OF COMMERCIAL CLUB.

WOULD REPAIR ROAD FROM WEST

Secretary Mathewson Holds a Conference With the Commissioner and They Arrive at an Amicable Under-

standing Concerning the Work. The prospects are favorable to making a splendid road of the one which now causes so much trouble, leading into town from the west. Secretary Mathewson of the Commercial club recently interviewed Commissioner Harding in regard to what Norfolk and the people living tributary to the road are trying to do, and he found the commissioner a very interested listener. In fact Mr. Harding entered into the spirit of the enterprise and said that so far as he was concerned the county

would do all it could to assist. The secretary and the commissioner agreed on a plan of action which contemplates that the county will grade up the road in approved condition, and after this work has been done the county will entertain a proposition from the Commercial club to gravel the surface and fix it so that heavy loads can be hauled over it during all seasons of the year. The fund that has been raised by the Commercial club for this purpose now amounts to \$325, and the subscription paper is folk avenue, for \$3,000. still being circulated, so that there will be abundant funds to put the highway club. Mr. Harding declined to speak in condition today. for the board on the matter, but gave it as his own opinion that the county sistance that the club proposes to give would simply mean a saving of that much for the public treasury.

It may not be possible to do anyare full of water at the present time ly invited. and no successful work can be accomplished until it has drained away. If the next menth is dry and the water west of Thirteenth street on Norfolk Thoms & Snider, material, road drains off, it is hoped to begin work avenue, where the waters from Corpothis fall, otherwise it will necessarily ration gulch have always made the go over until a dryer season.

Comimssioner Eaton Did Not Open Bids This Time and the Work Will Take Several More Days-New Rule

Lincoln, Neb., Oct. 3 .- The board of purchase and supplies for state institutions in Nebraska yesterday voted to order Land Commissioner Eaton to hereafter open bids in advance of the meeting of the board, which he had not done this time, because of criticisms that had been offered.

Commissioner Eaton left the blds unopened this time with the result that several additional days will be spent by the board in letting contracts. It was charged that the late bidders obtained information regarding competitive bids, through a leak.
