

SONS OF HERMAN PROSPER

BOARD OF TRUSTEES MEET TO CHECK UP THE BOOKS.

FIND A FLOURISHING CONDITION

Have a Total of \$19,683.24 in the Treasury—A Membership of 1,795 in the State—Lost But Three Members by Death This Year.

The board of trustees of the grand lodge Order of Sons of Hermann of Nebraska held their semi-annual meeting in this city yesterday for the purpose of auditing the books of the grand secretary and grand treasurer, and to discuss such matters as might come before that body. The books of both grand officers were found correct and showed the order to be in excellent condition.

The funds on hand at close of business January 2, 1905, were as follows: Reserve fund, \$14,000.00; benefit fund \$5,172.96; general fund, \$510.28, making a total of \$19,683.24 available cash. The secretary reported a membership in this state of 1,795. Losses during the year were the lowest since the organization of the grand lodge in this city eight years ago; only three members were lost through death.

The following grand officers were present at yesterday's session: Grand President Fred Volpp and Grand Secretary J. H. Lohmann, Bloomfield; Grand Treasurer J. E. Melcher, Wisner; Trustees Carl Rohde and August Boettcher, Columbus, and Aug. Brummond of this city.

Bunting-Marble.

Last evening at 6 o'clock at the Baptist parsonage, Mr. Ira Bunting and Miss Minnie G. Marble were united in marriage, Rev. J. H. Clay, the pastor, officiating.

The couple will make their home in Madison where the groom has a position as baker. The bride is from Tilden. May true happiness be theirs.

Jenkins and Carkeek.

San Francisco, Cal., Jan. 10.—The most important wrestling match to be seen hereabouts in a long time is scheduled for Woodward's pavilion tonight when Tom Jenkins and Jack Carkeek are to engage in a bout to settle the question of relative supremacy. The men have been training faithfully since the match was made and a lively contest is expected to be the outcome. The articles of agreement call for the best two out of three falls, catch-as-catch-can rules to govern.

Revival Meetings.

Evangelist Rev. J. W. Thompson of Omaha, will begin a series of special meetings at the Baptist church next Sunday morning at 11 o'clock. Mr. Thompson is an evangelist of wide experience and of recognized ability. His command of the Bible is wonderful. As a speaker he is forceful and earnest, and his passion for souls is manifest to all. A most cordial invitation is extended to all to attend. We will give you a warm welcome and try to do you good. To the christian people of the city we extend a special invitation to give us your presence, and prayers as far as possible. J. H. Clay, pastor.

Mr. Thompson deserves to be largely known as an evangelist. He is a man of very sympathetic nature and makes hosts of friends; secures the respect and confidence of all with whom he comes in contact; holds himself to the one thought of winning souls to Christ; has a faith that does not tremble or waver; preaches the gospel plainly, forcibly, lovingly; presents it from the love side mainly; though by no means ignoring its stern aspect; and in every way a most useful and efficient laborer. He wins to Christ and by love.—H. B. Foskett (Essex, Iowa) in Chicago Standard.

The Warnerville school has opened for the winter term with an enrollment of forty-two pupils. Miss Gertrude Nelson continues as teacher. Two hundred visitors were present at the closing exercises of a very successful fall term.

James and Edward Jones, two brothers who had been in jail at O'Neill for some time, pleaded guilty to the charge of burglary at Page and were sentenced to one year each in the penitentiary. A. Kealy of Knox county was fined \$100 for borrowing a horse without asking the owner's consent. Kealy is from Knox county.

Gardner, has been married at that place to Miss Pauline Cartmill, of Bowling Green, Mo. The marriage took place at the home of the groom's parents on Christmas day and was attended by only a few of the most intimate friends. The groom is now employed in a large grocery house there and will continue to reside in Pasadena.

State Secretary J. P. Bailey of the Young Men's Christian association arrives in the city today for the purpose of interesting Norfolk in the organization of an association here. A big men's meeting at the Methodist church tomorrow afternoon at 3 o'clock and a large mass union meeting tomorrow night at the same place is the program for the day. It is expected that these meetings and Mr. Bailey's personal work today and Monday will result in completing the necessary list of members for the organization and it is hoped to not only maintain a permanent secretary but both rooms, a gymnasium and other features of interest to the home and transient young man.

On Monday morning at the usual hour the teachers and pupils of the Norfolk public schools will be summoned from their two weeks' holiday vacation to resume their school room duties. Monday will be the beginning of a twelve weeks' term to close with the spring vacation. There have been no material changes in the school since its close for the holidays. The same teachers will preside over the same grades, and very generally the same pupils will be in attendance. A few new studies have been added to the high school course. During the vacation the buildings have been thoroughly cleaned and renovated to provide for the health and comfort of pupils and teachers and it is expected that the new term will open with renewed interest in the work.

Through the courtesy of W. H. Bucholz of Los Angeles, Cal., The News has received a copy of the New Year's edition of the San Francisco Chronicle, which is a marvellous evidence of the development of the printing trade on the coast and gives a wonderful insight into the growth of the coast with particular reference to California. The paper consists of eight sections of eight pages each. Many of the pages are printed in colors and all are extensively illustrated, while the matter calls attention to the growth and development of California, its desirable climate, its mining, fruit, fishing, farming, lumbering industry and its scenic attractions. Coast papers have frequently issued these handsome advertising numbers but the Chronicle seems to have set a new mark through this edition.

The Eler Rip Van Winkle company was greeted by a full house at the Auditorium last night and those who attended were generally well pleased with the entertainment. Mr. George Millmore in the title role was a favorite with the audience from start to finish and carried through a difficult part with credit to himself and the company. The two little tots, Anna Elsing and Crystal Elsing as Little Heinrich and Little Meenie, were popular and took the house. The singing of Anna was particularly charming. The orchestra music and the specialties went a long way to make up enjoyment to the patrons of the house. Deserving of special mention was the bicycle act of Professor Harrison who showed wonderful dexterity with his wheel and it was the opinion of some of the people that he could ride anything, from a wagon wheel to a doughnut. The moving pictures and the illustrated song were other features that were well appreciated. The next attraction for the Auditorium is Lincoln J. Carter's "The eHart of Chicago," which is billed to hold down the boards next Tuesday night.

Lee Van Hosen, the colored soldier from Fort Niobrara, was found guilty of stealing a watch, in the Madison court, and fined \$25. The theft was committed at Warnerville, and a farmer suffered the loss. The value of the watch made the crime one of petty larceny and the thief was fined because he couldn't be sent to the penitentiary for it.

SUGAR BOUNTY ACT ILLEGAL

Supreme Court Declares That State is Not Obligated to Pay \$40,000.

"A moral obligation can never be deemed to rest upon the people of the state to discharge a contract made by the legislature in direct violation of the constitution."

Sp declares the supreme court in sustaining the decision of the Lancaster district court in repudiating the sugar beet bounties claimed by the Oxnard Beet Sugar company and the Norfolk Beet Sugar company.

The beet companies claimed bounties aggregating \$40,000 based on an act passed in 1895 authorizing a bonus for sugar manufactured in the state. The claim was not paid and the companies petitioned the legislature for the sum. Two years ago the legislature gave permission to the claimants to bring suit for the money. The suit was filed in Lancaster county and to the petition of the plaintiffs the state interposed a demurrer, claiming that the original act embraced two subjects, such an act was not a public object and a direct appropriation must be made. The district court sustained the demurrer and the supreme court has approved the decision.

MRS. ASTOR'S LAST BALL

Twelve Hundred Guests Invited to the Annual Function.

New York, Jan. 9.—Twelve hundred persons, or three times the proverbial "400" which is supposed to constitute New York high society, have been invited to attend Mrs. Astor's annual ball tonight. As a reason for the unusually large number of invitations many say this is to be the last of Mrs. Astor's famous annual balls and therefore it is natural that the venerable leader of New York society should wish the greatest audience present at her final dance.

The ball will be held in the twin mansions of Colonel John Jacob Astor and Mrs. Astor at Fifth avenue and Sixty-fifth street. They can accommodate 1,600 dancers easily, and there are two drawing rooms which make an ideal supplemental ball-room.
