

DAY'S FOOTBALL SCORES

NORFOLK HIGH SCHOOL DEFEATED WISNER, 6 TO 0.

MINNESOTA ATE UP NEBRASKA

Cornhuskers Went Down to a Defeat of 35 to 0 on Minneapolis Field—The Game Was Harder Fought Than the Score Indicates—Other Games.

Although Nebraska university went down to a horrible beating before the gophers of Minnesota Saturday afternoon on the football field, Norfolk held up the honors of this section by drubbing the Wisner high school crowd in the best game seen here this season.

The first half resulted in no score on either side and interest waxed feverish when the kickoff of the pigskin came at the beginning of the second.

In the second half Wisner started the oval. Shortly after the half started a place kick was tried and made by Norfolk.

Wisner then started the ball again, kicking to Gow who made a long run of thirty-five yards.

The line up: Wisner, Carl Austin, Francis Maloney, Harold Gow, Guy Lane, Lawrence Hoffman, Hugo Nielsen, Clifford Parish, Eugene Kane, Lester Weaver, Lewis Riley, Roy Laikart, C. Knoll, Claude Ogden, Bruce Emley, Boyd Blakeman, Don Schultz, Clarence McFarland, Otis Rothacher, Sam Erskine, Ray Clayton, Leo Guilden, Subs: Handke, Thompson, Lowell Erskine, Earl Perry, Bill Hauptli.

NELIGH BEATS PIERCE 49 TO 0

Neligh Wants to Play Norfolk for Northwest Championship.

Neligh, Neb., Nov. 20.—Special to The News: The Neligh high school team defeated the Pierce football team here Saturday by a score of 49 to 0.

Mr. McKillup explained his meaning as to the buttnsky characteristics of a congressman by a story.

Neligh kicked to Pierce and the ball was advanced but a few yards, Pierce losing on downs forty yards from Pierce's goal.

The second half started out with a kickoff to Neligh and Coker carried the ball for fifteen yards and within five minutes a touchdown was made by Coker through the line.

Pierce kicked to Neligh and the ball was advanced for about forty yards. At the fourth down Pierce's left end was hurt in the stomach and, having no more subs, the game was called off with about fifteen minutes of the last half up.

The Neligh team feels pretty proud of their record, having lost but one game in three and they would like a game with Norfolk for championship of the northwest.

MINNESOTA BEATS NEBRASKA.

Cornhuskers Fail to Hold the Gophers. Straight Line Bucking.

Minnesota beat Nebraska 35 to 0 in Minneapolis. The game was one of straight line bucking, there being no spectacular plays. Minnesota had advantage of about ten pounds to the man on weight, and outplayed Nebraska in every way.

not in the game because of a sprained ankle. Nebraska's record this year is not a good one. The team, for one thing, has had bad weather for practice work but their methods are bad.

Other Games. Yale won 23 to 4 over Princeton. Dartmouth held Harvard to a tie 6-6. Michigan beat Wisconsin 12 to 0.

M'KILLUP MIGHT ACCEPT

HUMPHREY BANKER TALKS REGARDING GOVERNORSHIP.

HIS FRIENDS ARE URGING HIM

As Yet Mr. McKillup is the Only Man Mentioned for the Fusian Nomination for Governor Next Year—Prefers That to Congress.

Northern Nebraska democrats and fusionists generally are hoping and expecting to make one of their number the next gubernatorial candidate in Nebraska.

Mr. McKillup was just returning to his home from Minneapolis where he had been to help cheer Booth's cornhuskers in their battle with the gophers.

"Yes, a friend did ask me if I would accept the nomination for governor if it could be secured for me. And I told him this: 'I am not now a candidate for any office. I would a little prefer, I think, to attend to my business interests and keep them going, for to make the race for governor means giving up one's whole time. I don't know whether, on that account, I could afford to make the race.'"

"It has been a long time since a governor in your party was nominated from this territory," was suggested.

"Yes, that is true," admitted Mr. McKillup. "It would be quite an extraordinary thing in that way."

"Would you prefer the race for governorship to a second one for congress?"

"In some ways it would be preferable," said the prospective candidate. "The governor has more chance to accomplish things and do good work than a congressman, especially in his first year. It has always struck me that a congressman when he first goes to Washington must be puzzled as to just how far to butt in and what limit to draw."

"During my second year in Harvard law school," he said, "a friend came up to enter. I gave him a little advice, which later proved to be poor advice for him. I told him that if he wanted to make a class record he must do more than pass his examinations; he must be ready to discuss any question that came up and be ready to ask questions on various topics that were presented. The result was that he butted into every trivial topic brought up in class until he became a joke and a nuisance. The class held a trial labeled 'Common Sense vs. Kirk,' and Common Sense was given the decision. The verdict was posted about school."

"It is just this sort of thing that I would think might puzzle a new congressman. In order to get anywhere he must rub up against things to a certain extent, but to go beyond the limit would be his undoing."

COURT DECISION BRINGS JOY. Western Stockmen are Happy Over Ruling on Live Stock Freight.

The stockmen of the northwest, including all of the territory which now sends its cattle and pork to Missouri river market points, will rejoice in the decision of Judge Betha of the United States circuit court in Chicago yesterday to the effect that the decision of the interstate commerce commission is not binding on the railroads and their order does not have to be obeyed.

This is the case which was published in detail a few weeks ago by

The News in a special dispatch from Omaha. The Chicago packers had secured a decision from the interstate commerce commission to the effect that rates between Missouri river points and Chicago on rough livestock should be reduced in accordance with the rates on dressed beef.

Judge Betha decided that the Chicago people are not discriminated against and that the ruling of the interstate commerce commission is not binding. This is one case, at least, in which the Roosevelt railroad idea would have worked wonderful harm to the stockmen of the west.

A Typewriter Case. A typewriter case was tried in Judge Easley's court yesterday in which H. G. Corvill sought to obtain a typewriter now in the hands of C. W. Lamont. Mr. Corvill claimed that the machine belongs to him and that he installed it in the office when he entered into partnership with Mr. Lamont, but that the machine did not go into the partnership property.
