned, Will Begin to Loom up.

[From Thursday's Daily.] The Nebraska State Hospital for the Insane will begin to loom up on the hill northeast of Norfolk within a few hours. J. C. Mardis, representing the Capital City Brick company, has arrived from Des Moines to superintend the work of constructing the new institution. He is at present at the Oxnard hotel.

State Architect Tyler is expected to arrive in Norfolk today and will, with Mr. Mardis, go over the ground. The plans of engineering and of building will be set forth in a definite way and then the dirt will begin to fly.

Mr. Mardis had nothing in a definite way to say for publication this morning. His plans can not be laid out until he has talked with the state architect. He expects to be here several months.

### ATCHISON GLOBE SIGHTS.

There is a case of blondined hair in town that is making the dogs howl.

The wickedest thing an Atchison man ever heard of was a woman who drank whiskey.

Church pillars are mighty proud when people from other denominations attend their church affairs.

If a woman look agent wears skirts that rustle loud enough, no woman will close her doors against her.

All story books make women out to be better than men, probably for the reason that women are the ones who buy them.

Some day when a dressmaker is seen on pleasure bent during a busy season, the women who catch her at it, will mob her.

We know Dan Anthony very well, now; but after he is elected to congress, we'll bet he won't speak to us. It does make a difference.

When a man reaches forty-five, he should cut off a lock of his hair so that he can prove to his grand children in years to come that he once had some.

When there is a dust storm, and a woman gets caught out in it, she moans that it is only a few days since she washed her hair and now it has to be done all over again.

## SAYS PRICE IS TOO HIGH

### Man From the Rosebud Objects to the New Terms.

### INDIANS SPEND THEIR MONEY

Regardless of How Much They Receive it is Said That They Will Get Away With all the Cash and Without Much Benefit Either.

[From Wednesday's Daily.] "I don't know how much the Indian Rights association knows about real, living Indians, aside from the graduates of the Carlisle Indian school," said a visitor in the city from Fairfax today, "but I do know that in trying to raise the price of the Rosebud reservation to \$5 an acre, they are not helping the Indians. An Indian doesn't know the value of money. He will spend all he has, regardless of the amount, and that foolishly.

"What's more, in trying to take a homestead a man who paid \$5 an acre couldn't get along for the first three years without sinking \$2,000. He couldn't come anywhere near making a living. It is a lot of hard work. You have to have tools and horses and barns. It is no snap. At the end of five years he's lucky if he's played even, and he's spent a period of drudgery to make ends meet. The price is too high."

### WEDNESDAY WRINKLES.

C. A. Nash was in Norfolk from Creston.

E. H. Lulkart of Tilden was in the city today.

W. E. McCord was here yesterday from Albion.

O. E. Coyle was in the city from Pierce today.

John Ward of Newman Grove was a city visitor.

G. B. Reese was in the city over night from Pierce.

E. C. Biggins of Fairfax, S. D., was in Norfolk yesterday.

Mr. and Mrs. W. H. Sullivan were in the city from Lincoln.

W. O. Smith came down on the morning train from Fairfax.

T. M. Campbell and W. H. Graben were in the city from Brock.

Robert Lynn, banker at Spencer, was in the city today on business.

Tomorrow is St. Patrick's day and the "wearing" of the green will be the popular departure.

Mrs. C. C. Taylor of Neligh is a guest at the home of her daughter, Mrs. M. J. Romig. She is accompanied by her little granddaughter.

Some of the weather prophets are promising a blizzard for tomorrow. The weather man will have to hurry if he is successful in generating a storm period that will enable it to consideration as a blizzard.

The Oxnard hotel has a new kitchen in course of construction, a new range on the way, new bath rooms throughout the house, a new, dark green shade of paper on the walls of the dining room and a coating of white on the office skylight.

Two Norfolk girls have a new idea which is bringing them good results. Miss Watts and Miss Gruell are originators. They are selling chances on a trip to St. Louis or \$15 in money. The tickets range from one cent to \$1.10. The gross receipts will give them enough for their ingenuity and the patrons the fun of the game.

Miss Marie Wainwright will entertain at the Norfolk Auditorium tonight in Shakespeare's "Twelfth Night," and one of the best opportunities of the season is presented the people of Norfolk for seeing a strictly high class entertainment. Miss Wainwright's performance at the Boyd theater in Omaha received worthy attention on the part of the critics and Norfolk may be considered fortunate in that she and her company consents to give a performance here.

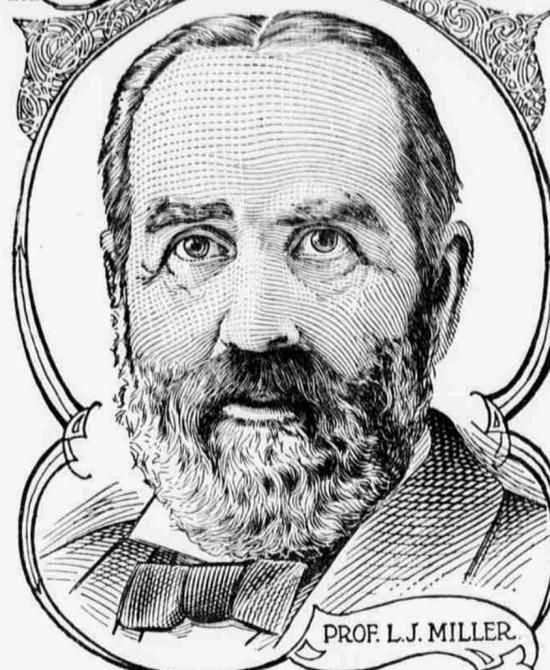

Mr. and Mrs. George Reckard left Norfolk this morning for their new home in Los Angeles, Cal. They have made Norfolk their home for a great many years and during that time they have formed friendships of the type that can never be forgotten. At the train this morning quite a crowd of the old friends and neighbors gathered to bid the departing Nebraskans God speed upon their journey westward. It was a hard goodbye to speak and a touching farewell, withal. Mr. Reckard will be employed in the street car manufacturing shops of Los Angeles.

Complaint has been made that those making use of the city dumping ground on South First street are not complying with the laws and regulations governing the tract. The city owns five acres near the river that may be used for the disposition of truck and rubbish, and it is provided that the stuff dumped there shall not be deposited closer than 100 feet to the highway. Instead of observing this, rubbish is now being dumped into the highway, the teamsters finding it convenient to dump their loads out along the road without driving into the plot that has been set aside for the purpose. The officers have taken note of this procedure and propose to stop the practice. They propose to make an example of the violators of the law.

# CHEMICAL ANALYSIS

### Reveals That "Pe-ru-na is Calculated to Tone up the System, Restore the Functions and Procure Health."

### SO SAYS PROF. L. J. MILLER, CHEMIST.

Prof. L. J. Miller, late Professor of Chemistry and Botany of the High School of Ypsilanti, Mich., writes from 327 N. Clark Street, Chicago, Ill., as follows:

"As several of my friends have spoken to me of the favorable results obtained through the use of Peruna, especially in cases of catarrh, I examined it most thoroughly to learn its contents.

"I found it composed of extracts of herbs and barks of most valuable medicinal qualities combined with other ingredients, delicately balanced, calculated to tone up the system, restore the functions and procure health.

"I consider Peruna one of the most skillfully and scientifically prepared medicines, which the public can use with safety and success."—PROF. L. J. MILLER.

### "Builds up the System."

Hon. Joseph H. Ridgeway, Secretary of the American Anti-Treat Society, writes the following letter from the Grand Central Hotel, St. Paul, Minn.:

"It is with great pleasure that I endorse Peruna as an honest medicine, competent to do all it claims. I have used it several times and know of nothing that cures so completely, and at the same time builds up the system.

"I have recommended it to a number of my friends and always feel that I do them a service for I know how satisfactory the results invariably are. I only wish every family had a bottle—it would save much sickness and doctor bills."—Joseph H. Ridgeway.

"Feel Better Than for Five Years."

Mr. James B. Taylor, Roberts, Ind., writes:

"I am at the present time entirely well. I can eat anything I ever could. I took five bottles of Peruna, and feel better now than I have for five years. I have doctored with other doctors off and on for fifteen years, so I can recommend your medicine very highly for stomach troubles. I take great pleasure in thanking you for your free advice and Peruna."—James B. Taylor.

"I Enjoy my Meals as I Used to."

Mr. J. W. Pritchard, Wolf Lake, Ind., writes:

"I am pleased to say that I have been cured of catarrh of the stomach by Peruna. I could hardly eat anything that agreed with me. Before I would get half through my meal my stomach would fill with gas causing me much distress and unpleasant feelings for an hour or two after each meal. But, thanks to your Peruna, I am now completely cured, and can eat anything I want to without any of the distressing symptoms. I can now enjoy my meals as I used to do, and it is all due to Dr. Hartman and his wonderful medicine, Peruna.

"It has been one year since I was cured, and I am all O. K. yet, so I know I am cured."—J. W. Pritchard.

Dyspepsia is a very common phase of summer catarrh. A remedy that will cure catarrh of one location will cure it anywhere. Peruna cures catarrh wherever located. That it is a prompt and permanent cure for catarrh of the stomach the above letters testify.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
