

SUICIDE IS ATTEMPTED

YOUNG MOTHER CUTS THROAT IN PRESENCE OF CHILD.

WIFE OF FREMONT CONDUCTOR

Slashed Her Throat With a Razor but Did Not Succeed in Cutting the Jugular, and Her Physician Believes She Will Live—Evidently Insane.

Fremont, Neb., July 26.—Special to The News: Mrs. Irving Pollock attempted suicide in this city today. At noon she went into the bedroom to kiss her baby good bye, and then standing over the bed in presence of her child she deliberately cut her throat with a razor. The wound was severed but the jugular was not cut. Her physician believes she may recover. She has acted queerly since the birth of her baby two months ago. She is the wife of a Northwestern conductor and a decidedly attractive young woman.

Hibben, wife and two daughters left at noon for Wabash, Ind., where they will attend a family reunion on Sunday, that day being Mr. Hibben's mother's sixty-fifth birthday. The Sons of Hermann have received a very handsome banner, emblematic of the order. The cost was \$175.00. Four potatoes weighing four pounds, is the contribution to the agricultural display of The News, by A. L. A. Walker, who lives on rural route No. 2. While he did not send the smallest specimens by any means yet he has many more in his field that will weigh a pound each, and the whole patch averages very large. While playing ball yesterday at the show grounds Lawrence Hoffman was so overcome with the heat that for a while it was thought that he could not survive the stroke. He was taken home in a hack and, although he spent a bad night, he is resting easy this morning. It is thought that he will be all right in a couple of days. Bonds in Harrison, in Sioux county, amounting to \$3,500, have been received for registration by Bond Clerk C. E. Lawrence. They run twenty years and bear 6 per cent interest. These same bonds, bearing 7 per cent, were returned by Mr. Lawrence last week with the statement that the rate of interest was higher than authorized by law. Last night in Beautiful Bagdad, Miss Nellie Gilden, the youngest of the three Gilden sisters, made her first appearance in her new act of leading the Yankee Doodle boys. As she came on the stage, a very pretty bouquet was handed her as an expression, from her associates about the show, of the high esteem in which she is held. A card from Mrs. J. W. Humphrey says that Graham Humphrey, who was operated on for appendicitis about two weeks ago, is now able to travel and they left yesterday for Minneapolis, where they will remain a few weeks before returning home. Marjorie Nicholson was operated upon this morning for gonorrhea. The doctor and Mrs. Nicholson went to Rochester with their daughter the fore part of the week. Tuesday noon was the limit set by Dr. Nicholson, assistant at the Norfolk hospital for insane, for making up his mind whether he would give up his position peacefully or resist removal, but up to yesterday noon the governor had heard nothing from him. A Lincoln dispatch says it is now taken for granted at the executive office that Dr. Nicholson proposes to stand with Dr. Alden in resisting removal. It is possible that too hasty judgment should not be pronounced upon Dr. Nicholson at this time. He is now in Rochester, Minn., where he took his daughter for a surgical operation, and it is highly probable that the greater importance of his daughter's health has much to do with not notifying the governor what he intended to do. A complicated case involving a Boyd county claim has been appealed to the supreme court by Peter G. Cox of Boyd county. The defendants are Peter Anderson, sheriff, Levi F. Wells and Frank Briggs. Cox declares that he filed on the claim and wells contested his right to it before the United States land office. Wells won there, but Cox at once contested his right to file papers on the land on the ground that Wells had already used his homestead rights. Wells took possession of the land while this case was being tried, but Cox secured an injunction from the county judge of Boyd county ordering Wells not to interfere with Cox's possession of the land. This injunction was dissolved by Judge Harrington, and Cox has appealed to the supreme court to reverse his decision and allow the injunction to stand until the government land office has rendered its final decision on the matter.

Cars Will Stop.
A new train was put on the main line Monday morning from Chicago to Shoshone, Wyoming. It doesn't stop at our station, but if it becomes a fixture we'll make a roar for a stop at Stanton. The new train goes west at 5 a. m. and east at 1 a. m. It is just the kind of train service that we want provided the varnished cars will stop here—Stanton Register.
The roar has been heard. Brother Point, and the painted cars of that particular train will stop on Wednesday.

DULL WEEK IN SOCIETY

WHITE CITY AND WARM WEATHER AGAINST SOCIAL EVENTS.

SHOWS CENTER OF ATTRACTION

Instead of Having Entertainments at Home Many People Have Spent the Evenings and Attended the Various Meritorious Attractions.

The White City and warm weather have conspired to make a light social week, but there has been a little something doing among the young people. For the most part people bent upon mingling with their neighbors gathered at the grounds of the White City and formed little groups to take in the various attractions. There have been but two evening parties and several afternoons to enliven the social horizon of the city during the week. A few picnics and camping parties have been held and more are scheduled for next week.

The Volente club was entertained by Miss Ruth Mount on last Monday. Delicious refreshments were served.

Miss May Johnson entertained the Buster Brown club Thursday afternoon. Light refreshments were served.

Boyd Blakeman very pleasantly entertained a number of his friends last Saturday evening. Games and other amusements were enjoyed by all present.

Monday, July 16, was W. H. Bridge's sixty-second birthday, and to mark that event in the household history, Mrs. Bridge surprised him by asking a dozen friends in to supper.

Miss Lois Gibson entertained last Saturday at a 1:30 luncheon. A very dainty four course luncheon was served, after which a musical program was given. Those present were: Kathleen Boas, Ruth Norris of Sioux City, Lucile Tracy, Opal Coryell, Vera Coryell, Mollie Bridge, Carrie Harding, Gretchen Hulff, Rosella Cole, Maud Rees, Georgia Blakeman, Ruth Shaw, Mary Odiorne, May Johnson and Veda Loomis.

A party of young people chaperoned by Mr. and Mrs. C. B. Durland left at noon today for Neligh, four miles west of which place they will establish an outing camp for two weeks. Those forming the party are Mr. and Mrs. C. B. Durland and family, Misses Edna Stafford, Nina Walker, Clara Rudat, Edith Parker of Plainview, Messrs. J. Earle Harper, Clarence Schofield, Dr. Vallier, Julius Hulff and Herman Walker.

Twenty young ladies enjoyed the game of five hundred at the home of Miss Josephine Butterfield Thursday afternoon. Miss Edith Butterfield of Chicago was the guest of honor. Lunch was served daintily in two courses, after which six-hand euchre furnished amusement. Mrs. Jack Koenigstein winning first honors. Mrs. Jones the shouting prize. The following named ladies were present: Mesdames E. H. Tracy, C. F. Shaw, Jack Koenigstein, R. A. Mittelstadt, Asa K. Leonard, Frank Emery, W. A. Jones, O. R. Meredith, W. S. Fox, Elsie Desmond, C. P. Parish, C. E. Greene, O. L. Hyde, Hall, Will Hall, and Miss Mason.

Mrs. Ludwig Koenigstein and Miss

Clara Rudat very pleasantly entertained a large number of friends at the home of the latter on Eighth street and Koenigstein avenue to a 6 o'clock dinner Thursday evening. The guests were seated at small tables, which were handsomely decorated with pink and white sweet peas. The color scheme of pink and white was carried out in all the decorations. A dainty four course dinner was served. The place cards were in the nature of conundrums, the guests being given the questions and finding their places by the answers. Those present were, Misses Mullen, Shaw, Davenport, Laura Durland, May Durland, Norton, Stafford, Hoeger, Dickover, Carpenter, Estabrook, Mable Estabrook, Wells, Madsen, Lukart, Cora Lukart, Walker, Bridge, Etting, Butterfield, Edith Butterfield, Drebert, Wheeler, Harding, Carrie Harding, Ware Small, Letha Blakeman, Priestly, and Mesdames R. The Parker White City management and employes gave a banquet last night after the performances were over to Mr. W. H. Shelper and bride at the Pacific hotel. The affair was a success in every way. A very dainty supper was served and music furnished by the White City orchestra. After the supper the male quartet, that has won so much praise in Norfolk, rendered a number of selections that were appreciated by all. Members of the company responded to a number of toasts. The company wished Mr. and Mrs. Shelper a very happy and prosperous future. Mr. Shelper left the company on Thursday and went to Columbus where he met his bride, Miss Cabel Ellicome of Bloomington, Ill., and they were married there. As it was impossible for Mr. Shelper to get away for any length of time they returned to Norfolk yesterday.

THE WANDERERS RETURN

Elks Beat Their Schedule on Getting Home From Denver.

The carload of Norfolk Elks, who left Sunday noon to attend the grand lodge at Denver, returned to the city Friday noon, tired, happy, and with the consciousness of having had the time of their lives. The party reached Denver about noon on Monday, and that evening went down to Colorado Springs, where they remained until the next evening, putting in the day visiting Manitou, Pike's Peak, the Garden of the Gods, the Seven Falls, etc. Wednesday they made a trip around the Georgetown loop, a famous scenic ride. They remained in Denver from Wednesday evening until Thursday afternoon, taking in the great Elks parade, the grand lodge, etc. By leaving Denver a few hours earlier Thursday afternoon they found that they would avoid the great rush which would start in the evening to get out of town, bringing them home at noon instead of evening, as had been expected.

In Denver they saw J. N. Bundick and family, who were not only exceedingly cordial to the visitors, but sent their regards to all their Norfolk friends.

Never Sent a Man to the Hospital.

During the Spanish-American war I commanded Company G, Ninth Illinois infantry. During our stay in Cuba nearly every man in the company had diarrhoea or stomach trouble. We never bothered sending a man to the surgeon or hospital, but gave him a dose or two of Chamberlain's Cholera, Cholera and Diarrhoea Remedy and next day he was all right. We always had a dozen bottles or more of it in our medicine chest.—Obra Havill. This remedy can always be depended upon for colic and diarrhoea, and should be kept on hand in every home. For sale by Leonard the druggist.

Another Fish Story.

Another fish story comes from the Davenport camp seven miles west of town. This time it is Judge Powers who is the hero of the occasion, but Frank Davenport tells the story, which is that the judge caught a nine pound channel cat on one of Davenport's lines this morning. The story had not had much time to grow when this report was given to a reporter, but judging from past experience, along toward night when Frank tells the story the fish will weight not an ounce less than fifteen pounds.

FOR CITY IMPROVEMENT

THE COMMITTEE MAKES EXPLANATION OF ONE ITEM.

SEVERAL GOOD SUGGESTIONS

If Followed, They Would Materially Improve the Appearance of the City. Complete List of Donors of Prizes to be Awarded by the Committee.

The City Improvement committee, feeling that item I in the list of prizes offered might be misunderstood, wish to explain: It means the entire alley in any one residence block, all residents in that block being contestants. We would also respectfully call the attention of property owners to the fact that most of the trees in town need to be trimmed. On many streets the limbs hang down low enough to interfere with the heads of passersby. They should be trimmed high enough that one might carry an extended umbrella without interference.

One of our townsmen who has had over twenty years of experience in tree culture in Norfolk says: "Large trees should be trimmed up twenty feet from the ground." He argues that the trees will be more shapely, the grass under them will thrive better and the houses will be more sanitary and cooler if both air and sunlight are allowed to enter. There seems to be a mistaken idea prevalent in the best parts of our city, that an alley is intended as a dumping place for garbage and refuse from the stables. Receptacles should be provided for both of these at one side of the alley, in order not to interfere with traffic, and at stated times drawn away to the city dumping grounds or otherwise disposed of. The grass and weeds are also allowed to grow in the parks, hence the beauty of many a well kept lawn is marred. These points will all be considered by the judges in awarding the prizes September 10. Will the property owners who are not contestants kindly set a good example by carrying out these suggestions as far as possible. The sanitary conditions and the appearance of our city can only be bettered through concerted effort on the part of our citizens.

Respectfully,
City Improvement Committee.

RENT PAYS FOR LAND.

Fertile Sections of the Southwest, Where Land Sells for \$15 and Rents for \$5 Per Acre. One of the remarkable things about eastern Arkansas and northern Louisiana is the fact that cleared land rents for \$7.50 to \$15 per acre. It costs from \$6 to \$10 an acre to clear it. Other improvements necessary are slight and inexpensive. The soil is rich alluvial, or made. It produces a bale of cotton per acre, worth \$45 to \$60. This accounts for its high rental value. Other crops, such as corn, small grains, grasses, vegetables and fruits thrive as well. Alfalfa yields 4 to 6 cuttings, a ton to a cutting, and brings \$10 to \$16 per ton. In other sections of these states, and in Texas as well, the rolling or hill-land is especially adapted to stock raising and fruit farming. Land is very cheap, \$5 to \$10 per acre; improved farms \$10 to \$25 per acre. The new White river country offers many opportunities for settlers. High, rolling, fine water—it is naturally adapted to stock and fruit raising. Can be bought as low as \$3 per acre. See this great country for yourself and pick out a location. Descriptive literature, with maps, free on request. The Missouri Pacific Iron Mountain System lines sell reduced rate round-trip tickets on first and third Tuesdays of each month to points in the west and southwest, good returning 21 days, with stop-overs. The Doctor Away From Home When Most Needed.
People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp colic and cholera morbus require prompt treatment, and have in many instances proven fatal before medicine can be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life. For sale by Leonard the druggist.
