

MADISON COUNTY FAIR

EXCELLENT ATTRACTIONS AND GOOD EXHIBITS.

A HOT BALL GAME YESTERDAY.

Madison Shut Out Creston and Took But Three Scores—Exhibit Spices are Well Filled, Especially in the Stock Department—The Races.

The Madison county fair is a magnificent success, and the second day was a marker in the history of the Agricultural society.

The exhibitions are larger in all departments, the concessions are let to the limit, and there are better crowds than ever before in the history of the association and the management is more than pleased with the opening and looks for a magnificent close.

When Madison has a fair it is in all over. Every business house was closed from 1 o'clock to 2 yesterday afternoon, and nearly the entire town joined their visitors in talking in the events and making them feel at home.

Each individual resident seemed to have constituted himself or herself a committee of one to show their visitors a good time, and they did.

The forenoon and evening the streets were thronged and lively, the man who had the monkey to be thrown at, "five for a dime," was making the money, and the monkey enjoyed dodging the balls as much as anyone in the crowd.

Features of the game were Buckmaster's work in the box and Fullmer's playing all around, while Spaulding showed himself a prime favorite, whether his team was in or out.

Corbett was the star performer for Creston; Morris was not up to his average in the box, and Lewis finished the game from the seventh pretty.

The track was a little heavy for the racing, but some fair time was made. H. Wade Gillis of Tekamah was starter; P. A. Clark and Monroe Smith, judges; J. W. Edwards, F. A. Madsen and M. M. Stanhard, time keepers.

From 148 to 92 Pounds. One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough cure.

After the races was the balloon ascension. A man was carried up in the air by a monster bag and was shot from a wooden gun, making the descent in a parachute.

RESCUED BY THE WIND

TOO MUCH BREEZE FOR FROST TO MAKE HEADWAY.

VISITATION WAS VERY SLIGHT

Daily Affected Low Lands and the Damage was Practically Nothing—Conditions in Surrounding Towns About the Same as Here—Record of Past.

While the conditions seemed to be right for a killing frost and the weather observer gave a warning to that effect yesterday, yet he was mistaken in his calculations.

It is doubtful if a single ear of corn in this immediate vicinity was damaged on a particle by the frost that came last night.

While thus far no damage has been done by the frost the forecast for tonight is not encouraging. The weather observer sends another frost warning today, and if it continues cold until night there is danger that the frost will be more severe.

During the eight years that Dr. Salter has kept the weather record at this place, frosts have come as follows:

1897—Light frost September 17; killing frost October 8. 1898—Light frost September 7; hard killing frost October 5.

1899—Light frost September 17; killing frost September 26. 1900—Light frost September 17; hard frost October 8.

1901—Light frost September 17; hard frost September 18. 1902—Light frost September 4; killing frost September 12.

1903—Light frost September 14; killing frost September 16. STANTON, Sept. 14.—Quite a heavy frost visited this section last night.

ALTONA, Sept. 14.—There was a light frost here. NELIGH, Sept. 14.—Neligh had a frost but it was so light that no damage was done.

CLEARWATER, Sept. 14.—A heavy frost here last night did some damage. WARNERVILLE, Sept. 14.—The frost came but it was so light as to be almost imperceptible.

OSMOND, Sept. 14.—There was a frost but it did no material damage. BATTLE CREEK, Sept. 14.—The low lands were visited by a frost but it is not believed any damage resulted.

TILDEN, Sept. 14.—There was frost but it was very light. OAKDALE, Sept. 14.—Frost here last night but too light to be considered.

MADISON, Sept. 14.—A slight frost was noticeable early this morning. FOSTER, Sept. 14.—A very light frost was here this morning but absolutely no damage was done.

PILGER, Sept. 14.—A heavy frost visited this section last night. LINCOLN, Sept. 14.—Frost touched almost every part of Nebraska last night. In the northwestern part of the state it was severe enough to kill vegetation, although no great damage was done to crops in this vicinity.

The frost was light and results not serious. Nearly all Nebraska corn is out of danger.

THE FROST MISSED OUT

LOW TEMPERATURE WAS FORECASTED, BUT DIDN'T COME.

BACK TO SUMMER QUARTERS.

Minimum Temperature Did Not Lead a Frost, and the Corn Has Another Day or Two of Grace—Barometer is Down and it May Storm.

This section of the country has again escaped a frost by the wind making a shift to the south last night and sending the invading cold back into summer quarters in Canada and the Dakotas.

The forecast predicted frost again, but the people of the country are thoroughly satisfied with his failure to make good.

Up to midnight the weather was chilly and raw, and there was every prospect that the morning would develop a serious freeze.

The barometer is down about twenty-eight points, and it may be that there will be some disturbance to develop that will bring about the undesired low temperature, but the corn evidently has a day or two of grace.

Excursion Tickets to County Fair at Stanton, Neb.

Via the Northwestern line, will be sold at reduced rates Sept. 19 to 23, inclusive, limited to return until Sept. 24, inclusive.

Apply to agents Chicago & Northwestern R'y.

MRS. TOLER FOLLOWS HUSBAND

End of Tragedy at Anoka Which Will Always Remain a Mystery—Fam-By Trouble Was Cause.

BUTTE, Neb., Sept. 14.—Mrs. Henry Toler is dead at Anoka. The mystery surrounding her and her husband's death from burns probably will never be solved.

The inquest that was held and adjourned to wait for her evidence will not be resumed, as her death makes it unnecessary.

At the time of Mr. Toler's death a week ago, it was said Mrs. Toler had confessed that she poured oil on her own clothing and set fire to it.

She said her husband was fatally burned while trying to save her life. Another story was that she seized her husband and held him while the flames from her own clothing burned his body so that he died in a few hours.

Family trouble was the cause of the tragedy.

COUNTY TICKET NAMED

REPUBLICANS SELECT CANDIDATES AT MADISON.

EVERY PRECINCT REPRESENTED

Koenigstein for County Attorney, Richardson for Representative and Harding for County Commissioner—Address by Congressman McCarthy.

MADISON, Neb., Sept. 14.—Special to The News: At the republican county convention held in this city this afternoon Jack Koenigstein of Norfolk was placed in nomination for county attorney, F. W. Richardson of Valley precinct for representative and John Harding of Deer Creek for county commissioner.

The convention was called to order at 1 o'clock in the opera house with every precinct in the county represented. Temporary organization was effected by the election of Bert Mapes as chairman and S. R. McFarland as secretary.

A committee on credentials was appointed and given time to report. After the committee had reported the temporary organization was made permanent and the convention proceeded to business.

M. D. Tyler of Norfolk presented the name of Jack Koenigstein of Norfolk for county attorney, and moved that the secretary be instructed to cast the full vote of the convention for him.

This motion prevailed without opposition and Mr. Koenigstein was declared the nominee. He thanked the convention in a few brief but well worded remarks.

M. B. Putney of Tilden then gained the floor and said he believed the choice of the convention for representative was F. W. Richardson of Valley, and concluded his remarks by moving that he be nominated by acclamation.

This motion carried with a whoop and Mr. Richardson was declared the nominee. Mr. Richardson was called for and thanked the convention for the honor that had been conferred upon him in a way that was very satisfactory to his constituents.

Then the delegates from the Third commissioner district retired to another part of the building to select a candidate for commissioner. While they were gone Congressman J. J. McCarthy, who was an interested spectator at the convention, addressed the delegates briefly upon the issues now before the people.

At the conclusion of his remarks S. W. Deuel of Meadow Grove reported that the Third district delegates had selected John Harding of Grove precinct as candidate for county commissioner. This selection was ratified by the convention, and after instructing the central committee to fill any vacancies that may occur in the ticket, the convention adjourned and went to the county fair.

THE CANNON MEETING

REPUBLICANS ARE PLANNING FOR A BIG RALLY.

THE EVENING OF SEPTEMBER 27.

Committees Appointed to Make Arrangements for the Meeting—Causes of the Various Wards Elect Delegates to the County Convention.

Speaker Cannon of the national house of representatives, who is billed to make a political address here on Tuesday evening, September 27, will probably be the greatest drawing card of the campaign, and Norfolk republicans propose to make it an event worth while.

At the meeting of republicans held last evening after the caucus, it was decided to make September 27 a red letter day in the history of republican politics in Madison county and north Nebraska.

Mr. Cannon will only speak at three places in the Third congressional district this fall, at West Point on the afternoon of September 27, at Norfolk that evening and at Columbus the following evening.

Everyone wants to hear Cannon, whose name is a familiar word all over the United States, and the three places fortunate enough to have him assigned to them will draw large crowds from the surrounding country.

With him will be Hon. James E. Watson, congressman from Indiana, and a number of candidates for state office on the republican ticket.

The plan as outlined last evening is that the Auditorium will be secured for the meeting, a band hired and other details arranged for, provided, of course, that sufficient funds can be secured for the purpose, of which there is no doubt.

John R. Hays was made chairman of the meeting and W. N. Huse secretary. Motion prevailed that a general committee of five, of which the chairman of the meeting should be ex-officio chairman, be selected to have charge of the arrangements for the Cannon rally, with authority to elect sub-committees and with full power to act.

As such committee there were named John R. Hays, chairman, Geo. N. Beels, C. E. Burnham, Bert Mapes, W. N. Huse and Jack Koenigstein.

At a meeting of the committee later the following sub-committees were selected: On finance—Burnham, Beels and Koenigstein.

On hall, music and advertising—Hays, Mapes, Huse. The sub-committee on finance was instructed to get busy soon, as the extent of the blow out will depend upon their efforts.

It was decided to hold another meeting of the committee at the Elks' club rooms Saturday evening at 8 o'clock, when further plans for the meeting will be made.

WILLIAMS FOR SENATOR CONVENTION WAS HARMONIOUS FOR THE WAYNE DOCTOR.

NOMINATED BY ACCLAMATION.

The Republican Convention of the Eleventh Senatorial District Meets in Norfolk and Votes as One Man for the Nominee.

At the convention held in this city today, Dr. J. J. Williams of Wayne was placed in nomination for state senator from the Eleventh senatorial district, comprising the counties of Madison, Pierce, Stanton and Wayne.

The convention was slow in getting down to business, on account of the fact that the M. & O. train, on which were the Wayne delegates, was late.

to give a few short but clean cut remarks on the issues of the day. A senatorial central committee was named as follows: Madison county—W. H. Widaman. Pierce county—Dr. J. M. Alden. Wayne county—R. E. Smith. Stanton county—A. F. Enosh. A. F. Davis of Wayne was made chairman and Grant Mears of Wayne, secretary.

After authorizing the central committee to fill any vacancies that may occur on the ticket, the convention adjourned.
