

WHIPS BRADY IN DEBATE

FUSIONIST MADE TO ADMIT HE RODE ON A PASS.

ALSO VOTED TO SPEND MONEY

Appropriations Which He Had Declared Were Extravagant, He Admits He Voted For—He Calls Kelsey a Liar But Fails to Prove It.

Clearwater, Neb., Nov. 7.—Special to The News: A debate took place here Saturday afternoon between Charles H. Kelsey, republican, of Neigh, and Senator Brady, fusionist, of Albion, as the result of sensational accusations which were made in a speech of Brady's earlier in the week, when he called Kelsey a liar and said that he had lied deliberately. In the debate of Saturday, Kelsey fairly wiped the earth with the fusionist, made him admit that he had ridden on a railroad pass, had voted for every appropriation in the last legislature, and got a statement that Brady will vote for Watson for president.

Kelsey spoke Tuesday showing that the tax of Antelope county is less this year than last, under the old revenue law. He declared the Ramsey elevator law was constitutional. Harry Bromé followed on other issues.

Brady followed Thursday, abusing the republican party and declaring that Kelsey had lied in his figures. He said anyone who would ride on a railroad pass was under obligations to the company and would do dirty work for it. He said the Ramsey law never had been declared constitutional.

Kelsey's friend objected to the accusations and arranged a joint debate in Clearwater for Saturday afternoon. Kelsey produced figures and challenged Brady to prove their falsity. He asked Brady if he didn't ride on a pass when he was in the legislature; Brady admitted he did. He asked him if he hadn't voted for every appropriation; Brady said he had. Brady said he would vote for Watson for president but gave no statement as to United States senator. Another debate was arranged. At Orchard Kelsey again wiped the earth with Brady, who tried to get out of keeping the date.

The News today presents the official vote of Madison county for the election of a year ago for the purpose of providing comparative figures on the returns received from the election this fall.

Stanton Register: Conrad Schmidt who lives up in the Elkhorn precinct has raised some great corn this year. He picked five-sixths of an acre Saturday and hauled it to town. He sold it to Nye, Schneider, Fowler & Co. at 29 cents per bushel, and as it weighed up over 64 bushels the yield is 80 bushels per acre. At the price he received the returns per acre is over \$23. There is lots of land in Stanton county that can be bought for \$40 to \$65 that will yield as good crops.

Fremont Tribune: The continued heavy local travel up the main line of the Northwestern is the subject of considerable comment among railroad men. It is only occasionally that a train going either way is big enough to seat all the passengers and this condition has existed for a period covering several weeks. Extra cars have been put in use and on two or three occasions lately two engines instead of one have hauled the trains. "If business holds out this way," said a railroad man today, "the road may have to put on a local train between Fremont and some point northwest, or possibly between Omaha and Scribner."

Residents of that portion of the city on North Ninth, Tenth and Eleventh streets are made nervous and apprehensive of danger by the almost constant and apparently reckless use of small calibre rifles by boys in that portion of the city. They fear constantly that there is danger to life and property. The attention of the police has been attracted to the practice and as the laws forbid the firing of arms in the city limits there are quite likely to be some arrests if the practice continues.

CHARGE WAS A BOOMERANG

WM. MANSTERMAN, COMPLAINING, GETS FINED HIMSELF.

HE PROVOKED AN ASSAULT

Although the Court Found That Evidence Bore Out the Charge Which the Young Fellow Had Entered, Yet He Was Found Equally Guilty.

[From Tuesday's Daily.]

William Mansterman got a boomerang in police court yesterday in the shape of a \$7.10 fine when he attempted to bring suit against Emil Koehn for assaulting him. The evidence went to show that there was every probability for an assault and that Mansterman deserved just as heavy a fine if not a more severe one than the man whom he had sworn out complaint against. When Judge Hayes had decided the Koehn suit, in which he found that the evidence bore out the charge of assault, Koehn immediately swore out a countercharge against the complaining witness and Mansterman paid the fine.

Trouble had been brewing for a year or so over an old debt which Mansterman owed Koehn for drinks. Koehn stated that Mansterman had written an order that was of no account, drew money upon it, promised afterward to make it good and then, failed to keep his promise.

Mansterman entered the saloon Saturday night. Koehn asked him to liquidate. Mansterman refused and said he didn't intend to pay it at all. "Furthermore," he is quoted as having said, "I am a minor and you had no right to ever sell me anything."

Later Mansterman walked up to the bar and ordered a drink. Koehn refused to give it to the young fellow, on the ground that he was a minor. And further, on the ground that he was a minor, Koehn determined to oust him from the building.

He ordered Mansterman to leave. Mansterman claims that Koehn came at him with an ice pick and struck him. Koehn denied the allegation. They all agreed, however, that Mansterman, though he might have been struck, had been provoking to a degree and the judge gave him a severe lecture on the strength of it.

GIVE COMFORT TO THE BOY

DONALD HOUSH, THE LITTLE FELLOW WHO WAS SHOT.

BROTHER SUFFERS AS MUCH

He Has Been on the Alert to Do Anything and Everything Possible For the Little Fellow Since the Tragedy Occurred—Wishes Never Saw Gun.

To assist in the caring for Donald Housh, the little fellow who was accidentally shot and who still lives in the family apartments, a number of Norfolk people today contributed generously of those things which they thought would be of value in lending comfort to the wounded boy. No one feels worse over the accident than his brother, Claude Housh, who did the shooting through accident.

Pale and frightened from the shock, yet active in doing anything that he could to make his wounded brother rest more easily and suffer less pain, the young fellow has been constantly on the alert since the accident, with scarcely any sleep. When he does get to bed he finds it hard for him to sleep. "I was going to trade the gun back that very morning," he said. "I wish I had never seen the thing. I didn't know it had a load in it or I shouldn't have been handling it so carelessly. I'm afraid my brother will die. I wish it had been me."

There will be a social session of the Ladies guild on Thursday afternoon at 2:30 sharp at the home of Mrs. Anna Madsen on Madison avenue. Mrs. H. C. Matran, Mrs. J. G. Troutman and Mrs. Madsen will be hostesses. The ladies of the parish are cordially invited.

No Poison in Chamberlain's Cough Remedy.

From Napier, New Zealand, Herald: Two years ago the pharmacy board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A.

The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. When taken in time it prevents pneumonia. This remedy is for sale by Leonard the druggist.

Mrs. Asa K. Leonard entertained eighteen ladies at 1 o'clock luncheon yesterday. The affair was in the nature of an election day function throughout. The dining room of the Pacific hotel, under the new management of J. H. Needham, had a thorough housewarming yesterday when it was given over to the ladies of the M. E. Aid society for their chicken pie dinner and supper on election day. It is estimated that they have cleared about \$100 through the serving of the two meals.

Crandall Hopkins, the first white settler in Antelope county, died Saturday evening at his home, about two miles from Tilden. Mr. Hopkins took a homestead in 1868 and reared a large family upon the 800 acres which he later acquired. He was a direct descendant of the Stephen Hopkins who was a signer of the Declaration of Independence, and was a man of great physical power and force of character. Had he lived until next June he would have been 80 years of age, nevertheless, until a week ago he was as active and energetic as the average man of 50.

The Northwestern has recently issued a pamphlet treating of potato growing in Nebraska. With an introduction of this vegetable in all parts of the world, the pamphlet contains interesting figures on the economic value of this food product, and specific information as to the best methods of planting, the preparation of soil and the cultivation and harvest of the crop. The adaptability of the soil in Sheridan, Dawes, Box Butte, Scotts Bluff and other Nebraska counties has proven to be quite marked, and much of the land that has heretofore yielded little or no revenue, promises by this means to bring large returns to the farmer.

YEAR'S FIRST SNOWSTORM

A LITERAL TOKEN TO THE CANDIDATES WHO ARE BURIED.

IT CAME WITH BREAKING DAY

The Flurry Lasted But a Half Hour or so, and Then Vanished into Thin Air, Making Room Once More for the Drizzling Rain.

North Nebraska's first snowstorm of the season, peculiarly timed for the day after election and sarcastic in its every look as it symbolized the drifts under which some of the political candidates were buried, fell today.

Following a beautiful day for election, with clear blue skies until noon and with no storm even at night, the snow which came up shortly after 7 o'clock this morning bore the appearance of a fateful event. The early day was ushered in with rain and cloudy weather. The air was cold and disagreeable. After the drops had dashed and dashed against the window panes, the frigidly converted the moisture into tiny bits of whiteness and a genuine snowstorm raged for a half hour.

Then the snow cleared away and the rain resumed operations that had promise early of lasting throughout the day.

WILL NOT MAKE ANOTHER RACE

President Announces He Will Not Be a Candidate for Re-election.

Washington, Nov. 9.—President Roosevelt, after the returns clearly indicated the result, issued the following statement: "I am deeply sensible of the honor done me by the American people in thus expressing their confidence in what I have done and have tried to do. I appreciate to the fullest the responsibility placed on me, and I shall try not to forfeit it. On the 4th of March next I shall have served three and a half years, and this three and a half years constitutes my first term. The wise rule which limits the president to two terms regards the substance and not the form. Under no circumstances will I be a candidate for or accept another nomination."

Des Moines, Nov. 9.—Returns from 310 precincts show a Republican gain over 1900 of nineteen votes to a precinct. If this gain be continued throughout the 2,182 precincts, the plurality for Roosevelt will be 139,456. The entire Republican state ticket is elected by pluralities that will fall but little below the head of the ticket. The only doubtful situation is now in the Second congressional district. Republicans are making gains that indicate that they may defeat Wade (Dem.). All other Republican congressmen are elected.

Maryland Is Close.

Baltimore, Nov. 9.—Returns from the city and state are not complete, but it is apparent from the official reports so far received that the vote so far in Maryland is very close and that the actual result may not definitely be known today, owing to the slowness of returns from remote districts. In Baltimore the indications are that there may not be a difference of 100 votes. Complete returns from the counties show unexpected Republican gains, particularly in the western counties.

The Sun, which supported the Democratic presidential nominee, concedes this morning that Roosevelt carried the state by about 1,000.

Illinois.

Chicago, Nov. 9.—According to the returns, Illinois will give President Roosevelt the largest plurality ever given to any presidential candidate. He has carried Chicago by 97,000 and the county of Cook over the city will give him about 9,999 additional, making his plurality in Cook county not far from 107,000. The Republican state central committee claim the plurality for President Roosevelt will total 214,900, though some of the committee claim 230,999. The Democratic committee refuse to give any figure. The Republican state ticket has been overwhelmingly elected. The Republicans, by carrying the First, Fifth and Eighth districts, heretofore Democratic, have increased their congressional delegation from seventeen to twenty.
