MEXICAN Mustang Liniment cures Caked Udder in cows.

MEXICAN Mustang Liniment Best for Sheep ailments.

MEXICAN Mustang Liniment always gives satisfaction.

MEXICAN Mustang Liniment drives out all inflammation.

SCHOOL OPENS TOMORROW

AFTER THREE MONTHS VACATION, NORFOLK EDUCATION RESUMED. BELLS WILL RING ONCE AGAIN.

There is Every Indication That the Attendance This Year Will Be as Large or Larger Than Ever Before—Prospects for a Profitable Year.

The school bells tomorrow morning at half past 8 o'clock will once again call to the several buildings of education in Norfolk, the merry hundreds of little folk and youth who, having enjoyed a full three months of rest and recreation, will again take up their duties at books.

The buildings were all made ready today for the reception tomorrow of the new school year. The indications are that every building will be well filled and that there will be few spare seats in any of the rooms. The teachers, strengthened by their summer's rest, are on hand to begin the training of young America and the drawing of school warrants.

Superintendent O'Connor is anticipating a successful year from every viewpoint. There is everything to indicate that the work accomplished will be thorough and profitable. It is expected that the attendance will be as large as ever and probably larger than at any other opening of a fall term. A large number of boys who have been working during the summer months, have left the stores and the shops and are prepared to go on with their studies.

The camping season and the picnics, with the little folk at least, are practically at an end until another year rolls around.

A few of those who graduated in the senior class last spring will go on to other schools. A large number will teach this year. There are not many changes in the teaching force of the Norfolk schools for the coming term. A great many familiar faces will be seen at the Grant, Lincoln, Washington and High school buildings.

There will be a goodly number of college students, who have been resting up in Norfolk during the summer, to return to their alma mater halls within the next two or three weeks. Many of the colleges begin between September 15 and September 20, so that within the not far distant future there will be an exit of pretty misses and striking young men.

Assignment of Teachers. Following is the assignment of teachers for the opening of the school year.

- D. C. O'Connor, superintendent. High School. R. C. Powers, principal. Kathryn Sisson, assistant principal. Bertha Henderson, science. Katharine Tawney, mathematics. Gertrude Watson, eighth grade. Pearl Reese, eighth grade. Pearl McCormick, seventh grade. Minnie Fleming, seventh grade. A. K. Barnes, sixth grade. Lincoln School. Harriet Albery, sixth grade. Otelia Pilger, fifth grade. Lena Mills, fourth grade. Nina Walker, third grade. Nelle Dingman, second grade. Laura Durland, first grade. Mamie Mattan, first preliminary. Pearl Widaman, second preliminary. Grant School. Louise Mathewson, fifth grade. Frances Viele, fourth grade. Mae Olney, third and second grades. Ellen Mullen, first grade. Mary McDole, preliminary. Washington School. Harriet Mather, second, third and fourth grades. Maude Dingman, preliminary and first grades. Janitors. August Helleman, high school. S. T. Adams, Lincoln school. C. S. McCaslin, Grant school. J. S. Burnett, Washington school.

Proposed Constitutional Amendment.

The following proposed amendment to, and convention for the revision of, the Constitution of the State of Nebraska, as hereinafter set forth in full, is submitted to the electors of the State of Nebraska, to be voted upon at the general election to be held Tuesday, November 8, A. D. 1904:

(Senate File No. 114.) A Bill for a Joint Resolution recommending to the electors of the state to vote at the next election of members of the legislature for or against a convention to revise, amend and change the Constitution of the State of Nebraska in accordance with Section 2, Article 15, of the Constitution of the State of Nebraska.

Be it resolved by the legislature of the State of Nebraska: 1. That it is deemed necessary to call a convention to revise, amend and change the Constitution of the State of Nebraska.

2. That the electors are recommended to vote at the next election of members of the legislature for or against a convention to revise, amend and change the Constitution of the State of Nebraska.

3. That at such next election of members of the legislature on the ballot of each elector voting at such election, shall be printed or written in such manner that the elector can indicate his preference under the law

LAST DAY OF THE RACES

ECLIPSED ALL PREVIOUS EVENTS AT BATTLE CREEK. ATTENDANCE WAS SATISFACTORY

A Veritable Whirlwind of Events all the Afternoon—Minnie Wilkes, Norfolk, Was the Star Performer of the Day—Owned by Billy Woods. BATTLE CREEK, Neb., Sept. 5.—Special to The News: The last day's meeting of the Battle Creek association eclipsed all previous ones both in the attractions and attendance. Race followed race all the afternoon in a veritable whirlwind of events. There was a ball game on the side, but it was one-sided and featureless and the interest of the crowd centered in the turf performances.

Minnie Wilkes, owned by and driven by Billy Woods of Norfolk, was the star performer of the day. She was entered in the 2:25 class and took the three heats easily, finishing strong. In the last heat she made the first half in 1:19. Horsemen who observed her form said she could have turned the track in 2:20.

The big end of the big purse went to Shade on for a performance that was duplicated within two seconds the day before on a heavy track in the three minute class. This event was reserved till the last as the crowning attraction of the races and many were attracted by the fame of the Neligh horse, expecting to see an exhibition mile. Instead he appeared in the free-for-all among a field of horses he out-classed and the crowd was disappointed in seeing him jog under the wire in 2:27 1/2.

The crowd was large and the receipts correspondingly generous. Not an accident, dispute, nor unpleasant feature occurred to mar the meeting and the management deserves great credit. A host of Norfolk people were on the grounds.

Summaries of the races: 2:25 Class. Minnie Wilkes (Woods) 1-1-1 Maggie McNeil (Cavanagh) 2-2-2 Paranna (Kay) 3-3-2 Frank (Howell) 4-4-4 Time: 2:25 1/4; 2:26 1/4; 2:26 3/4. County Pony Race. Dolly B. (Preece) 1-1-1 Baby Mine (Strick) 2-2-2 Croole Belle (Cox) 3-3-3 Little King (Cox) 4-4-4 Time: 5:54.

2:40 Class. Little Mack (H. E. Kelson, West Point) 1-1-1 Bushville Jr. (Kennedy) 2-2-2 Sally Nelson (Howell) 3-3-3 Time: 2:31; 2:37; 2:32; 2:42. Free-for-all Pony Race. Kitty O. (Smith) 1-1-1 Red Owl (Fisher) 2-2-2 Tina C. (Wakeman) 3-3-3 Time: 5:54. Free-for-all. Shade On (Kay) 1-1-1 Miss Young (Dr. Clark) 2-2-2 Antoinette (Hall) 3-2-3 Time: 2:21 1/2; 2:27 1/2; 2:26 1/2.

As a medium of exchange for anything in north Nebraska try a News want ad.

MONDAY MENTION.

J. W. Roberts of Foster was in town this morning. Alex. Searle of Atkinson was in the city yesterday. Joseph Levy was down from Verdigré yesterday. Miss Revina Adams was over to Wayne Saturday. J. A. Colling was up from Columbus to spend Sunday. Chas. Dugan was in the city from Bonesteel Sunday. D. A. Horn of Bonesteel was a city visitor yesterday. Fred Asmus went to Sioux City this morning on business. L. L. McAllister of Humphrey visited in Norfolk yesterday. Mr. and Mrs. Elmer Reed have gone to Sioux City to visit the fair. Mrs. Reese of Troy, Kansas, is visiting at the home of L. M. Beeler. W. B. Vail went over to Sioux City this morning to attend the races. H. P. Curtis of Neligh transacted business in the city this morning. O. L. Huebner, a merchant of Hadar, visited in Norfolk over Sunday. Miss Florie Key of Albion is in the city visiting her sister, Mrs. Geo. Spear. Mrs. Edward Hyde of Missouri Valley visited over Sunday with Mrs. LaFarge. Mrs. Julius Haase of Elgin is visiting at the home of her father, Aug. Hellerman. D. Baum returned Saturday evening from New York, where he had been to purchase goods. W. M. Rainbolt was down from Osmond to spend Sunday with his mother. George Rohde left this morning for Sherburn, Wis., to be absent several days on business. Miss Cora Luikart left this noon for Oxford, O., where she will attend the Western college. Mrs. M. J. Romig left last evening for Neligh to visit with her mother a couple of weeks. Miss S. Spiece of Chicago has come to take the position of trimmer at the Durland Sisters millinery. Mr. and Mrs. Henry Luebke have returned from Elgin and will visit with friends a few days before they leave for their future home in Surprise,

TEMPERATURE FOR FROST.

Director Loveland Says Thirty-Two Degrees Is Necessary. G. A. Loveland, section director of the weather bureau, was asked about the temperature, at which frost will be deposited. He said: "Moisture from the air will be deposited on cold substances at all ordinary temperatures, provided the temperature of the article upon which the deposit is made is below the dew point of the air. If the temperature at which the deposit is made is above 32 degrees it is liquid in form and is called dew. If the temperature is 32 degrees or below, the deposit is solid in the form of ice crystals, and it is called frost.

"Some people look at the thermometer on the side of a house and find it reading 36 to 40 degrees, while a frost appears on all the grass, and they say frost forms at a temperature above 32 degrees. But the temperature of the air near the thermometer is above that near the grass where the frost formed. There is no frost on the thermometer that reads 36. A temperature of 32 degrees or below must be reached where frost is deposited, but a thermometer hanging on a house may read 4 to 15 degrees higher than it would down among the grass where the frost is formed. This depends upon the location and exposure of the thermometer principally and slightly upon the wind."

If you have a horse or a mule or a cow or a house to trade make your

TEACHERS MEET IN OMAHA

STATE ASSOCIATION WILL BE HELD IN THE METROPOLIS. CHANGE MADE FROM LINCOLN.

Executive Committee in Session at Lincoln Last Evening Decided Upon the Change—Large Attendance and Interesting Meeting.

OMAHA, Sept. 2.—Special to The News: At the meeting of the executive committee of the Nebraska State Teachers' association held at Lincoln yesterday evening it was voted to hold the coming annual session of the association in Omaha.

This is quite a departure on the part of the teachers, the association meetings for many years having been held in Lincoln. The teachers who have visited Lincoln year after year for the association meeting will undoubtedly appreciate the opportunity that is afforded for a visit to the metropolis at the coming meeting, and the committee expects that the meeting will be better and more largely attended than usual because of the change.

Superintendent D. C. O'Connor of Norfolk, is a member of the committee and attended the session.

Wanted for Robbery in Butte.

ALBION, Neb., Sept. 5.—Chief of Police Waring has received a telegram from Butte, Mont., stating that one Frank Avery was wanted there for highway robbery and that he was headed for Albion. He came in yesterday morning and was immediately

I. M. MACY

The Practice of Medicine Becoming Specialized

The Physicians of the Large Cities the First to Adopt it and There are Now Many Throughout the Country.

Specialism is the idea of the day. Not that every physician can be a specialist, nor would it be justifiable in every doctor becoming one, but there are advantages that can be derived only by a special practice which is applicable to certain communities even though the physician himself is not a bona fide resident of that immediate vicinity. Small towns and the country are the principal communities in which a specialist could scarcely prosper, but as practiced by some specialists, that of going from one city to another, making his visits and seeing his patients at regular appointed intervals, one can derive advantages far superior to those received in many instances by a visit to the cities.

We cite, for instance, that of Dr. Caldwell, a specialist of Chicago, who is and has been making regular visits to our community for the last two years. Dr. Caldwell came well recommended and has succeeded in establishing a practice far beyond her expectations. She has made many cures and has succeeded in building up a reputation and practice among those whom she has cured that would be hard to get away from her. Dr. Caldwell is a lady from the new school. Her experience and training have been gained by many years of practice and the treatment of a vast number of cases. She confines herself to the treatment of chronic, lingering and deep seated ailments. She pretends to cure only such diseases as she has had sufficient experience in handling, and does not go into that class of incurable diseases which in many cases are useless to bother with.

As a result of long experience, Dr. Caldwell is thoroughly familiar with her specialties. In the treatment of cancer, consumption, heart disease, nervousness and female diseases, there are very few specialists better qualified than Dr. Caldwell. Some of her cures seem almost like miracles. People from far and near consult her as she makes these regular visits and she is always busy from the time she arrives until the time of her departure. It is claimed by Dr. Caldwell's friends that she can diagnose a disease without a question. This being

the case, she is not likely to doctor her patient for the wrong ailment, which is many times done by physicians of inexperience. Dr. Caldwell does not treat typhoid fever, whooping cough, measles, and those acute diseases which the local home physician is called upon to treat. It is not her desire to antagonize nor to take from the home physician that part of the business which really belongs to him. Many times Dr. Caldwell is in consultation with the home physician and the kindest of feelings should exist between them.

Dr. Caldwell is charitable. In many instances where people are devoid of funds to pay for their services she charges in such cases for the medicine only and no person, no matter how humble, has she ever turned away without seeking to give them relief. By permission we are pleased to publish a few of the cures she has made throughout the state of Nebraska: Mrs. Oscar Lange, Tekamah, Neb., cured of stomach trouble and female trouble of long standing. Mrs. Maloney, West Humphrey, Neb., cured of nervous trouble, kidney and liver trouble, and female weakness. Mrs. John Connelly, Akron, Neb., cured of cancer, had been healed by a number of doctors, without any benefit, cured with five injections. Mr. Pete Hible, Columbus, Neb., cured of kidney and bowel trouble. Mrs. John Swain, Clarks, Neb., cured of female trouble, catarrh and nervous trouble. Mrs. Henry Hart, Kearney, Neb., cured of tumor. Mrs. Henry Caskell, Cozad, Neb., cured of nervous and stomach trouble. Mrs. H. Sloan, Akron, Neb., cured of consumption. Mrs. Jacob Puff, Cozad, Neb., cured of nervous disease, female weakness and tumor. Miss Eva Cole, Sutherland, Neb., cured of catarrh. Richard Underwood, Bancroft, Neb., cured of stomach trouble and nervous trouble of long standing. I will be in Pender at the Palace hotel, on Tuesday, May 17.

NEBRASKA.

Ed O'Shea of Madison and Mark and Mollie O'Shea of Humphrey were visitors in the city yesterday. Miss Eta Durland returned Saturday evening from Chicago, where she had been buying goods for the Durland millinery.

Mrs. C. E. Still returned Saturday evening from Lincoln, where she had been visiting and attending the fair during the week.

Miss Lottie Kuhl is home from Omaha, where she is employed in the office of the Singer Manufacturing company, for a visit.

Miss Georgia Blakeman returned last evening from Lincoln, where she had been for a month visiting her sister, Mrs. E. T. Tatman.

Mrs. P. L. Estabrook and Mrs. A. L. Lager went to Sioux City on the morning train for a visit with Mrs. Jones and to take in the interstate fair.

Frank Holbert of Plainview took his family east some time ago for a vacation, and while in Middletown, N. Y., he was attacked with typhoid fever. The latest word from him is that he is somewhat improved and will in all probability recover.

Mr. and Mrs. Wellington Fox are now nicely situated in their new home in this city. Mr. Fox, son of Mr. and Mrs. George Fox, has lived all of his life in Norfolk. He is now a brakeman on the Northwestern railroad. Mrs. Fox was formerly Miss Mabel Fairbanks of Oakdale.

Mrs. Edwin Duval of Santioy, Cal., arrived in Norfolk Saturday for a visit with her sisters, Mrs. J. B. Mayland and Mrs. George A. Davenport. Mrs. Duval will be remembered as having been formerly Miss Anne Seymour of this city. She has been seriously ill during the summer and her many friends here will be glad to learn of her recovery.

Rev. J. J. Parker of Plainview is in the city today. He came from Pierce last evening, where he was summoned yesterday to conduct the funeral of Mr. Lewis of Mrs. H. H. Mohr and Mrs. Douglas Conner. Mr. and Mrs. Lee came to visit their daughters in Pierce some time ago and shortly after they arrived Mr. Lee was taken sick, and his illness resulted fatally. The funeral was held from the home of Mr. Mohr and was largely attended.

W. H. Blakeman and W. E. Hight have purchased the old Plano building and it is understood that it will be torn down and made into cottages.

E. A. Blakeman and W. H. Blakeman are each building neat five-room cottages side by side on South Seventh street, which when finished will be for rent.

The Marshal Field ranch, consisting of eleven sections of land in Stanton county, east of Madison, has been placed on the market and will be sold in smaller farms.

Col. Cotton has commenced the erection of a cottage on South Eleventh street, which, when completed, will be occupied by Cashier Miller of the Nebraska National bank.

A youth accused of stealing a watch and confessedly the thief of a pistol, was arrested Saturday night by Chief of Police Kane upon complaint of the party who lost the watch. After keeping the boy in jail over Sunday, the complainant refused to appear in prosecution and the prisoner was dismissed.

Tomorrow is set for the convention in this city of the delegates representing the Modern Brotherhood of America from judges of the Third Congressional district. The convention will be attended by a large number of fraternalists from all over northern Nebraska. There will be three delegates to the national convention elected here. Friends of F. H. Scott of Stanton are anxious to see him reelected to the position of director in the national order.

Rev. E. L. Wisner, who has been pastor of the Congregational church at Newman Grove, is in the city at the home of his wife's mother, Mrs. T. D. Watt, threatened with an attack of typhoid fever. He resigned his position at Newman Grove and had started for Bangor, Maine, where he intended to take a post graduate course at a Congregational seminary. While visiting Mrs. Wisner's mother he was taken sick with what promises to be a case of typhoid fever.

Yesterday was one of those perfect days in a weather way that are of frequent occurrence in Nebraska between the closing summer season and the opening of autumn. The sun shone brightly and the breeze was cool and invigorating, making it a pleasure to be out of doors and many of the residents of Norfolk and vicinity enjoyed it to the best advantage. In the afternoon the temperature warmed considerably but not enough to cause any great amount of discomfort to the people.

A very pretty home christening took place yesterday afternoon at the home of Mr. and Mrs. George A. Davenport, West Norfolk avenue, when their little son, Victor Seymour Davenport, and the little daughter of Mr. and Mrs. A. Pilger, Katherine, were formally given their names. The services were performed by their uncle, Rev. S. F. Sharpless, assisted by Rev. J. W. Turner, pastor of the Congregational church, of which the families are members. There were present as witnesses to the ceremony two great-grand mothers, Grandma Reckard, aged 82, and Grandma Gerecke, aged 81; two grand mothers, Mrs. Davenport and Mrs. Pilger, besides a large company of close relatives.
