

GRAVES WAS NOMINATED

PENDER JUDGE IS NAMED BY THE FUSIONISTS.

IS LOVE FEAST THROUGHOUT

The Populists Named Judge Graves in the Afternoon and the Democrats at Night—He Made a Speech Attacking the Tariff Question.

[From Tuesday's Daily.] Judge Guy T. Graves of Pender was nominated by populists and democrats of the Third congressional district in Nebraska in Norfolk last night. The populists at the city hall nominated him in the afternoon, and the democrats at the Auditorium nominated him at night. There was no opposition. It was a love feast.

The name of Judge Graves was placed before the convention by Hon. P. E. McKillip, the candidate of two years ago. Mr. McKillip made a speech in which he eulogized Judge Graves as a square and able man, who has repeatedly carried a republican district in the judicial race.

The nomination was seconded by Attorney Moody of West Point.

F. M. Carlton of Leigh, as a representative of the populist congressional convention, announced that he came to announce that the populists had nominated Judge Graves.

The nomination was then made by acclamation. Judge Graves was escorted to the platform amid cheers. In thanking the convention he said he thought the time had come when the public corporations should be the servant of the people instead of the people servants. He said that he believed in railroad regulation which will regulate, and that if laws fail, he believes in government ownership. He attacked the tariffs that protect lumber, salt and sugar trusts, especially the lumber trust. "It is time we reduce the tariff walls and let lumber pour in," he said.

He said he has never ridden on a pass and that he does not know that Judge Boyd has.

The democratic congressional convention met in the Auditorium at 2:30 yesterday afternoon. After the delegates had assembled, something less than 100 strong, and all in their shirt-sleeves, the Hadar band, which had been engaged by the Norfolk Commercial club for the occasion, played a selection.

Chairman Dan V. Stephens of Fremont called the convention to order and Secretary John B. Donovan read the call. Douglas Cones moved that the reading of the call be dispensed with, but one delegate said he had never seen a call, and wanted it read, so it was read.

McKillip Applauded.

Hon. Patrick Emmett McKillip of Humphrey, candidate two years ago, was introduced as the temporary chairman. Mr. McKillip was received with cheers.

"It is too hot to make or to hear a long speech," he said. "So I shall be brief. But all I shall say, will be of good cheer.

"During past months, democracy's future looked dark. But today we see the dawning light. The principles of democracy have been exonerated. Today republicans all over this nation are standing on principles put forth by democracy in years gone by.

Refers to Bryan.

Mr. McKillip's reference to Bryan was applauded. "Today," he said, "our leader is attracting more attention around the world than any other man.

"Mr. Bryan, though twice defeated, has done more during the past two years to dominate American politics than any other man. And when the time comes that Bryan and his lieutenants throughout the length and breadth of this land, shall rule, we will all be proud to be Nebraskans."

Mr. McKillip thanked the democrats and populists of this district for their efforts in his behalf in 1904. He stated that it was a magnificent performance, in that it rolled back 10,000 votes for him over the head of the ticket. He declared that half the effort this year means victory.

Neal H. Mapes of Colfax was made temporary secretary, with A. W. Smith of Cumings as assistant.

Committees.

The chair named the following committee on credentials: J. H. Johannes, Platte; M. C. Garrett, Madison; Joseph LaMore, Thurston; Chas. W. Reynolds, Wayne; W. E. Powers, Pierce.

The committee on resolutions was named as follows: Edgar Howard, Platte; Dan V. Stephens, Dodge; Douglas Cones, Pierce; Harry Miller, Stanton; John Wachter, Pierce.

DEMOCRATIC PLATFORM.

Planks Upon Which Judge Graves Will Stand for Election.

Following was the platform adopted last night by the democratic congressional convention:

The democracy of the Third congressional district of Nebraska reaffirms the cardinal principles of the party as enunciated by Jefferson, defended by Jackson and now championed by William J. Bryan.

We voice a message of love to the great leader of democracy now upon the seas and homeward bound and bespeak for him at his homecoming a welcome as warm as his own good heart wherever it extends for the cause of humanity.

In the records of the last national congress we find no act worthy the commendation of American people, save only such legislation as was in harmony with the demand of a na-

tional democracy during recent years, and we point to the fact that in every good work of the congress the way was not only blazed by democratic platforms but the work was performed under direction of democratic leaders.

We stand firm upon that governmental foundation stone which is an ever present protest against every form of legalized theft under the name of a protective tariff. We affirm that a protective tariff has never brought anything better than a financial burden to the people of this agricultural district, and we here give pledge that the nominee of this convention shall be armed by the people with a vote in congress, he will use that vote in favor of free lumber, free coal, free barbed wire, free iron and steel and all agricultural implements. We are opposed to any and every effort looking toward any system of asset currency and insist that the power to issue all lawful money is inherent in the national government. We applaud every intelligent effort to curb by law the greed of the public service corporations. We pledge the nominee of this convention to cast his vote, if elected, in favor of regulation of interstate freight and passenger charges, by railroads, telegraph, telephone, sleeping car and express companies.

We particularly give pledge to the people of this district that the nominee of this convention will, if elected, work and vote for such legislation as will drive out of business that greatest of all pirates upon the sea of agriculture, the national grain trust, and drive to the pentultimate doors all members of that trust who have been instrumental in the spoliation of this grain producing people by grain trust methods. The democratic party is the foe of fraud wherever found and refuses to regard it less than fraud when committed within the party household.

We endorse the demand of Mr. Bryan for the resignation of the Illinois member of the democratic national committee on the ground that his election was secured by a fraud so probable as to admit of no controversy.

We agree with Mr. Bryan that the democratic party can not successfully attack fraud while sheltering within its folds a national committeeman whose certificate of election bears the sign and the seal of fraud. We believe the only true solution of the railroad rate problem lies through the ultimate ownership of railroads by the people. While favoring the regulation of freight and passenger rates by statute, we declare for the principle of public ownership at the earliest possible date, and specifically for the immediate government ownership and operation of sufficient railroad mileage, extending from the Atlantic to the Pacific, and from the Gulf of Mexico to the Great Lakes, to enable the government to control the rate situation and to prevent extortion and discrimination on the part of private owners of interstate railroads.

The democracy of the Third congressional district finds encouragement and inspiration in the work of the democratic state convention recently assembled in Lincoln. We congratulate the people of Nebraska on the opportunity offered to support at the polls the magnificent men named as candidates and the platform of true American principles proclaimed by that convention.

The nominee of this convention is in himself a right sort of platform as touching the free pass evil. He takes the democratic position that there can be no difference between a pass bribe and a money bribe, and he has lived true to that position. During all the years of his service as judge of the district court his pocket has never been polluted by a political or other kind of free railroad pass—a record in striking contrast with the record of his republican opponent in the present campaign who brazenly prides himself upon the number of free passes which he has solicited, procured and used while wearing the robes of the magistrature.

POPULISTS IN CONVENTION.

They Convened at the City Hall—Favor Ownership of Utilities.

The populists met at the city hall, Jacob Wooster was not there, because he was across the street in the democratic camp. Reading of the call was dispensed with.

Mr. Carleton of Leigh was made temporary chairman and D. J. Pointer of Albion temporary secretary. The temporary organization was made permanent.

The following resolutions committee was named: Carleton, F. A. Bryant, Pointer, MacMahon and Bygland. Following is the platform adopted:

We congratulate ourselves and the people at large on the fact that populist principles have become so popular and respectable that the old parties are forced to incorporate them in their platforms. The only question now is to nominate good men as most platforms are written alike.

We still adhere to those principles known as the Omaha platform, which can never die. They have grown until they are received by all parties.

Recognizing the fact that in the multitude of counsel there is wisdom, we deem the representatives of the people in congress as having more wisdom than a few supreme court judges. We therefore stamp our disapproval on declaring any law unconstitutional that is not concurred in by the whole court.

We favor an income tax.

We favor a domestic parcels post.

We favor a postal savings bank.

We favor an anti-pass law making it a crime to give or receive a railroad pass or transportation except to employes and shippers of live stock on return from market.

We favor a direct primary law.

We favor the initiative and referendum.

We favor a law making it a crime for corporations to contribute to any political campaign fund.

We demand of all public officers, who now hold a free pass over any railroad, that they at once surrender the same.

We favor government ownership of railroads, telegraph and all natural

monopolies. Meanwhile we favor putting lumber, iron and steel on the free list.

We favor a two-cent per mile passenger rate and a uniform freight rate without the present rebate system.

Dr. Bryant Speaks.

Dr. F. A. Bryant of Norfolk made a speech before the convention in which he declared the government should own the trusts instead of the trusts owning the government, and said the railroads should be owned especially the trunk lines, by the government.

Dr. Bryant declared that it is impossible to curb or to control the trusts or railroads, and that government ownership, alone, will solve the problem.

FROM NORFOLK TO COLORADO

Mrs. Matrau Describes Beautiful Spot in the Mountains.

The following letter was received from Mrs. H. C. Matrau of Norfolk, who is spending the summer in Colorado mountains:

Shawnee, Colo., Aug. 18.—A trip up the Platte canon is one of the grand trips provided by the Colorado and Southern railroad for the summer tourist. It is not as well known or as famous as the Silver Plume trip over the wonderful Georgetown Loop, or the Seven Falls or Garden of the Gods trip, yet it is beautiful and grand enough to almost equal them.

Shawnee, where our little party is camping, is only sixty miles up the canon, but that is far enough to give a good idea of the scenery. To reach Shawnee we take the Colorado and Southern railway at Denver.

At first the country looks uninteresting but soon the mountains grow longer and before long we are winding around rocks with such sharp curves that the engine and all cars in front of us can be plainly seen. On the one side of us the Platte river rushes and roars at a fierce rate, while on the other side the rocks are so near that we could easily touch them by leaning from the car window.

The little narrow gauge engine puffs bravely along up, past numerous resorts a few miles apart until the sixty miles is covered and we are at Shawnee, 8,125 feet above sea level and nearly 3,000 feet higher than Denver. The train service is good and the officials and trainmen exceedingly obliging.

Coming from Denver Mr. Michael, artist, and formerly of Norfolk, got on the train. Himself and family have been in this part of the country all summer, part of the time at Georgetown and the remaining time at Platte canon.

Shawnee has a fine modern hotel, owned, equipped and maintained by the C. & S. railroad. There are some beautiful cottages but they are owned by the wealthy people. A few little old ones are for rent. They are comfortable and well enough for a few weeks' outing.

The scenery is free and there are enough mountains to keep an ordinary person climbing for months.

I never enjoyed a vacation as much in my life and shall always carry with me the picture of the "everlasting hills," wonderful beyond description.

Drunk.

A tramp, giving his name as Albert Freek, was up before police court this morning on the charge of being drunk and disorderly. He was assessed the usual fine of \$2.00 and costs, amounting in all to \$7.10.

PINK EYE AMONG HORSES

NORTH NEBRASKA HORSES ACT LIKE THEY HAD THE GRIP.

AND ARE GETTING VACATIONS

The Drivers are Walking, For Once, and Reducing Their Surplus Weight. The Contagion Has Gone the Rounds Pretty Well.

Is your horse troubled with a pair of sore eyes, which are off color and filled with tears? Does the animal act like it had the grip, or a three-ply jag, as a dentist would call it? Why? Well, if it does, it has the pink eye.

While hay fever sufferers among mankind are sneezing and rubbing their eyes, trying to find relief and failing at it, the horse world throughout north Nebraska towns, is suffering equally as much and maybe more, from this exasperating pink eye. The plague has spread all about the town, and the horse that has escaped the contagion ought to be drafted into service as a nurse for the rest of the equine patients. Still that might make draft horses out of racers, and there's the rub.

It is not a dull day for the veterinary surgeons. They are in demand day and night to look after the pink eye victims, while the doctors of men are taking it easy through a lack of business. The horses which have the pink eye are taking it easy, too. For the first time in many moons some of them are taking enforced vacations, while their drivers are walking off surplus pounds that have been accumulating through these years for lack of exercise.

And so, it is said, there are compensations, even for the pink eye.

The eighth annual meeting of the Naper tournament will be held August 29, 30 and 31. Good racing events have been secured. G. A. Erickson is secretary.

Yesterday was another uncomfortably hot day and many thought it was hotter than any during the past week. The thermometer, however, registered only 95 as the maximum heat.

Great improvement is being made on the First Congregational church by both interior and exterior decoration. When the proposed plans are completed the church will have quite a metropolitan air.

A bunch of fifty Norfolk people went to Neligh today to see the first day's racing at that point. The crowd all wore little red badges in their button holes and the badges bore the words, "Norfolk Boosters."

The Pierce County Speed and Fair association have issued programs for a race meet that is to be held in Pierce September 4, 5 and 6, following the Battle Creek races, which are next week. W. G. Hiron is secretary of the Pierce association. There are some good events scheduled, among them a 2:16 class for the first day.

Pierce people turned out for Norfolk's race meet, and Norfolk will undoubtedly do as much for Pierce.

Dr. Alden, superintendent of the insane hospital, left yesterday morning for Lincoln to attend the state republican convention. He was accompanied by Lon Gottzmar, the bookkeeper.

Dr. Singer is acting as superintendent during the absence of Dr. Alden. Dr. Alden left the institution temporarily with assurance from Governor Meley that no advantage of the absence would be taken, so far as the ouster proceedings against Dr. Alden are concerned.

Yesterday's Associated Press dispatches told of an order given by President Roosevelt for the removal of a troop of colored soldiers from a Texas town, because of an assault that had been committed by the soldiers. The troop mentioned was from Fort Niobrara, Neb., having recently been transferred. The investigation into the disorder, together with a report of the same to the president, was made by Major C. W. Penrose, who was formerly stationed at Fort Niobrara, and who was well known in northwest Nebraska.

Fred Koester, formerly of West Point and a registered pharmacist, has accepted a position in the George B. Christoph pharmacy. Mr. Koester succeeds Elmer Hight, who has been eminently successful in his work. Mr. Hight, who has been faithful as an apprentice for three years, now goes to school and will soon take the examination and become a registered pharmacist.

The city council will meet tonight, having taken an adjournment from Monday night, when the city hall was occupied by the populist congressional convention. At tonight's meeting the gulch proposition, which the county commissioners have plans for relieving, and which has for years bothered the west end of town as far down as the railroad tracks, will be taken up. It is the hope of Norfolk people generally that the situation may be relieved and the city council has the support of the public at large in any move that body may make toward assisting in the gulch's relief. It is considered that no opportunity has been presented before, and that none may be presented again for some time, equal to the one now at hand.

BASEBALL TEAMS HERE.

Three Different Nines Passed Through Norfolk at Noon.
