

WILL ATTEND HEARING

THREE COMMERCIAL CLUB DIRECTORS TO LINCOLN.

WHEN FREIGHT RATES ARE UP

It Was Decided by Directors of the Norfolk Commercial Club That Three Representatives Will Appear Before the State Railway Commission.

Snowed in by the blizzard which swept over eastern Nebraska Tuesday the nine directors of the Norfolk Commercial club, Secretary J. D. Sturgeon and H. A. Pasewalk, member of a special Commercial club committee, ate lunch together at the Calumet restaurant and then went to President Durland's office for an afternoon session.

Freight rates, the chief subject now engaging the Commercial club's attention, were again taken up and discussed. The club will have three delegates to the coming rate hearing and conference before the state railroad commission when the subject of a distance tariff for Nebraska comes up for consideration at Lincoln. The state railroad commission's call asks for a representation of all towns which may have grievances against the present system of rates.

G. D. Butterfield was selected to represent the club at the state meeting of Nebraska commercial clubs to be held at Grand Island March 18-19. Mr. Butterfield is treasurer of the state association. J. D. Sturgeon may also go to Grand Island as secretary of the Norfolk club.

Messrs. Degner and Pasewalk reported on the results of their visit to Meadow Grove to inspect the Evans-Carr hay press. The Norfolk men spoke very highly of the idea embodied in the invention but said that while the idea in the press was a good one the press itself had not been completed sufficiently in detail to put it in a stage where it could be taken up by the club.

It is generally thought that the Meadow Grove men have a patent in their knotty which will bring them money but at the same time Norfolk business men have expressed themselves as doubtful as to whether or not sufficient ready capital could be found in this vicinity to get the design in marketable shape and to float the manufacturing company.

FREIGHT RATE CIRCULAR.

State Railway Commission Issues Invitation to Nebraskans.

A copy of circular No. 22, issued by the state railway commission, regarding the freight rate investigation which will be held at Lincoln March 24, and which will be attended by three directors of the Norfolk Commercial club, has been received by The News.

In part the circular says: The scope of the investigation will include:

1. What plan of rate making is for the best interests of the state as a whole? In this connection the commission will consider: (a) The advisability of promulgating a schedule of flat rate maximum and minimum distance tariffs. (b) The advisability of promulgating a schedule of flat rate maximum tariffs. (c) The advisability of permitting the carriers to make a schedule of rates to jobbing and distributing centers lower than the schedules of rates obtaining between non-jobbing or non-distributing centers.

2. An examination of the present classification and the readjustment and correction of any inequalities or discriminations that may exist.

3. An examination of the rules as to minimum weights on carload shipments, and the correction of any unreasonable and unjust rules.

4. An examination of the rules and regulations of the various carriers applying on business done between stations in this state, and the correction of any unjust and unreasonable rules.

5. An examination of the schedules of rates and charges now in effect for the transportation of merchandise and all commodities between stations in this state, and the readjustment and correction of any and all unreasonable and unjust discriminatory rates.

The first hearing is set at the office of the state railway commission, Lincoln, Nebraska, at 10 o'clock a. m. on Tuesday, the 24th day of March, 1908. At this hearing consideration will be given more particularly to the questions presented under sub-paragraphs (a), (b) and (c) of item 1.

Subsequent hearings will be held at the office of the commission at Lincoln, or at such other places as the commission may hereafter deem advisable.

Any person or persons having specific complaints which may properly be considered under any of the above items, and desiring to be heard in regard thereto, are requested, in order to expedite the hearing, to file their complaints in writing in this office on or before the 17th day of March, A. D. 1908.

Persons filing specific complaints will be duly advised of the time and place of hearing of such complaints. All persons interested in the subject matter will be given an opportunity to be heard.

Dated at Lincoln, Nebraska, this 13th day of February, 1908.

Ship Full Blood Swine.

Jenkins Bros. yesterday shipped by way of the Union Pacific two full blood Duroc-Jersey hogs to a purchaser in Wyoming. The fine animals passed through Norfolk enroute. Corl D. Jenkins and Fred C. Jenkins comprise the firm. They are breeders of Duroc-Jersey hogs and Shorthorn cattle.

Sourk, Goff, Kans.

It was a north Nebraska embryo druggist who won the honors in the examination, A. A. Lindeman of Crawford getting the highest rating, 81.2 percent.

Examinations will be held at Fairbury on May 13.

IS ACCIDENTALLY SHOT

T. L. YOUNG, AUBURN HARDWARE MAN, THE VICTIM.

BULLET INTO HIS ABDOMEN

Displaying a Revolver to a Prospective Customer, T. L. Young, a Hardware Man of Auburn, Neb., Accidentally Gets the Bullet Himself.

Auburn, Neb., Feb. 18.—Special to The News: T. L. Young, a hardware man of this city, yesterday accidentally shot himself through the abdomen, inflicting a serious wound.

He was displaying a revolver to a prospective customer when the gun was discharged.

It is thought that he may recover.

Meadow Grove Weekly Doings.

W. C. Hopkins, our depot agent, was doing business in Norfolk Thursday, returning home on an extra, arriving here about 3 o'clock in the morning.

Mr. and Mrs. Chas. Hutchins went to Iman Saturday to visit with relatives over Sunday.

A Valentine dance was given at the Meadow Grove opera house Friday night. A social time was reported by all.

Fred Evans, our dispenser of drugs, has been busy dealing out valentines the past week.

W. S. Justice returned home Saturday from Omaha, where he had been to market some stock.

Mr. and Mrs. F. W. Colegrove were entertained Friday evening by a Valentine party at their home here. All present had a very enjoyable time.

Chas. Parker was a Long Pine visitor a couple of days this week. Wonder what the attraction was?

C. Muffy of Hot Springs, South Dakota, is here doing a little repairing on his farm, on which Wm. Snyder resides.

Wm. Jenkins died at his home Wednesday morning. He was buried in the Emerick cemetery Friday, beside his wife, who died only a few weeks before.

Will Clark was a guest at the home of Mr. and Mrs. Frank Colegrove Sunday afternoon.

Bert Bruce is here from Wood Lake. He is helping his grandfather, Mr. Hannan, haul hay, after which he will attend school here.

Revival meetings have been in session at the M. E. church the past couple of weeks, and will probably continue another week. The meetings have been led by Rev. Kellogg, assisted by Rev. High of Elgin.

JEWEL CAVE IN SOUTH DAKOTA.

Is Made National Monument by Proclamation of the President.

Washington, Feb. 18.—The president has just signed a proclamation creating the Jewel cave national monument within the Black Hills national forest, South Dakota. This remarkable cave, which is located thirteen miles west and south of Custer, the county seat of Custer county, in a limestone formation, is believed by geologists to be an extinct geyser channel. The national monument will embrace an area of 1,280 acres.

This cave, which was explored as late as 1900, has been found to consist of a series of chambers connected by narrow passages with numerous galleries, the walls of which are encrusted with a magnificent layer of calcite crystal. The opening of the cave is situated in Hell canyon, the walls of which are high and precipitous.

The surface of the country in which the cave is located consists of a high rolling limestone plateau about 6,000 feet above sea level. The area is almost entirely covered by a forest of bull pine, a considerable portion of which is merchantable, while the remainder consists of a vigorous young growth.

The Jewel cave national monument will now be given permanent protection by virtue of the act of June 8, 1906, which provides that objects of scientific interest may be declared national monuments if such action is deemed necessary for their preservation and protection.

A young man with a sense of gallantry decides that if ever he marries he will be better to his wife than his father ever was, but a young girl makes up her mind good and early that when she marries she will not be as patient with her husband as her mother.

TERRIFIC STORM RAGING AT OMAHA

FOURTEEN INCHES OF SNOW ALONG MISSOURI RIVER.

TRAIN SERVICE CONGESTED

MANY TRAINS WERE STALLED AT OMAHA UNION STATION.

NOT SO BAD IN NORTHWEST

All Trains From West and North Came Into Norfolk on Schedule Time—No Snow Between Long Pine and Chadron—Heavier in Black Hills.

Omaha, Neb., Feb. 18.—Special to The News: By far the worst storm of the present winter is prevailing in the vicinity of Omaha today.

A terrific snow storm, with a high wind, has been prevailing all day.

Fourteen inches of Snow.

In this place and all down the Missouri valley a very heavy snow storm is raging. At noon fourteen inches of snow had fallen, and the snow was still coming down.

Trains Blocked at Omaha.

Trains were badly blocked in the Omaha union station this morning and all roads entering here were badly congested. It required a long time to get the trains out.

Storm Right in Valley.

The storm seems to have centered down in the valley. Trains from the east this morning reached Council Bluffs all right and then they were stuck, going down into the valley.

Electric cars have had trouble in working and wires are tangled and in trouble.

All business has been badly demoralized around Omaha by the storm.

When Omaha people awoke this morning they found the city buried beneath fourteen solid inches of snow and the driving blizzard which started early was still in progress late today.

Drifts were five feet deep in many places and business was at a standstill all day.

Only a very few street cars in the city were running.

Mails were all late in delivery.

Street sweepers worked all night but the snow blew faster than they could sweep it out.

Omaha Shut Off From World.

Communication with the outside world was almost totally destroyed.

Trains from all directions were from one to six hours late, the delays being worst on the Union Pacific and Burlington.

One of the severest storms of the winter prevailed over north Nebraska Tuesday, but it was by no means so severe as the storm east of Fremont.

Reports received at Northwestern railroad headquarters in Norfolk showed that about the same storm as prevailed in Norfolk extended west to Long Pine and north into the Rosebud country.

Snow Stops at Long Pine.

West of Long Pine, between there and Chadron, there was no snow.

Heavy in Black Hills.

But in the Black Hills the snow was still heavier, ranging from three to five inches in depth.

Trains arriving in Norfolk from the west and north were all on time, but those from the east were delayed an hour or so, by the storm in the Missouri valley.

The weather forecast was for snow and colder Tuesday night, with warmer weather Wednesday.

Klug-Wachter.

The marriage of Robert Klug and Miss Lesetter Wachter was solemnized Sunday at the home of the bride's parents, Mr. and Mrs. Louis Wachter. Rev. Mr. Witte, pastor of the St. Paul's Lutheran church, officiated at the ceremony.

Mr. and Mrs. Klug will make their home on South Eighth street after March 25. Mr. Klug operates the American Cement Block factory.

Both young people are well known in the community. Following the ceremony a wedding celebration was indulged in at the parental home, dancing being a feature of the evening's pleasure.

CHAMPION RUNAWAY BOY.

Jimmie Passick of Omaha, Who Was Caught in Norfolk.

Jimmie Passick, the fourteen-year-old Omaha boy who ran away from Omaha last summer and was stopped by the police in Norfolk, has just been caught in Illinois on another runaway trip.

Jimmie Passick is said to be the champion runaway boy in America. He saves up a little money and then strikes out.

This time Jimmie ran away with a twelve-year-old companion, George Ross. Young Ross has gone some, too, his last little journey being to Denver.

The two Omaha boys have just been located in Matteson, Ill., with no money or means of support. Instructions have been sent to put the boys

on a train and have the conductor watch them.

Jimmie Passick, when stopped in Norfolk last summer, was taken back to Omaha just in time to see the Barnum & Bailey circus.

Gregory Democrats.

Gregory, S. D., Feb. 19.—The following democratic delegates to the state convention were chosen: Hon. F. M. Ziebach, D. W. Forbes, Fred H. Von Seggern, E. T. Slaughter, Karl Leslie, Almon Butka, P. J. Donohoe and Mart Coffman.

Alternates: Thos. Donlin, W. Standford, Ed Waterbury, Ben Bailey, Wm. Emery, E. M. Starcher, Geo. Colby and Ludwig Turgeon.

The delegates were instructed to use their influence and all honorable means for the nomination of Hon. F. M. Ziebach as one of the South Dakota delegates to the national democratic convention at Denver.

COLD HELPS ICE HARVEST

MERCURY GOT ALMOST DOWN TO ZERO POINT.

TROUBLE IS, IT WON'T LAST

George Schwenck, With a Crew of Fifty Men and Teams, Began Hauling Ice From Boche Slough to Norfolk—Almost the Last Chance.

A night of almost zero weather gave renewed hope to Norfolk people, for Norfolk has had reason to be alarmed over next summer's ice situation.

The mercury went down to two degrees above zero and the air was crisp and calm Wednesday morning.

George Schwenck began hauling ice from the Boche slough, southeast of the city, to his new ice house on the bank of the Norfolk. A half hundred men and teams were engaged for the work.

Fred Schelly has not yet put up any ice, as the river is not yet frozen over.

Up until Wednesday morning about one-fourth enough ice for Norfolk's summer use had been stored away.

The discouraging feature of the weather situation was the prediction of the weather man that the cold spell would not be of long duration.

COUNTY SEAT CONTESTS.

Number of Fights Are Started West of the River.

Pierre, S. D., Feb. 19.—The counties west of the Missouri river this year will not only have the state political situation to keep them busy, but will all be torn with county seat and division contests. Butte, the largest county in the state, shows up with the most diverse views in regard to division.

Lemmon, while on the state line, wants a county carved out of the northeast corner of Butte, with that as the only railroad town in the borders, and the county seat. The people of Meadow, a new inland town south of Lemmon, at a mass meeting declared against any division proposition for this year. The people of Camp Crook, in the northwestern part of the county, are in favor of division into three counties, with one cut off the eastern part of the county at the "Jog," the line between ranges 9 and 10, with the west part of the county cut in the middle on an east and west line, making a new county in the extreme northwest corner of the state. With so many diverse views the division project will not have the easiest of sailing.

Phillip citizens want Stanley county cut into two counties, and have out their petitions. Midland residents, who would be on the county line in such a division, want things left as they are for the present. Fort Pierre would not likely put up much of a fight against such a division, as it might save them future trouble in county seat location.

Presho, in Lyman county, is pushing its petitions for county seat removal from Oacoma and is doing everything possible to keep down division sentiment. With an equal division of that county Presho would be on the division line and does not care to have any such movement pushed. Among them all they promise to keep things lively west of the river, and while some time in the future county division will come to all of them, what they will do this year is yet a large sized question.

BOYD COUNTY REPUBLICANS.

Select Delegates to Conventions—Instruct for Two Men.

Bristow, Neb., Feb. 19.—Special to The News: The republican county central committee of Boyd county met and selected the following delegates to state and congressional conventions, both of which meet in Omaha March 12:

State convention—H. L. McCoy, R. H. Harris, George Bell, G. A. McCutcheon, Levi Bennett, W. Whitla, Frank Morse; delegate-at-large, J. K. Moore.

Congressional convention—M. T. Post, George B. Tonner, A. Olson, Robert Lylin, H. W. Kenaston, P. F. Darger, Peter Anderson; delegate-at-large, John A. Davis.

Delegates were instructed to do all in their power to secure the election of John A. Davies as delegate to the national convention and to use the same effort to secure the nomination of Robert Lylin for the office of commissioner of public lands and buildings.

Thomas Resigns as Senator.

Omaha, Neb., Feb. 17.—Special to The News: Benjamin Thomas, Omaha's new postmaster, today sent his resignation as state senator to Governor Sheldon.

DEATH OF BARBARA SCOTT.

Daughter of the Late "Bob" Scott, Succumbs at Fremont.

Fremont, Neb., Feb. 19.—Barbara Scott, a young woman seventeen years of age, died about midnight at the residence of Mr. and Mrs. Scott Wall. Miss Scott came to Fremont from Battle Creek, Neb., a few days ago for a visit. She was in poor health, being a sufferer from diabetes. Brief funeral services were held here, Rev. Dr. Spyer officiating, and the body shipped to Battle Creek for interment.

Miss Scott was the daughter of the late "Bob" Scott, publisher of the Battle Creek Enterprise until his death.

NORFOLK ALWAYS ESCAPES.

Somehow or Other Norfolk Is Peculiarly Fortunate.

"Now isn't it just the thing to live in Norfolk?" inquired a Norfolk man last evening as he read of the troubles of blizzard-swept Omaha where street cars couldn't run nor trains nor telegraph messages get in or out on anything like schedule time.

Norfolk was in the edge of the Omaha blizzard but as usual it was merely the edge of the storm. Norfolk people who have noted last summer and fall north Nebraska was swept with severe wind and rain storms time after time but the area of the floods and winds never quite reached Norfolk.

People who have lived here a long time say that this is nearly always true, that Norfolk seems in a protected

A Great Roast!

Over a ton of Arbuckles' Ariosa Coffee is roasted at a time, in a large revolving cylinder, which drops the coffee through heat again and again until each bean is uniformly roasted.

No other coffee is in sufficient demand to afford such scientific and perfect preparation.

The sales of Arbuckles' Ariosa Coffee exceed the sales of all other packaged coffees combined, and this scientific roasting, which no other coffee can afford, by its very magnitude, reduces our cost to a minimum, and enables us, with our other advantages, to give better value in Arbuckles' Ariosa Coffee than is possible for any one else.

Arbuckles' Ariosa Coffee is the cheapest good coffee in the world and the best of all for you.

valley just a little out of the beaten path of the big storms.

So the Norfolk business man said last night that Norfolk was a good place to live because the storms always passed the town up, because it is a little warmer here in winter and a little cooler in summer than in other sections of the state, and because the same factors that contribute to these things, a reasonably high altitude and the absence of a moisture laden atmosphere, also make Norfolk a very healthful place.

For County High School.

Ainsworth, Neb., Feb. 17.—Special to The News: The question of importance in Ainsworth today is the proposed organization of a county high school under the act of 1907. An enthusiastic meeting was held in the town high school building Saturday evening, attended by a large number of our citizens. Another meeting is called for Thursday evening of this week. The good thing about the movement, as about any movement for the good of the town or county, is that there is really no opposition—all are in favor of it.

Another of the reports investigated by Dr. Heath came from Savannah, Mo. The story was to the effect that Rev. D. E. McLaughlin was called to officiate at the funeral of a young man, and while conducting the service, thought he noticed signs of life in the remains. He called a physician, who administered restoratives, and in a few minutes the man was sitting up in his coffin.

The clipping was sent by Dr. Heath to the minister named in the story for his verification, and he replied that no such incident had occurred there; that the correspondent who sent out the story had simply given full play to his imagination.

Another of the miraculous instances of apparently dead persons coming to life as they were about to be buried was reported from an Ohio town and was in substance as follows: John Smith had the misfortune to lose his wife by death, and, living near the cemetery, the remains were carried to it across lots. In passing over a rough piece of ground, two of the pallbearers stumbled and dropped their end of the casket, and, after picking it up, they felt a movement in it, and on removing the lid the woman was found to be alive.

Dr. Heath has a letter from the mayor of the town, who says that John Smith is a half-witted old bachelor and that the story was a fake, manufactured by a newspaper reporter.

"Now comes the report," said Dr. Heath, "that there is a movement on foot to prevent persons from being buried alive by enacting laws compelling physicians to know positively that a person is dead before issuing a death certificate. A better movement would be to bury alive any newspaper reporter sending out such fake stories."

MAY NOW GET FIRE HORSES
