MEXICAN Mustang Liniment Best thing for a lame horse.

MEXICAN Mustang Liniment is a positive cure for Piles.

MEXICAN Mustang Liniment cures all forms of Rheumatism.

MEXICAN Mustang Liniment cures Caked Udder in cows.

MEXICAN Mustang Liniment Best for Sheep ailments.

MEXICAN Mustang Liniment always gives satisfaction.

MEXICAN Mustang Liniment drives out all inflammation.

YEGG MEN AT PALMYRA

SAFE BLOWN OPEN LAST NIGHT AND THIEVES ESCAPE.

THE TOWN WAS NOT AROUSED

Burglars Worked so Quietly that the Citizens Did not Know of Robbery Until This Morning—Third in the Last Few Nights.

LINCOLN, Sept. 12.—Robbers blew open the safe in the bank at Palmyra and escaped today without arousing the citizens. They took an unknown amount of cash and the bank officials are trying to learn the amount of the loss, which may be small.

Three charges were filed and it is thought that the burglar was committed after midnight. This is the third robbery in this part of Nebraska in the last few nights.

Proposed Constitutional Amendment.

The following proposed amendment to, and convention for the revision of, the Constitution of the State of Nebraska, as hereinafter set forth in full, is submitted to the electors of the State of Nebraska, to be voted upon at the general election to be held Tuesday, November 8, A. D. 1904:

(Senate File No. 114.) A Bill for a Joint Resolution recommending to the electors of the state to vote at the next election of members of the legislature for or against a convention to revise, amend and change the Constitution of the State of Nebraska in accordance with Section 2, Article 15, of the Constitution of the State of Nebraska.

Be it resolved by the legislature of the State of Nebraska:

1. That it is deemed necessary to call a convention to revise, amend and change the Constitution of the State of Nebraska.

2. That the electors are recommended to vote at the next election of members of the legislature for or against a convention to revise, amend and change the Constitution of the State of Nebraska.

3. That at such next election of members of the legislature on the ballot of each elector voting at such election, shall be printed or written in such manner that the elector can indicate his preference under the law the words: "FOR calling a convention to revise, amend and change the Constitution of the State of Nebraska," and "AGAINST calling a convention to revise, amend and change the Constitution of the State of Nebraska;" and if a majority voting, at said election shall vote for a convention, the legislature shall, at its next session, provide by law for calling the same.

I, Geo. W. Marsh, secretary of state of the State of Nebraska, do hereby certify that the foregoing proposed amendment to the Constitution of the State of Nebraska, and providing for a convention for the revision of said Constitution of the State of Nebraska, is a true and correct copy of the original enrolled bill passed by the Twenty-eighth session of the legislature of the State of Nebraska, as it appears from said original bill, on file in my office, and that said proposed amendment and revision of the Constitution of the State of Nebraska is submitted to the qualified voters of the State of Nebraska, for their adoption or rejection, at the general election to be held on Tuesday, the 8th day of November, A. D. 1904.

In testimony whereof, I hereunto set my hand and affix the Great Seal of the State of Nebraska.

Done at Lincoln this 5th day of July, in the year of our Lord One Thousand Nine Hundred and Four, of the Independence of the United States the One Hundred and Twenty-Ninth and of this state the Thirty-eighth. (Great Seal) Geo. W. Marsh, Secretary of State.

LOSE NO TIME IN REBUILDING.

Elevator Burns in Morning and Contract is Let Same Afternoon.

NEBRASKA CITY, Sept. 12.—The Jones Grain company of this city let the contract Saturday afternoon for the rebuilding of their elevator that was burned in Mynard at 10 o'clock that morning. The new elevator will be modern in every particular and work will begin as soon as the debris can be cleared away. A. B. Wilson of the company places their loss by the fire at \$5,000, which is partially covered by insurance. The office and elevator fixtures and supplies and about 2,000 bushels of wheat and oats were consumed. The fire is supposed to have been started by sparks from a passing engine. The building was purchased about a year ago for the sum of \$5,000, but there was only \$500 insurance on it. The company expects to rebuild the elevator at once.

TUESDAY TOPICS.

Rev. J. M. Bothwell and wife of Madison were in the city over night on their way to Wayne, to attend the annual conference.

Mrs. L. M. Beeler is home from Omaha where she accompanied her aunt Mrs. Reese of St. Joe, Mo., who has been here visiting for some time.

Rev. J. E. Poucher and Rev. W. R. Peters went to Wayne today to attend the annual M. E. conference which opens in that city this evening.

Mr. and Mrs. Mrs. Sanford Scofield

and son of Los Angeles, Cal., are visiting Mr. and Mrs. J. B. Maylard. They are enroute home from the east.

J. C. Aid returned yesterday from Independence, Mo., where he visited a few days with a half brother whom he had not seen for 38 years, when both were very small boys.

G. Firk of Verdigre is in the city today.

James Nichols was over from Madison yesterday.

G. Stansen of Tilden was a city visitor this morning.

J. L. Hershiser left for O'Neill on a visit to his parents.

Miss E. H. Marshall came down from Niobrara this morning.

G. J. Holcomb was a Winside visitor in the city over night.

George and Harry Engel of Plainview were city visitors yesterday.

John F. and Adolph Hellbush of Humphrey were in town over night.

Mrs. W. O. Hall is suffering with a very severe attack of gall stones.

W. J. Gow and daughter Marion left today for a short visit at Cambridge, N. Y.

W. A. Witzgman, banker of Meadow Grove, transacted business in the city yesterday.

Rev. J. B. Leedom and wife of Silver Creek are in the city today visiting with old friends.

D. E. Cameron wants to Bonesteel yesterday to close up his business affairs at that place.

Clark Dalbey, who has been doing the painting and oiling on the United States court house interior, has completed his work and left for his home in Chicago.

The Ladies Aid society of the Congregational church will meet with Mrs. E. A. Bullock Thursday afternoon at 2:30. All the ladies of the congregation are cordially invited.

A. Osborn, who has been sick for some time with stomach trouble, is reported low. His son, Dr. Frank Osborn, is still with him, although he has been telegraphed to come back to Beatrice where he is physician in the institute for feeble minded.

The Madison county fair begins at Madison today and will continue until Friday night. The Knox county fair opens at Creighton on Thursday and continues the remainder of the week. Both these fairs offer good attractions and will draw big crowds.

Mrs. Simpson's condition had not changed for the better very much this morning. She was only partially conscious and the outlook is not promising. Col. Simpson remains about the same. A sister of Mrs. Simpson will be here this evening from Kansas.

W. B. Sisson this morning closed his loan and real estate office on North Fourth street and will go to Omaha, where he has accepted a position with the C. N. Dietz Lumber company. Mrs. Sisson is now in Ohio on a visit and when she returns they will go to housekeeping in Omaha.

Tomorrow the Madison county republican convention will meet in Madison to nominate candidates for county attorney, representative and county commissioner from the Third district. The day following the senatorial convention of the Eleventh district will meet in Norfolk to place a candidate in the field for state senator.

MADISON DEFEATS HUMPHREY

Large Number of Norfolk People Went Down and Witnessed Interesting Game—Band Concert Also.

A large number of Norfolk people went to Madison yesterday to see the ball game between the team of that city and Humphrey, and found a very interesting game. There was a large crowd in attendance, numbers of people coming up from Humphrey to give their home team encouragement. The game was close and exciting up to the eighth inning, when the Humphrey catcher dropped a ball leaving in four scores in that inning for Madison, the final result being ten to five in favor of the Madison team.

The crowd was good natured, and the usual amount of rooting and jollying of players was indulged in. The Madison band was out and helped to liven up the occasion by giving some of its choicest musical selections.

A feature of the game was the stick work by McIntosh for the Madison team, getting two two-baggers and one single. Nunley was in the box for Humphrey and Perrine was in for Madison until the seventh when McIntosh was substituted. Humphrey got four hits during the game and Madison seventeen. Edwards of Humphrey was the umpire.

Madison is well pleased over the work of its newly organized team of which Leland Spaulding of this city is captain. It is one of the rare times this season that the Humphrey players have been defeated, having a record that is enviable throughout, and it is a feather in the cap of the Madison team to have done this under the new management's first game.

Letter List.

List of letters remaining uncalled for at the postoffice at Norfolk, Neb., September 12, 1904: L. B. Force, Mrs. Mattie Houston, Henry Matke, Miss Emma J. Lauer, Wm. J. Lewis, Charley J. Leonard, Alben B. Rood, Fred J. Simmons, W. H. Simms, Mrs. Chas. A. Thompson, Miss Edna Wilson.

If not called for in fifteen days will be sent to the dead letter office. Parties calling for any of the above please say "advertised."

JOHN R. HAYS, P. M.

MIGHT BE DETRIMENTAL

IF OUTSIDE CAPITALISTS SHOULD DEVELOP OIL.

MIGHT BUILD UP NEW CITIES

If Local Capital Would Take Hold of the Matter It Could be Made of Vast Advantage to Established Towns. Sure Indication of Oil.

Editor Daily News.—Supplementary to your article regarding the oil situation in Friday's paper, I desire to remind your local readers that if we wait until outside capital comes in to develop the oil that is certainly in this vicinity, while it may be a benefit to Madison county it may injure instead of benefiting us locally. I know a spot eight miles from Norfolk and within one-half mile of a railroad where petroleum is issuing from the ground. Now supposing that outsiders should sink a well there and actually strike oil, in twenty-four hours 2,000 persons who are foot-loose in Norfolk would be located there and in a year there would be 5,000 people there to the disadvantage of Norfolk. The indications from the clines and anti-clines, which is the factor given the most consideration in surface indications, is extremely favorable to oil existing within a radius of twelve miles from Norfolk. In addition to this there is the evidence of the actual oil found upon the surface.

In an editorial in the Scientific American the editor states that surface indications are valueless and that no capitalist would think of sinking a well before some adventurer with more money than judgment discovered it. In the writings of Herodotus there are frequent references to oil springs. Pliny and Dioscorides also mention petroleum and 6,000 years ago it was a product of China. Where today are the great wells of Baku on the Caspian, in the time of Marco Polo there was a heathen temple burning the oil from springs there. Surface petroleum was known in America since 1829. Prof. Shillman's report upon oil taken from a natural spring from Titusville, Pa., in 1859 is a classic in petroleum literature and led to drilling the first oil well in America. It is now believed that petroleum is being continually generated deep in the earth from heat, water and organic matter and is distributed over wide areas all over the world only being deeper in some places than others owing to the difference in the inclination of the earth's strata. The history of petroleum is that wherever it appears in springs oil lies underneath at comparatively moderate depths. Thirty-seven years ago W. J. Barnes' father, who was a homesteader at Madison, sent a sample of the exudate from Taylor creek to New York for analysis and received the report that it was petroleum.

HARRY WILKINS RESURRECTED.

Neligh Yeoman Learns That a Former Helper Was Not Killed.

The following from the Neligh Yeoman will be of some interest in Norfolk, where the brothers of the subject of the sketch were well known as members of the Norfolk base ball team. Joe Wilkins being the captain, and Glenn Wilkins one of the pitchers. Mr. Trennepohl, father of Mrs. Wilkins, lives here:

"Harry Perkins, the very efficient and erratic helper in the Yeoman office for three long years, and who was reported killed last year in a railroad wreck, has been resurrected under the name of H. W. Wilkins. When Ed. Trennepohl told us a long time ago that his sister Lena had married Mr. Wilkins a month after that railroad accident we sized the situation up just as it is. I wrote to Mr. Wilkins assuring him that we were very glad the feckless Harry was dead, even though it took a railroad wreck to kill him, and that the real Harry had been resurrected. The letter had a return card, but it never came back. So we concluded he received it. The family tried for a long time to get Lena to send their photographs, but she didn't hasten to do that. At last we are advised that Ed. wrote her that it was no use to attempt to cover up the facts any longer, since the real situation was fully understood here. She then owned up that she married the man known here as Harry Perkins, but that was not his real name. The writer took a great interest in Harry and tried to locate him, even writing to the compiler of the Perkins genealogy, but as no trace could be found in the past of such a man we concluded he was not a Perkins after all. We always claimed that Harry was from a good family and that he had in early boyhood been trained in a good home. He was as close as a clam about anything connected with his ancestry. Hence, although he was in our office three years, we knew very little of the man, except as revealed by the life he led in Neligh. He had the elements of a true and noble manhood and understood as well as anyone how far he fell sometimes below the standard. We shall greatly rejoice if the better side of his nature shall assert itself and eventually triumph."

Henning's Hair.

Customers of the Sutorium have a new way of expressing it and if they now want a tight fit they specify that it shall be as close as Henning's hair.

ARM CRUSHED IN FLY WHEEL

Popular Young Man of Elgin Meets With a Serious Accident on Saturday.

ELGIN, Neb., Sept. 12.—Special to The News: Charlie Taylor, a popular young man of this place, accidentally got his arm caught in the fly wheel of a threshing machine Saturday afternoon, crushing the forearm and hand very badly. Dr. Walker of Lundsey, assisted by Dr. Munk of Newmon Grove, dressed the injured member, and are hopeful of saving the arm.

MONDAY MENTION.

The office of H. L. Spaulding, financier of the A. O. U. W., is at the city hall, where some one will always be present to accept dues and assessments.

Miss Otella Pilger entertained a few friends at supper Saturday evening for Rev. Henry Luebke and bride, who will leave for their new home at Surprise tomorrow.

The W. C. T. U. will meet at the M. E. church Wednesday, September 14, at 3 p. m. It is the first meeting of the year and all members are earnestly requested to be present.

Charles and Donald Bridge entertained a large number of their young friends Saturday evening at their home on West Norfolk avenue. Several hours were most agreeably spent at the various amusements provided for the entertainment of the guests.

W. B. Sisson has returned from Omaha where he has been with his father for a week. He left him feeling quite comfortable with the exception of being weary of his long confinement to his bed. It is now expected that he will be able to return home in ten days or two weeks.

Geo. E. Christoph was in Humphrey yesterday involving a check of goods for his former clerk, Reinhardt Reinhard. Mr. Reinhard left Norfolk to take a stock of drugs at Spaulding but when he arrived there was not satisfied with the location and bought a stock at Humphrey, where his parents reside.

Owing to differences between the proprietor and landlord of the Pacific hotel over the conditions of a new lease, the dining room of the hotel has been closed since Saturday evening, and for the past two days it has been run as a rooming house only. It is probable that the differences will be adjusted within a few days and the house opened up again. It is said that Knox Tippie of Stanton stands ready to take the house if the present landlord and proprietor do not agree.

The hardware stores are using their display windows to attract attention to the fact that the shooting season is partially open, and perhaps the most notable success is that of Blakeman & Hahn in attracting attention. They have a buggy in the window in the bottom of which is a dummy, with the feet protruding out of the back end and the face and hands showing over the side, with the inquiry, "Is the hunting season out yet?" He is supposed to be in hiding from the game warden, but is liberally supplied with guns and ammunition.

The new home of Mr. and Mrs. M. Enders on South Eighth street is about ready for occupancy and when the work of the plumbers and finishers is completed it will make one of the substantial and comfortable homes of the city. The notable feature about the house is that it is of cement construction throughout. From foundation to chimney it is built of the new cement blocks of which Mr. Enders has the patent, and even the porches to their floors are made of cement. The building looks as though it was constructed of rough hewn stone and this effect will be further brought out when it is treated with a cement wash from top to bottom. Since taking the agency for this patent Mr. Enders has used 2,000 barrels of cement and is finding quite a demand for the stone, particularly for use in foundations.

James Baker of Carroll was in the city Sunday.

Fred Willison was down from Bonesteel this morning.

Myron Hodges of Pierce was in the city over night Sunday.

O. J. Johnson went to St. Louis yesterday to take in the fair.

L. Haneman and T. C. French of Ewing are guests of E. B. Kauffman.

Louis Ross went to Bonesteel this noon for a two weeks business trip.

Mrs. John R. Hays returned Saturday evening from Sioux City, where she visited during the week.

Mr. and Mrs. Albert Degner have gone to St. Louis to take in the exposition. They expect to be absent about three weeks.

Chas. Dugan came down from Bonesteel this morning and will remain in the city a couple of weeks attending to business affairs.

Lillie, daughter of Mr. and Mrs. Fred Langenburg, is now sick with stomach trouble, her brother Paul being convalescent from a similar attack.

Mrs. G. H. Main is expected in Norfolk tomorrow from Omaha to visit friends here a few days on her way to attend the North Nebraska conference at Wayne.

Mrs. C. R. Parker went to Plainview Saturday for a short visit. Mrs. Thos. Scott of Kearney, formerly Miss Lillian Parker, was here and also went to Plainview.

Mr. and Mrs. L. A. Sims, formerly of Fremont, have found a house in Norfolk and are located in South Fifth street. Mr. Sims is employed on the Northwestern.

WORK ON COURT HOUSE

GOVERNMENT BUILDING NOT YET COMPLETE.

A LOT OF FINISHING TO DO.

It Will Be Several Weeks Before the New Structure is Ready for the Use of Uncle Sam's Representatives in This City.

There was a report out that the United States court house would be completed by the 15th and the building ready for occupancy by Postmaster Hays on October 1, but it is not probable that the building will be ready by the first. There is a lot of detail and finishing work to be done and it will be moving along quite rapidly if a finish is reached by the middle of October.

The plumbing sub contract will probably be finished by the end of the week, but there is a large amount of work to be done by the stone cutters, the marble fitters, and the firm that has the contract for putting in the steam heating plant. There have been little delays on one account or another that have combined to make quite a serious discrepancy in the date set for the finishing of the building and the actual finishing. There is no rushing need of the building being completed so far as Norfolk is concerned. However, the people here would like and convenient structure for the use of the postoffice and other government business as early as convenient, for the mere satisfaction of doing business in the handsome and palace-like structure that the government is putting in.

Some of the rooms are practically finished, but others will require much more time in putting in a state of completeness. The public lobby and the stairway is probably receiving more attention than any other portion of the edifice, and it will certainly be a handsome section of the building when all is done.

The furniture has been received, or a large part of it, but will not be installed until the building itself is completed. Millard Green has the contract for hauling and placing this portion of the equipment. Much of it is stacked up in the postoffice, with the wrappers still on and its beauty cannot yet be judged.

Escaped Prisoner Recaptured.

LINCOLN, Sept. 13.—After nearly two months of stolen freedom, Garrett Selby, accused of taking horses not his own, again roves in the city jail. His love for friends and easy bargains in Lincoln proved his downfall, and when he returned to the city Saturday noon he was met at the viaduct by Officer Joergen, and escorted to the police station.

Selby slipped away from confinement at the city jail on July 24, where he had been imprisoned to serve out a fine of \$50 and costs for taking property not belonging to him. Since that time the police heard nothing of him until Saturday noon, when Officer Joergen started across the viaduct to answer a call in west Lincoln. He met Selby calmly driving into town. The man will serve the remainder of his term.

The News reaches the people. If you want to talk to the people, talk through The News.

Fresh supply of school tablets at The News office.

YOU MUST NOT FORGET

That we are constantly growing in the art of making Fine Photos, and our products will always be found to embrace the Most Artistic Ideas and Newest Styles in Cards and Finish. We also carry a fine line of Mouldings suitable for all kinds of framing.

I. M. MACY

The Practice of Medicine Becoming Specialized

The Physicians of the Large Cities the First to Adopt it and There are Now Many Throughout the Country.

Specialism is the idea of the day. Not that every physician can be a specialist, nor would it be justifiable in every doctor becoming one, but there are advantages that can be derived only by a special practice which is applicable to certain communities even though the physician himself is not a bona fide resident of that immediate vicinity. Small towns and the country are the principal communities in which a specialist could scarcely prosper, but as practiced by some specialists, that of going from one city to another, making his visits and seeing his patients at regular appointed intervals, one can derive advantages far superior to those received in many instances by a visit to the cities.

We cite, for instance, that of Dr. Caldwell, a specialist of Chicago, who is and has been making regular visits to our community for the last two years. Dr. Caldwell came well recommended and has succeeded in establishing a practice far beyond her expectations. She has made many cures and has succeeded in building up a reputation and practice among those whom she has cured that would be hard to get away from her. Dr. Caldwell is a lady from the new school. Her experience and training have been gained by many years of practice and the treatment of a vast number of cases. She confines herself to the treatment of chronic, lingering and deep seated ailments. She pretends to cure only such diseases as she has had sufficient experience in handling, and does not go into that class of incurable diseases which in many cases are useless to bother with.

As a result of long experience, Dr. Caldwell is thoroughly familiar with her specialties. In the treatment of cancer, consumption, heart disease, nervousness and female diseases, there are very few specialists better qualified than Dr. Caldwell. Some of her cures seem almost like miracles. People from far and near consult her as she makes these regular visits and she is always busy from the time she arrives until the time of her departure. It is claimed by Dr. Caldwell's friends that she can diagnose a disease without a question. This being

the case, she is not likely to doctor her patient for the wrong ailment, which is many times done by physicians of inexperience. Dr. Caldwell does not treat typhoid fever, whooping cough, measles, and those acute diseases which the local home physician is called upon to treat. It is not her desire to antagonize nor to take from the home physician that part of the business which really belongs to him. Many times Dr. Caldwell is in consultation with the home physician and the kindest of feelings should exist between them.

Dr. Caldwell is charitable. In many instances where people are devoid of funds to pay for their services she charges in such cases for the medicine only and no person, no matter how humble, has she ever turned away without seeking to give them relief.

By permission we are pleased to publish a few of the cures she has made throughout the state of Nebraska:

- Mrs. Oscar Langé, Tekamah, Neb., cured of stomach trouble and female trouble of long standing.
- Mrs. Maloney, West Humphrey, Neb., cured of nervous trouble, kidney and liver trouble, and female weakness.
- Mrs. John Connelly, Akron, Neb., cured of cancer, had been healed by a number of doctors, without any benefit, cured with five injections.
- Mr. Pete Hible, Columbus, Neb., cured of kidney and bowel trouble.
- Mrs. John Swain, Clarks, Neb., cured of female trouble, catarrh and nervous trouble.
- Mrs. Henry Hart, Kearney, Neb., cured of tumor.
- Mrs. Henry Caskell, Cozad, Neb., cured of nervous and stomach trouble.
- Mrs. H. Sloan, Akron, Neb., cured of consumption.
- Mrs. Jacob Puff, Cozad, Neb., cured of nervous disease, female weakness and tumor.
- Miss Eva Cole, Sutherland, Neb., cured of catarrh.
- Richard Underwood, Bancroft, Neb., cured of stomach trouble and nervous trouble of long standing.
- I will be in Pender at the Palace hotel, on Tuesday, May 17.
