NEW CREAMERY STARTS

NORFOLK BUTTER COMPANY CHURNS TOMORROW.

A NEW INDUSTRY FOR NORFOLK

New Creamery Company With Complete Equipment for Big Business Will Turn on Power Tomorrow. Employs Five Men at Start.

The new creamery of the Norfolk Butter company, occupying the Olney building on First street and Norfolk avenue, is on the list of active Norfolk industries. Cream shipments were received today. The first churning will be done tomorrow.

The new creamery starts with a churning capacity of 1,000 pounds of butter a day. The capacity of the pasteurizer, however, will be 10,000 pounds daily. The cream vats hold 1,200 gallons of cream, making it possible to handle 2,100 gallons a day.

The company will receive its cream within a radius of fifty miles. This summer it will find a market for its butter in the east. Before many months have passed, however, a market on the Pacific coast will be established, existing freight rates making western shipments more profitable than those of Norfolk.

Five men are employed at the creamery, which is run under the direction of J. E. Koblitz of Sioux City, Ia.

The equipment of the new creamery is complete, including a refrigerating plant.

The Norfolk can will have a leather-colored top to distinguish it from other cream cans that daily pass through Norfolk.

WEEK OF RAIN.

June Rainfall in Nebraska is Running Above Normal.

Lincoln, Neb., June 18.—The weekly weather bulletin for the week ending June 15, issued today, says:

The week was cloudy and cool, with an excess of rain in nearly all parts of the state.

The daily mean temperature was between 60° and 64°, which is six to eight degrees below the normal. Friday was the warmest day, with maximum temperatures generally slightly above 80°.

The rainfall was above the normal in most of the state. It ranged from one to three inches, except in the extreme western counties, where it was about, or somewhat more than, half an inch. Rain fell as a rule, in a large number of moderate showers scattered through the week. At some places some rain fell each day of the seven days, while in most of the state rain fell on five or six days. The total rainfall from April 1st to date is generally decidedly above the normal. The excess in the eastern counties ranges from three to nine inches.

PLEADS NOT GUILTY TO BIGAMY

Raleigh Scott is Arraigned in District Court at O'Neill.

O'Neill, Neb., June 17.—Special to The News: Raleigh Scott at the special term of district court yesterday pleaded not guilty to a charge of bigamy. Scott came to this county a few months ago from Iowa, having separated from his wife. He claims to have received information that his wife had received a divorce and on the strength of this married an Indian girl. His Iowa wife learned of his marriage here and caused his arrest last April. He is a young man and from the story he tells it appears he was innocent from any wrong intentions.

NEBRASKANS ARE EXPECTED.

Until Then It Will Not Be Known Whether Man is Taylor or Not.

Fairfax, S. D., June 16.—Special to The News: The arrival of Nebraska authorities who could identify Taylor if the prisoner he is, is anxiously awaited. Some think the man can not be Taylor because he too openly sought farm employment, and too openly traveled. But all agree he resembles Taylor's picture.

Taylor's Crime.

Taylor's crime was committed on April 28 at Minden in Kearney county. At midnight Taylor went to the home occupied by Pearl and Ida Taylor, sisters of his dead wife. He burst open the door, directed Pearl Taylor into the kitchen and assaulted and choked her into insensibility. Then he returned to the bed and gave the younger sister a terrible beating, pouring kerosene over the bed and set fire to it. Then he fled.
