

STATE BANKS PROSPEROUS

HIG INCREASE OF DEPOSITS SINCE LAST MAY.

A GAIN OF OVER TWO MILLIONS

The Total Deposits are Now \$40,106,866. The Legal Reserve is Fifteen Per Cent and Actual Reserve Over Thirty-Seven Per Cent.

LINCOLN, Sept. 23.—If deposits are any criterion, the condition of the state banks of Nebraska was never better. The consolidated report of state and private banks, compiled by the state banking board, shows an increase of \$2,282,130 over the quarterly report of last May. The total deposits on hand August 23, the date of the report, was \$40,106,866.68. The law requires a reserve of at least 15 per cent of the aggregate amount of deposits. The consolidated report shows that the banks have a reserve of 37 1/2 per cent on hand, which is 3 per cent higher than the amount on hand last May. Chief Clerk A. N. Dodson of the banking board, says of the report:

"Number of banks reporting is 515, being the greatest number ever reporting since the organization of the department. The number of depositors (eight banks not reporting this item) is 127,570, being an increase of 5,344 in number. Banks held at the date of this report a reserve of 37 1/2 per cent, which is 3 per cent higher than the reserve held May 14, 1904. The increase in deposits over the amount reported May 14, 1904, is \$2,282,130.92, and the increase over the amount of deposits September 5, 1903, in nearly a million and three-quarters. The report shows a very gratifying condition of the banks, which is certainly pleasing to their owners and their hundreds of thousands of patrons."

NEWS SERVICE ON TRAINS.

Innovation to Be Made by Union Pacific on Overland.

OMAHA, Sept. 23.—An innovation to be made on the Union Pacific fast trains in a few days transcends in daring enterprise anything yet attempted on an American railroad. This is the introduction of a telegraphic news service which will put the passengers on the through train in touch, twice a day, with important events that are transpiring in this and foreign countries. Bulletins of the most interesting events are to be sent out from Omaha at noon and at 4:30 p. m. in a condensed form and these dispatches will be posted in the observation cars for the convenience of the passengers who will be able to keep in touch with the absorbing events of the hour without leaving the train.

Only No. 1, going west, and No. 2, the Overland Limited, going east, will be supplied with the news service at present. The dispatches sent out at noon will overtake two No. 1 trains. They will overtake the train leaving Omaha in the morning near Central City and will overtake No. 1 leaving on the day previous further along the line, perhaps at Evanston, Utah. The dispatches sent out at 4:30 also will reach the trains at widely separated points, the west bound trains being supplied at or near North Platte. The farther train, No. 1, will be supplied with the afternoon dispatches at Wells, Nev.

LONG TRIP FOR NOTHING

ATTORNEY HALDERSON OF NEWMAN GROVE MAKES IT.

TRIAL HAD BEEN POSTPONED.

Was to Have Appeared for Drs. Munk and Walker at Lincoln, But Found Hearing Set for November 16, on His Arrival at the Capital City.

H. Halderson of Newman Grove, counsel for Drs. Munk and Walker, who are charged with encouragement of race suicide in their professional practice and are awaiting a final hearing before the state board of health, came in from his home at Newman Grove yesterday to attend the hearing which had been set some time since for tomorrow. He did not learn until noon today, when he was advised by a reporter for The News that the hearing had been postponed until November 16. It was announced yesterday at the office of the state board of health that the hearing had been postponed on account of the inability of a part of counsel to be present. Notice was sent to Mr. Halderson, but he appears to have left home before he received it.

According to statements made by Mr. Halderson there is some politics and considerable professional jealousy behind the prosecution of his two clients and the complications in the case have stirred up the people of Madison and Platte counties to a considerable pitch of partisan fervor. He says that Dr. Ed Munk came to Newman Grove some fifteen months ago from Sioux City. It is a place of probably 800 inhabitants and there are four other doctors located there. There was a feeling that five physicians were too many for so limited a clientele, and it is hinted that this prosecution is part of an effort to shave the number by one, especially in view of the alleged fact that Dr. Munk has built up a practice bigger than that of any of his contemporaries. About a year ago Dr. Munk was arrested upon a charge of abortion, but at the preliminary examination at which he was represented by Attorney Halderson and M. E. Harrington of O'Neill he was discharged for lack of evidence indicating probable cause to hold him for trial.

Dr. D. G. Walker, his companion in trouble at the pending hearing before the state board of health, has lived in Lindsey, Platte county, for about seven years. He has taken an active interest in the republican politics of the county and in that way he came into rivalry with Banker Ed Broadwell, who also aspires to lead in the republican politics of the county. Dr. Walker has been chairman of the town board, an office corresponding with the majority of larger towns, and has been active in county committee work. At one time he defeated the banker in a spirited contest for the chairmanship of the town board, at which time strenuous assaults were made upon his professional record in a circular that was widely distributed.

Last May charges were preferred before the state board of health against Dr. Munk of Newman Grove and Dr. Walker of Lindsey. They were jointly charged with complicity in two cases of abortion, and Dr. Munk was called upon to face a third charge of the same character in which Dr. Walker was not associated with him. They were cited to appear before the secretaries of the state board at a hearing set for June 15 last. Banker Broadwell of Lindsey and Drs. McKahan, Frink and Kennedy of Newman Grove are said by Halderson to be the active spirits in the preference of the charges.

As indicative of the spirit that is behind the prosecution Attorney Halderson calls attention to the alleged fact that, just as he and his clients were to leave home for Lincoln last June to attend the hearing before the state board on the charges still pending, the two clients were arrested on a charge of rape. The hearing was set for June 15. They expected to leave Newman Grove the morning of the 14th in order to be here in ample time. It was the evening of the 13th that the two clients were arrested. Mr. Halderson says that the attorney who represented the prosecution secured the warrants by declaring that he had been authorized to secure them by the county attorney, but that that official, when informed later of the proceedings, declared that he knew nothing about them and had not authorized them. Mrs. Munk and Walker gave bond for their appearance and managed to get away in time to attend the hearing before the board of secretaries.

The result of that hearing was unfavorable to them, as evidence was offered before the secretaries of the board to the effect that they had committed numerous breaches of professional practice. The patients for whom they were accused of performing unlawful operations were several married women, and the husbands of at least one of them appeared as a witness against them. It was upon this evidence that the secretaries submitted to the state board a report unfavorable to the accused.

In July last, after they had returned to their homes the charges of rape lodged against them the night before they left for Lincoln came up for trial and they were acquitted. Their alleged victim was a Miss Millie Thompson, from whose testimony it appeared that she had been informed by her mother that she would get a considerable sum of money from the other doctors if she would testify against them two accused.

To what date did you say the final hearing has been postponed? inquired Mr. Halderson yesterday. "November 16? That is after election, isn't it? Ah, ha! I see."

But he didn't undertake to say just what he could see.

Both of the accused are of middle age and are men of family.—Lincoln News.

PIERCE JAIL DELIVERY

TWO PRISONERS GAINED THEIR FREEDOM LAST NIGHT.

RELEASED BY AN OUTSIDER.

During the Temporary Absence of the Sheriff Some One Walked Into the Corridor, Secured the Keys and Unlocked the Cells.

Pierce, Neb., Sept. 27.—Special to The News: Two prisoners charged with burglary, escaped from the Pierce county jail at 8 o'clock last night. James Penfield and James Edgar are the names of the two prisoners who made their escape. They were being held for trial before the district court, which convenes next month, for crimes committed during the G. A. R. reunion last July.

The sheriff and family live in rooms over the jail and during the evening the sheriff went over to town to get assistance for his wife, who is sick with appendicitis. While he was away some one entered the living rooms over the jail and during the evening the sheriff went over to town to get assistance for his wife, who is sick with appendicitis. While he was away home one entered the living rooms and secured the keys, went below and unlocked the doors of the cells, allowing the prisoners to walk out to freedom.

The prisoners confined in a neighboring cell heard the rattle of the locks and supposed it was the sheriff. Wishing to speak to him he came forward and discovered that the prisoners had been released.
