

SIDE SHOWS ARE COMING

CONCESSIONAIRES ALREADY FIGURING ON TOURNAMENT. ONE CONTRACT IS NOW CLOSED

The Announcement of the Firemen's Meeting in This City August 2, 3 and 4 Interests People Who Seek a Crowd—The St. Louis Prizes.

C. E. Hartford, chairman of the committee on concessions for the Nebraska Volunteer Firemen's association, which is to be held in Norfolk August 2, 3, and 4, is already receiving many inquiries concerning the cost of operating concessions here during the event.

All indications point to a bigger attendance of firemen and spectators this year than last and if there are no mishaps or mistakes made it will be the most successful tournament ever held by the association.

The following, the truth of which is vouchsafed by the Fremont Herald, will be of interest to those firemen who are making plans looking toward taking the running train to St. Louis.

FRIDAY FACTS.

W. G. Baker is moving into the house purchased from F. W. Beck at the corner of Eleventh street and Madison avenue.

Fremont leader: Sheriff Bauman received a telegram yesterday afternoon stating that a negro named Wilson who was wanted for murder at Crawford, Neb., was headed this way.

Nebraska City Tribune: State Engineer Adna Dobson recently warned irrigators that there were indications of a water famine this year, and advised them to use all of the water possible early in the season.

The following resolutions were adopted at the meeting of the city council Thursday evening, May 19: Resolved, That the sidewalks along the south end of lot 6, block 3, Haase's suburban lots, and along the south side of the west half of lot 9, block 3, Pasewalk's addition, be condemned.

Dakota City Eagle: Death has again broken into the ranks of the pioneers of Dakota county and taken from their midst "Uncle Berry" Robinson, who has for nearly fifty years been a respected and peaceable citizen of this precinct.

TEACHERS ENTERTAINED

Teachers to the number of 200 enjoyed a reception at the Elk club rooms last night. They were representative of the instructing force of Madison and Pierce counties.

dies will be sent only to respectable lodging houses. This work on the part of the Ladies Aid society is most commendable and will do much to protect transient women from falling into any traps.—Bonesteel Pilot.

600 acre cattle ranch absolutely free. Kinkaid bill opens nine million acres in Nebraska to this size homestead. Close to railroads. One day's ride to Chicago, Omaha, Kansas City, Denver. Send 25 cents silver for map showing counties where lands located; general character soil; nearest land office; who are entitled to homesteads; how to reach lands, etc. T. R. Porter, box 644, Omaha, Neb.

LANDS ON THE ROSEBUD

MOST OF PROPOSED FARMS WILL BE VALUABLE.

SOIL IS BLACK. RICH LOAM

Estimated that 10,000 People Will Find Comfortable Homes on the Farms to be Opened up—Prospect for Establishment of Several Towns

LESS WATER IS WANTED

BUSINESS MEN OBJECT TO FROG PONDS ON LOTS.

NUISANCE IS ORDERED ABATED

Then There are Other Nuisances That the Council Investigated and Referred to Committee—Big Grist of Bills Allowed Last Evening.

The city council met in regular session last evening. There were present Councilmen Gow, Klesau, Pasewalk, Parish, Spellman, Absent Mayor Hazen, Councilmen Halverson, Walker, Wilkinson.

The auditing committee reported back as correct the April report of the treasurer and April and May reports of the police judge.

The street and alley committee reported that Mr. Endres would commence to put in more cement crossings in a few days.

The public works committee reported some minor repairs on the steam pipes at the pumping station. Mr. Pasewalk reported that several complaints had been made to him about manure being dumped on First street and in the gulch west of Thirteenth street, and the chief of police was ordered to require the parties dumping in those places to remove such nuisances at once.

Mr. Klesau stated that there are several places back of the business houses on the south side of Norfolk avenue between Fourth and Fifth streets which are constantly filled with water and have become a nuisance, and that they should be either drained or filled up so that water will not stand there.

Mr. Bilger stated that the Thirtieth street gulch is filled up in places and offered to clean the same out and take his pay in the dirt that it would be necessary to remove. The matter was referred to the street and alley committee.

The street commissioner was instructed to construct a ditch along the alley south of Norfolk avenue between Fourth and Fifth streets and along the alley leading south from that alley to Madison avenue and put in necessary culvert to drain the low places complained of in that block.

license and bond was read and passed on the second reading. The street and alley committee was instructed to purchase a car of sidewalk brick.

The chief of the fire department requested the council to have the hook and ladder trucks and ladders repainted. The matter was referred to the committee on fire and police to report at the next meeting.

A GREAT FLOOD OF HOBBOES

TRAMPS BY THE HUNDREDS ARE HEADED FOR ROSEBUD.

FREMONT HAD TWENTY-FIVE

The Advance Guard Has Struck Norfolk and More are to Follow—Will Get Them Going and Coming. Strenuous Time for Officers.

A half dozen "gentlemen of leisure" and one plain drunk was the inventory of the city jail, this morning and the officers are looking for a continuance of strenuous work for some time to come. Three new ones, a plain drunk and three holdovers are shown.

It is said that hundreds of these gentry are headed toward Bonesteel and the Rosebud reservation, hoping to gather in a share of the good fortune that is to be dealt out there when the date for the opening arrives. They are the regular advance guard to reservation openings, and are followed by the better classes.

The police officers here expect to have to meet conditions and will probably get them going and coming, because these are not the kind of men who will stay. Many of them go up with no intention of registering for a claim. They would not live on and work the best farm in the country six months for a clear title to the place, but they expect a chance of graft of one kind or another. They are unquestionably overdoing the business, however, and will be glad to get back the way they came. They are keeping the police officers here working overtime, however, and there is no immediate prospect in sight of a holiday for them.

The police court, too, is doing business of a kind, but it is not even a thank you job as the majority of the prisoners have not a sou on their clothes, and if they had it would quickly go toward rushing the can.

The flood struck Fremont yesterday. Twenty-five of the fellows occupied the city jail Wednesday night, and they were undoubtedly all headed this way to get in at the Rosebud opening. The officers there endeavored to head them off. Instead of starting them west, they were escorted east and told to get back toward Omaha. Some may obey, but others will undoubtedly evade the officers and move on to the new northwest, making of Bonesteel and the Rosebud a wild west for a time, until the officials up there can turn the tide.

Beautiful Folder.

Under the caption, "The Union Pacific Railroad and Louisiana Territory," the new world's fair folder issued by the advertising department of the Union Pacific, which has attracted such general attention, recites these interesting facts:

"While the construction of the Union Pacific railroad, its trials and triumphs, are a part of the history of the United States, the important part played by this railroad in the development of the Louisiana purchase can hardly be estimated. In the building up of this vast domain it has been one of the chief factors.

One hundred years ago the population of the region was estimated at 20,000. Up to the inception of the Union Pacific (in 1869), it had increased to 3,223,529. In 1900 it numbered over 13,000,000 of inhabitants. In this wonderful growth, with its stupendous increase in all the many-sided phases of commercial, material and intellectual prosperity, the Union Pacific—as a glance at the map will show—has had a conspicuous share. It has opened vast regions of fertile country to settlers, and brought great areas of an unknown and unproductive wilderness into close communion with metropolitan centers and markets. Thriving cities, towns and hamlets, through its efforts, have sprung up in every direction.

It may be of interest to know that the total number of manufacturing plants, and the value of their outputs, combined with that of the national products as reported in the census of 1900, give an aggregate production for the Louisiana region of \$3,500,000,000 annually, or 223 times the original purchase price. The same census reports (1900) also show the total population to be 13,343,255 of which 8,393,096 inhabitants are living in the states and territories reached by the Union Pacific. On the 1900 census figures, it is estimated that the true wealth of the Louisiana purchase can be stated at about \$13,051,868,259, of which \$9,360,621,387 is represented in the states reached by this great railroad."

Very Low Rates to Indianapolis, Ind.

Via the Northwestern line. Excursion tickets will be sold with favorable return limits on account of national prohibition convention to be held June 28 to 30. For dates of sale, etc., apply to agents Chicago & Northwestern R'y.

Very Low Rate Excursion Tickets to Cleveland, Ohio.

Via the Northwestern line, will be sold at reduced rates May 13, 16 and 17, limited by extension to return until June 10, inclusive, account of National Baptist anniversaries. Apply to agents Chicago & Northwestern

SATURDAY SIFTINGS. J. H. Wilson was down from Has-sett. Joe Boyer was a city visitor from Leigh.

W. J. Houston was in Norfolk from Plainview. M. W. Liety was in the city enroute to Plainview.

Chas. Diehl was in the city yesterday from Pierce. W. L. Mote, the Plainview banker, was in the city yesterday.

H. L. McCormick has gone to Bonesteel on a business visit. C. Peterson was a Norfolk visitor over night from Wisner.

W. P. Evans is moving from South Eighth street to North Twelfth. S. O. Campbell was a passenger from Croyhighton on the early train this morning.

Fred H. Free was down from Plainview this morning on business and to meet friends.

Mrs. Hill of Warnerville is visiting with Mrs. N. B. Dolson, who is an old time friend.

John Flynn of Osmond was in the city today meeting old friends and attending to business.

Mr. and Mrs. S. F. Erskine and sons leave today for a ten days' visit to the exposition at St. Louis.

Miss Anna Verges is expected home this evening from Lincoln, where she has been attending the state university.

Mrs. Geo. A. Latimer and three children of Spokane, Wash., arrived this morning for a visit with her mother, Mrs. Mary Davenport, and other relatives and friends.

A number of Elks from outside points are expected to be in the city for the Monday night dancing party.

Owen O'Neill and Howard Miller of Battle Creek, Dr. W. H. Ramsey and Charles Brown of Omaha left Atkinson this morning for a fishing trip south of that place. They expect a fine catch of trout and will return Monday.

The Neligh fire department at a special meeting Thursday evening took the preliminary steps toward the organization of a running team to compete for the honors at the coming firemen's tournament in Norfolk.

Neligh was not represented in the contests last year, but the well recognized Neligh hustle is about certain to make them a factor worth considering in this year's races.

Mrs. J. G. Mathewson and Mrs. J. S. Mathewson entertained a large company of ladies yesterday afternoon at the home of the former, 1102 Norfolk avenue. The seventy-five ladies present spent the afternoon with games of finch, the prize being taken by Mrs. C. W. Kunzmann.

A delightful three-course supper was served at 6. The drizzling rain outside did not dampen the pleasure of those who were inside, and it was a happy afternoon for all present.

Freeman Brothers of Neligh have written the concession committee of the firemen's tournament asking for the exclusive right for a moving picture exhibition. They were here last year and were well satisfied with their returns. The earliest and most insistent bidders for concessions, in fact, are those who were here last year, which speaks well for the benefits to be derived by concessionaires from the tournament and will indicate to new applicants that a firemen's tournament in Norfolk is something worth looking after.

Newman Grove Reporter: What is supposed to be a mountain lion has been frightening the farmers north of town of late and has caused considerable comment in town. Some time ago the 15-year-old daughter of Wm. Anderson, while returning home was accosted by the beast in the middle of the road. Not knowing what she had run against until the team became frightened she got out of the wagon and the animal gave a growl and moved a few rods as she attempted to hit it with the whip. A few nights later the same beast, so we learn, was seen in the neighborhood of N. Theil's and caused considerable excitement among the family and their neighbors. The past few days the dangerous animal has not been seen or heard of and the community is resting easy.

Bloomfield Monitor: The Congregational church at Odidson, of which Rev. A. J. Iden is pastor, was dedicated last Sunday. The day was very fine and large congregations attended the different services. The dedicatory sermon was preached in the morning by Rev. H. Bross of Lincoln. His subject was "The House of God." The dedicatory prayer was offered by President Warren. At the afternoon services President Warren preached a very eloquent and scholarly sermon from "Christ—the Servant." Rev. R. N. Graham preached at the evening service. A basket dinner was served in the grove, ample provisions having been provided for all. The church is a fine frame structure, neatly furnished inside, and is not only free from debt, but has a balance on hand. A little over \$100 was given at the morning offering.

license and bond was read and passed on the second reading. The street and alley committee was instructed to purchase a car of sidewalk brick.

The chief of the fire department requested the council to have the hook and ladder trucks and ladders repainted. The matter was referred to the committee on fire and police to report at the next meeting.

Wheaty Flavor

You should eat bread raised with Yeast Foam. It has a wheaty flavor and delicious aroma all its own, and retains sweetness, freshness and moisture longer than bread made with any other yeast.

Yeast Foam partially predigests the bread and preserves in it all the nutritive qualities of the wheat.

YEAST FOAM

is made of pure vegetable ingredients. With proper care it never loses its life and strength. It's always fresh and ready for use. Bread made with it is never acid, sour or heavy; it's always good as long as it lasts.

The secret is in the yeast.

For sale by all grocers at 5c a package. Each package contains 7 cakes—enough for 40 loaves. "How to Make Bread," mailed free.

NORTHWESTERN YEAST CO., Chicago.

KIDNEY DISEASES

are the most fatal of all diseases.

FOLEY'S KIDNEY CURE is a Guaranteed Remedy

or money refunded. Contains remedies recognized by eminent physicians as the best for Kidney and Bladder troubles.

PRICE 50c and \$1.00.

She Has Cured Thousands

DR. CALDWELL OF CHICAGO

Practicing Aleopathy, Homeopathy, Electric and General Medicine.

Will, by request, visit professionally NORFOLK, NEBRASKA. PACIFIC HOTEL, THURSDAY, JUNE 16. ONE DAY ONLY.

returning every four weeks. Consult her while the opportunity is at hand.

DR. CALDWELL limits her practice to the special treatment of diseases of the eye, ear, nose, throat, lungs, female diseases, diseases of children and all chronic nervous and surgical diseases of a curable nature.

Early consumption, bronchitis, bronchial catarrh, chronic catarrh, headache, constipation, stomach and bowel troubles, rheumatism, neuralgia, sciatica, kidney disease, Bright's disease, diseases of the liver and bladder, diabetes, nervousness, indigestion, obesity, interrupted nutrition, slow growth in children, and all wasting diseases in adults, deformities, sixth feet, curvature of the spine, diseases of the brain, paralysis, heart disease, dropsy, swelling of the limbs, stricture, open sores, pain in the bones, granular enlargements and all long standing diseases properly treated.

Hood and Skin Diseases.
