COLONEL BIGELOW OF LINCOLN FORCED TO QUIT TALK.

WAS RUN OUT IN PIERCE COUNTY

While the Socialist leader was delivering an address in a school-house at District No. 44, he was forced to stop—Prosecution Comes.

PIERCE, Neb., Sept. 2.—Special to The News: The deplorable intelligence is brought to Pierce that while Col. Bigelow, a socialist speaker from Lincoln, was addressing a crowd of people in the school house in district No. 44, about six miles north last Friday evening, some of the men of that vicinity attacked him in such a manner that he was compelled to stop talking.

It seems that while he was speaking a party of about thirteen farmers, comprising the tough element, went into the building and interrupted him by making threatening remarks and stated that they would throw him out.

Mr. Bigelow was compelled to stop speaking. Also while some of the more respectable people were on their way home they were insulted by this tough gang. It is said that they will be prosecuted.

In those days they used the old muzzle loading guns almost exclusively. He did try for an antelope with a new-fangled breech loading carbine but when he held high the gun shot low and when he held low the bullet went high.

The beast was quite a patient target during the gun play, but finally got tired and ran, but was headed off with a charge of buckshot from the trusty muzzle loader which Mr. Hopkins had with him for business.

MAN HAD DIAMONDS.

Recognized as Bonesteel Shell Game Worker.

The police yesterday arrested two men giving their names as J. J. Kirshbaum and C. Kohn because they acted much like persons who were working the fair crowd for their personal gain. When Kohn was searched at the police station diamonds and jewelry worth fully \$1,000 were found on his person. He declined to answer any questions as to where he secured the property. The men at first said they were Omaha business men. When the diamonds were found Kohn said he was a diamond salesman.

Kohn was in the barber shop of C. A. Green at 119 North Eleventh street when he was located by Detectives Bentley and Dawson. When Kohn entered the shop, he was recognized by C. N. Toops, a barber employed there, as one of the Bonesteel sharpers who worked a shell game on the streets of that town.

Mr. Toops and two other Lincoln men stood in a crowd together while Kohn flimflamed a young man out of some money. He worked a game that was a sure thing and had a lot of confederates about to assist, who fought the man when he insisted on having change that was due him. The detective traced Kohn to the barber shop and nabbed him as he came out—Lincoln Journal.

CLEARING THE DIAMOND

COMMITTEE GETTING READY FOR BASE BALL TOURNAMENT.

SWIFT GAMES ARE IN PROSPECT

Stanton, Humphrey, Tilden and Plainview, Four of the Strongest Teams in North Nebraska Will Enter the Contest.

The committee which is making the arrangements for the base ball tournament to be held here on September 27, 28 and 29, has commenced getting the grounds ready for the event. The diamond at the old base ball park north of the city will be used and Manager Roberts promises that by the time it is put in condition it will be one of the best grounds in the state.

Arrangements have been closed with four teams to play the three days. The present plan is that Stanton and Humphrey will play the first day, the 27th; Tilden and Plainview on the 28th; and the two winners on the 29th. Smith of Tilden has been invited to umpire the first game and it is probable that he will accept.

"You may rest assured," said Manager Roberts, "that we are going to have fast ball at the tournament. Every one of the four teams that has arranged to come here is a strong aggregation and it is not doubted that they will strengthen themselves all that is possible before that time. I predict that when those four teams line up in Norfolk they will comprise the swiftest players that ever crossed a bat in this city. When we announced on our posters that this will be a 'base ball feast,' we believed we spoke advisedly, and we have no reason to change our opinion of the forthcoming tournament."

Lightning has struck in several places but only did serious damage at one and that at the home of County Treasurer C. O. Murphy. They considered it a narrow escape of their lives. As they were just about to enter the kitchen the bolt struck the ceiling a few feet from them and passed out through the floor tearing up an immense hole and scattering the boards in all directions.

At the home of W. L. Perkins, six miles north, there were two good work horses killed by lightning.

There was more rain in the last part of the storm than in the first, about four inches of water falling altogether.

Big Peach Crop.

HUMBOLT, Neb., Sept. 3.—The peach crop is being harvested and as predicted early in the season the yield is as fine as any reported by the oldest inhabitant, while the quality of the home grown article is much superior to that of any shipped in so far as this season. Farmers are suffering, however, from a lack of market, there being no buyer here, and thus far all efforts of the local commercial club to interest some buyer have proved unavailing. In consequence prices are very low and a number of the fruit growers announce their intention of turning their hogs into the orchards and abandoning the crop if prices go lower. In several instances the farmers claim to have over 1,000 bushels.

Sorry for the Dogs.

Generally, people who saw the balloon ascension at Battle Creek were not pleased because they felt so sorry for the two dogs that were to be sent up. The dogs may have liked their ride skyward but from all appearances they were pretty badly scared and dreaded the ordeal. It was considered all right if a man is foolish enough to go sailing around in the air and risk his neck—that's his business and no one cares if he goes up with a dozen balloons—but when it comes to sending up two poor helpless dogs, it seemed a little cowardly and time for the humane society to take a hand.
