

TEACHERS HAVE GONE NOW

BEST MEETING EVER HELD HERE
HAS COME TO AN END.

THE CHANCELLOR'S ADDRESS

Every Seat in the Methodist Church
Was Filled Last Night to Listen to
Lecture of E. Benjamin Andrews—Teachers Leave Today.

[From Saturday's Daily.]
The meeting of the North Nebraska Teachers association, which had been in session in this city for three days, closed last night with a lecture by Chancellor E. Benjamin Andrews of the Nebraska state university and outgoing trains today have taken the 400 teachers who were here, back to their homes all over the northern portion of the state.

A number of the teachers left on late trains last night but the great majority of them remained over until today, scores and scores of them leaving the city on noon trains and a few staying until tonight.

"It has been one of the most successful meetings that we have ever held in the district," said one of the prominent instructors present, "and it was a case of come back to Norfolk in spite of all the constitutional laws ever enacted. We will be back next spring with a bigger crowd than this year."

Chancellor Andrews' Lecture.

"Gush and Grind in Pedagogy," was the subject of the lecture which was delivered at the Methodist church by Chancellor E. Benjamin Andrews, and which was listened to by many hundred interested auditors who completely filled the building. The lecture was somewhat technical in its character, treating subjects principally of interest to instructors, but it was at the same time popular enough to prove interesting to the laymen who were present. The chancellor is above all things a logical thinker and a speaker who keeps to the point of his address. A big man, both physically and mentally, he never fails to hold attention through his lectures. The lecture had been finished by 9:30 o'clock last night.

The business streets of the city this morning resembled a spring flower garden, being filled with attractively gowned and prim looking school ma'ams who chatted gaily with each other, visited the Norfolk shops and enjoyed every hour of the day.

Walters-Dean.

Norfolk friends have learned of the marriage in Omaha on Wednesday of this week of Dr. F. G. Walters and Mrs. Mary Dean, both of this city. Mrs. Dean was already in Omaha and Dr. Walters went down on Wednesday morning. When they will return is not known.

DAVIS IN THE COUNTY JAIL

Man With a Bullet in His Leg is Now
in Center for Thirty Days.

Niobrara, April 4.—Special to The News: The man Davis who was shot in the leg on Sunday by Joe Marsh, is now in the county jail at Center serving a sentence of thirty days in jail. At the trial held yesterday he was fined \$50 or thirty days in jail. As he had no money he was taken to the county jail by the sheriff. His wound is not at all serious and did not interfere with removing him to Center.

MAY INDICT LUMBER KINGS

Land Fraud Investigation Resumed at
Portland, Oregon.

Portland, Ore., April 5.—After a recess of fifty days the United States grand jury assembled to resume investigation of the land frauds in this state. A large number of the witnesses are entrained in the Roseburg land district. Others present are abstractors and officials of the land office, through which the entries passed, and lawyers and real estate dealers. Attorney General Crawford is awaiting the pleasure of the jury and his presence is the cause of much speculation. It is reported that the operations of several California lumber companies will be subject to inquiry and it is intimated that some of the lumber kings of that state cannot escape indictment.

Plot to Kill Trepoff.

St. Petersburg, April 5.—The police arrested in the Nevsky prospect a man disguised as a carriage driver, presumably belonging to the same organization as the twelve persons who were arrested last week for supposed connection with terrorist schemes. There is little doubt that there was a plot directed against the life of Governor General Trepoff and the latest arrest indicates that the terrorists are acting on a concerted plan, with auxiliaries and lookouts to aid the actual perpetrator of the assassination.

Brown Elected Mayor of Lincoln.

Lincoln, April 5.—Frank W. Brown (Dem.) was elected mayor of Lincoln by a plurality estimated at 800. The Republicans elected the two excise-men by narrow pluralities and the balance of the city ticket by comfortable majorities. Under the new city charter, councilmen will not be elected until June. The fight centered on increased license for saloons, and with the two new excise-men committed in advance, the license will probably be raised from \$1,000 to \$1,500 a year.

BATTLE CREEK.

C. A. Probst has taken a position as traveling salesman for the International Harvester company.

Street Commissioner Fred Miller sold his dray business to Kyle Boyer. M. L. Thomsen was over to Platte Center Thursday to see how the new dam at this roller mill is getting on. James Rowland was in town and said that he lost forty tons of hay by fire. Ten tons burned on the Inkley place.

37 BODIES RECOVERED

State Mine Examiner One of Those
Who Lost Lives at Zeigler.

Carbondale, Ill., April 5.—Thirty-seven bodies of miners who lost their lives in the gas explosion at the mine of Joseph Leiter at Zeigler have been recovered and it is supposed several more bodies are in the mine. The exact number of dead will probably not be known for several days. Among the dead is William Scott Atkinson, state mine examiner for the seventh subdistrict, who lost his life while attempting to reach the bodies of those entombed. After thirty hours only little light is shed on the cause of the catastrophe. The accident is attributed to carbonic acid gas, due to poor ventilation. Every body so far recovered is a blackened mass. Inspector Atkinson was one of the best known miners of the district. He leaves four children and was a member of the Masonic fraternity. Joseph Leiter has arrived at the shaft. The coroner's jury empaneled to inquire into the cause of the disaster has so far rendered no verdict. The taking of evidence may be prolonged several days.

ELECTION RESULTS IN KANSAS

Democrats Carry Kansas City, Kan.,
and Leavenworth.

Kansas City, April 5.—Elections were held in the larger cities of Kansas. The Democrats carried Kansas City, Kan., and Leavenworth. This being a revolution and entirely unlooked for in each case. Topeka elected the Republican ticket.

William W. Rose (Dem.) was elected mayor of Kansas City, Kan., by probably 1,500 plurality, defeating the present Republican mayor, Thomas B. Gilbert, M. A. Waterman (Ind.) and W. J. Kelchner (Soc.). The election aroused more interest than any previous election in Kansas City, Kan., and it was notable because of the activity of women voters. Of a total registration of 18,000 voters, 5,000 were women, and the election of Rose is due to the women.

Leavenworth elected Peter Everhardy (Dem.) mayor by 200 majority over D. R. Anthony (Rep.).

Finley Ross (Rep.) was elected mayor of Wichita by a large majority and the entire Republican ticket.

EXPLOSION IN CARTRIDGE PLANT

Building Wrecked and Three Men
Killed at Bridgeport.

Bridgeport, Conn., April 5.—In a terrific explosion that blew to pieces one of the brick buildings of the Union Metallic Cartridge company shortly before the close of the day's work, three men were instantly killed. Great crowds gathered and in the panic that followed it was reported that many lives were lost. The employees in the other buildings, however, made their escape in safety. Fire broke out following the explosion, but was soon extinguished.

The only man in the building at the time, John Meary, was blown through the roof and killed. Two helpers, Michael Hurley and William Bayless, working near the building, were also killed.

The explosion occurred in the dry house, where primer caps are dried on long steam pipes. In some manner one of the caps was discharged and the explosion followed. The loss will be about \$20,000.

Case Against Devine Dismissed.

Arkansas City, Kan., April 5.—The case of the state against William Devine, charged with assault with a deadly weapon with intent to kill J. B. Harrierty, a nonunion Santa Fe machinist, was dismissed in court here. Devine was employed as secretary to Arthur T. Ireland, organizer for the Federation of Labor, and the case grew out of strike troubles last July.

Conger Leaves Peking.

Peking, April 5.—Edwin H. Conger, who has just vacated the post of American minister to China upon his appointment as ambassador to Mexico, left for America via Hankow. Representatives of all the foreign legations assembled at the railway station to bid him farewell. The approach to the station was lined by Chinese troops.

Boy Killed by Cars.

Lincoln, April 5.—The seven-year-old son of Henry Eckhardt was killed at the Union Pacific crossing near Fourth and E streets. The boy, according to reports of the tragedy, was crawling under a string of cars. Before he could get out of danger the engine started up, catching the boy under the wheels.

Thomas H. Montgomery Dead.

Philadelphia, April 5.—Thomas H. Montgomery, president of the American Insurance company, died suddenly at his home here, aged seventy-five. He was one of the best known fire insurance men in the country.

If you want help—men or women—get them easily with a little want ad in The News.

BAD PIPES AT HOSPITAL

HOT WATER SYSTEM IN STATE
INSTITUTION BURSTED.

DELAY ARRIVAL OF PATIENTS

It Will be Ten Days Before Patients
Can Arrive in Norfolk From Lin-
coln, Owing to the Delay in Getting
Sixty New Flues for Boiler.

[From Saturday's Daily.]
Owing to a demoralized lot of pipes and flues in the hot water system at the Norfolk hospital for the insane, all of which will have to be replaced before the institution can be used, it will be a week or ten days before the patients intended for the Norfolk hospital will be brought from Lincoln to this city. The discovery of the corroded pipes, many of which had been burst, and the bursted flues, was made when the engineer at the hospital, repairing and preparing the mechanical features for use, began to connect up the system in order to run water through it. The cause of the bursting of the pipes has been the freezing of water in the pipes, allowed through the carelessness of some past officer in charge.

Custodian Speck, who had charge of the hospital during the past winter, is in no way blamed for the present condition, by Superintendent Alden. Dr. Alden thinks that some one before Mr. Speck allowed the water to freeze and the pipes to burst.

Sixty New Flues.

To replace the flues in the big boiler, which were in bad shape, sixty new ones have been ordered from Chicago and will be here within two weeks. As it is through the hot water system that the whole laundry is supplied with water, and all other departments supplied with hot water, it may be readily seen that the institution is practically useless until this feature is remedied.

Other Parts all Right.

Other parts are all right. The steam heating system is all right; the cold water system is all right; the electric lighting wires are all right. It was after these various things had been attended to that it was discovered that the hot water pipes were out of commission.

This, therefore, is the reason that patients have not yet been brought to the Norfolk hospital.

Dr. Alden is occupying apartments over a sewing room in the old portion of the institution, and it will be several weeks before, tunnels having been dug, he can get into the new quarters.

Steward Peters moves to Norfolk from Stanton this week.

BIENNIAL ELECTIONS HOLD

Iowa Supreme Court Decides the
Amendment is Legal.

Des Moines, April 5.—The biennial election law was sustained by the supreme court. The decision was the first to be handed down after the convening of the court. W. L. Lobaugh of Story county, one of the township trustees, brought suit against the other two trustees and the clerk to restrain them from proceeding to hold an election this year, claiming that according to the constitutional amendment elections, beginning this year, should be held only on even numbered years and that according to the law he was entitled to another year in office. The lower court decided in his favor and the supreme court now affirms that decision. As a result, the general elections in Iowa, heretofore held every fall, will hereafter be held only every two years.

Garfield Goes to Kansas.

Washington, April 5.—Commissioner James A. Garfield of the bureau of corporations returned from a fishing trip on the Gulf of Mexico. In his absence the preliminary work of the inquiry into the production and marketing of oil, which he instituted before he left Washington, has progressed to such a stage that he is now enabled to begin his personal work on it. He will leave today for Kansas, going directly to Topeka, where he will begin his inquiry into the methods of the oil trust in that field. Commissioner Garfield said that it was not possible for him to say even approximately how much time the investigation will consume. He proposes to make it as thorough and comprehensive as possible.

French Cable Company Appeals.

Caracas, Venezuela, April 5.—The French Cable company appealed from the decision of the president of the highest court in Caracas, dated March 31, stated that President Arana of the highest court had decided that the French Cable company had forfeited its franchise by failure to fulfill its part of the contract. The cable company's counter suit against the government for damages sustained by the company in the Matos revolution was upheld. Five days was allowed to the company to appeal to the entire court, whose decision is final.

Fatal Train Wreck in Ohio.

Cleveland, April 5.—An eastbound passenger train on the Cleveland and Pittsburgh road, known as the Pittsburgh Flyer, collided with a westbound freight at Costonia, O., resulting in the death of Edward Fuller, engineer of the passenger train, and H. C. Emms, fireman of the passenger. C. McIntyre of Pittsburgh, a passenger, was badly hurt.

Police Save Miners From Mob.

Edwardsville, Ill., April 4.—Prompt action by two policemen saved Mike Slick and George Gowszky, Austrian coal miners, from the vengeance of a mob, and they were taken to the jail, where, after a preliminary hearing, charges of murder were entered against them. It is alleged that Slick and Gowszky had trouble with a fellow workman and were badly beaten by the latter's friends. They hurried to their boarding house and while loading a shotgun the weapon was accidentally discharged, instantly killing Mary Homa, seven years old. The men fled and were overtaken by their pursuers just as they were about to board an Illinois Central train.

A DIFFICULT PENANCE.

Irish Pilgrims to the Skellig Rocks
Risk Their Lives.

Ten miles off the coast of Kerry, in the west of Ireland, lie the Skellig rocks, one of which has been for years the scene of a difficult penance. A zig-zag path leads up some 700 feet to a lighthouse, but 700 feet more must be climbed before the summit is reached. Here stand the ruins of St. Finian's monastery and a cross of St. Michael.

Here on the anniversary of St. Michael devotees risk their lives in performing their devotions. First they have to squeeze themselves through the Needle's Eye, a tunnel in the rock thirteen feet long, the passing up which is like the ascent of a chimney. Then they creep on all fours up the Stone of Pain, on whose smooth surface one false step is fatal; then, getting astride the Spindle, a rock 1,500 feet above the Atlantic and projecting some ten feet, each pilgrim must "ride a cock horse to St. Michael's cross," say a Pater-noster and shuffle back as best he can.—Pearson's Weekly.

Hams.

A mother sent her twelve-year-old daughter to the pork butcher with money to purchase a ham. "Tell Mr. — that I want a ham exactly like the last two I bought," she said, and when the little lady arrived at the shop she delivered the message thus: "Mr. —, mamma says she wants another ham off the same hog as the last two she bought." How many of us wish that when we accidentally pick up a first rate ham the same hog could keep on producing its like for time and eternity! As the butcher says: "Hams run peculiarly. We may have 'em all fine for a month or two; then they suddenly get tough and dry and hard and altogether disappointing."—New York Press.

ROOSEVELT IS IN TEXAS

PRESIDENT HAS REACHED THE
FAR SOUTHWEST.

BIG CROWDS RECEIVE HIM

After Traveling All Night President
Roosevelt Has Arrived in Texas and
This is the Big Day in the History
of That State.

South McAllister, I. T., April 5.—This was Roosevelt day in the Indian Territory, and at every stopping place on the president's itinerary it was observed in Fourth of July fashion. The nation's chief executive was the guest of South McAllister for half an hour, and the people, regardless of political affiliations, greeted him with a warmth and heartiness of welcome not to be exceeded. The city's ordinary population, with hundreds of visitors from the surrounding country, was massed about the railroad station, and every man, woman and child embraced the opportunity of getting a good look at the distinguished guest. The city had proclaimed a holiday, schools and business houses were closed and abundant decorations were displayed. The president's speech was heartily cheered and at its conclusion the special train pulled out amid a deafening roar from whistles, bells and guns.

Preparations at Sherman.

Sherman, Texas, April 5.—Many visitors are in the city to greet President Roosevelt on his arrival here this afternoon. The program provides for only a brief stop here, but it is expected the president will speak from the platform of his car and that all will have an opportunity of seeing him. From Sherman the presidential special will speed on to Dallas, where it is due to arrive early this evening.

To Dine at Dallas.

Dallas, Texas, April 5.—The most elaborate arrangements have been made for the reception of President Roosevelt and his party here this evening. While in Dallas the president will be the guest of Col. John M. Simpson, an old friend of his ranching days in Dakota. Col. Simpson will give a dinner for the president and many prominent citizens have been invited as guests. The president is scheduled to leave here about midnight, and will arrive at Waco early tomorrow morning.

Roosevelt in Indian Territory.

Muskogee, I. T., April 5.—After an all-night journey from St. Louis President Roosevelt was accorded a very enthusiastic reception here this morning. Several thousand people were at the station when the train arrived, and they cheered the president when he appeared on the platform of his car and also at the conclusion of his brief address.

A BULLET IN HIS LEG

A BAD MAN OF NIOBRARA RE-
CEIVES A FLESH WOUND.

WENT AGAINST THE WRONG MAN

Davis Persists in Getting Into a Fight
With Joe Marsh and He is Now in
Jail With a Bullet Hole in His Leg.
Public With Marsh.

Niobrara, April 3.—Special to The News: In a fight on the streets of this city yesterday morning, a man named Davis was shot in the leg by Joe Marsh, and the wounded man is now in jail. Marsh is married, a carpenter, living in Niobrara, and Davis is a laborer and carpenter. Before the fight took place Davis had threatened to kill Marsh and burn his property.

The two men met on the street in the morning, quarreled and fought. At the end of this encounter Davis made threats to kill his antagonist. Marsh then went to the telephone office to call up the county attorney. Davis followed Marsh to the central office and when he was standing in the booth talking to the attorney, Davis stepped up close behind and listened to what Marsh had to say. The lady operator told Davis to keep away from the booth, at it was against the rules of the company to allow one person to listen to what another was saying over the long distance wire. He answered that he had a perfect right to stand anywhere, that it was a public office and he would do as he pleased. The young lady then warned the man in the booth and he quiet talking.

Marsh then left the office and went down the street, Davis following and renewing the quarrel, when Marsh told him to keep away or he would get hurt. Davis made a lunge at Marsh, when the latter pulled his revolver and shot, inflicting a flesh wound in the upper part of Davis' leg.

The marshal shortly afterward took Davis to jail and called a physician, who dressed his wound. County Attorney Berryman of Creighton was called and Davis will be tried some time during today.

The sympathy in Niobrara is almost wholly in favor of Marsh. The man that he wounded bears a bad reputation, is an all round bully, who is continually threatening to kill some one and burn property. He is considered a dangerous man in the community and Niobrara as a whole will be well pleased if he can be sent to the penitentiary on the charge that now stands against him.

Earthquake in India.

Lahore, April 5.—Shortly after 6 a. m. a succession of severe earthquake shocks were felt here. The damage was extensive. It was inferred that there was considerable loss of life in the city, where many picturesque old houses collapsed and parts of lofty buildings crashed on small adjacent dwellings. The towers of the Golden mosque are reported to have fallen and Wazir Khan's mosque was badly cracked.

FIGHT ON GIFT STILL GOES ON

Prudential Committee Refuses to Aid
Protesting Ministers.

Boston, April 5.—The committee of Congregational clergymen who are protesting against the acceptance by the American board of commissioners for foreign missions of John D. Rockefeller's gift of \$100,000 will have to conduct their crusade unassisted by the prudential committee of the American board. After a protracted conference between representatives of the protesting clergymen's committee and three members of the prudential committee, the latter refused absolutely to join the protestants in their movement to bring before the Congregational clergy of the country the reasons advanced for or against the acceptance of the gift. The protestants will continue their agitation independently. A statement was prepared immediately, setting forth the protestants' side of the controversy and opposing unqualifiedly the acceptance of Mr. Rockefeller's gift. This statement will be issued in circular form and sent to each member of the American board and to every Congregational clergyman in the United States.

Elections in Colorado.

Denver, April 5.—Municipal elections were held in all cities and towns of Colorado, with the exception of Denver. At Colorado Springs, Henry C. Hall, Democrat and nonpartisan, was elected mayor. At Leadville the Republicans elected only two aldermen, less than a majority, the remainder of the offices going to the Democrats.

Close in St. Louis.

St. Louis, April 5.—With 100 precincts missing out of a total of 405, Mayor Wells, Democratic nominee for re-election, is leading John A. Talty (Rep.) by 774. Neither side is claiming the victory by more than 1,000 plurality.

Arguing Differential Case.

Washington, April 5.—Arguments were begun before the interstate commerce commission in what is popularly known as "the differential case," one of the most important matters the commission ever has had before it. The case involves the matter of differential inland freight rates to and from north Atlantic ports.

NEW SHEEP QUARANTINE

Gov. Toole of Montana Directs Quar-
antine Over West.

Helena, Mont., April 5.—Gov. Toole has directed a quarantine against California, Colorado, Minnesota, Kansas, South Dakota, over New York, Wyoming, Washington and Oregon where the sheep scab is supposed to exist.

Brady is Asked to Resign.

Washington, April 5.—A conditional request has been made upon Hon. John G. Brady, governor of Alaska, for his resignation. The request grows out of the fact that Governor Brady is identified with a mining company which is extensively engaged in advertising its affairs. Secretary Hitchcock wrote to the governor calling his attention to the requirements of the department in matters of this character and telling him he must either vacate his position in the company or resign his office. A reply has been due for about a week.

DUNNE WINS IN CHICAGO

DEMOCRATIC CANDIDATE FOR
MAYOR GETS A MAJORITY.

HAS OVER 24,000 PLURALITY

Victory for Municipal Ownership of
Street Railways—Defeat of Repub-
lican Candidate Due to Many
Causes—Election in Other States.

Chicago, April 5.—A political tornado overwhelmed one of the most ruggedly unyielding leaders in the country. Incidentally, the Republican party met defeat in a memorable effort to capture the mayoralty of Chicago. As a direct result the city is officially committed to the policy of the quickest possible cessation of private franchises for public utilities. Municipal ownership is especially threatening street car lines, valued high in the millions.

After winning successively four remarkable biennial fights of independents against the regular Republican party organization, John Maynard Harlan, son of Associate Justice Harlan of the supreme court of the United States, was a loser as a Republican candidate for mayor. The defeat is attributed to an extraordinary whirl of causes, starting with political revenge and taking in a wide sweep, embracing the most up-to-date socialism as a factor. The victor is Judge Edward F. Dunne (Dem.).

Seldom, if ever, has Chicago witnessed a more lively, picturesque contest. The city was hideous with the ringing of cow bells and the roar of cannon crackers.

The Republican candidate suffered heavily from campaign attacks, charging that he was a political assassin. Alleged unworthy leaders of his own party, who had been thrust from office and power largely through Harlan's aggressiveness in previous campaigns, were conspicuously absent from his support.

Judge Dunne was elected by a plurality of 24,248 and received a majority of 945 of all the votes cast. He also had the distinction of receiving the greatest vote ever cast in Chicago for a candidate for the office of mayor. He was given 161,659 votes out of a total of 322,373. Mr. Harlan, the Republican candidate, received 137,411; Collins, the Socialist candidate, 20,323, and Stewart (Pro.), 2,980.

John F. Smulski, the Republican candidate for city attorney, was re-elected over his Democratic opponent by nearly 15,000 votes. The other candidates on the Democratic city ticket were elected by pluralities somewhat smaller than Judge Dunne. Frederick W. Blocki was elected city treasurer and Adrian C. Anson, city clerk. The new city council will probably be Republican.

Frank D. Comerford, who was expelled by the house of representatives in the present legislature for failure to sustain charges of bribery which he made against members, was re-elected in the Second district of Cook county.

Prince Visits the Czar.

St. Petersburg, April 5.—Prince Henry of Prussia, brother of the German emperor, reached Tsarskoe Selo. As there had been no news here of such a visit, his sudden appearance for a personal interview with Emperor Nicholas upon the heels of his brother's speech at Tangier created considerable of a sensation.

President's Train Kills Man.

Staubenville, O., April 5.—Peter Haudy was killed by President Roosevelt's special train at Mingo Junction while attempting to board an east-bound freight train.

Very Low Excursion Rates to Denver, Colorado Springs and Pueblo, via the Northwestern line, will be in effect from all stations January 7, 8 and 9, 1905, with favorable return limits, on account of annual conventions, National Live-Stock and Wool Growers' associations. Two fast trains through to Colorado daily, only one night. For full information apply to agents Chicago & Northwestern R'y.

Holmes' \$5.00 Portraits

Are you really satisfied by people of artistic taste, and for a little book explaining all about it, and a lot of other pictures, 10c. A. J. GEORGE HOLMES, 15 N. 16th St. Chicago, Ill.
