

GALASKI GAVE A HOT SHOT

GOOD STORY RECALLED ABOUT NORFOLK BALL PLAYER.

WILKINS HAD ROASTED GALASKI

On the First Day of the Two-Day Series Between Creighton and Norfolk, Galaski Had Been the Victim of Criticism—He Got "His" Next Day.

In speaking of the recent acquisition of Jo Galaski, formerly a Norfolk baseball pitcher, which was announced in these columns some time ago, the Nebraska Liberal at Creighton recalls a good story about Jo and Glen Wilkins, in the following snappy style:

Creighton fans remember a hot shot he gave Glen Wilkins during one of the Norfolk-Creighton series. The day before Galaski pitched and he was as wild as an antelope. Wilkins was on the bench and he kept up a sneering call that he had learned over at Des Moines about "put n'er over."

This day the third inning had not passed till Wilkins was rapped for two stringing two base hits and a triple. The sneer had died out of Wilkins' lip and his eyes had the glassy stare of the pugilist who is momentarily expecting to receive a knock-out blow. Calling Galaski he said, "Joe, you go in and finish the game, I am not feeling well today." Joe told Wilkins to go where he was not supposed to find any good Sunday school children and then added, "You kept hollering yesterday for me to put 'er over; you don't seem to have any trouble in putting them over and they are putting them over too—over the fence."

Students of the game thought that if Joe ever got that terrific drop under control that he would get into fast company.

Joe's father sent him to college to study to be a Catholic priest but Joe did not have the staying qualities for twelve years of mental application.

No doubt when Stone, Buchanan and Galaski get together they will talk about old times in the High Grass league in Nebraska.

By the way, Buchanan must have found something besides what he had when he was here or he could not get to be gate-keeper for the big league.

ROSEBUD GIRLS.

They Report That They Have Pursued Matrimonial Proposals.

Naper Enterprise: Three of the famous homesteader girls were in town Wednesday, on their way to the prairie home of one of the "girls." They had all been the recipients of numerous letters proposing marriage, and have untold amounts of fun comparing letters. One of the ladies had received a letter from a gentleman in California. He was nice in every way, the letter said in substance, with a good home, only—and here the lady's voice took a despairing strain as she told of it—he did not want anyone over 27 years old! The ladies traced some of their letters to the source, in one instance the writer proving to be a government official who thought he would have a little fun at the expense of the girls. This man represented himself as the owner of a claim on which he was building a \$2,000 house, and his wife should live at her ease, etc. He really only had his salary as an official, and only the lady's tender-heartedness saved him his job. One of the ladies is a resident of Lincoln, and the other two live in Omaha, and as The Enterprise understands, all are school teachers. They are brilliant talkers, though an honest regard for the truth compels us to say that they would stand very little chance in a beauty show.

Consumption is a Germ Disease. How Can it Start With a Cold?

This is a reasonable question and one that must arise to the mind of almost everyone when the claim is made that consumption starts with a cold. The cold simply prepares the system for the reception and development of germs of that disease, that would not otherwise have found lodgement. It is the same with diphtheria, scarlet fever and measles. They are most likely to be contracted when the child has a cold. That is why a cold should never be neglected. The longer it hangs on the greater the danger. As a quick cure for colds Chamberlain's Cough Remedy can always be relied upon. Its remarkable cures have won for it a world wide reputation and an immense sale. It is pleasant and safe to take. For sale by Leonard the druggist.

Articles of Incorporation.

Know all men by these presents, That we, W. N. Huse, Norris A. Huse and Mary E. Huse do hereby associate ourselves together for the purpose of forming a corporation under the laws of the state of Nebraska, and do adopt the following articles of incorporation: Article I. The name and title of this corporation shall be The Huse Publishing Company.

Article II. The principal place of business of this corporation shall be at Norfolk in the county of Madison and state of Nebraska.

Article III. The capital stock of this corporation shall be the sum of \$20,000.00 to be divided into shares of \$100 each, said capital stock to consist of the business of W. N. Huse, printer and publisher at Norfolk, Nebraska, together

with all the machinery, type and supplies owned by him in the transacting of his printing and publishing business at Norfolk, together with the following described real estate, to-wit: the west 40 feet of the south 22 feet of lot 7, block 4, and the south 22 feet of lot 8, block 4, all in the Original Town of Norfolk, Nebraska, being the real estate upon which is situated the building and plant now owned and operated by W. N. Huse for printing and publishing, subject to all incumbrances now against said premises which the said corporation hereby assumes and agrees to pay, upon a bill of sale being executed by the said W. N. Huse to The Huse Publishing Company for all machinery, stock, supplies and material used by him in the publishing and printing business in which he is now engaged, together with the good will of said business and upon his transferring to the said The Huse Publishing Company the fee title to the said premises, to-wit: the west 40 feet of the south 22 feet of lot 7, block 4, and the south 22 feet of lot 8, block 4, all in the Original Town of Norfolk, Nebraska, subject to present incumbrances. There shall be issued by the said The Huse Publishing Company to the said W. N. Huse 200 shares of capital stock of the said corporation and to Norris A. Huse 75 shares of the capital stock of said corporation, and to Mary E. Huse 25 shares of the capital stock of said corporation, said shares to be fully paid up and non-assessable. No transfer of the stock of this corporation shall be operative until entered upon the books of the corporation.

Article IV. The object for which this corporation is formed is to carry on the publishing of newspapers, periodicals and other publications, do all kinds of job work, composition, book binding, book making, blank printing, blank book manufacturing and to carry on a wholesale business in the furnishing of all class of paper stock, "ready printing," blank books and office supplies, and to engage in the manufacturing and selling of anything belonging to a general printing establishment.

Article V. This corporation shall commence business as soon as its articles of incorporation are filed in the office of the county clerk of Madison county, Nebraska, and continue for a period of fifty (50) years thereafter, unless sooner dissolved by the consent of the stock holders.

Article VI. The highest amount of indebtedness or liability to which this corporation shall at any time subject itself shall not exceed the sum of \$15,000.00.

Article VII. The officers of this corporation shall consist of a president, vice president, secretary and treasurer and one person may hold two offices. These officers are to be selected by the board of directors of said corporation who shall have full power to prescribe the salaries and duties of each officer.

Article VIII. The board of directors shall consist of three share holders, and the following persons, W. N. Huse, Norris A. Huse and Mary E. Huse are hereby appointed directors of this corporation to hold their offices as such until the regular annual election takes place pursuant to article II. of these articles of incorporation and until their successors are chosen and qualified.

Article IX. The regular annual meeting of the stock holders of this corporation for the election of directors and for the transacting of such business as would regularly come before it, shall be held at the office of the corporation on the 1st day of April of each year. The directors elected at such annual meeting shall hold their office for the term of one year and until their successors are elected and qualified.

Article X. The said board of directors at their first meeting shall enact by-laws for the government of said corporation not inconsistent with the articles of incorporation and not inconsistent with the law for the regulation of business of the corporation and the management and administration of the affairs, and shall have the power to do and perform all acts which may be legal for a board of directors to do under the laws of the state of Nebraska.

Article XI. Each share holder shall at all regular or special meetings be entitled to one vote either in person or proxy for each share of stock held.

Article XII. The articles of incorporation may be amended or changed at any regular meeting or special meeting called for that purpose by a two-thirds vote of all the stock of the corporation.

Witness our hands this 28th day of March, 1906.

W. N. Huse,
N. A. Huse,
Mary E. Huse.

The state of Nebraska, Madison county, ss.

On this 28th day of March, 1906, before me, a notary public in and for said county and state, duly commissioned and qualified, personally appeared the above named persons, personally known to me to be the identical persons whose names are affixed to the foregoing articles of incorporation and each for themselves acknowledged the same to be their voluntary act and deed.

In witness whereof I have hereunto set my hand and affixed the seal of my office the day and year last above written.
M. C. Hazen,
Notary Public.

My commissio nexpires November 5, 1909.

NEWS OF THE RAILROADS

MORE ENGINEERS REACHED BONE. STEEL LAST NIGHT.

MANY GIRLS LOSE POSITIONS

New Invention Has Thrown Out Stenographers in the Chicago General Offices of the Northwestern—Progress in Mexican Railroads.

The Bonesteel Pilot says that nine more civil engineers reached there last night to begin work on the new extension, toward Pierre.

THE NEW ROAD IN MEXICO.

President Stillwell Writes to Stockholders, Noting Progress.

A. E. Stillwell, president of the Union and International Construction companies, which are building the Kansas City, Mexico & Orient railroad, has addressed the following letter to stockholders, giving progress in the work: "We are pleased to report that the line is now in operation north from Sweetwater to Knox City, eighty-two miles, and that regular train service was inaugurated on April 1; also, that the track is finished for seventy-two kilometers west of Minaca, in the mountain section, and we expect to have one hundred kilometers finished in a short time. Regular trains are now being operated to kilometer 52. When the one hundred kilometers are finished, over one-half of our line in Mexico will be in operation.

"The last pier in the Canadian river bridge is finished and the steel work is now being put in place. Track work is completed almost to the south bank of the river, and in six weeks we hope to have the bridge finished and two hundred miles of this section in operation."

GIRLS LOSE JOBS.

A New System of Car Accounting is Adopted on Northwestern.

Twenty-seven girls have been discharged from the car service department of the general offices of the Northwestern road at Chicago, due to the invention of a method of car accounting by E. E. Betts, car service agent, by which the services of typewriters are no longer needed.

The new system works as follows: Report blanks are arranged so that each car number is entered in a space by itself, a perforation for filing is made on the left side of each space so that when these reports are received in the office they are placed in order and so cut with a printer's paper cutter that each number appears on a slip by itself; these slips are then sorted and distributed to the clerks, who enter them in the proper books. The old method required the services of young women to operate a score or more of typewriters to transcribe the conductors' reports on perforated slips of paper, but it is said the young women's errors made heavy annual losses for the company.

MEXICO RATE SHORTENED.

Yoakum Syndicate Plans Great Things for Southwest.

Two railroad transactions just completed have disclosed the fact that the B. F. Yoakum syndicate is planning a great through short line between the great lakes and the City of Mexico, and a new system of roads that will connect with the gulf and also place territory in touch with the orient through the north Pacific ports, and at the same time draw the products of the west, northwest and southwest through the gulf ports.

Mr. Yoakum's plan has to do with the development of the great southwest and is the most comprehensive scheme of railway construction in years. Although not connected directly with the Rock Island and the Frisco systems, the two play an important part, as all of the lines now constructed and in contemplation will connect with both systems.

The project, which was the dream of Mr. Yoakum in his early Texas days, is being carried rapidly to fruition. It has cost thus far fully \$20,000,000, and its fulfillment will cost between \$30,000,000 and \$50,000,000 additional. Of such vast import is the matter to the future of the entire west that its probable effect may well be compared to that of the Gould project to secure a line from the Atlantic to the Pacific coast.

The new Chicago-City of Mexico line will be at least 500 miles, possibly 800 miles, shorter than the shortest existing route. In fact, there will be two routes between the great lakes and the City of Mexico, one by way of St. Louis and New Orleans, Galveston and Brownsville, and the other by way of Kansas City, Fort Worth, Brownsville and the National of Mexico.

Block Signals Ordered.

Superintendent W. H. Whalen of the Northwestern road received word from Chicago that the company had authorized improvements for the Iowa division this year to cost \$320,000. Orders have been placed for the installation of block signals from Clinton to Otis, and Logan to Council Bluffs, a total distance of 115 miles.

"CURLY" WILBERGER DEAD.

Young Man at Madison Succumbs to Acute Tonsillitis. Madison, Neb., April 13.—Special to The News: The death of Floyd Wilberger, known as "Curly," occurred here at 4 o'clock yesterday afternoon. The boy was sixteen years of age.

He came up town yesterday afternoon and consulted a physician, who did not consider the case serious. The disease was acute tonsillitis, complicated by abscess. Death was caused by suffocation.

ELKHORN VALLEY MERCHANTS

Held a Successful Meeting at Oakdale Yesterday Afternoon.

Oakdale, Neb., April 13.—Special to The News: The Elkhorn Valley Retail Merchants' association met here yesterday and was attended by a large delegation from neighboring towns.

RAIN ON ROSEBUD.

Moisture is Putting Ground in Fine Shape Over Reservation.

Bonesteel, S. D., April 13.—Special to The News: A heavy rain has fallen since Wednesday morning at 10 o'clock and is putting the ground in fine shape.

EASTER A PERFECT DAY

NORFOLK WAS BATHED IN SUNSHINE ON SUNDAY.

THE CHURCHES WERE CROWDED

The Knights Templar Attended the Methodist Church Last Night and Listened to a Splendid Sermon—Other Special Services.

Easter day was a perfect Sunday in Norfolk, and all Nature seemed to feel the inspiration of the joyous spirit of the occasion. The city was bathed in radiant sunshine, the air was just crisp enough to be invigorating, the churches were crowded with the largest throngs known in years and the city's femininity bloomed out in pretty colors in both bonnets and gowns. Special services were held at the churches of the city.

Among the Churches.

At the Methodist Episcopal church last night the pastor, Rev. J. F. Poucher, preached the regular annual Easter sermon to the Knights Templar, who attended in a body. The church was crowded from pit to gallery, there being not a single seat available when the services began. The pastor made special mention of the three Knights Templar who have died during the year, Lealand Dean, J. K. Hutcheson and Robert Craft, and made special mention, in his prayer, for W. N. Huse, who was operated upon in a Minnesota hospital Saturday. Miss Hattie Alberry sang sweetly, "Green Hill Far Away."

Mr. Poucher's sermon was pronounced one of the finest that has been delivered in Norfolk in many a day.

At the Church of the Sacred Heart the largest audience ever known in the church on an Easter day greeted Father Walsh in the morning. He preached in the morning after mass, which was held both early and late. He also attended services at Battle Creek during the day.

At the First Congregational church, the pastor, Rev. W. J. Turner, preached on "The Festival of Life," talking the great Easter Festival for his text. The choir sang a special anthem for the occasion. There was a mammoth attendance.

At the Second Congregational church Mr. Turner preached in the evening. The Easter program was largely attended and well received.

At Christ Lutheran church Rev. J. P. Mueller preached and the choir rendered special music. Wedding announcements were made.

At St. Paul's Lutheran church there was preaching by the pastor and special music.

Special services and special music were features at the Trinity Episcopal church, and the largest number of persons took communion ever known in the history of the parish on a single Sunday.

The Johannes Lutheran church had special services and music.

The German Evangelical church had special music.

The Baptist church held special services, with Easter music.

LAW BOOKS IN LUMBER WAGON

Good Sized Portion of Mr. Barnhart's Library Comes in Rain.

A lumber wagon filled with law books was the unusual sight that drove into North Fourth street from Pierce today. The books belong to Attorney Barnhart, who is coming to Norfolk to consolidate with Judge Isaac Powers. The books were driven down during the shower, but were covered up so that they were not very wet.

Croup Quickly Cured.

A few doses of Chamberlain's Cough Remedy bring surprising results when a child shows symptoms of croup. There is no cause for alarm when this medicine is in the house as it rarely takes more than three or four doses to bring about a complete cure. It has never failed even in the most severe and dangerous cases and no home where there are small children can afford to be without it. For sale by Leonard the druggist.

Robert Allen Harris.

Cards have been received by Norfolk friends announcing the arrival of Robert Allen Harris at the home of his parents, Mr. and Mrs. Robert H. Harris in Lynch. Mr. Harris is a banker at Lynch, a Norfolk Elk and a well known land holder. The new son is soon to begin taking care of the bank.

South Dakota The Land of Plenty

Rich soil, a mild climate, and abundance of water have made South Dakota one of the best agricultural states in the Union. The soil of Lyman County is unusually rich. It is a black loam with a yellow clay subsoil. The extension through Lyman County recently built by the

Chicago, Milwaukee & St. Paul Railway

has opened up a part of that state hitherto sparsely settled. Land is now selling at the rate of from \$8 to \$15 an acre, and it is altogether probable that valuations will increase 100 to 200 per cent within a year. South Dakota offers great opportunities for the small investor. A book on South Dakota for two cents postage.

For Free Books and Folders about South Dakota kindly Fill Out this Coupon and mail it to-day to **F. A. NASH, G. W. A., 1524 Farnam Street, Omaha, Neb.**

RESULTS

The word results means a whole lot to the farmer of to-day and it is especially attractive to the homeseeker or those seeking new locations. If we tell you of a country where you are sure of success, will you believe us? It is only necessary for you to farm the land and the best results will follow—a State which the government reports will show leads in the production of wheat. It also ranks among the first in the raising of corn, alfalfa, timothy and other products, together with stock raising. We speak of

KANSAS

The great State of the West, where lands can be purchased from \$5 to \$30 per acre which equals the returns of the \$50 to \$150 per acre lands of other States. EASTERN COLORADO is identical in most respects and the same opportunities are offered there. Buy quick while the lands are cheap and secure the benefit of an excellent investment. THE MISSOURI PACIFIC RAILWAY touches the heart of this rich agricultural region and extremely low rates are offered, allowing stop-over at pleasure in certain territory for inspection of lands, etc. Write us and we will send you free descriptive literature and full information.

H. C. TOWNSEND, GENERAL PASSENGER AND TICKET AGENT, ST. LOUIS, MO.
