

**DR. SISSON'S SUCCESS**

**PIVOTAL POINT IN HIS LIFE CAME QUEERLY.**

**DROVE TWO UNBROKEN COLTS**

**Through a Sleet Storm, When a Lad of Sixteen, He Made the Colts and a Heifer Travel For a Distance of Six Miles.**

The story of the life of Dr. F. M. Sisson, recently presiding elder in the Norfolk district with residence first here and then at Stanton, is told in an Omaha paper as follows:

The Rev. F. M. Sisson, recently appointed to the pastorate of the First Methodist church of South Omaha, probably owes his success in life to driving two unbroken colts and a young heifer six miles in a sleet storm, when about 16 years of age.

Dr. Sisson was born in Switzerland county, Indiana, and his early years were spent on a farm. On the day which he terms the pivotal point of his life, his father sent him about six miles from home to drive in the three head of stock.

It was no easy task. The road which he had to pass was bisected with many cross roads, and the risky young animals led the lad a merry dance.

It was almost dark when he arrived home, exhausted, covered with ice, but happy at accomplishing the task set for him. At the house was the new "circuit rider" and this minister was much impressed with the lad's perseverance. He persuaded the boy's parents that a lad with such determination merited a college education.

In the last year of his college life he yielded to the call of the ministry and became a circuit rider. Three years he rode the circuit in southeast Indiana. Then, in 1879, Bishop Bowman requested him to go to Eureka, Kas., and build a church.

**Built New Church.**

With his young wife he went, and found he had a heavy task. He was fifty miles from a railroad, and had to do much of the manual labor on the church himself, as well as solicit funds. He succeeded, however, in building a stone church in less than a year which is still a credit to the little city.

In 1885 he was given a charge in Illinois, where he met T. L. Mathews, United States marshal for Nebraska, and also R. B. Schneider of Fremont. In 1893 he was named to fill a vacancy in the pulpit at that city, and has since been one of the leading divines in Nebraska.

For years he was one of the trustees of the Nebraska Wesleyan university; was for two terms president of the conference of the Epworth league, and at present is chaplain of the first regiment, Nebraska national guards.

For the last six years he was presiding elder of the Norfolk district, where he presided on an average of more than one sermon a day. He therefore comes to South Omaha with very promising outlook.

twenty-five dentists in Norfolk Friday, when their second semi-annual meeting will be held. The meetings will be held at the Elk club rooms and Norfolk dentists are uniting in making ready to give the visitors a cordial welcome.

Little Winifred Hazen, the child so badly injured by being run over last Saturday, has so far recovered that her physician announced this morning that he believed all danger had been passed and that the little girl will now get on nicely. There were grave fears around the Hazen home last Monday lest the child should suffer from peritonitis but the trouble has been checked and hope has been restored for her immediate recovery.

Miss Alice Roosevelt has returned, and has brought with her but a few inexpensive gifts so that the story of the \$60,000 duty due has gone glimmering. She regrets all of the nonsensical stories that have been printed about her. Miss Roosevelt is now on the Harriman special train which is speeding across the country from San Francisco to New York and by means of which it is hoped to beat the world record for time between Japan and America.

Ella Zuelow died last night at the home of her parents, Mr. and Mrs. C. Zuelow, aged fifteen years, ten months and fourteen days. In her eighth year she became ill and underwent four operations from the effects of which she was ill for five years. She was confirmed in Christ Lutheran church last spring. A few weeks ago she was attacked with heart trouble and succumbed after much suffering. She leaves her stricken parents; two sisters, Miss Minnie Zuelow and Mrs. A. C. Peters of Stanton; and one brother, Paul Zuelow, to mourn her loss. Mrs. Peters arrived in the city Monday noon. Funeral arrangements will be announced later.

**MONEY TO ELECT JEROME.**

**\$20,000 Has Been Subscribed in New York.**

Since District Attorney Jerome was placed in nomination \$20,000 has been subscribed to defray the expenses of his campaign, says a New York report. Checks varying from \$1 to \$1,000 have been received from people in every station in life. In response to the first appeal sent out by the Jerome nominators, \$11,000 was subscribed. The second circular was put in the mails on last Thursday morning.

An appeal was circulated among leading business men and lawyers today for signatures asking the governor of Mississippi to come here to champion the cause of Mr. Jerome. The petition reads as follows:

"The undersigned citizen of New York, without regard to party, invite and urge you, for the sake of good government and in order to keep in office a fearless and faithful public servant, to come on and speak for Jerome.

Among those who have already signed the petition are William B. Hornblower, Charles E. Hughes, Oscar S. Strauss, former minister to Turkey; Isaac N. Seligman and General Stewart Webster, former minister to Spain.

**A WHITE WINTER.**

**Lovely Woman to be Garbed in White, Her Complexion and Furs Brown.**

This is to be a white winter, as ordained by fashion—white clothes and brown complexions, furs, hats and coats. Even walking dresses are to be of snowy white or a delicate shade of cream, says a London report.

But the new white crusader coat for women is the real sartorial surprise of the season. Made of fleecy white cloth that is quite as warm and a quarter the weight of fur, the "crusader coat" is a really glorified "guard's coat," which falls in long graceful lines from the shoulder and is secured by a short strap at the back. This strap, which passes through a buckle of dull silver colored metal, fits closely to the waist and is often of a contrasting color, pale blue for preference. The coat has wide collar and revers, but the revers are also faced with cloth in the new shade of turquoise blue and embroidered with silver.

As for complexions, according to a West End beauty specialist, the favorite tone now is the Japanese tint, which is a clear brown of medium hue.

"To obtain the best foundation for this coloring," he says, "I advise my clients to ride in the automobile as much as possible. The air tones the skin to a color of ripe olive, and then I tone it down with good cold cream and next a little olive powder is rubbed in. I sometimes change the color of the skin by artifice. This is by no means difficult. There are bleaches made that will make one almost snow white; powders and cosmetics that darken to the desired shade, but the healthy-looking 'nut-brown' is the latest fad."

**THE PILOT TRAIN BROKE DOWN**

But the Record Breaking Special, in its Race Across the Continent, Sped on Without the Pilot—Reach Grand Island at 6:35 a. m.

Grand Island, Neb., Oct. 25.—Special to The News: The fast Harriman special train, speeding from San Francisco to New York in an effort to break all records of time on a journey from Japan to the eastern portion of America, arrived here this morning at 6:35 o'clock and left at 6:40, five minutes later, for the east.

On the train were E. H. Harriman, the railroad magnate, and Miss Alice Roosevelt, daughter of the president, together with other members of the party who had been spending a number of weeks in the orient.

**Fast Time Through Nebraska.**

The special train is making fast time through Nebraska. The run from North Platte to Grand Island, a distance of 138 miles, was made in two hours and twenty-five minutes, or 241 minutes.

**Pilot Train Out of Race.**

The pilot train which was running ahead of the fast special, and which carries General Manager Mosler, Superintendent Parks, Master Mechanic Thompson and District Foreman Wilkins, was laid out at Wood River on account of a hot driver box and the special pulled out of here without the pilot train.

The special left San Francisco at 3:30 o'clock Monday afternoon.

**NONE TO LOAF WITH.**

**General Smith Finds No Companions in America.**

General Jacob Hurd Smith, "Hell-Roaring Jake," went abroad for a two-years' stay after his retirement from the United States army. He came back to America last June. He has been visiting all over the country and now he is in New York on his way back to Europe because he says he's a scientific loafer now and he can't find anyone in the United States to loaf with. When asked to explain, General Smith said:

"I'm a loafer. Who are my friends in America? Busy lawyers, busy men, doctors, editors. My army friends are mostly either buried in Chikamauga and Hilo or are retired officers, like myself, hiking over the world trying to find someone to loaf with. Loading is coming to me. I earned it by forty-five hard years in the army. This is the greatest land the sun shines on so long as you keep working, but it's no atmosphere to loaf in.

So Mrs. Smith and I are going back awhile to Europe, where there are plenty of men of inherited and acquired leisure, whose only object in life is to loaf comfortably and serenely.

**KAISER MOUSTACHES.**

**Are Coming Into Vogue in City of Washington.**

Kaiser moustaches are coming into vogue in Washington. The barbers in the various hotels are under a steady demand for "trainers" which may be worn at night to induce the ends of the moustache to turn up toward the eyes in the fashion so noticeable in all pictorial art.

Emperor William. In one shop was today noted that no less than a dozen of these "trainers" have been sold the last week, says a dispatch.

**NET GOT A SUBMARINE.**

**Some Fearful Monster, Tangled in Trawl, Hauled Him Against Wind.**

An extraordinary tale of the sea has just come to light. A five-ton boat recently put out from Brixham, in Devonshire, and the captain lowered his trawl net of eight feet beam.

Soon, with the wind behind him, he was making a steady course when suddenly the boat stopped, the sails flapped and before the amazed captain could realize what was happening the boat began to move astern at a good pace. Utterly at a loss to com-

prehend the reason for this extraordinary turn of events and thinking he had caught a whale, which might possibly drag the boat under water, he reached aft and cut the trawl rope. At once the boat stopped and the captain put about to see what would happen. In a few moments the dark, shiny back of a sea monster appeared above the surface. A submarine which was maneuvering had become entangled in his trawl. The crew of the submarine gravely returned the captain his trawl and with mutual apologies and much laughter the incident was closed.

**KILLED BY ROYAL FLUSH.**

**West Virginia Poker Player Falls Dead from Excitement.**

Colonel William Simms, a well-known stockdealer, fell dead at the Little Queen club rooms Saturday while playing poker. The stakes were big and Simms had been winning steadily. At 8 o'clock a big pot was on and several hundred dollars' worth of chips were on the table before the cards were drawn. When the dealer helped hands Colonel Simms drew one card, and after looking at it, gave a gasp and fell back dead. When his hand was examined it was found he clutched in his stiffening fingers a royal flush, having the ace, king, queen, jack and ten of diamonds. Physicians were summoned, and they said he had died from excitement.

**HOSKINS HAPPENINGS.**

Otto Wantoch has moved his butcher shop into the building vacated by H. S. Strickland and is now prepared to give his patrons better service.

Mr. and Mrs. Fenner and Sallie will leave Saturday for Omaha where they will visit for a few days and then go on to Washington where Mr. Fenner will again take up his work as contractor and builder.

F. S. Benser spent Sunday at home but left again to see his friends and let them know that he is a candidate for county clerk. Mr. Benser will undoubtedly be elected as he is every one's friend who knows him.

Well, at last we are going to have a hotel. G. W. Paddock will open up in the building formerly occupied by Otto Wantoch about November 1 and now that we have a hotel it is everyone's duty to patronize it so that we can keep it.

Mrs. Dempster leaves today for Omaha, where she will visit a few days with her sister and then go to Grandger, Washington, to meet Mr. Dempster, where they will make their future home. We wish them success in their new home.

Mr. Candor was called by telegram Saturday to Aledo, Ill., to the deathbed of his father. Mr. Candor returns today and will then move his family to Carroll to accept the promotion offered him by the railroad company. Their many friends regret their leaving and wish them success.

John Waddell, John Kaulen, Frank Hart, Henry Anderson, Prof. Nies, Artie Weatherholt, Frank Phillips, Herman Ziener, Miss Jennie Wadwell, Estella Weatherholt, Minnie Koehn, Ida Moratz and Florence Williams all attended the musical comedy "The Prince of Pilsen," at Norfolk Wednesday night. From reports it was the best of the season.

The friends of Mr. and Mrs. Rhorkey assembled at the depot Sunday evening to bid them a last farewell as they went to Meadow Grove to make their home. Mr. Rhorkey is engaged in the banking business there and found it very inconvenient to be there while his wife lived here, so he decided to move. Their many friends regret to have them leave Hoskins, but wish them success in their new home.

One night last week four of the boys from town went out to Skiff's pond duck hunting and after getting their feet wet, etc., etc., decided to give it up and come home. Kaulen was afraid of the driver and stayed all night. When they got to the corner where they should have turned east they turned west instead and drove nearly to Hadar. After routing a farmer out and finding out which way to go home, they started and arrived early.
