

OTHERS DO THE SAME THING

OTHER SUPERINTENDENTS DREW FROM THE CASH FUNDS.

TO COVER EXPENSE ACCOUNTS

Dr. Greene Has Been Offered Appointment as Superintendent at Kankakee, Ill., and it is Said He May Accept the Tendered Position.

The fact that superintendents of other state institutions in Nebraska, besides the Norfolk hospital for the insane, draw expense money from the cash funds of the institutions without having the vouchers first audited, is pointed to by officials at the Norfolk hospital as evidence that there was nothing wrong with the custom here. That this has been done at other places is the statement of the State Journal.

DR. GREENE TO KANKAKEE.

Lincoln Asylum Superintendent Will Probably Go East.

Lincoln Journal: The Chicago Tribune of Sunday announces that Dr. James L. Greene of the Lincoln hospital for the insane has been appointed superintendent of the institution at Kankakee, Illinois. It is presumed that the doctor will accept for the position offered him carries with it a much larger salary than the state of Nebraska pays for like service. Dr. Greene has long been recognized as an authority on mental distempers, and this call from Illinois is a fitting tribute to his ability in the difficult field wherein he has labored so long and well. The Kankakee hospital for the insane is one of the largest in the world, having accommodations for 2,500 patients.

Civil Service for Institutions. Beatrice Express: Fusion partisans who are gleefully commenting on the charges and recommitments that are being handled about the Norfolk asylum, should not be of short memory. When the late lamented fusion administration was in full bloom there were some doings around a state institution located in Gage county which were a bad advertisement for the state, and made people very tired. Generally these investigations are caused by a desire from somewhere to get possession of public places held by somebody else. This was pretty much the case in the Beatrice fuss, and is probably behind the matter at Norfolk.

An investigation can always show up brutality in a state institution. This is especially the case when employees are selected because of their political endorsements rather than for their fitness to fill the positions. The ward politician who takes a job in an asylum under the impression that there will be nothing to do, is certain to arrive at occasions when he will lose his temper and use his muscle on the patients who cause him trouble and work. When somebody on the outside wants to get control of the institution, these cases of abuse can be shown up to prove that the superintendent is unfit for his position. There will be no end to this condition until state institutions are absolutely put under civil service and the merit system.—Beatrice Express.

If the people of Norfolk wish to do away with the worms that were so prevalent last year, it would be a good thing if they would cut off and burn the large worm nests that are now forming on almost all the trees. If they are allowed to grow they will cause a much larger pest than they did last year.

Neligh, Neb., July 11.—Special to The News: Henry Krebs, an old townsman of Neligh, was quite seriously injured last evening at his farm northeast of here. The supposition is that the horse Mr. Krebs was driving was stung by a bee and proceeded to jump and kick. The tenant on the place noticing the actions of the animal made haste to the rescue, but before he arrived the buggy was turned over and Mr. Krebs thrown out. Dr. A. F. Conery was immediately notified, and in company with Ed Krebs the unfortunate man was brought to town. He was unconscious for over four hours and upon a closer examination by the physician it was found that he has an injury of the spine. However the case seems a serious one, yet the doctor reports that there will be a speedy recovery, unless other complications set in during the next twenty-four hours.

JUDGE ISSUES AN ORDER

SCHOOL DISTRICT MUST NOT PAY CURRENT EXPENSES.

WITHOUT REGARDING WARRANTS

Attorney Greenleaf of Lincoln Came to Norfolk and Was Granted an Order by Supreme Judge Barnes, Pending Final Decision.

Supreme Judge J. B. Barnes of Norfolk has just issued an order to Attorney Greenleaf of Lincoln restraining a school district in the state from paying current expenses out of the school funds and regarding the registered warrants standing out against the fund. A case is to come up in the supreme court next fall for a decision on the point as to whether a school district has the right to pay current expenses out of the school funds, while registered warrants go along unpaid. The district in question has been paying current expenses regardless of the pending case, and Judge Barnes issued an order to restrain this further payment until after the case comes up for final settlement.

The supreme court is now taking a vacation, so that Judge Barnes is spending all of the time in Norfolk, and for this reason the Lincoln attorney came here to secure the order.

Five Men Apprehended at Atkinson are Taken to O'Neill and Jailed.

Young Woman's Silence Saved the Day and Effected the Catch.

Atkinson, Neb., July 7.—Special to The News: A burglar caught in the act of trying to rob a cash drawer in an Atkinson store, together with his four companions, all of them supposed to be the five crooks who recently broke jail at Norfolk, have been arrested here and sent to O'Neill.

The man caught in the act of attempting to rob, was an umbrella repairer. He tried the cash drawer of the Walrath Sherwood Co. store. A young woman book-keeper in the rear of the office saw and heard the burglar as it was at the noon hour, and after ringing the bell, he at once tried to make his escape, but was run in by the marshal within ten minutes.

The fact that the young woman made no noise saved the hour, as he did not see her at all but left because he could not get the combination.

He was tried and sent to O'Neill. He had some four companions who were run in as suspects. They are believed to be the outfit who recently broke jail at Norfolk. The authorities were in touch with Norfolk by telephone, but as yet the result is unknown.

NORFOLK BOYS WON GAME

DEFEATED PIERCE BALL NINE HERE, SIX TO FOUR.

WAS A PRETTY GAME TO WATCH

Contest on the Diamond Yesterday Afternoon Was Featured by Spectacular Plays and Good Fielding—Pitching Was Good Stuff, Too.

Norfolk defeated Pierce yesterday in one of the prettiest games of the season, by a score of 6 to 4. The game was full of good plays and pretty fielding on the part of both teams. The Pierce boys made most of their runs on the errors of the home team.

Both Peterson and Estabrook pitched a fine game, although Peterson lacked the support that the Norfolk team gave their pitcher.

The Pierce team started things rolling in the first, when Powell hit safe, stole second, went third on Craig's out and home on Larkin's error. Powers fanned and Miller went first on a hit but was caught on a trick play.

Norfolk tied the score by a two bagger of Barnes. A sacrifice by Parish sent him to third and Schelly knocked him in.

In the second Peterson singled, Nelson singled and both came in on errors by Hoffman and Larkins.

Hoffman on the first ball thrown in the second landed out a triplet. Estabrook knocked a fly and Miller and Craig worked a double play.

Estabrook settled down to work in the third and shut out the Pierce boys for the next six innings. In the third, on a single by Larkins, single by Schelly and home run by Krahn three scores were run in, making it four to three.

Then Peterson fanned three men straight for two innings.

In the sixth Norfolk ran in two more scores, and were shut out in the next two innings.

In the seventh Schelly made two long runs after flies and took them both in. Hoffman did fine work at catch, making excellent throws to second. Parish did good work in center. Brueggeman and Larkins also held their own. Larkins making a pretty one hand stop of a grounder that might have lost the game had he missed it.

Miller played a fine game at short for Pierce and McWhorter took in two pretty flies. Craig was good at third.

In all it was one of the best games played here this year.

The score was:

Notes on the Game.

Where is that twenty dollars on Pierce?

Pierce is a fast bunch but they couldn't get warmed up.

Peterson did pretty work by striking out eight men in succession.

Those flies that Schelly caught were fine.
