Why Not in Auditorium. There was some comment yesterday over the fact that the contest was held in the church and not in the Auditorium, where more people could have heard the speakers. It was said on the street that the price asked for the Auditorium was too high but it was learned on investigation that the declamatory association had not asked Mr. Beall for terms on the rental of the theater, Officers, of the association said that the terms last year were too high so they decided this year not to ask what price would be charged for the building.

Industrial Education. Industrial education in Nebraska vas presented by Deputy State Superintendent E. C. Bishop. He said in

There must be education and it should reach all. At present there is a decrease in the grades. Schools should prepare for life and not necessarily for advanced school work. We must bring into play all the activities of the child. Manual training, when introduced, does not interfere with the regular school work as is shown by the fact that the school taking prizes is to train the brain behind it. A man what is lived by the child. Out-of-door study is attractive. Text book slavery should be removed. Exhaustion of some part is necessary to develop latent powers. He referred to an exhibit shown by Superintendent Sherman of Columbus. This work is attractive and will be on exhibition at the high display. Nature study should be more general. There are too many technical names now used, and most teachers can't handle the work satisfactorily. Agriculture was touched on as a form of manual training. Mr. Root's Ministry Ceases.

Norfolk, Neb., April 5. - Editor News: Sabbath, April 1, saw the close of Mr. Root's ministry in the Presbyterian church of this place. Although it was the last Sabbath of the Evangelists here, yet the church was well filled. It was communion and Mrs. Fricke and her daughter Gladys were taken into the church by the beautiful rite of baptism. Mr. Root has been with us five and a half months and during that time he has endeared himself to the members of the church and congregation, and we

are very sorry indeed to part with him. He has done especially good work among the young people. When he came after the church had been without a pastor for seven months the Sabbath school was small and we had no choir. The school has grown to almost twice its size then and we have a full choir of young people. May God's blessing go with him wherever he may go and comfort us that are left A Presbyterian.
