BUCHHOLZ FOR COUNCIL

IS APPOINTED TO SUCCEED A. J. BRUMMUND.

GUTTERS OUGHT TO BE CLEAN

Mayor Durland Says Norfolk Ought to Have a Regular Cleaning Day for the Gutters—Vehicle License Will be Enforced and Street Tying.

Anton Buchholz was appointed to a seat in the city council by Mayor Durland last evening, the appointment being made to fill the vacancy in the Third ward's representation resulting from the resignation of Councilman A. J. Brummund.

The new councilman will serve during the coming municipal year. Another appointment made by the mayor and confirmed by the city council last year was that of Dr. A. Bear as city physician.

Last evening's meeting of the council was a midnight session, a mass of small details coming up for action. Councilmen Degner, Garvin, Haase, Kauffman and Spellman were present.

A. J. Brummund in resigning his seat in the council, previous to leaving the city, requested that his successor come from the same party which elected him to the council a year ago.

The street committee reported that a new cement crossing had been laid on the north side of the intersection of Fourth street and Madison avenue.

The following resolution was presented and read: Resolved, That new walks be ordered placed under ordinance No. 275 along the south side of lots 11 and 12, block 1, and lots 13 and 14, block 2, Collamer's addition to Norfolk.

The Mandelko petition for cement walks and crossings was referred to the street and alley committee.

The city treasurer was present and stated that \$1,600 had accumulated in the general fund. The city clerk is instructed to call in the "certificates of indebtedness" outstanding as fast as city funds become available to pay them.

F. W. Klentz was awarded the street sprinkling contract at \$20 a month for a period of six months ending October 1, 1907.

Street Commissioner Lee's salary was fixed by the council. In addition to a regular salary of \$10 a month, the street commissioner will receive \$2 a day for every day that he works and \$1 additional when he uses his team in city street work.

Mayor Durland took occasion during discussion around the council table to instruct the chief of police to enforce the ordinance calling for hack, dray and scavenger wagon licenses.

It was stated that only part of the hack and dray licenses were paid. In the future all public vehicles will have to display a city license number. The chief of police was also instructed to resurrect a city ordinance regulating the hitching of horses on Norfolk avenue.

Should Clean Gutters. The mayor suggested that a plan for cleaning the Norfolk avenue gutters on certain stated days should be devised.

The salary of the new city physician for the coming year was fixed at \$10 a month.

E. Krause withdrew his application for a liquor license, which had been passed on favorably by the council at the previous meeting.

Reports On Damage Cases. City Attorney Hazen reported adversely on the damage claims filed with the city by Dr. J. H. Mackay for \$1,000 and by A. C. Williams for \$5,350.

It was stated that the Mrs. Margaret Boas claim for \$90 for injuries received from a fall had been withdrawn from the consideration of the council.

The city attorney recommended that A. J. Durland be advised to present his claim for \$300 damages from the blasting in the sewer trenches last winter, to Contractor Herrick, the city's contract holding Mr. Herrick liable for such damages incurred.

City Treasurer Haase's official bond was fixed at \$25,000 for the coming year. Last year the bond stood at \$60,000 on account of the \$40,000 sewer bonds to be handled in the city treasurer's office.

The request of the Norfolk fire department to use part of the south wall of the city hall in building a new bell and drying tower was referred to the public works committee with power to act.

The election of Charles Pilger as chief of the Norfolk fire department to succeed Chief McCune was confirmed by the council last evening.

Other fire department offices confirmed last night were: V. A. Newow, first assistant chief; Jess Beemer, second assistant chief; fire police, Mast company, William Munsterman and Ed Conley, West Side company, W. F. Lehman and A. Amerine, Pioneer

Hook and Ladder company, John Schellay and Charles Stoebor, Queen City company, E. Wilbur and Hugo Paul.

New Horse Carts Needed. Chief McCune, as the retiring head of the department, discussed department affairs with the council.

He advised the council to expend something like \$500 in purchasing two new horse carts for the city hall companies and favored the purchase of four-wheel cars.

The apparatus to be replaced was not in good condition, he said. Mr. McCune suggested that the chief of the fire department should receive \$100 a year instead of \$50 and that \$50 and \$25 be paid to the first and second assistant chiefs.

The suggestions of the ex-chief were referred to the fire and police committee for a report at the next meeting of the council.

Cement Bids Returned. All bids on the contract for the city's cement work in laying new crossings and sidewalks were ordered returned unopened to the bidders and the city clerk was instructed to re-advertise on cement crossings and walks according to new specifications prepared.

A voluminous sewer ordinance prepared by City Attorney M. C. Hazen to govern the new sewer system was introduced and placed on first reading last night.

Several important details in the ordinance remain to be filled in. It will receive careful consideration at a later meeting.

The designation of the official papers of Norfolk went over until the next meeting.

The street committee reported that a new cement crossing had been laid on the north side of the intersection of Fourth street and Madison avenue.

This committee will make a tour of inspection over Norfolk in a short time.

The following resolution was presented and read: Resolved, That new walks be ordered placed under ordinance No. 275 along the south side of lots 11 and 12, block 1, and lots 13 and 14, block 2, Collamer's addition to Norfolk.

Also east half of lots 1 and 2, block 6, Haase's suburban lots.

The Mandelko petition for cement walks and crossings was referred to the street and alley committee.

FARM HAND MEETS DEATH

LEVI BROWN, NEAR NIOBRARA, IS INSTANTLY KILLED.

HE WAS DRIVING FOUR HORSES

Working in the Field With a Drag, His Horses Became Frightened and the Man is Thought to Have Been Kicked.

Niobrara, Neb., May 17.—Special to The News: Levi Brown, a single man of forty-five working for Peter Greiner living ten miles east of here, was instantly killed yesterday afternoon.

He was dragging with four horses, which became frightened and he was supposed either to have been kicked by a horse or struck by a section of the drag.

Two marks, one about the temple and another above the jaw, were found. Mr. Greiner hastened to stop the team and was slightly injured in the scramble.

The sessions of the council will last one week.

Deaths at Crofton. Crofton, Neb., May 18.—Special to The News: Chas. Kracht, owner of the Kracht elevators at this place and Bloomfield, died at his farm eight miles west of here last night of pneumonia after a very brief illness.

George E. Henry, who came here from southern Arkansas last winter, died last night after an illness of over two months. Heart failure brought on by a severe attack of asthma was the cause.

He was the step-father of Postmaster and Editor Robinson of this place.

Try Chamberlain's Pain Balm for Rheumatism. Mr. J. W. Jamison, a merchant of Newport, Iowa, says: "I have sold Chamberlain's Pain Balm for several years and have recommended it for neuralgia and rheumatism, as well as for more common pains, and it has given good results."

I sell more of it than of any other liniment I carry and cheerfully recommend it to the public. For sale by Leonard the druggist.

ALFALEA CROP WAS HURT

HALF OF IT WAS KILLED IN HEAVY ICE STORM.

IT MUST NOW BE PLOWED UP

The Results of the Heavy Ice and Sleet Storm of Last Winter on Alfalfa are Just Now Beginning to be Apparent, Says Neligh Man.

Neligh, Neb., May 17.—Special to The News: The results of the heavy ice and sleet of last winter are now being seen in the alfalfa fields. M. B. Huffman, who has been observing the matter, estimates that fully one-half of the alfalfa has been killed and much of it will have to be plowed up. The damage was most serious in low spots and hollows.
