DR. PARKER HONORED

MADE A MEMBER OF THE STATE DENTAL BOARD.

SELECTION GIVES SATISFACTION

He Gets the Best Place on the Board, and His Friends are Glad of It. Talk of a North Nebraska Dental Association.

[From Wednesday's Daily.]

Dr. C. S. Parker of this place has been appointed a secretary of the new State Dental Board, an organiza- tion created by a law passed by the last legislature, which took effect July 1. Five secretaries have been appointed, Dr. Parker being selected to serve the longest term, five years. The others appointed are: D. M. Meese of Auburn, for a term of one year; C. F. Ladd of Lincoln, two years; J. H. Wallace of Omaha, three years; W. T. Smith of Geneva, four years. The appointment of Dr. Parker to the best place among the sec- retaries brings general satisfaction to his many friends in Norfolk and northern Nebraska. Dr. Parker has practiced dentistry in Norfolk for many years and he stands high in his profession and is popular among the people.

When interviewed this morning concerning his appointment, he ad- mitted that he did not know just what the duties of the board of secreta- ries are, but he is willing to take chances on them. He had not seen a copy of the law providing for the position, which only went into effect the first of the month. There is no doubt but that he is well qualified to fill any position that requires a thor- ough knowledge of dentistry.

Dental Association.

At the meeting of the Elkhorn Valley Medical association in this city yesterday, the local dentists are dis- cussing the feasibility of organizing a North Nebraska Dental association, which shall meet in Norfolk once or twice a year. It is argued that there are many dentists living in this sec- tion of the state who would be glad to unite in the organization of such a society, not only for the benefit that would accrue to their practice in the exchange of ideas, but for the social recreation that such a meeting would give them. It is probable that Norfolk dentists and those living near by will get together and agree upon a plan, then issue a call for the first meeting.

Reunion at Meadow Grove.

The annual reunion of the North- west Nebraska G. A. R. commenced at Meadow Grove today, and will contin- ue until Friday evening. The pro- gram for each day is full of interest- ing features, and with a good attend- ance this reunion promises to be one of the best that has ever been held by the association.

ROSEBUD MAN POISONED?

EXPERT EXAMINATION IS TO BE MADE.

STOMACH WAS TAKEN TO OMAHA

Attorney Backus of Bonesteel is in- vestigating the Cause of Death of Charles Zimbleman Who Died Two Months Ago on the Rosebud.

[From Tuesday's Daily.] State Attorney W. B. Backus of Bonesteel, S. D. arrived in the city Sunday morning and in his hand he carried an innocent-looking grip, which, despite appearances, contained a grewsome burden, says the World-Herald. The contents were the stom- ach, liver and spleen which were re- moved a few days ago from the body of Charles Zimbleman, a young farm- er, who resided four miles southwest of Bonesteel and whose death, about two months ago, was surrounded with mystery and is the subject of much speculation in the reservation coun- try. The purpose of Attorney Back- us' visit to the city is to have the contents of these organs analyzed with a view of ascertaining whether or not they contain poison.

Zimbleman, who died on May 6, had been married but three months. On the evening before his untimely end he ate supper with his wife and her father, who was visiting the couple. William Zimbleman, a brother, and a harvesting machine agent, Charles Zimbleman was the only one who took coffee with his meal. Having finished his cup he remarked:

"This coffee tastes queer. I be- lieve it is going to make me sick."

His prediction was verified, for he was caught with a severe spell of vomiting, followed by convulsions, and the next day he was dead.

William Zimbleman, the brother, ac- cording to the report, stated that he was going for a physician. Mrs. Zim- bleman, it is said, suggested that he wait until morning, and when morn- ing came she sent him to Naper, Neb., which is sixteen miles away, although Bonesteel was but four miles distant. The doctor at Naper was absent and when the brother returned Zimble- man was dead. Although the Bone- steel coroner was present shortly after the death, no inquest was held.

The day after Zimbleman died his remains were taken to Naper, where services were performed at the Luth- eran church and interment was made in the little cemetery adjoining.

The first notice Attorney Backus had of the affair was during the past week, when a number of Zimbleman's neighbors called and presented the matter to him, together with their suspicions. Together with several of these men and Dr. Coyle of Bonesteel, Mr. Backus visited the churchyard at Naper and had the body exhumed and the necessary portions removed.

It will be several days before the result of the analysis can be made known. If it is found that poison ex- ists then the question must be an- swered whether it came there by ac- cident or design.

Dr. Charles F. Crowley, professor of chemistry in the Creighton Medical college, will make the analysis.

HONOR FOR C. E. BURNHAM.

Governor Mickey Names Him as Dele- gate to Commercial Congress.

C. E. Burnham, president of the Nor- folk National bank, has been appoint- ed one of the eighteen delegates to the trans-Mississippi commercial con- gress which is to be held at Portland, Oregon August 16 to 19. The appoint- ment was made by Governor Mickey and this morning Mr. Burnham re- ceived his certificate which is a hand- some document with the golden seal

of the great state of Nebraska at- tached. It will be prized very highly by Mr. Burnham whether he attends the congress or not.

The only other north Nebraska dele- gate is W. C. Caley of Creighton. The balance of the delegation is as fol- lows: Hon. J. H. Davis, Gibson; O. P. Hendershot, Hebron; J. H. Rushton, Fairmont; Hon. W. H. Harrison, Grand Island; H. A. Kufus, Ravenna; Col. Charles W. Kaley, Red Cloud; Hon. J. H. Arends, Syracuse; Hon. C. F. Steele, Fairbury; John F. Dryden, Kearney; Joseph Hayden, Omaha; C. J. Gunzel, Lincoln; M. I. Aitken, Lin- coln; Arthur C. Smith, Omaha; S. H. Gushee, Osceola; Joseph Matusek, Brainard, and M. F. Stanley, Aurora.

New Home.

Mr. and Mrs. John L. Lynde have moved from North Eleventh street to 210 South Ninth street. Mr. Lynde is special agent in this territory for the Nebraska Underwriters' insurance company, the well known firm. Busi- ness in his line is said to be excep- tionally good, as the Nebraska Under- writers company is becoming better known every day as a reliable home insurance.

Officer Used Threats. John Freythalder complains that he was awakened by the night watchman late Saturday night with threats to break in the door or procure a search warrant. Wraps of late dancers were left in the restaurant, but as Mr. Freythalder had kept open until after midnight, he considered his rights in- terfered with by the officer.

Little Sympathy. Butte Gazette: A man in Norfolk is reported to have had three, four or a half dozen toes blown off by one of these contrivances that the small boy delights in slipping up behind you with and pounding on the sidewalk causes an explosion which makes you go up in the air and have a ringing sensation in your ears, that isn't musical, for the remainder of the day. But we haven't much sympathy for a man that would manipulate one of the beastly concerns even if he did lose a toe or two.

WANTED—By manufacturing corpora- tion, energetic, honest man to manage branch office. Salary \$185.00 monthly and commission minimum investment of \$500 in stock of company required. Secretary, Box 401, Mad- ison, Wis.
