

## PRAISE FOR MR. OLMSTEAD

PRESBYTERIAN MINISTER SPEAKS OF EVANGELIST.

### A QUIET, DIGNIFIED SPEAKER

Mr. Root, Pastor of the Presbyterian Church in This City, Has Words of Commendation for the Leader of Union Meetings.

The Congregational church was comfortably filled last evening with an interested audience, who went to hear Evangelist Olmstead. Mr. Olmstead belongs to the new school of evangelists, who preach convincingly instead of terrifyingly. Of him Rev. J. S. Root, pastor of the Presbyterian church says:

"Mr. Olmstead does not offend; he attracts. He has none of the peculiarities of the crank, but is sane, sensible and impressive. All his services are conducted with good taste, decency and order, as God's word demands. At the same time his talks are pointed and you will realize that he means you. 'Thou art the man!' is implied in all he says. Mr. Olmstead will emphasize the fact that the devil wants your body and soul for his service, but with all force will hold out the tender side of Christianity."

"Everyone should attend these services, both the afternoon and evening sessions. The first week is practically closed and, while the attendance has always been excellent the church has never been so filled that there was not room for more."

### WILLING TO COMPROMISE.

Those Who Remonstrated on Depot Matter, Would Meet and Discuss.

There may be a solution to the Philip Avenue tangle outside of the law. With the remonstrators holding the whip for the nonce with their injunction, they declare that they are willing to meet with the railroad people and citizens supporting the closing of the avenue to try to settle the thing out of court.

"We are willing to effect a compromise," one of the signers of the bond given in the injunction case said today. "If those in favor of the vacating of the street desire to meet with the remonstrators we will be glad to hear them and try to get the thing straightened out. I do not believe that we are so hard to convince or desire to do anything so radical that a compromise may not be effected. Certainly it cannot do any harm for the persons in favor of the ordinance to place their side directly before us and, if they can convince us that we are wrong or if we can arrange for some compromise, why we can then withdraw the suit. If a compromise is not effected we will certainly fight this through all the courts and hold it up for a year at least and try to defeat it."

### BEYOND FEDERAL CONTROL.

Neither Fire Nor Life Risks Are Interstate Commerce.

A Washington special to the Chicago Tribune says:

Neither fire nor life insurance business is interstate commerce within the meaning of the constitution. This is the view of an overwhelming majority of the judiciary committee of the house, to which the question was referred as to the power of congress to regulate the insurance companies. A report to this effect will be prepared soon.

An informal canvass of the committee has shown that practically all the members, republicans and democrats, are inclined to the belief that under the decisions of the supreme court of the United States the business of life insurance cannot be considered in the light of actual commerce between the states.

This means that congress has no specific power to regulate insurance companies and the campaign in that direction will have to be dropped because the house of representatives scarcely would pass a bill which its own committee on judiciary, the highest legal authority it can appeal to, has pronounced in advance to be unconstitutional.

This decision of the house committee is pretty much what has been expected. Aside from the legal questions involved, individual members of the house and senate have been extremely suspicious of the whole propaganda for federal regulation of life insurance companies.

The principal sponsor for the entire idea and the author of two or three bills on the subject has been Senator Dryden of New Jersey. He is an excellent gentleman, whose personal motives are not a matter of criticism in any sense. He, however, is the president of the Prudential Insurance company.

According to the records of congress, the movement for federal control of life insurance companies always has been fostered by the New York insurance companies themselves. It was first proposed seriously by Mr. Patterson, now governor of Ohio, who was then, as he is now, president of a flourishing and well conducted life insurance company in Cincinnati. Mr. Patterson failed to make any impression on congress and the movement was dropped entirely until Senator Dryden, another insurance president, renewed the attempt. Now the judiciary committee of the house is about to sit down on the whole scheme from a purely legal standpoint, and before

long will administer a constitutional black eye to the project of unadulterated government regulation of insurance companies.

### A Habit to be Encouraged.

The mother who has acquired the habit of keeping on hand a bottle of Chamberlain's Cough Remedy saves herself a great amount of uneasiness and anxiety. Coughs, colds and croup, to which children are susceptible are quickly cured by its use. It counteracts any tendency of a cold to result in pneumonia, and if given as soon as the first symptoms of croup appear, it will prevent the attack. This remedy contains nothing injurious and mothers give it to little ones with a feeling of perfect security. Sold by Leonard the druggist.

## GOOD DAY FOR MEETINGS

CONGREGATIONAL CHURCH IS CROWDED TO THE DOORS.

### BEGAN EARLY IN MORNING

The First Meeting of the Union Services For the Day Was Held at 7:30. Last Night People Stood up Throughout the Services.

Yesterday was a good day for the evangelistic meetings. Notwithstanding the bitter cold weather a large number gathered at the First Congregational church at 7 o'clock in the morning to attend a prayer meeting. At 1:45 the evangelist preached in the First Congregational church to a well filled auditorium on "Perfect Peace." In the afternoon at 3 o'clock another prayer meeting was held for personal workers.

At 7:30 o'clock the church was crowded and all the available room was used. Chairs were brought in and some people were compelled to stand during the entire service.

The song service conducted by Mr. Jackson was very inspiring. Mr. Jackson had the congregation sing "All Hail the Power of Jesus' Name" to the old English tune of "Miles Lane." It was a novelty that pleased. The high school orchestra assisted with the piano and organ to make this part of the service a success. Mrs. Greene sang a beautiful solo and the "Sunbeam Choir" showed what Mr. Jackson could do in the training of children's voices.

The subject of Mr. Olmstead's sermon was the "Kingdom of God and How to Get There." His text was "Except ye be converted and become as little children ye cannot enter the Kingdom of Heaven." He said salvation is not so much a thing of the future as it is a thing of the present. We are saved here and now. The thought of Christianity is not something to make a man die happy but something to meet the stress of this present moment. We must carry our heaven with us in this world. Salvation is a condition of heart and life and conscience whereby we are out from under the dominion and power of Satan. This does not mean freedom from temptation but deliverance in the hour of temptation. Satan has no authority over our lives if we surrender to Him. Jesus takes full possession and brings us into harmony with the divine. The sufferings of this life are caused almost altogether because we are not in harmony with the divine. No man can enter a lodge room of a secret society unless he has the pass words and is acquainted with its mysteries. Neither can a man get into the kingdom of heaven unless he is willing to comply with God's plan of redemption which is not an arbitrary plan but the sanest laws of life. The conditions are conversion and having the submission and simplicity of little children.

### TRIES TO OSLERIZE CLERKS.

Old Government Employees to be Cut Down to \$1,000 a Year.

The old government clerk, no matter what salary he may be getting now is to be cut down arbitrarily to \$1,000 a year, for the sole reason that he has reached the age of 65 years if a provision in the legislative, executive and judiciary appropriation bill goes through, says a Washington dispatch. The committee on appropriations decided to incorporate the provision in the bill. Investigation was shown that \$2,000,000 a year is paid government clerks here who are 65 years of age or older. Of these class of clerks 77 per cent receive more than \$1,000 a year. The few hundred dollars more that each of the old clerks receive represent years of struggle and toil to gain a salary upon which they could live and support their families and they now see their years of work going for nothing.

Many of these clerks are as efficient if not more so than the college graduate of from 21 to 30 years of age, who are filling up the departments. It is upon these older clerks that the executive heads of the departments depend for precedents and methods of procedure.

Chairman Tawney of the committee on appropriations is responsible for the provision. He has been told by the heads of the various departments that they have superannuated clerks and Mr. Tawney, instead of trying to have them dismissed, determined upon the \$1,000 salary for all over 65 years.

## JURY GRANTS HER \$2,000

PHOEBE BLISS WINS HER CASE IN NELIGH COURT.

### WAS INJURED IN A RUNAWAY

Plaintiff Claimed \$5,200 Damages as Result of Runaway of Horses Due to Intoxication of Jo Prevo—Case Occupied Many Hours.

Neligh, Neb., March 9.—Special to The News: After a battle in court Phoebe Bliss was this morning granted a judgment of \$2,000 damages against Perse Beck, Tom Perrin and the Metropolitan Mutual Bond and Surety company of Omaha. She sued for \$5,200 damages alleged to be due her as the result of being injured in a runaway accident. The accident, it was alleged, resulted from the intoxicated condition of Jo Prevo and as a result of the runaway Phoebe Bliss sustained a broken leg and other injuries.

The case has occupied the greater part two days and two nights. The jury came in at 9 o'clock this morning with their verdict granting a judgment of \$2,000 and it is generally believed that the defendants will pay.

### Case of State Wide Interest.

This case has been one of state wide interest in Nebraska, because of the peculiar features of law brought out. The prosecution in the case was represented by Kelsey and Neligh and Harrington of O'Neill. The defense was represented by O. A. Williams of Neligh and Gray of Fremont.

### SATURDAY SIFTINGS.

Mrs. Bart Mapes left for Omaha this noon.

Miss Opal Olmstead went to Wayne last evening.

Adam Pilger of Stanton visited with relatives in the city yesterday.

Myron S. Whitney of Randolph stopped over Friday night in the city on business.

Miss Emma Roberts of Foster has been visiting for several days with Mrs. R. B. Severns.

L. B. Nicola, cashier of the Foster State bank, will spend Sunday with friends in the city.

Miss Eva Carpenter is spending a month's vacation at home from her school work near Plainview.

Mrs. C. R. Haggard, who has been visiting with Mrs. D. Mathewson, returned to Sioux City today.

Mrs. Louis Ottmar is quite sick with a tumor, and will be taken to Omaha next week to be operated upon.

Zachary Taylor Smith, a plasterer from Creighton who used to live in Norfolk, arrived in town last night to visit old friends.

T. F. Memminger is in the city. He arrived at Madison this week from Indian Territory and came up to Norfolk yesterday.

Mrs. Bithell, who was operated on in Sioux City recently, will be able to return home Monday. She is said to be improving rapidly.

George Fox, formerly a resident of Norfolk but now of Schuyler, is visiting at the home of his son, Wellington Fox, in this city.

State Veterinarian McKim came down from Monowi this morning. He was up there on account of a glanders case, which proved to be a solitary one.

Mrs. C. R. Allen of Hawarden, Iowa, who has been visiting here some time, left for home this morning. She was accompanied as far as Sioux City by Mesdames C. E. Burnham, C. H. Reynolds and W. N. Huse.

The members of Prospect Hill cemetery association will hold their annual meeting Monday afternoon at 2 o'clock in Sessions & Bell's office.

W. M. Robertson went to Omaha today to help his mother celebrate her birthday. She is eighty-four years of age today and Mr. Robertson thought that the occasion was well worth the trip.

W. H. Bucholz, formerly president of the Norfolk National bank of this city but lately of the Central bank of Oakland, Cal., left California today en route to Norfolk and will locate in Nebraska. He will arrive here next week for a visit at the home of Mr. and Mrs. N. A. Rainbolt and will then make definite plans for the future.

Mrs. Bucholz will remain in California with friends until the first of May, probably. Mr. Bucholz is bringing his older son, Fritz, with him.

George Rohde, who formerly owned a saloon in this city and who left for Chicago about a year ago, is now located at Davenport, Iowa, where he has bought a half interest in the leading bottling works of the city. The firm name is Rhode & Vollstedt. They manufacture soda water, ginger ale, pop, etc.

Word has been received from Sioux City saying that J. S. Smith, one of the oldest commercial travelers in the territory about Norfolk, is seriously ill with appendicitis. His condition is such that it is dangerous to operate upon him and still the doctors declare that an operation is his only hope for recovery. Mr. Smith has been with Knapp & Spencer of Sioux City for the last fifteen years and has represented them in north Nebraska and South Dakota territory during all that time.

The water commissioner's office has collected almost half of the back bills since his announcement the fore part of the week that all water will be cut off, where bills are not paid by April 1. One day the collections were in excess of \$100, and every day the mail has brought in a goodly amount. Wa-

ter Commissioner Brummund believes that with the present showing, there will be few collections out on April 1, as there seems to be a general desire on the part of the water users to continue using it, even to the extent of paying their bills.

"Uncle Billy" Pringle, the old organ grinder with long flowing white hair who has annually made a trip through northern Nebraska with his music box, will come no more. He is now an inmate of the county poor farm at Battle Creek, where he will probably remain until the end of his days. The old man is now ninety-nine and very feeble. He is practically blind. He is well known at Meadow Grove, where he has relatives, at Norfolk, where he lived for a time, at Creighton and other points in this vicinity. He worked at Oakdale in the years gone by.

Neligh Leader: Dr. W. F. Conwell, Earl Pickrel and Wm. Allcott attended the baseball meeting at Oakdale on Monday, March 5. The meeting was called for the purpose of organizing and maintaining a base ball league of eight teams, though only six have so far joined. Those who have signified their intention of joining are Atkinson, O'Neill, Clearwater, Neligh, Oakdale, Tilden, and the other two will be either Petersburg and Meadow Grove or Albion and Battle Creek. Dr. Conwell was elected temporary president and Elmer Howell of Clearwater, was elected secretary. Another meeting is called to be held at Neligh on March 16, when the organization will be made permanent. The following rules shall govern the games: League agrees to play about 100 games during season. Will not play any game on Sunday. Players of different teams must be made known to officers March 16, and shall be residents of the county in which team is located. Gate receipts will be divided, 40 and 60 per cent, favor of visiting team. Managers of all teams will constitute the executive committee. Permanent officers of the league will be elected at next meeting. Dr. Conwell informs us that he has eleven good players lined up for the Neligh team and thinks we will have the strongest team in the history of Neligh.

### A Question That Every Man Should Decide for Himself.

There is one subject in which many of us are interested and that is, what is the quickest way of getting rid of a troublesome cold? Is it best to take some new remedy put out with exaggerated claims, or to pin your faith to Chamberlain's Cough Remedy, a preparation that has won a world wide reputation and immense sale by its cures of this disease? This remedy is for sale by Leonard the druggist.

### Notice to Land Seekers.

A large tract of valuable agricultural land is to be thrown open for settlement on March 20, 1906. This land has been in litigation for twelve years and on the twentieth of January the United States land office handed down an opinion which will open this land for settlement on the 20th of March.

The tract consists of about 66,000 acres of fine agricultural land in North Dakota, or about 400 homesteads. This is a very fine tract of land and is worth, at the present time, from \$3,000 to \$4,000 per homestead.

It is valuable wheat land with an immense deposit of lignite coal underlying it. A special excursion for the March 20 is being arranged to take a party of people up to see this land and will be in charge of an agent of the Illinois Central railroad company. It is a chance of a life time to get a good quarter section of farm land and a coal mine for the asking.

In order to avoid a rush the facts are not made public at this time but full information can be had by applying at the Illinois Central city ticket office, 1402 Farnam St., or addressing Samuel North, District Passenger Agent, Omaha, Neb.

Chamberlain's Cough Remedy, a Favorite.

"We prefer Chamberlain's Cough Remedy to any other for our children," says Mr. L. J. Woodbury of Twining, Mich. "It has also done the work for us in hard colds and croup and we take pleasure in recommending it." For sale by Leonard the druggist.

### \$1,000 JACK DEAD.

Ainsworth Breeder Unable to Explain Cause of Animal's Death.

Ainsworth, Neb., March 13.—Special to The News: H. W. Fournier, when he went out to his stable to look after his fine thoroughbred horses and jacks, found one jack valued at \$1,000 dead. He is at a loss to explain the cause of the animal's death. This is his first large loss in eight years.

### FUNERAL AT BUTTE.

A. R. Utley, Old Soldier, Succumbs After Protracted Illness.

Butte, Neb., March 13.—The funeral of A. R. Utley was held from the M. E. church yesterday. He died after a protracted illness of several months. He was an old soldier, a much respected citizen and one of the pioneer settlers of Boyd county.

See F. G. Coryell for insurance.

## HON. B. F. CHAMBERS DEAD

WELL KNOWN NEBRASKA PIONEER AT NIOBRARA.

### IN STATE OVER HALF CENTURY

Former Senator From Dakota County, at One Time Register of the Niobrara Land Office, He Succumbs to Malady Contracted in the Army.

Niobrara, Neb., March 12.—Special to The News: Hon. Benjamin F. Chambers, one of the foremost pioneers of Nebraska, who came to Dakota county in 1854 and who has held various offices of honor, died at his home here at 11:20 o'clock last night, aged seventy-four years, after an illness of but a few days.

Mr. Chambers had been for many years afflicted with a malady contracted in the army, subjecting him to severe attacks of heart failure. The deceased was a native of Pennsylvania, and came to Nebraska more than a half century ago.

Mr. Chambers settled in Dakota county and was made sheriff, United States marshal and state senator from that district. He removed to Niobrara in 1876, being appointed register of the United States land office, then located here, which he held for three consecutive terms.

He has since been county judge, U. S. commissioner and justice of the peace. He was highly esteemed by all of his fellowmen.

### Funeral Wednesday.

The funeral will take place Wednesday afternoon at 2 o'clock, Rev. George Williams, formerly a pastor of Niobrara, delivering the sermon. The remains will be under the care of the Masonic lodge, of which the deceased was a charter member here, and Grand Custodian French will have charge of the Masonic services.

### Baking Economy.

By the use of perfect baking powder the housewife can derive as much economy as from any other article used in baking and cooking. In selecting a baking powder, therefore, care should be exercised to purchase one that retains its original strength and always remains the same, thus making the food sweet and wholesome and producing sufficient leavening gas to make the baking light.

Very little of this leavening gas is produced by the cheap baking powders, making it necessary to use double the quantity ordinarily required to secure good results.

Manufacturers of cream of tartar powders ask about twice as much for their goods as that paid for any other baking powder, and food prepared from these cream of tartar powders contains large quantities of Rochelle salts. Ask your physician what the results would be from the constant dosing of Rochelle salts.

A baking powder that is recommended by leading physicians and chemists, and which is both perfect in quality and moderate in price, is therefore suggested—one that has been found to be "best by test"—"Calumet." From the standpoint of purity, wholesomeness and economy, there is nothing to excel it.

Food prepared with Calumet is as substantially free from Rochelle salts, alum, lime, ammonia or any injurious substance.

### UNIONISM STRIKES FACE SUICIDE

Cupid Dissolves Girls' Union Label Club and Breaks up Other Unions.

Unionism as a preventive for race suicide has been tried and found ineffective, says a Chicago report. The Girls' Union Label club, organized three years ago, has been forced to disband. All its members, with three exceptions, have become wives.

MEAD CYCLE CO., Dept. "J.L." CHICAGO, ILL.

Miss Nellie F. Mahoney, who organized the club, today told of its dissolution.

"Our club has disbanded," she said with a tone of regret.

"Have the girls lost faith in unions?" she was asked.

"No, not exactly that. They have more faith in unions now than they ever had, but they are a different kind. The truth is, they have all been married."

Miss Mahoney went on to tell the fate of the club. "There are but three of us left," she said, "myself, Mabel Tierney of the Glove Workers' union, and Nellie Georgia of the Rubber Workers. All the rest are married."

"You see, our club was organized principally for the purpose of advocating the sale of union-made articles. One of our girls would go to a union meeting and address the men on the subject. Some fellow at the meeting would decide to make her his purchasing agent for life, and we would lose a member. The ratio of marriages to initiations was about six to one. We had more than fifty members at one time. Now we have three. I don't know that it is our own fault that we are members still, but it is true. The club, however, has had to disband."

Other organizations of women have had the same experience as Miss Mahoney.

"The greatest difficulty we find in trying to maintain unions of girls is that they all want to get married," said Miss Emma Lanphere of the Retail Clerks' union. "No sooner do we organize than some fellow marries our president. That frequently breaks up the union. We can't keep a set of officers six months."
