PRESIDENT ROOSEVELT SIGNS ROSEBUD BILL

Last Act For Opening Indian Reservation South Dakota is Accomplished at Washington.

SIGNATURE OF EXECUTIVE ATTACHED AT 10 TODAY

Will Open 416,000 Acres to Settlement--Northwestern Expects to Bring in 75,000 People and Will Extend Line.

Washington, D. C., April 23.—Special to The News: President Roosevelt signed the Rosebud reservation bill at 10 o'clock this morning, in the presence of the South Dakota delegation.

The measure opening 416,000 acres of land to settlement in Gregory county, S. D., is now a national law, final and complete in every detail. The land will be opened in July, probably. The lottery system will in all likelihood be the one adopted.

Today is the greatest day that Norfolk and northern Nebraska and for that matter, the entire new northwest, has known in its history for a great many years. The throwing open to settlement of the 416,000 acres of land on the reservation means more to this section than any thing that could have happened. It will be the making of the new northwest.

The Northwestern railroad expects a crowd of 75,000 people into that territory, via Norfolk, in the near future, beginning at once.

This is great news for Fairfax and for Bonesteel and for Butte and Spencer and Lynch and for that matter all of the rest of the towns between here and Bonesteel.

The Northwestern railroad will now extend, no doubt, into the undeveloped reservation land as soon as it builds up. The rush has already begun. It is the opportunity of a life time for Norfolk and for northern Nebraska in building up. And the opportunity will be grasped because the country can't steer out around it.

Meadow Grove Child Dies.

Meadow Grove, Neb., April 23.—Special to The News: The infant child of Mr. and Mrs. Henry Doud died yesterday morning from bronchial pneumonia. The funeral was held at 10 o'clock this morning.

Willis Keller, night operator for the Northwestern road here, has secured a week's leave of absence and left last night for Neligh, accompanied by Sherrod Williams.

Dad Harrison has put a picket fence around the Harrison house, to keep the dissatisfied traveling public in.

Miss Laura Williams is visiting with friends at Neligh this week. The bank was closed yesterday and Banker Benning was roaming about the streets like a stray lamb.

HOUSE BREAKERS AT LINDSAY

Broke Into Place There This Morning and Took \$25—Break Glass to Enter.

Lindsay, Neb., April 23.—Special to The News: Robbers entered the place of Mr. Tederman here at 2:30 o'clock this morning and secured \$25. They broke the glass in the front door, thus unfastening the latch. They took \$20 in nickels and \$5 in chips and made their exit through the rear door. Nothing was heard of them at the time. There is no clew yet.

CROWDS COMING TO RESERVATION

Northwestern Line Anticipates an Influx of From 50,000 to 75,000 People There.

The news that Fairfax and Bonesteel will both be available as points for the land office registration, has met with hearty approval in Norfolk and in northern Nebraska generally. This will mean that the crowds of people who come into the territory will have to visit the towns in Gregory county and must pass along the Northwestern line to arrive.

The distance from Norfolk to Bonesteel is about 120 miles, making the fare a little over \$3. The train leaves at about 1 o'clock in the afternoon and arrives at Bonesteel at about 5:30

in the evening. Last fall there were two big excursions up into that country. The first one was the largest and it carried many hundreds of people into Gregory county to get a look at the land which is to be thrown open. They were given a ride out to the reservation, where they picked up dirt and bottled it, to retain samples of the country.

The crowds were so great that Bonesteel could not handle them all. But every person living in the town opened up his building, his store, office or shop, and gave freely of floor space to the tired and sleepy strangers. From the front to the rear of the stores were long lines of sleeping men, with new blankets, hauled down from the counters, wrapped around them.

Those who could not be accommodated at Bonesteel went down to Fairfax and there they found a community of most hospitable people. They were willing to do anything to make the visit to their county a pleasant one and those who shared in that cordial greeting never could forget it.

Gregory county will have, in all probability, from 50,000 to 75,000 visitors. That is what the Northwestern road expects. The country has been well advertised and it has hung fire for so long that people from all over the country know about it.

It will take some time to get the new district permanently settled. There will be about three layers of settlers before the foundation is fixed forever. But that will work well enough for the towns of that territory for each one of the three layers is bound to leave a little money.

The police have now developed a clew and think they are on track of the culprit, who will be severely dealt with.

The Fremont Tribune says of the bill opening the Rosebud reservation: A great many Fremont people are interested in the opening and some may participate in the drawings. The settlement of the Rosebud country will also mean something to Fremont in another way. It will make traffic heavier through this place on the Northwestern main line, which has a branch tapping the reservation.

DISAGREE IN ROBY CASE

JUDGE DISCHARGES JURY AFTER TWENTY HOURS.

FOR KILLING OF JIM RAMUS

There Were Six Jurymen For and Six Against the Defendant—Case From Springview, Neb., and Witnesses Passed Through Here Saturday.

Sioux Falls, S. D., April 25.—The jury in the case of Daniel K. Roby, charged with murder in the United States court, after being out about twenty hours reported it could not agree and was discharged by Judge Carland.

It is said that the vote stood continuously 6 to 6 commencing with the second ballot.

The Sling Among the Israelites. The inhabitants of Palestine made use in very ancient times of the sling, the most skillful in its use being the tribe of Benjamin, whose boast it was never to miss their aim.

What makes their skill appear more surprising was that they managed to sling with the left hand. The men who came to David's help at Ziklag were no less adroit. They used at will either the right hand or the left. The sling was also the favorite weapon of shepherds, who with it drove away wild beasts preying on their flocks. This makes David's victory over the giant Goliath less surprising, as he had no doubt great practice in the use of this instrument while guarding his father's sheep.

PERFECT DAY FOR SALE

COULDN'T BE BETTER, WERE IT CUT OUT BEFORE HAND.

SCORE OF SALES YESTERDAY

Residence Property on The Heights Goes at Bargain Counter Prices and Many Bidders Pick up Good Things. Sale Goes on Today.

If the day had been cut out, it couldn't have been more ideal for the A. J. Durland lot and acre sale than that which cleared up yesterday afternoon and dawned again this morning. The land was all moist and green to look upon and the eyes of the prospective purchasers snapped when they watched the property go down under the hammer.

About twenty lots were sold yesterday afternoon, all at a low figure. The average price was a little over \$200 a lot and Mr. Durland had figured that he would be satisfied with an average price of \$200.

At 9 o'clock this morning the buyers and the auctioneer again headed for The Heights, led by the Twenty-fifth regimental band. At noon a free lunch was served on the grounds and the bidders have been active since they arrived on the scene, all day long.

A large crowd of people attended the land concert last night in Marquardt hall and were well pleased with the program of ten pieces. Mr. Thompson's cornet solo was an especial favorite. After the concert, the floor was cleared and no less than 300 persons danced until after midnight to the inspiring playing of the colored boys from Fort Niobrara.

The lots have been selling at fair figures today, and the buyers feel that they are getting bargains.

MONDAY MENTION.

Mr. and Mrs. G. F. Durland returned to their home in Plainview yesterday afternoon.

Judge J. B. Barnes went to Butte yesterday afternoon on business connected with the Boyd county land case.

The baseball proposition seems to lack the encouragement which it should receive in order to make it a complete success.

The Northfork river is especially high for this season of the year, with no surplus snow or rain water to swell the current.

A number of couples enjoyed dancing in the dining room of the Pacific hotel Saturday night. The Italian orchestra furnished music.

Those who would fish are waiting patiently for the days when the sun will warm up the atmosphere enough to allow them to sit upon the river's bank without an overcoat.

A good sized part of the Twenty-fifth Infantry band, which had been in the city for the A. J. Durland lot and acre sale, stayed over Saturday night and gave a dance in Marquardt hall.

Former graduates of the Norfolk high school are urgently reminded of the meeting of the alumni association which will be held at the high school building tomorrow night, for the purpose of making arrangements for the reception to the class of 1904.

At the school of agriculture at Lincoln sixteen young men graduated Friday night and will go back to their homes prepared to inaugurate new and scientific methods of agriculture, to the general betterment of their parents, themselves and the country generally.

Alfred Osborn, the nurseryman, has been confined to his home during the past three weeks by an attack of sickness, and is just beginning to be able to attend to business again. This is the nurseryman's busy season and Mr. Osborn's sickness has therefore been disadvantageous in more ways than one.

Saturday was an extra big day for Norfolk. Numbers of people in addition to the regular shopping trade were attracted by the Durland sale, and the side streets, livery barns and vacant lots in the uptown district were full of teams while the pavements were thronged with people and the stores with purchasers.

The New Orleans Colored Concert company will hold the boards at the Auditorium tonight, and those who enjoy good, old-fashioned negro songs and music will undoubtedly be well repaid for attending. This company has apparently met with more favor than any colored company on the road in this section this season and have a nice line of recommendations from press and pulpit.

The A. J. Durland lot and acre sale closed successfully Saturday afternoon. About fifty pieces of property were disposed of in all and the purchasers were very generally buyers of excellent property at bargain counter rates. As a result of the sale, there will no doubt be a large number of new homes spring up in the vicinity of The Heights. The inclement weather kept the crowds small and the bidders were not so lively as to run the prices up to within a long way of the real value of the lots.

Albion Republicans.

Albion, Neb., April 25.—Special to The News: The republicans of this city held their primary meeting at the district court room, and as a demonstration that politics is warming up in this locality it is only necessary to state that there was a large crowd in attendance at the caucus.
